ITEM 67.		Item Details(\$)		Appropriations(\$)	
		First Year FY2015	Second Year FY2016	First Year FY2015	Second Year FY2016
1	Fund Sources: General.....	\$50,115,331	\$50,115,331		
2	Authority: §§ 53.1-83.1, 53.1-84 and 53.1-85, Code of Virginia.				
3	A. In the event the appropriation in this Item proves to be insufficient to fund all of its				
4	provisions, any amount remaining as of June 1, 2015, and June 1, 2016, may be reallocated				
5	among localities on a pro rata basis according to such deficiency.				
6	B. For the purposes of this Item, the following definitions shall be applicable:				
7	1. Effective sentence—a convicted offender's sentence as rendered by the court less any portion				
8	of the sentence suspended by the court.				
9	2. Local responsible inmate—(a) any person arrested on a state warrant and incarcerated in a				
10	local correctional facility, as defined by § 53.1-1, Code of Virginia, prior to trial; (b) any				
11	person convicted of a misdemeanor offense and sentenced to a term in a local correctional				
12	facility; or (c) any person convicted of a felony offense and given an effective sentence of (i)				
13	twelve months or less or (ii) less than one year.				
14	3. State responsible inmate—any person convicted of one or more felony offenses and (a) the				
15	sum of consecutive effective sentences for felonies, committed on or after January 1, 1995, is				
16	(i) more than 12 months or (ii) one year or more, or (b) the sum of consecutive effective				
17	sentences for felonies, committed before January 1, 1995, is more than two years.				
18	C. The individual or entity responsible for operating any facility which receives funds from this				
19	Item may, if requested by the Department of Corrections, enter into an agreement with the				
20	department to accept the transfer of convicted felons, from other local facilities or from				
21	facilities operated by the Department of Corrections. In entering into any such agreements, or				
22	in effecting the transfer of offenders, the Department of Corrections shall consider the security				
23	requirements of transferred offenders and the capability of the local facility to maintain such				
24	offenders. For purposes of calculating the amount due each locality, all funds earned by the				
25	locality as a result of an agreement with the Department of Corrections shall be included as				
26	receipts from these appropriations.				
27	D. Out of this appropriation, an amount not to exceed \$377,010 the first year and \$377,010 the				
28	second year from the general fund, is designated to be held in reserve for unbudgeted medical				
29	expenses incurred by local correctional facilities in the care of state responsible felons.				
30	E. The following amounts shall be paid out of this appropriation to compensate localities for				
31	the cost of maintaining prisoners in local correctional facilities, as defined by § 53.1-1, Code of				
32	Virginia, or if the prisoner is not housed in a local correctional facility, in an alternative to				
33	incarceration program operated by, or under the authority of, the sheriff or jail board:				
34	1. For local responsible inmates—\$4 per inmate day, or, if the inmate is housed and				
35	maintained in a jail farm not under the control of the sheriff, the rate shall be \$18 per inmate				
36	day.				
37	2. For state responsible inmates—\$12 per inmate day.				
38	F. For the payment specified in paragraph E 1 of this Item for prisoners in alternative				
39	punishment or alternative to incarceration programs:				
40	1. Such payment is intended to be made for prisoners that would otherwise be housed in a				
41	local correctional facility. It is not intended for prisoners that would otherwise be sentenced to				
42	community service or placed on probation.				
43	2. No such payment shall be made unless the program has been approved by the Department of				
44	Corrections or the Department of Criminal Justice Services. Alternative punishment or				
45	alternative to incarceration programs, however, may include supervised work experience,				
46	treatment, and electronic monitoring programs.				
47	G.1. Except as provided for in paragraph G 2, and notwithstanding any other provisions of this				
48	Item, the Compensation Board shall provide payment to any locality with an average daily jail				
49	population of under ten in FY 1995 an inmate per diem rate of \$22 per day for local				

ITEM 67.		Item Details(\$)		Appropriations(\$)

1	responsible inmates and \$28 per day for state responsible inmates held in these jails in lieu of				
2	personal service costs for corrections' officers.				
3	2. Any locality covered by the provisions of this paragraph shall be exempt from the provisions				
4	thereof provided that the locally elected sheriff, with the assistance of the Compensation Board,				
5	enters into good faith negotiations to house his prisoners in an existing local or regional jail. In				
6	establishing the per diem rate and capital contribution, if any, to be charged to such locality by				
7	a local or regional jail, the Compensation Board and the local sheriff or regional jail authority				
8	shall consider the operating support and capital contribution made by the Commonwealth, as				
9	required by §§ 15.2-1613, 15.2-1615.1, 53.1-80, and 53.1-81, Code of Virginia. The				
10	Compensation Board shall report periodically to the Chairmen of the House Appropriations and				
11	Senate Finance Committees on the progress of these negotiations and may withhold the				
12	exemption granted by this paragraph if, in the board's opinion, the local sheriff fails to				
13	negotiate in good faith.				
14	H.1. The Compensation Board shall recover the state-funded costs associated with housing				
15	federal inmates, District of Columbia inmates or contract inmates from other states. The				
16	Compensation Board shall determine, by individual jail, the amount to be recovered by the				
17	Commonwealth by multiplying the jail's current inmate days for this population by the				
18	proportion of the jail's per inmate day salary funds provided by the Commonwealth, as				
19	identified in the most recent Jail Cost Report prepared by the Compensation Board. Beginning				
20	July 1, 2009, the Compensation Board shall determine, by individual jail, the amount to be				
21	recovered by the Commonwealth by multiplying the jail's current inmate days for this				
22	population by the proportion of the jail's per inmate day operating costs provided by the				
23	Commonwealth, excluding payments otherwise provided for in this Item, as identified in the				
24	most recent Jail Cost Report prepared by the Compensation Board. If a jail is not included in				
25	the most recent Jail Cost Report, the Compensation Board shall use the statewide average of				
26	per inmate day salary funds provided by the Commonwealth.				
27	2. The Compensation Board shall deduct the amount to be recovered by the Commonwealth				
28	from the facility's next quarterly per diem payment for state-responsible and local-responsible				
29	inmates. Should the next quarterly per diem payment owed the locality not be sufficient against				
30	which to net the total quarterly recovery amount, the locality shall remit the remaining amount				
31	not recovered to the Compensation Board.				
32	3. Any local or regional jail which receives funding from the Compensation Board shall give				
33	priority to the housing of local-responsible, state-responsible, and state contract inmates, in that				
34	order, as provided in paragraph H 1.				
35	4. The Compensation Board shall not provide any inmate per diem payments to any local or				
36	regional jail which holds federal inmates in excess of the number of beds contracted for with				
37	the Department of Corrections, unless the Director, Department of Corrections, certifies to the				
38	Chairman of the Compensation Board that a) such contract beds are not required; b) the facility				
39	has operational capacity built under contract with the federal government; c) the facility has				
40	received a grant from the federal government for a portion of the capital costs; or d) the				
41	facility has applied to the Department of Corrections for participation in the contract bed				
42	program with a sufficient number of beds to meet the Department of Corrections' need or				
43	ability to fund contract beds at that facility in any given fiscal year.				
44	5. The Compensation Board shall apply the cost recovery methodology set out in paragraph H				
45	1 of this Item to any jail which holds inmates from another state on a contractual basis.				
46	However, recovery in such circumstances shall not be made for inmates held pending				
47	extradition to other states or pending transfer to the Virginia Department of Corrections.				
48	6. The provisions of this paragraph shall not apply to any local or regional jail where the				
49	cumulative federal share of capital costs exceeds the Commonwealth's cumulative capital				
50	contribution.				
51	7. For a local or regional jail which operates bed space specifically built utilizing federal				
52	capital or grant funds for the housing of federal inmates and for which Compensation Board				
53	funding has never been authorized for staff for such bed space, the Compensation Board shall				
54	allow an exemption from the recovery provided in paragraph H.1. for a defined number of				
55	federal prisoners upon certification by the sheriff or superintendent that the federal government				
56	has paid for the construction of bed space in the facility or provided a grant for a portion of

1	the capital cost. Such certification shall include specific funding amounts paid by the federal				
2	government, localities, and/or regional jail authorities, and the Commonwealth for the				
3	construction of bed space specifically built for the housing of federal inmates and for the				
4	construction of the jail facility in its entirety. The defined number of federal prisoners to be				
5	exempted from the recovery provided in paragraph H.1. shall be based upon the proportion of				
6	funding paid by the federal government and localities and/or regional jail authorities for the				
7	construction of bed space to house federal prisoners to the total funding paid by all sources,				
8	including the Commonwealth, for all construction costs for the jail facility in its entirety.				
9	8. Beginning March 1, 2013, federal inmates placed in the custody of a regional jail pursuant				
10	to a work release program operated by the federal Bureau of Prisons shall be exempt from the				
11	recovery of costs associated with housing federal inmates pursuant to paragraph H.1. of this				
12	item if such federal inmates have been assigned by the federal Bureau of Prisons to a home				
13	electronic monitoring program in place for such inmates by agreement with the jail on or				
14	before January 1, 2012 and are not housed in the jail facility. However, no such exemption				
15	shall apply to any federal inmate while they are housed in the regional jail facility.				
16	I. Any amounts in the program Financial Assistance for Confinement of Inmates in Local and				
17	Regional Facilities, may be transferred between Items 66 and 67, as needed, to cover any				
18	deficits incurred in the programs Financial Assistance for Sheriffs' Offices and Regional Jails				
19	and Financial Assistance for Confinement of Inmates in Local and Regional Facilities.				
20	J. Projected growth in per diem payments for the support of prisoners in local and regional				
21	jails shall be based on actual inmate population counts up through the first quarter of the				
22	affected fiscal year.				
23	K. The Compensation Board shall provide an annual report on the number and diagnoses of				
24	inmates with mental illnesses in local and regional jails, the treatment services provided, and				
25	expenditures on jail mental health programs. The report shall be prepared in cooperation with				
26	the Virginia Sheriffs Association, the Virginia Association of Regional Jails, the Virginia				
27	Association of Community Services Boards, and the Department of Behavioral Health and				
28	Developmental Services, and shall be coordinated with the data submissions required for the				
29	annual jail cost report. Copies of this report shall be provided by November 1 of each year to				
30	the Governor, Director, Department of Planning and Budget, and the Chairmen of the Senate				
31	Finance and House Appropriations Committees.

2	D. The provisions of this act notwithstanding, no Commonwealth's attorney, public defender or				
3	employee of a public defender, shall be paid or receive reimbursement for the state portion of a

7	E. The Statewide Juvenile Justice project positions, as established under the provisions of Item				
8	74 E, of Chapter 912, 1996 Acts of Assembly, and Chapter 924, 1997 Acts of Assembly, are

39	Commonwealth shall account for the amounts collected and apportion costs associated with the				
40	collections consistent with procedures issued by the Auditor of Public Accounts.

37	the grant amounts provided in order to increase the availability of funding to school divisions				
38	applying for grants. School divisions must submit applications to the Department of Education				
39	by August 1 preceding the school year in which the grant will be expended. Applications for

52	5-21 and (2) students for whom English is a second language who entered school for the first				
53	time after reaching their twelfth birthday, and who have not reached twenty-two years of age

56	appropriation. Preschool and postgraduate students shall not be included in March 31 ADM.				
57	a. School divisions shall take a count of September 30 fall membership and report this				
58	information to the Department of Education no later than October 15 of each year.				
59	b. Except as otherwise provided herein, by statute, or by precedent, all appropriations to the

1	Department of Education shall be calculated using March 31 ADM unadjusted for half-day				
2	kindergarten programs, estimated at 1,238,270.7 the first year and 1,246,428.4 the second year.				
3	March 31 ADM for half-day kindergarten shall be adjusted at 85 percent.				
4	c. Students who are either (i) enrolled in a nonpublic school or (ii) receiving home instruction				
5	pursuant to § 22.1-254.1 and who are enrolled in a public school on less than a full-time basis				
6	in any mathematics, science, English, history, social science, vocational education, health				
7	education or physical education, fine arts or foreign language course, or receiving special				
8	education services required by a student's individualized education plan, shall be counted in the				
9	funded fall membership and March 31 ADM of the responsible school division. Each course				
10	shall be counted as 0.25, up to a cap of 0.5 of a student.				
11	d. Students enrolled in an Individualized Student Alternative Education Program (ISAE)				
12	pursuant to § 22.1-254 D shall be counted in the March 31 Average Daily Membership of the				
13	responsible school division. School divisions shall report these students separately in their				
14	March 31 reports of Average Daily Membership.				
15	2. "Standards of Quality" - Operations standards for grades kindergarten through 12 as				
16	prescribed by the Board of Education subject to revision by the General Assembly.				
17	3.a. "Basic Operation Cost" - The cost per pupil, including provision for the number of				
18	instructional personnel required by the Standards of Quality for each school division with a				
19	minimum ratio of 51 professional personnel for each 1,000 pupils or proportionate number				
20	thereof, in March 31 ADM for the same fiscal year for which the costs are computed, and				
21	including provision for driver, gifted, occupational-vocational, and special education, library				
22	materials and other teaching materials, teacher sick leave, general administration, division				
23	superintendents' salaries, free textbooks (including those for free and reduced price lunch				
24	pupils), school nurses, operation and maintenance of school plant, transportation of pupils,				
25	instructional television, professional and staff improvement, remedial work, fixed charges and				
26	other costs in programs not funded by other state and/or federal aid.				
27	b. The state and local shares of funding resulting from the support cost calculation for school				
28	nurses shall be specifically identified as such and reported to school divisions annually. School				
29	divisions may spend these funds for licensed school nurse positions employed by the school				
30	division or for licensed nurses contracted by the local school division to provide school health				
31	services.				
32	4.a. "Composite Index of Local Ability-to-Pay" - An index figure computed for each locality.				
33	The composite index is the sum of 2/3 of the index of wealth per pupil in unadjusted March				
34	31 ADM reported for the first seven (7) months of the 2011-2012 school year and 1/3 of the				
35	index of wealth per capita (population estimates for 2011 as determined by the Weldon Cooper				
36	Center for Public Service of the University of Virginia) multiplied by the local nominal share				
37	of the costs of the Standards of Quality of 0.45 in each year. The indices of wealth are				
38	determined by combining the following constituent index elements with the indicated				
39	weighting: (1) true values of real estate and public service corporations as reported by the State				
40	Department of Taxation for the calendar year 2011 - 50 percent; (2) adjusted gross income for				
41	the calendar year 2011 as reported by the State Department of Taxation - 40 percent; (3) the				
42	sales for the calendar year 2011 which are subject to the state general sales and use tax, as				
43	reported by the State Department of Taxation - 10 percent. Each constituent index element for				
44	a locality is its sum per March 31 ADM, or per capita, expressed as a percentage of the state				
45	average per March 31 ADM, or per capita, for the same element. A locality whose composite				
46	index exceeds 0.8000 shall be considered as having an index of 0.8000 for purposes of				
47	distributing all payments based on the composite index of local ability-to-pay. Each constituent				
48	index element for a locality used to determine the composite index of local ability-to-pay for				
49	the current biennium shall be the latest available data for the specified official base year				
50	provided to the Department of Education by the responsible source agencies no later than				
51	November 15, 2013.				
52	b. For any locality whose total calendar year 2011 Virginia Adjusted Gross Income is				
53	comprised of at least 3 percent or more by nonresidents of Virginia, such nonresident income				
54	shall be excluded in computing the composite index of ability-to-pay. The Department of				
55	Education shall compute the composite index for such localities by using adjusted gross income				
56	data which exclude nonresident income, but shall not adjust the composite index of any other				
57	localities. The Department of Taxation shall furnish to the Department of Education such data

1	as are necessary to implement this provision.			
2	c.1) In the event that two or more school divisions become one school division, whether by			
3	consolidation of only the school divisions or by consolidation of the local governments, which			
4	shall include the transition of a city to town status, all state payments from this item adjusted			
5	by the composite index of local ability to pay to such resulting division or interest rates on			
6	approved Literary Fund loans shall be made on the basis of a composite index established by			
7	the Board of Education, which shall equal the composite index no lower than the lowest nor			
8	higher than the highest composite index of any of the individual school divisions involved in			
9	such consolidation. In addition, the local share of state payments adjusted by the composite			
10	index shall also be based on the same composite index of any of the individual school			
11	divisions involved in such consolidation. This index shall remain in effect for a period of no			
12	less than five nor more than fifteen years, unless a lower composite index is calculated for the			
13	combined division through the process for computing an index figure as set forth above. The			
14	Governor shall approve the composite index determined by the Board of Education prior to			
15	disbursement of funds under such index. The department shall report to the Chairmen of the			
16	House Appropriations and Senate Finance Committees the composite indices approved by the			
17	Governor and the board in the event this provision is implemented.			
18	2) In the case of the consolidation of Clifton Forge and Alleghany County school divisions, the			
19	fifteen year period for the application of a new composite index shall apply beginning with the			
20	fiscal year that starts on July 1, 2004. Notwithstanding the provisions of paragraph c.1) the			
21	composite index established by the Board of Education shall equal the lowest composite index			
22	that was in effect prior to July 1, 2004, of any individual localities involved in such			
23	consolidation, and this index shall remain in effect for a period of fifteen years, unless a lower			
24	composite index is calculated for the combined division through the process for computing an			
25	index as set forth above.			
26	3) Pursuant to paragraph c.1) above, if the composite index of a consolidated school division is			
27	reduced during the course of the fifteen year period to a level that would entitle the school			
28	division to a lower interest rate for a Literary Fund loan than it received when the loan was			
29	originally released, the Board of Education shall reduce the interest rate of such loan for the			
30	remainder of the period of the loan. Such reduction shall be based on the interest rate that			
31	would apply at the time of such adjustment. This rate shall remain in effect for the duration of			
32	the loan and shall apply only to those years remaining to be paid.			
33	4) In the case of the consolidation of Bedford County and Bedford City school divisions, the			
34	fifteen year period for the application of a new composite shall apply beginning with the fiscal			
35	year that starts on July 1, 2013. Notwithstanding the provisions of paragraph c.1) the			
36	composite index established by the Board of Education shall equal the lowest composite index			
37	that was in effect prior to July 1, 2013, of any individual localities involved in such			
38	consolidation, and this index shall remain in effect for a period of fifteen years, unless a lower			
39	composite index is calculated for the combined division through the process for computing an			
40	index as set forth above.			
41	5) JLARC is hereby directed, with assistance from the Commission on Local Government, to			
42	analyze and make recommendations going forward regarding the most effective balance			
43	between the costs of incentives for government and school consolidations with the expected			
44	resulting savings and operational benefits, and how best to structure such state incentives to			
45	achieve both clarity for localities as well as justification that incentives are adequate, but not			
46	more than necessary. JLARC shall complete its study and submit a final report no later than			
47	October 1, 2014.			
48	d. When it is determined that a substantial error exists in a constituent index element, the			
49	Department of Education will make adjustments in funding for the current school year only in			
50	the division where the error occurred. The composite index of any other locality shall not be			
51	changed as a result of the adjustment. No adjustment during the biennium will be made as a			
52	result of updating of data used in a constituent index element.			
53	e. In the event that any school division consolidates two or more small schools, the division			
54	shall continue to receive Standards of Quality funding and provide for the required local			
55	expenditure for a period of five years as if the schools had not been consolidated. Small			
56	schools are defined as any elementary, middle, or high school with enrollment below 200, 300			
57	and 400 students, respectively.

1	5. "Required Local Expenditure for the Standards of Quality" - The locality's share based on				
2	the composite index of local ability-to-pay of the cost required by all the Standards of Quality				
3	minus its estimated revenues from the state sales and use tax dedicated to public education and				
4	those sales tax revenues transferred to the general fund from the Public Education Standards of				
5	Quality/Local Real Estate Property Tax Relief Fund and appropriated in this Item, both of				
6	which are returned on the basis of the latest yearly estimate of school age population provided				
7	by the Weldon Cooper Center for Public Service, as specified in this Item, collected by the				
8	Department of Education and distributed to school divisions in the fiscal year in which the				
9	school year begins.				
10	6. "Required Local Match" - The locality's required share of program cost based on the				
11	composite index of local ability-to-pay for all Lottery and Incentive programs, where required,				
12	in which the school division has elected to participate in a fiscal year.				
13	7. "Planning District Eight" - The nine localities which comprise Planning District Eight are				
14	Arlington County, Fairfax County, Loudoun County, Prince William County, Alexandria City,				
15	Fairfax City, Falls Church City, Manassas City, and Manassas Park City.				
16	8. "State Share of the Standards of Quality" - The state share of the Standards of Quality				
17	(SOQ) shall be equal to the total funded SOQ cost for a school division less the school				
18	division's estimated revenues from the state sales and use tax dedicated to public education				
19	based on the latest yearly estimate of school age population provided by the Weldon Cooper				
20	Center for Public Service, adjusted for the state's share of the composite index of local ability				
21	to pay.				
22	9. In the event that the general fund appropriations in this item are not sufficient to meet the				
23	entitlements payable to school divisions pursuant to the provisions of this Item, the Department				
24	of Education is authorized to transfer any available general fund funds between these Items to				
25	address such insufficiencies. If the total general fund appropriations after such transfers remain				
26	insufficient to meet the entitlements of any program funded with general fund dollars, the				
27	Department of Education is authorized to prorate such shortfall proportionately across all of the				
28	school divisions participating in any program where such shortfall occurred. In addition, the				
29	Department of Education is authorized each year to temporarily suspend textbook payments				
30	made to school divisions from Lottery funds to ensure that any shortfall in Lottery revenue can				
31	be accounted for in the remaining textbook payments to be made for the year.				
32	10. The Department of Education is directed to apply a cap on inflation rates in the same				
33	manner prescribed in § 51.1-166.B, Code of Virginia, when updating funding to school				
34	divisions during the biennial rebenchmarking process.				
35	11. Notwithstanding any other provision in statute or in this Item, the Department of Education				
36	is directed to combine the end-of-year Average Daily Membership (ADM) for those school				
37	divisions who have partnered together as a fiscal agent division and a contractual division for				
38	the purposes of calculating prevailing costs included in the Standards of Quality (SOQ).				
39	12. Notwithstanding any other provision in statute or in this Item, the Department of Education				
40	is directed to include zeros in the linear weighted average calculation of support non-personal				
41	costs for the purpose of calculating prevailing costs included in the Standards of Quality				
42	(SOQ).				
43	13. Notwithstanding any other provision in statute or in this Item, the Department of Education				
44	is directed to eliminate the corresponding and appropriate object code(s) related to reported				
45	travel expenditures included the linear weighted average non-personal cost calculations for the				
46	purpose of calculating prevailing costs included in the Standards of Quality (SOQ).

3	Item, school divisions may elect to increase the teacher to pupil staffing ratios in kindergarten

5	teacher to pupil staffing ratio requirements for Elementary Resource teachers, Prevention,

9	Administration safety requirements) are waived; and the instructional and support technology			
10	positions, librarians and guidance counselors staffing ratios for new hires are waived.			
11	17. To provide additional flexibility, notwithstanding the provisions of § 22.1-79.1 of the Code			
12	of Virginia, any school division that was granted a waiver regarding the opening date of the			
13	school year for the 2011-12 school year under the good cause requirements shall continue to be			
14	granted a waiver for the 2014-15 school year and the 2015-2016 school year.			
15	B. General Conditions			
16	1. The Standards of Quality cost in this Item related to fringe benefits shall be limited for

30	index.			
31	2) A locality whose composite index exceeds 0.8000 shall be considered as having an index of			
32	0.8000 for purposes of distributing fringe benefit funds under this provision.			
33	3) The state payment to each school division for retirement, social security, and group life			
34	insurance costs for non-instructional personnel is included in and distributed through Basic Aid.

41	3. In the event the statewide number of pupils in March 31 ADM results in a state share of			
42	cost exceeding the general fund appropriation in this Item, the locality's state share of Basic			
43	Aid shall be reduced proportionately so that this general fund appropriation will not be			
44	exceeded. In addition, the required local share of Basic Aid shall also be reduced			
45	proportionately to the reduction in the state's share.

47	of wealth and in other state-funded accounts for localities affected by annexation, unless a court			
48	of competent jurisdiction makes such adjustments. However, only the indices of wealth and			
49	other state-funded accounts of localities party to the annexation will be adjusted.

4	population provided by the Weldon Cooper Center for Public Service) for sales in the fiscal				
5	year in which the school year begins are different from the number estimated as the basis for				
6	this appropriation, the estimated state sales and use tax revenues shall not be adjusted.				
7	6. This appropriation shall be apportioned to the public schools with guidelines established by				
8	the Department of Education consistent with legislative intent as expressed in this act.

17	upon a school division's combined failure rate on the English and Math Standards of Learning,				
18	is included in Remedial Education Payments (C 8).				
19	b. No actions provided in this section signify any intent of the General Assembly to mandate				
20	an increase in the number of instructional personnel per 1,000 students above the numbers				
21	explicitly stated in the preceding paragraph.				
22	c. Appropriations in this Item include programs supported in part by transfers to the general				
23	fund from the Public Education Standards of Quality/Local Real Estate Property Tax Relief				
24	Fund pursuant to Part 3 of this Act. These transfers combined together with other				
25	appropriations from the general fund in this Item funds the state's share of the following				
26	revisions to the Standards of Quality pursuant to Chapters 939 & 955 of the Acts of Assembly				
27	of 2004: five elementary resource teachers per 1,000 students; one support technology position				
28	per 1,000 students; one instructional technology position per 1,000 students; and a full daily				
29	planning period for teachers at the middle and high school levels in order to relieve the				
30	financial pressure these education programs place on local real estate taxes.				
31	d. To provide flexibility, school divisions may use the state and local funds for instructional				
32	technology resource teachers required by the Standards of Quality to employ a data coordinator				
33	position, an instructional technology resource teacher position, or a data				
34	coordinator/instructional resource teacher blended position. The data coordinator position is				
35	intended to serve as a resource to principals and classroom teachers in the area of data analysis				
36	and interpretation for instructional and school improvement purposes, as well as for overall data				
37	management and administration of state assessments. School divisions using these SOQ funds				
38	in this manner shall only employ instructional personnel licensed by the Board of Education.				
39	e. To provide flexibility in the provision of reading intervention services, school divisions may				
40	use the state Early Reading Intervention initiative funding provided from the Lottery Proceeds				
41	Fund and the required local matching funds to employ reading specialists to provide the				
42	required reading intervention services. School divisions using the Early Reading Intervention				
43	Initiative funds in this manner shall only employ instructional personnel licensed by the Board				
44	of Education.				
45	f. To provide flexibility in the provision of mathematics intervention services, school divisions				
46	may use the state Standards of Learning Algebra Readiness initiative funding provided from the				
47	Lottery Proceeds Fund and the required local matching funds to employ mathematics teacher				
48	specialists to provide the required mathematics intervention services. School divisions using				
49	the Standards of Learning Algebra Readiness initiative funding in this manner shall only				
50	employ instructional personnel licensed by the Board of Education.				
51	8.a.1) Pursuant to § 22.1-97, Code of Virginia, the Department of Education is required to				
52	make calculations at the start of the school year to ensure that school divisions have				
53	appropriated adequate funds to support their estimated required local expenditure for the				
54	corresponding state fiscal year. In an effort to reduce the administrative burden on school				
55	divisions resulting from state data collections, such as the one needed to make the				
56	aforementioned calculations, the requirements of § 22.1-97, Code of Virginia, pertaining to the

1	adequacy of estimated required local expenditures, shall be satisfied by signed certification by				
2	each division superintendent at the beginning of each school year that sufficient local funds				
3	have been budgeted to meet all state required local effort and required local match amounts.				
4	This provision shall only apply to calculations required of the Department of Education related				
5	to estimated required local expenditures and shall not pertain to the calculations associated with				
6	actual required local expenditures after the close of the school year.				
7	2) The Department of Education shall also make calculations after the close of the school year				
8	to verify that the required local effort level, based on actual March 31 Average Daily				
9	Membership, was met. Pursuant to § 22.1-97, Code of Virginia, the Department of Education				
10	shall report annually, no later than the first day of the General Assembly session, to the House				
11	Committees on Education and Appropriations and the Senate Committees on Finance and				
12	Education and Health, the results of such calculations made after the close of the school year				
13	and the degree to which each school division has met, failed to meet, or surpassed its required				
14	local expenditure. The Department of Education shall specify the calculations to determine if a				
15	school division has expended its required local expenditure for the Standards of Quality. This				
16	calculation may include but is not limited to the following calculations:				
17	b. The total expenditures for operation, defined as total expenditures less all capital outlays,				
18	expenditures for debt service, facilities, non-regular day school programs (such as adult				
19	education, preschool, and non-local education programs), and any transfers to regional programs				
20	will be calculated.				
21	c. The following state funds will be deducted from the amount calculated in paragraph a.				
22	above: revenues from the state sales and use tax (returned on the basis of the latest yearly				
23	estimate of school age population provided by the Weldon Cooper Center for Public Service, as				
24	specified in this Item) for sales in the fiscal year in which the school year begins; total receipts				
25	from state funds (except state funds for non-regular day school programs and state funds used				
26	for capital or debt service purposes); and the state share of any balances carried forward from				
27	the previous fiscal year. Any qualifying state funds that remain unspent at the end of the fiscal				
28	year will be added to the amount calculated in paragraph a. above.				
29	d. Federal funds, and any federal funds carried forward from the previous fiscal year, will also				
30	be deducted from the amount calculated in paragraph a above. Any federal funds that remain				
31	unspent at the end of the fiscal year and any capital expenditures paid from federal funds will				
32	be added to the amount calculated in paragraph a. above.				
33	e. Tuition receipts, receipts from payments from other cities or counties, and fund transfers will				
34	also be deducted from the amount calculated in paragraph a, then				
35	f. The final amount calculated as described above must be equal to or greater than the required				
36	local expenditure defined in paragraph A. 5.				
37	g. The Department of Education shall collect the data necessary to perform the calculations of				
38	required local expenditure as required by this section.				
39	h. A locality whose expenditure in fact exceeds the required amount from local funds may not				
40	reduce its expenditures unless it first complies with all of the Standards of Quality.				
41	9.a. Any required local matching funds which a locality, as of the end of a school year, has not				
42	expended, pursuant to this Item, for the Standards of Quality shall be paid by the locality into				
43	the general fund of the state treasury. Such payments shall be made not later than the end of				
44	the school year following that in which the under expenditure occurs.				
45	b. Whenever the Department of Education has recovered funds as defined in the preceding				
46	paragraph a, the Secretary of Education is authorized to repay to the locality affected by that				
47	action, seventy-five percent (75%) of those funds upon his determination that:				
48	1) The local school board agrees to include the funds in its June 30 ending balance for the year				
49	following that in which the under expenditure occurs;				
50	2) The local governing body agrees to reappropriate the funds as a supplemental appropriation				
51	to the approved budget for the second year following that in which the under expenditure				
52	occurs, in an appropriate category as requested by the local school board, for the direct benefit

1	of the students;				
2	3) The local school board agrees to expend these funds, over and above the funds required to				
3	meet the required local expenditure for the second year following that in which the under				
4	expenditure occurs, for a special project, the details of which must be furnished to the				
5	Department of Education for review and approval;				
6	4) The local school board agrees to submit quarterly reports to the Department of Education on				
7	the use of funds provided through this project award; and				
8	5) The local governing body and the local school board agree that the project award will be				
9	cancelled and the funds withdrawn if the above conditions have not been met as of June 30 of				
10	the second year following that in which the under expenditure occurs.				
11	c. There is hereby appropriated, for the purposes of the foregoing repayment, a sum sufficient,				
12	not to exceed 75 percent of the funds deposited in the general fund pursuant to the preceding				
13	paragraph a.				
14	10. The Department of Education shall specify the manner for collecting the required				
15	information and the method for determining if a school division has expended the local funds				
16	required to support the actual local match based on all Lottery and Incentive programs in				
17	which the school division has elected to participate. Unless specifically stated otherwise in this				
18	Item, school divisions electing to participate in any Lottery or Incentive program that requires a				
19	local funding match in order to receive state funding, shall certify to the Department of				
20	Education its intent to participate in each program by July 1 each fiscal year in a manner				
21	prescribed by the Department of Education. As part of this certification process, each division				
22	superintendent must also certify that adequate local funds have been appropriated, above the				
23	required local effort for the Standards of Quality, to support the projected required local match				
24	based on the Lottery and Incentive programs in which the school division has elected to				
25	participate. State funding for such program(s) shall not be made until such time that the school				
26	division can certify that sufficient local funding has been appropriated to meet required local				
27	match. The Department of Education shall make calculations after the close of the fiscal year				
28	to verify that the required local match was met based on the state funds that were received.				
29	11. Any sum of local matching funds for Lottery and Incentive program which a locality has				
30	not expended as of the end of a fiscal year in support of the required local match pursuant to				
31	this Item shall be paid by the locality into the general fund of the state treasury unless the				
32	carryover of those unspent funds is specifically permitted by other provisions of this act. Such				
33	payments shall be made no later than the end of the school year following that in which the				
34	under expenditure occurred.				
35	12. The Superintendent of Public Instruction shall provide a report annually, no later than the				
36	first day of the General Assembly session, on the status of teacher salaries, by local school				
37	division, to the Governor and the Chairmen of the Senate Finance and House Appropriations				
38	Committees. In addition to information on average salaries by school division and statewide				
39	comparisons with other states, the report shall also include information on starting salaries by				
40	school division and average teacher salaries by school.				
41	13. All state and local matching funds required by the programs in this Item shall be				
42	appropriated to the budget of the local school board.				
43	14. By November 15 of each year, the Department of Planning and Budget, in cooperation with				
44	the Department of Education, shall prepare and submit a preliminary forecast of Standards of				
45	Quality expenditures, based upon the most current data available, to the Chairmen of the House				
46	Appropriations and Senate Finance Committees. In odd-numbered years, the forecast for the				
47	current and subsequent two fiscal years shall be provided. In even-numbered years, the forecast				
48	for the current and subsequent fiscal year shall be provided. The forecast shall detail the				
49	projected March 31 Average Daily Membership and the resulting impact on the education				
50	budget.				
51	15. School divisions may choose to use state payments provided for Standards of Quality				
52	Prevention, Intervention, and Remediation in both years as a block grant for remediation				
53	purposes, without restrictions or reporting requirements, other than reporting necessary as a				
54	basis for determining funding for the program.

1	16. Except as otherwise provided in this act, the Superintendent of Public Instruction shall				
2	provide guidelines for the distribution and expenditure of general fund appropriations and such				
3	additional federal, private and other funds as may be made available to aid in the establishment				
4	and maintenance of the public schools.				
5	17. At the Department of Education's option, fees for audio-visual services may be deducted				
6	from state Basic Aid payments for individual local school divisions.				
7	18. For distributions not otherwise specified, the Department of Education, at its option, may				
8	use prior year data to calculate actual disbursements to individual localities.				
9	19. Payments for accounts related to the Standards of Quality made to localities for public				
10	education from the general fund, as provided herein, shall be payable in twenty-four				
11	semi-monthly installments at the middle and end of each month.				
12	20. Notwithstanding §22.1-638 D., Code of Virginia, and other language in this item, the				
13	Department of Education shall, for purposes of calculating the state and local shares of the				
14	Standards of Quality, apportion state sales and use tax dedicated to public education and those				
15	sales tax revenues transferred to the general fund from the Public Education Standards of				
16	Quality/ Local Real Estate Property Tax Relief Fund in the first year based on the July 1,				
17	2012, estimate of school age population provided by the Weldon Cooper Center for Public				
18	Service and, in the second year, based on the July 1, 2013, estimate of school age population				
19	provided by the Weldon Cooper Center for Public Service.				
20	Notwithstanding §22.1-638 D., Code of Virginia, and other language in this item, the State				
21	Comptroller shall distribute the state sales and use tax revenues dedicated to public education				
22	and those sales tax revenues transferred to the general fund from the Public Education				
23	Standards of Quality/ Local Real Estate Property Tax Relief Fund in the first year based on the				
24	July 1, 2012, estimate of school age population provided by the Weldon Cooper Center for				
25	Public Service and, in the second year, based on the July 1, 2013, estimate of school age				
26	population provided by the Weldon Cooper Center for Public Service.				
27	21. The school divisions within the Tobacco Region, as defined by the Tobacco				
28	Indemnification and Community Revitalization Commission, shall jointly explore ways to				
29	maximize their collective expenditure reimbursement totals for all eligible E-Rate funding.				
30	22. This Item includes appropriations totaling an estimated \$500,000,000 the first year and				
31	\$500,000,000 the second year from the revenues deposited to the Lottery Proceeds Fund.				
32	These amounts are appropriated for distribution to counties, cities, and towns to support public				
33	education programs pursuant to Article X, Section 7-A Constitution of Virginia. Any county,				
34	city, or town which accepts a distribution from this fund shall provide its portion of the cost of				
35	maintaining an educational program meeting the Standards of Quality pursuant to Section 2 of				
36	Article VIII of the Constitution without the use of distributions from the fund.				
37	23. For reporting purposes, the Department of Education shall include Lottery Proceeds Funds				
38	as state funds.				
39	24.a. Any locality that has met its required local effort for the Standards of Quality accounts				
40	for FY 2015 and that has met its required local match for incentive or Lottery-funded programs				
41	in which the locality elected to participate in FY 2015 may carry over into FY 2016 any				
42	remaining state Direct Aid to Public Education fund balances available to help minimize				
43	any FY 2016 revenue adjustments that may occur in state funding to that locality. Localities				
44	electing to carry forward such unspent state funds must appropriate the funds to the school				
45	division for expenditure in FY 2016.				
46	b. Any locality that has met its required local effort for the Standards of Quality accounts				
47	for FY 2016 and that has met its required local match for incentive or Lottery-funded programs				
48	in which the locality elected to participate in FY 2016 may carry over into FY 2017 any				
49	remaining state Direct Aid to Public Education fund balances available to help minimize				
50	any FY 2017 revenue adjustments that may occur in state funding to that locality. Localities				
51	electing to carry forward such unspent state funds must appropriate the funds to the school				
52	division for expenditure in FY 2017.				
53	25. Localities are encouraged to allow school boards to carry over any unspent local allocations

1	into the next fiscal year. Localities are also encouraged to provide increased flexibility to				
2	school boards by appropriating state and local funds for public education in a lump sum.				
3	26. The Department of Education shall include in the annual School Performance Report Card				
4	for school divisions the percentage of each division's annual operating budget allocated to				
5	instructional costs. For this report, the Department of Education shall establish a methodology				
6	for allocating each school division's expenditures to instructional and non-instructional costs in				
7	a manner that is consistent with the funding of the Standards of Quality as approved by the				
8	General Assembly.				
9	27. It is the intent of the General Assembly that all school divisions annually provide their				
10	employees, upon request, with a user-friendly statement of total compensation, including				
11	contract duration if less than 12 months.				
12	C. Apportionment				
13	1. Subject to the conditions stated in this paragraph and in paragraph B of this Item, each				
14	locality shall receive sums as listed above within this program for the basic operation cost and				
15	payments in addition to that cost. The apportionment herein directed shall be inclusive of, and				
16	without further payment by reason of, state funds for library and other teaching materials.				
17	2. School Employee Retirement Contributions				
18	a. This Item provides funds to each local school board for the state share of the employer's				
19	retirement cost incurred by it, on behalf of instructional personnel, for subsequent transfer to				
20	the retirement allowance account as provided by Title 51.1, Chapter 1, Code of Virginia.				
21	b. Notwithstanding § 51.1-1401 of the Code of Virginia, the Commonwealth shall provide				
22	payments for only the state share of the Standards of Quality fringe benefit cost of the retiree				
23	health care credit. This Item includes payments in both years based on the state share of fringe				
24	benefit costs of 55 percent of the employer's cost on funded Standards of Quality instructional				
25	positions, distributed based on the composite index of the local ability-to-pay.				
26	3. School Employee Social Security Contributions				
27	a. This Item provides funds to each local school board for the state share of the employer's				
28	Social Security cost incurred by it, on behalf of the instructional personnel for subsequent				
29	transfer to the Contribution Fund pursuant to Title 51.1, Chapter 7, Code of Virginia.				
30	b. Appropriations for contributions in paragraphs 2 and 3 above include payments from funds				
31	derived from the principal of the Literary Fund in accordance with Article III, Section 8, of the				
32	Constitution of Virginia. The amounts set aside from the Literary Fund for these purposes				
33	shall not exceed \$107,855,378 the first year and \$111,241,825 the second year. From				
34	unobligated Literary Fund balances, the Department of Education shall provide up to				
35	\$10,000,000 the first year and up to \$10,000,000 the second year in direct loans for school				
36	construction.				
37	4. School Employee Insurance Contributions				
38	This Item provides funds to each local school board for the state share of the employer's Group				
39	Life Insurance cost incurred by it on behalf of instructional personnel who participate in group				
40	insurance under the provisions of Title 51.1, Chapter 5, Code of Virginia.				
41	5. Basic Aid Payments				
42	a.1) A state share of the Basic Operation Cost, which cost per pupil in March 31 ADM is				
43	established individually for each local school division based on the number of instructional				
44	personnel required by the Standards of Quality and the statewide prevailing salary levels				
45	(adjusted in Planning District Eight for the cost of competing) as well as recognized support				
46	costs calculated on a prevailing basis for an estimated March 31 ADM.				
47	2) This appropriation includes funding to recognize the common labor market in the				
48	Washington-Baltimore-Northern Virginia, DC-MD-VA-WV Combined Statistical Area.				
49	Standards of Quality salary payments for instructional positions in school divisions of the

2	Adjustment (COCA) rates that are paid to local school divisions in Planning District 8. For the			
3	counties of Stafford, Fauquier, Spotsylvania, Clarke, Warren, Frederick, and Culpeper and the			
4	Cities of Fredericksburg and Winchester, the SOQ payments have been increased by 25 percent			
5	each year of the COCA rates paid to school divisions in Planning District 8.			
6	b. The state share for a locality shall be equal to the Basic Operation Cost for that locality less			
7	the locality's estimated revenues from the state sales and use tax (returned on the basis of the			
8	latest yearly estimate of school age population provided by the Weldon Cooper Center for			
9	Public Service, as specified in this Item), in the fiscal year in which the school year begins and			
10	less the required local expenditure.			
11	c. For the purpose of this paragraph, the Department of Taxation's fiscal year sales and use tax			
12	estimates are as cited in this Item.			
13	d. 1) In accordance with the provisions of § 37.2-713, Code of Virginia, the Department of			
14	Education shall deduct the locality's share for the education of handicapped pupils residing in			
15	institutions within the Department of Behavioral Health and Developmental Services from the			
16	locality's Basic Aid payments.			
17	2) The amounts deducted from Basic Aid for the education of intellectually disabled persons			
18	shall be transferred to the Department of Behavioral Health and Developmental Services in			
19	support of the cost of educating such persons; the amount deducted from Basic Aid for the			
20	education of emotionally disturbed persons shall be used to cover extraordinary expenses			
21	incurred in the education of such persons. The Department of Education shall establish			
22	guidelines to implement these provisions and shall provide for the periodic transfer of sums			
23	due from each local school division to the Department of Behavioral Health and Developmental			
24	Services and for Special Education categorical payments. The amount of the actual transfers			
25	will be based on data accumulated during the prior school year.			
26	e. 1) The apportionment to localities of all driver education revenues received during the school			
27	year shall be made as an undesignated component of the state share of Basic Aid in accordance			
28	with the provisions of this Item. Only school divisions complying with the standardized			
29	program established by the Board of Education shall be entitled to participate in the			
30	distribution of state funds appropriated for driver education. The Department of Education will			
31	deduct a designated amount per pupil from a school division's Basic Aid payment when the			
32	school division is not in compliance with § 22.1-205 C, Code of Virginia. Such amount will			
33	be computed by dividing the current appropriation for the Driver Education Fund by actual			
34	March 31 ADM.			
35	2) Local school boards may charge a per pupil fee for behind-the-wheel driver education			
36	provided, however, that the fee charged plus the per pupil basic aid reimbursement for driver			
37	education shall not exceed the actual average per pupil cost. Such fees shall not be cause for a			
38	pro rata reduction in Basic Aid payments to school divisions.			
39	f. Textbooks			
40	1) The appropriation in this Item includes \$53,203,694 the first year and \$60,804,331 the			
41	second year from the general fund and \$13,457,013 the first year and \$6,139,049 the second			
42	year from the Lottery Proceeds Fund as the state's share of the cost of textbooks based on a			
43	per pupil amount of \$96.22 the first year and \$96.22 the second year. The state's share of			
44	textbooks will be fund split between the general fund and Lottery Proceeds Fund. A school			
45	division shall appropriate these funds for textbooks or any other public education instructional			
46	expenditure by the school division. The state's distributions for textbooks shall be based on			
47	adjusted March 31 ADM. These funds shall be matched by the local government, based on the			
48	composite index of local ability-to-pay.			
49	2) School divisions shall provide free textbooks to all students.			
50	3) School divisions may use a portion of this funding to purchase Standards of Learning			
51	instructional materials. School divisions may also use these funds to purchase electronic			
52	textbooks or other electronic media resources integral to the curriculum and classroom			
53	instruction and the technical equipment required to read and access the electronic textbooks and			
54	electronic curriculum materials.

3	the school division the following year to be used for same purpose. School divisions are				
4	permitted to carry forward any remaining balance of textbook funds until the funds are				
5	expensed for a qualifying purpose.				
6	g. The one-cent state sales and use tax earmarked for education and the sales tax revenues				
7	transferred to the general fund from the Public Education Standards of Quality/Local Real				
8	Estate Property Tax Relief Fund and appropriated in this Item which are distributed to localities				
9	on the basis of the latest yearly estimate of school age population provided by the Weldon				
10	Cooper Center for Public Service as specified in this Item shall be reflected in each locality's				
11	annual budget for educational purposes as a separate revenue source for the current fiscal year.				
12	h. The appropriation for the Standards of Quality for Public Education (SOQ) includes amounts				
13	estimated at \$348,900,000 the first year and \$361,100,000 the second year from the amounts

15	Estate Property Tax Relief Fund pursuant to Part 3 of this act which are derived from the 0.375				
16	cent increase in the state sales and use tax levied pursuant to §58.1-638, Code of Virginia.				
17	These additional funds are provided to local school divisions and local governments in order to				
18	relieve the financial pressure education programs place on local real estate taxes.				
19	i. From the total amounts in paragraph h. above, an amount estimated at \$232,500,000 the first				
20	year and \$240,700,000 the second year (approximately 1/4 cent of sales and use tax) is				
21	appropriated to support a portion of the cost of the state's share of the following revisions to				
22	the Standards of Quality pursuant to Chapters 939 & 955 of the Acts of Assembly of 2004:				
23	five elementary resource teachers per 1,000 students; one support and one instructional				
24	technology position per 1,000 students; a full daily planning period for teachers at the middle				
25	and high school levels in order to relieve the pressure on local real estate taxes and shall be				
26	taken into account by the governing body of the county, city, or town in setting real estate tax				
27	rates.				
28	j. From the total amounts in paragraph h. above, an amount estimated at \$122,600,000 the first				
29	year and \$126,900,000 the second year (approximately 1/8 cent of sales and use tax) is				
30	appropriated in this Item to distribute the remainder of the revenues collected and deposited				
31	into the Public Education Standards of Quality/Local Real Estate Property Tax Relief Fund on				
32	the basis of the latest yearly estimate of school age population provided by the Weldon Cooper				
33	Center for Public Service as specified in this Item.				
34	k. For the purposes of funding certain support positions in Basic Aid a funding ratio				
35	methodology is used based upon the prevailing ratio of support positions to SOQ funded				
36	instructional positions as established in Chapter 781, 2009 Acts of Assembly. For the purposes				
37	of making the required spending adjustments, the appropriation and distribution of Basic Aid				
38	shall reflect this methodology. Local school divisions shall have the discretion as to where the				
39	adjustment may be made, consistent with the Standards of Quality funded in this Act.				
40	6. Education of the Gifted Payments				
41	a. An additional payment shall be disbursed by the Department of Education to local school				
42	divisions to support the state share of one full-time equivalent instructional position per 1,000				
43	students in adjusted March 31 ADM.				
44	b. Local school divisions are required to spend, as part of the required local expenditure for the				
45	Standards of Quality the established per pupil cost for gifted education (state and local share)				
46	on approved programs for the gifted.				
47	7. Occupational-Vocational Education Payments				
48	a. An additional payment shall be disbursed by the Department of Education to the local school				
49	divisions to support the state share of the number of Vocational Education instructors required				
50	by the Standards of Quality. These funds shall be disbursed on the same basis as the payment				
51	is calculated.				
52	b. An amount estimated at \$108,906,772 the first year and \$109,140,109, the second year from				
53	the general fund included in Basic Aid Payments relates to vocational education programs in

2	8. Special Education Payments				
3	a. An additional payment shall be disbursed by the Department of Education to the local school				
4	divisions to support the state share of the number of Special Education instructors required by				
5	the Standards of Quality. These funds shall be disbursed on the same basis as the payment is				
6	calculated.				
7	b. Out of the amounts for special education payments, general fund support is provided to fund				
8	the caseload standards for speech pathologists at 68 students for each year of the biennium.				
9	9. Remedial Education Payments				
10	a. An additional payment estimated at \$100,778,323 the first year and \$100,969,968 the second				
11	year from the general fund shall be disbursed by the Department of Education to support the				
12	Board of Education's Standards of Quality Prevention, Intervention, and Remediation program				
13	adopted in June 2003.				
14	b. The payment shall be calculated based on one hour of additional instruction per day for				
15	identified students, using the three year average percent of students eligible for the federal Free				
16	Lunch program as a proxy for students needing such services. Fall membership shall be				
17	multiplied by the three year average division-level Free Lunch eligibility percentage to				
18	determine the estimated number of students eligible for services. Pupil-teacher ratios shall be				
19	applied to the estimated number of eligible students to determine the number of instructional				
20	positions needed for each school division. The pupil-teacher ratio applied for each school				
21	division shall range from 10:1 for those divisions with the most severe combined three year				
22	average failure rates for English and math Standards of Learning test scores to 18:1 for those				
23	divisions with the lowest combined three year average failure rates for English and math				
24	Standards of Learning test scores.				
25	c. Funding shall be matched by the local government based on the composite index of local				
26	ability-to-pay.				
27	d. To provide flexibility in the instruction of English Language Learners who have limited				
28	English proficiency and who are at risk of not meeting state accountability standards, school				
29	divisions may use state and local funds from the SOQ Prevention, Intervention, and				
30	Remediation account to employ additional English Language Learner teachers to provide				
31	instruction to identified limited English proficiency students. Using these funds in this manner				
32	is intended to supplement the instructional services provided through the SOQ staffing standard				
33	of 17 instructional positions per 1,000 limited English proficiency students. School divisions				
34	using the SOQ Prevention, Intervention, and Remediation funds in this manner shall only				
35	employ instructional personnel licensed by the Board of Education.				
36	e. An additional state payment estimated at \$89,644,726 the first year and \$89,657,040 the				
37	second year from the Lottery Proceeds Fund shall be disbursed based on the estimated number				
38	of federal Free Lunch participants, in support of programs for students who are educationally at				
39	risk. The additional payment shall be based on the state share of:				
40	1) A minimum one percent add-on, as a percent of the per pupil basic aid cost, for each child				
41	who qualifies for the federal Free Lunch Program; and				
42	2) An addition to the add-on, based on the concentration of children qualifying for the federal				
43	Free Lunch Program. Based on its percentage of Free Lunch participants, each school division				
44	will receive between 1 and 12 percent in additional basic aid per Free Lunch participant. These				
45	funds shall be matched by the local government, based on the composite index of local				
46	ability-to-pay.				
47	3a) Local school divisions are required to spend the established at-risk payment (state and local				
48	share) on approved programs for students who are educationally at risk.				
49	b) To receive these funds, each school division shall certify to the Department of Education				
50	that the state and local share of the at-risk payment will be used to support approved programs				
51	for students who are educationally at risk. These programs may include: Dropout Prevention,

1	community and school-based truancy officer programs, Advancement Via Individual				
2	Determination (AVID), Project Discovery, Reading Recovery, programs for students who speak				
3	English as a second language, or programs related to increasing the success of disadvantaged				
4	students in completing a high school degree and providing opportunities to encourage further				
5	education and training. Further, any new funds a school division receives in excess of the				
6	amounts received in FY 2008 may be used first to provide data coordinators or to purchase				
7	similar services for schools that have not met Adequate Yearly Progress (AYP) under the				
8	federal No Child Left Behind Act or are not fully accredited under the Standards of				
9	Accreditation. The data coordinator position is intended to provide schools with needed				
10	support in the area of data analysis and interpretation for instructional purposes, as well as				
11	overall data management and the administration of state assessments. The position would				
12	primarily focus on data related to instruction and school improvement, including: student				
13	assessment, student attendance, student/teacher engagement, behavior referrals, suspensions,				
14	retention, and graduation rates.				
15	f. Regional Alternative Education Programs				
16	1) An additional state payment of \$8,101,481 the first year and \$8,101,752 the second year				
17	from the Lottery Proceeds Fund shall be disbursed for Regional Alternative Education				
18	programs. Such programs shall be for the purpose of educating certain expelled students and, as				
19	appropriate, students who have received suspensions from public schools and students returned				
20	to the community from the Department of Juvenile Justice.				
21	2) Each regional program shall have a small student/staff ratio. Such staff shall include, but				
22	not be limited to education, mental health, health, and law enforcement professionals, who will				
23	collaborate to provide for the academic, psychological, and social needs of the students. Each				
24	program shall be designed to ensure that students make the transition back into the				
25	"mainstream" within their local school division.				
26	3) a) Regional alternative education programs are funded through this Item based on the state's				
27	share of the incremental per pupil cost for providing such programs. This incremental per pupil				
28	payment shall be adjusted for the composite index of local ability-to-pay of the school division				
29	that counts such students attending such program in its March 31 Average Daily Membership.				
30	It is the intent of the General Assembly that this incremental per pupil amount be in addition				
31	to the basic aid per pupil funding provided to the affected school division for such students.				
32	Therefore, local school divisions are encouraged to provide the appropriate portion of the basic				
33	aid per pupil funding to the regional programs for students attending these programs, adjusted				
34	for costs incurred by the school division for transportation, administration, and any portion of				
35	the school day or school year that the student does not attend such program.				
36	b) In the event a school division does not use all of the student slots it is allocated under this				
37	program, the unused slots may be reallocated or transferred to another school division.				
38	1. A school division must request from the Department of Education the availability and				
39	possible use of any unused student slots. If any unused slots are available and if the requesting				
40	school division chooses to utilize any of the unused slots, the requesting school division shall				
41	only receive the state's share of tuition for the unused slot that was allocated in this Item for				
42	the originally designated school division.				
43	2. However, no requesting school division shall receive more tuition funding from the state for				
44	any requested unused slot than what would have been the calculated amount for the requesting				
45	school division had the unused slot been allocated to the requesting school division in the				
46	original budget. Furthermore, the requesting school division shall pay for any remaining tuition				
47	payment necessary for using a previously unused slot.				
48	3. The Department of Education shall provide assistance for the state share of the incremental				
49	cost of Regional Alternative Education program operations based on the composite index of				
50	local ability-to-pay.				
51	g. Remedial Summer School				
52	1) This appropriation includes \$25,104,760 the first year and \$26,569,659 the second year from				
53	the general fund for the state's share of Remedial Summer School Programs. These funds are				
54	available to school divisions for the operation of programs designed to remediate students who

		First Year FY2015	Second Year FY2016	First Year FY2015	Second Year FY2016
1	are required to attend such programs during a summer school session or during an intersession				
2	in the case of year-round schools. These funds may be used in conjunction with other sources				
3	of state funding for remediation or intervention. School divisions shall have maximum				
4	flexibility with respect to the use of these funds and the types of remediation programs offered;				
5	however, in exercising this flexibility, students attending these programs shall not be charged				
6	tuition and no high school credit may be awarded to students who participate in this program.				
7	2) For school divisions charging students tuition for summer high school credit courses,				
8	consideration shall be given to students from households with extenuating financial				
9	circumstances who are repeating a class in order to graduate.				
10	10. K-3 Primary Class Size Reduction Payments				
11	a. An additional payment estimated at \$120,826,766 the first year and \$121,077,966 the second				
12	year from the Lottery Proceeds Fund shall be disbursed by the Department of Education as an				
13	incentive for reducing class sizes in the primary grades.				
14	b. The Department of Education shall calculate the payment based on the incremental cost of				
15	providing the lower class sizes based on the lower of the division average per pupil cost of all				
16	divisions or the actual division per pupil cost.				
17	c. Localities are required to provide a match for these funds based on the composite index of				
18	local ability-to-pay.				
19	d. By October 15 of each year school divisions must provide data to the Department of				
20	Education that each participating school has a September 30 pupil/teacher ratio in grades K				
21	through 3 that meet the following criteria:				
22	Qualifying School Percentage of Students				
23	Approved				
24		Grades K-3	Maximum Individual		
25	Eligible for Free Lunch	School Ratio	K-3 Class Size		
26	30% but less than 45%	19 to 1	24		
27	45% but less than 55%	18 to 1	23		
28	55% but less than 65%	17 to 1	22		
29	65% but less than 70%	16 to 1	21		
30	70% but less than 75%	15 to 1	20		
31	75% or more	14 to 1	19		
32	e. School divisions may elect to have eligible schools participate at a higher ratio, or only in a				
33	portion of grades kindergarten through three, with a commensurate reduction of state and				
34	required local funds, if local conditions do not permit participation at the established ratio				
35	and/or maximum individual class size. In the event that a school division requires additional				
36	actions to ensure participation at the established ratio and/or maximum individual class size,				
37	such actions must be completed by December 1 of the impacted school year. Special education				
38	teachers and instructional aides shall not be counted towards meeting these required				
39	pupil/teacher ratios in grades kindergarten through three.				
40	f. The Superintendent of Public Instruction may grant waivers to school divisions for the class				
41	size requirement in eligible schools that have only one class in an affected grade level in the				
42	school.				
43	11. Literary Fund Subsidy Program Payments				
44	a. The Department of Education and the Virginia Public School Authority (VPSA) shall				
45	provide a program of funding for school construction and renovation through the Literary Fund				
46	and through VPSA bond sales. The program shall be used to provide funds, through Literary				
47	Fund loans and subsidies, and through VPSA bond sales, to fund a portion of the projects on				
48	the First or Second Literary Fund Waiting List, or other critical projects which may receive				
49	priority placement on the First or Second Literary Fund Waiting List by the Department of				
50	Education. Interest rate subsidies will provide school divisions with the present value				
51	difference in debt service between a Literary Fund loan and a borrowing through the VPSA. To				
52	qualify for an interest rate subsidy, the school division's project must be eligible for a Literary				
53	Fund loan and shall be subject to the same restrictions. The VPSA shall work with the

1	Department of Education in selecting those projects to be funded through the interest rate				
2	subsidy/bond financing program, so as to ensure the maximum leverage of Literary Fund				
3	moneys and a minimum impact on the VPSA Bond Pool.				
4	b. The Department of Education may offer Literary Fund loans from the uncommitted balances				
5	of the Literary Fund after meeting the obligations of the interest rate subsidy sales and the				
6	amounts set aside from the Literary Fund for Debt Service Payments for Education Technology				
7	in this Item.				
8	c. 1) In the event that on any scheduled payment date of bonds of the Virginia Public School				
9	Authority (VPSA) authorized under the provisions of a bond resolution adopted subsequent to				
10	June 30, 1997, issued subsequent to June 30, 1997, and not benefiting from the provisions of				
11	either § 22.1-168 (iii), (iv), and (v), Code of Virginia, or § 22.1-168.1, Code of Virginia, the				
12	sum of (i) the payments on general obligation school bonds of cities, counties, and towns				
13	(localities) paid to the VPSA and (ii) the proceeds derived from the application of the				
14	provisions of § 15.2-2659, Code of Virginia, to such bonds of localities, is less than the debt				
15	service due on such bonds of the VPSA on such date, there is hereby appropriated to the				
16	VPSA, first, from available moneys of the Literary Fund and, second, from the general fund a				
17	sum equal to such deficiency.				
18	2) The Commonwealth shall be subrogated to the VPSA to the extent of any such				
19	appropriation paid to the VPSA and shall be entitled to enforce the VPSA's remedies with				
20	respect to the defaulting locality and to full recovery of the amount of such deficiency, together				
21	with interest at the rate of the defaulting locality's bonds.				
22	d. The chairman of the Board of Commissioners of the VPSA shall, on or before November 1				
23	of each year, make and deliver to the Governor and the Secretary of Finance a certificate				
24	setting forth his estimate of total debt service during each fiscal year of the biennium on bonds				
25	of the VPSA issued and projected to be issued during such biennium pursuant to the bond				
26	resolution referred to in paragraph a above. The Governor's budget submission each year shall				
27	include provisions for the payment of debt service pursuant to paragraph 1) above.				
28	12. Educational Technology Payments				
29	a. Any unobligated amounts transferred to the educational technology fund shall be disbursed				
30	on a pro rata basis to localities. The additional funds shall be used for technology needs				
31	identified in the division's technology plan approved by the Department of Education.				
32	b. The Department of Education shall authorize amounts estimated at \$11,912,250 the first year				
33	from the Literary Fund to provide debt service payments for the education technology grant				
34	program conducted through the Virginia Public School Authority in 2010.				
35	c. The Department of Education shall authorize amounts estimated at \$11,670,000 the first				
36	year and \$11,670,750 the second year from the Literary Fund to provide debt service payments				
37	for the education technology grant program conducted through the Virginia Public School				
38	Authority in 2011.				
39	d.1) The Department of Education shall authorize amounts estimated at \$11,617,000 the first				
40	year and \$11,620,250 the second year from the Literary Fund to provide debt service payments				
41	for the education technology grant program conducted through the Virginia Public School				
42	Authority in 2012.				
43	2) It is the intent of the General Assembly to authorize sufficient appropriate Literary Fund				
44	revenues to pay debt service on the Virginia Public School Authority bonds or notes authorized				
45	for this program. In developing the proposed 2016-18 biennial budget for public education, the				
46	Department of Education shall include a recommendation to the Governor to authorize				
47	sufficient Literary Fund revenues to make debt service payments for this program in FY 2016.				
48	e. 1) The Department of Education shall authorize amounts estimated at \$12,130,750 the first				
49	year and \$12,131,750 the second year from the Literary Fund to provide debt service payments				
50	for the education technology grant program conducted through the Virginia Public School				
51	Authority in 2013.				
52	2) It is the intent of the General Assembly to authorize sufficient Literary Fund revenues to

1	pay debt service on the Virginia Public School Authority bonds or notes authorized for this				
2	program. In developing the proposed 2016-18 biennial budget for public education, the				
3	Department of Education shall include a recommendation to the Governor to authorize				
4	sufficient Literary Fund revenues to make debt service payments for this program in FY 2017				
5	and FY 2018.				
6	f.1) The Department of Education shall authorize amounts estimated at \$13,538,408 the first				
7	year and \$13,538,408 the second year from the Literary Fund to provide debt service payments				
8	for the education technology grant program conducted through the Virginia Public School				
9	Authority in 2014.				
10	2) It is the intent of the General Assembly to authorize sufficient Literary Fund revenues to				
11	pay debt service on the Virginia Public School Authority bonds or notes authorized for this				
12	program. In developing the proposed 2016-18 and 2018-20 biennial budgets for public				
13	education, the Department of Education shall include a recommendation to the Governor to				
14	authorize sufficient Literary Fund revenues to make debt service payments for this program in				
15	fiscal years 2017, 2018, and 2019.				
16	g. 1) An education technology grant program shall be conducted through the Virginia Public				
17	School Authority, through the issuance of equipment notes in an amount estimated at				
18	\$70,741,200 in FY 2015 and \$71,014,000 in FY 2016. Proceeds of the notes will be used to				
19	establish a computer-based instructional and testing system for the Standards of Learning (SOL)				
20	and to develop the capability for high speed Internet connectivity at high schools followed by				
21	middle schools followed by elementary schools. School divisions shall use these funds first to				
22	develop and maintain the capability to support the administration of online SOL testing for all				
23	students with the exception of students with a documented need for a paper SOL test.				
24	2) The Department of Education shall authorize amounts estimated at \$13,538,408 the second				
25	year from the Literary Fund to provide debt service payments for the education technology				
26	grant program conducted through the Virginia Public School Authority in FY 2015.				
27	3) It is the intent of the General Assembly to authorize sufficient Literary Fund revenues to				
28	pay debt service on the Virginia Public School Authority bonds or notes authorized for				
29	education technology grant programs in FY 2015 and in FY 2016. In developing the				
30	proposed 2016-2018, 2018-2020, and 2020-2022 biennial budgets for public education, the				
31	Department of Education shall include a recommendation to the Governor to authorize				
32	sufficient Literary Fund revenues to make debt service payments for these programs in fiscal				
33	years 2017, 2018, 2019, 2020, and 2021.				
34	4) Grant funds from the issuance of \$70,741,200 in FY 2015 and \$71,014,000 in FY 2016 in				
35	equipment notes are based on a grant of \$26,000 per school and \$50,000 per school division.				
36	For purposes of this grant program, eligible schools shall include schools that are subject to				
37	state accreditation and reporting membership in grades K through 12 as of September 30, 2014,				
38	for the FY 2015 issuance, and September 30, 2015, for the FY 2016 issuance, as well as				
39	regional vocational centers, special education centers, alternative education centers, regular				
40	school year Governor's Schools, and the School for the Deaf and the Blind. Schools that serve				
41	only pre-kindergarten students shall not be eligible for this grant.				
42	5) Supplemental grants shall be allocated to eligible divisions to support schools that are not				
43	fully accredited in accordance with this paragraph. Schools that administer SOL tests in Spring				
44	2014 and that are not fully accredited for the second consecutive year, based on school				
45	accreditation ratings in effect for FY 2014 and FY 2015 will qualify to participate in the				
46	Virginia e-Learning Backpack Initiative in FY 2015 and receive: (1) a supplemental grant of				
47	\$400 per student reported in ninth grade fall membership in a qualifying school for the				
48	purchase of a tablet computer device for that student and (2) a supplemental grant of \$2,400				
49	per qualifying school to purchase two content creation packages for teachers. Schools eligible				
50	to receive this supplemental grant in FY 2015 shall continue to receive the grant for the				
51	number of subsequent years equaling the number of grades 9 through 12 in the qualifying				
52	school up to a maximum of four years. Schools that administer SOL tests in Spring 2015 and				
53	that are not fully accredited for the second consecutive year based on school accreditation				
54	ratings in effect for FY 2015 and FY 2016 will qualify to participate in the initiative in FY				
55	2016. Schools eligible for the supplemental grants in previous fiscal years shall continue to be				
56	eligible for the remaining years of their grant award. Schools eligible to receive this				
57	supplemental grant in FY 2016 shall continue to receive the grant for the number of subsequent

1	years equaling the number of grades 9 through 12 in the qualifying school up to a maximum of				
2	four years. Grants awarded to qualifying schools that do not have grades 10,11, or 12 may				
3	transition with the students to the primary receiving school for all years subsequent to grade 9.				
4	Schools eligible to receive these grants for a period of up to four years beginning in FY 2014				
5	shall not be eligible to receive a separate award in the future once the original award period				
6	has concluded. Schools that are fully accredited or that are new schools with conditional				
7	accreditation in their first year shall not be eligible to receive this supplemental grant.				
8	6) Required local match:				
9	a) Localities are required to provide a match for these funds equal to 20 percent of the grant				
10	amount, including the supplemental grants provided pursuant to paragraph g. 5). At least 25				
11	percent of the local match shall be used for teacher training in the use of instructional				
12	technology. The Superintendent of Public Instruction is authorized to reduce the required local				
13	match for school divisions with a composite index of local ability-to-pay below 0.2000. The				
14	Virginia School for the Deaf and the Blind is exempt from the match requirement.				
15	b) School divisions that administer 100 percent of SOL tests online in all elementary, middle,				
16	and high schools may use up to 75 percent of their required local match to purchase targeted				
17	technology-based interventions. Such interventions may include the necessary technology and				
18	software to support online learning, technology-based content systems, content management				
19	systems, technology equipment systems, information and data management systems, and other				
20	appropriate technologies that support the individual needs of learners. School divisions that				
21	receive supplemental grants in the second year pursuant to paragraph g.5) above shall use the				
22	funds in qualifying schools to purchase tablet computer devices for ninth grade students				
23	reported in fall membership and content creation packages for teachers.				
24	7) The goal of the education technology grant program is to improve the instructional,				
25	remedial, and testing capabilities of the Standards of Learning for local school divisions and to				
26	increase the number of schools achieving full accreditation.				
27	8) Funds shall be used in the following manner:				
28	a) Each division shall use funds to reach a goal, in each high school, of: (1) a 5-to-1 student to				
29	computer ratio; (2) an Internet-ready local area network (LAN) capability; and (3) high speed				
30	access to the Internet. School connectivity (computers, LANs and network access) shall include				
31	sufficient download/upload capability to ensure that each student will have adequate access to				
32	Internet-based instructional, remedial and assessment programs.				
33	b) When each high school in a division meets the goals established in paragraph a) above, the				
34	remaining funds shall be used to develop similar capability in first the middle schools and then				
35	the elementary schools.				
36	c) For purposes of establishing or enhancing a computer-based instructional program supporting				
37	the Standards of Learning pursuant to paragraph g. 1) above, these grant funds may be used to				
38	purchase handheld multifunctional computing devices that support a broad range of applications				
39	and that are controlled by operating systems providing full multimedia support and mobile				
40	Internet connectivity. School divisions that elect to use these grant funds to purchase such				
41	qualifying handheld devices must continue to meet the on-line testing requirements stated in				
42	paragraph g. 1) above.				
43	d) School divisions shall be eligible to receive supplemental grants in the second year pursuant				
44	to paragraph g.5) above. These supplemental grants shall be used in qualifying schools for the				
45	purchase of tablet computer devices for ninth grade students reported in fall membership and				
46	content creation packages for teachers. Participating school divisions will be required to select a				
47	core set of electronic textbooks, applications and online services for productivity, learning				
48	management, collaboration, practice, and assessment to be included on all devices. In addition,

51	e) Pursuant to § 15.2-1302, Code of Virginia, and in the event that two or more school				
52	divisions became one school division, whether by consolidation of only the school divisions or				
53	by consolidation of the local governments, such resulting division shall be provided funding

2	9) Local school divisions shall maximize the use of available federal funds, including E-Rate				
3	Funds, and to the extent possible, use such funds to supplement the program and meet the				
4	goals of this program.				
5	h. The Department of Education shall maintain criteria to determine if high schools, middle

7	Department of Education shall be responsible for the project management of this program.				
8	i.1) In the event that, on any scheduled payment date of bonds or notes of the Virginia Public				
9	School Authority (VPSA) issued for the purpose described in § 22.1-166.2, Code of Virginia,				
10	and not benefiting from the provisions of either § 22.1-168 (iii), (iv) and (v), Code of Virginia,				
11	or § 22.1-168.1, Code of Virginia, the available moneys in the Literary Fund are less than the				
12	amounts authorized for debt service due on such bonds or notes of the VPSA on such date,				
13	there is hereby appropriated to the VPSA from the general fund a sum equal to such				
14	deficiency.				
15	2) The Chairman of the Board of Commissioners of the VPSA shall, on or before November 1				
16	of each year, make and deliver to the Governor and the Secretary of Finance a certificate				
17	setting forth his estimate of total debt service during each fiscal year of the biennium on bonds				
18	and notes of the VPSA issued and projected to be issued during such biennium pursuant to the				
19	resolution referred to in paragraph 1) above. The Governor's budget submission each year shall				
20	include provisions for the payment of debt service pursuant to paragraph 1) above.				
21	j. Unobligated proceeds of the notes, including investment income derived from the proceeds of				
22	the notes may be used to pay interest on, or to decrease principal of the notes or to fund a				
23	portion of such other educational technology grants as authorized by the General Assembly.				
24	k.1) For the purposes of § 56-232, Code of Virginia, "Contracts of Telephone Companies with				
25	State Government" and for the purposes of § 56-234 "Contracts for Service Rendered by a				
26	Telephone Company for the State Government" shall be deemed to include communications				
27	lines into public schools which are used for educational technology. The rate structure for such				
28	lines shall be negotiated by the Superintendent of Public Instruction and the Chief Information				
29	Officer of the Virginia Information Technologies Agency. Further, the Superintendent and				
30	Director are authorized to encourage the development of "by-pass" infrastructure in localities				
31	where it fails to obtain competitive prices or prices consistent with the best rates obtained in				
32	other parts of the state.				
33	2) The State Corporation Commission, in its consideration of the discount for services provided				
34	to elementary schools, secondary schools, and libraries and the universal service funding				
35	mechanisms as provided under § 254 of the Telecommunications Act of 1996, is hereby				
36	encouraged to make the discounts for intrastate services provided to elementary schools,				
37	secondary schools, and libraries for educational purposes as large as is prudently possible and				
38	to fund such discounts through the universal fund as provided in § 254 of the				
39	Telecommunications Act of 1996. The commission shall proceed as expeditiously as possible				
40	in implementing these discounts and the funding mechanism for intrastate services, consistent				
41	with the rules of the Federal Communications Commission aimed at the preservation and				
42	advancement of universal service.				
43	13. Security Equipment Payments				
44	1) A security equipment grant program shall be conducted through the Virginia Public School				
45	Authority, through the issuance of equipment notes in an amount estimated at up to \$6,000,000				
46	in fiscal year 2015 and \$6,000,000 in fiscal year 2016 in conjunction with the Virginia Public				
47	School Authority technology notes program authorized in C.12. of this item. Proceeds of the				
48	notes will be used to help offset the related costs associated with the purchase of appropriate				
49	security equipment that will improve and help ensure the safety of students attending public				
50	schools in Virginia.				
51	2) The Department of Education shall authorize amounts estimated at \$2,503,750 the first year				
52	and \$3,804,250 the second year from the Literary Fund to provide debt service payments for				
53	the security equipment grant programs conducted through the Virginia Public School Authority

1	3) It is the intent of the General Assembly to authorize sufficient Literary Fund revenues to				
2	pay debt service on the Virginia Public School Authority bonds or notes authorized for this				
3	program. In developing the proposed 2016-18, 2018-2020, and 2020-2022 biennial budgets for				
4	public education, the Department of Education shall include a recommendation to the Governor				
5	to authorize sufficient Literary Fund revenues to make debt service payments for these				
6	programs in fiscal years 2017, 2018, 2019, 2020, and 2021.				
7	4) In the event that, on any scheduled payment date of bonds or notes of the Virginia Public				
8	School Authority issued for the purpose described in § 22.1-166.2, Code of Virginia, and not				
9	benefiting from the provisions of either § 22.1-168 (iii), (iv) and (v), Code of Virginia, or				
10	§ 22.1-168.1, Code of Virginia, the available moneys in the Literary Fund are less than the				
11	amounts authorized for debt service due on such bonds or notes on such date, there is hereby				
12	appropriated to the Virginia Public School Authority from the general fund a sum equal to such				
13	deficiency.				
14	5) The Chairman of the Board of Commissioners of the Virginia Public School Authority shall,				
15	on or before November 1 of each year, deliver to the Governor and the Secretary of Finance a				
16	certificate setting forth his estimate of total debt service during each fiscal year of the biennium				
17	on bonds and notes issued and projected to be issued during such biennium. The Governor's				
18	budget submission each year shall include provisions for the payment of debt service pursuant				
19	to paragraph 1) above.				
20	6) Grant award funds from the issuance of up to \$6,000,000 in fiscal year 2015 and \$6,000,000				
21	in fiscal year 2016 in equipment notes shall be distributed to eligible school divisions. The				
22	grant awards will be based on a competitive grant basis of up to \$100,000 per school division.				
23	School divisions will be permitted to apply annually for grant funding. For purposes of this				
24	program, eligible schools shall include schools that are subject to state accreditation and				
25	reporting membership in grades K through 12 as of September 30, 2014, for the fiscal year				
26	2015 issuance, and September 30, 2015, for the fiscal year 2016 issuance, as well as regional				
27	vocational centers, special education centers, alternative education centers, regular school year				
28	Governor's Schools, and the Virginia School for the Deaf and the Blind.				
29	7) School divisions would submit their application to Department of Education by August 1 of				
30	each year based on the criteria developed by the Department of Education in collaboration with				
31	the Department of Criminal Justice Services who will provide requested technical support.				
32	Furthermore, the Department of Education will have the authority to make such grant awards to				
33	such school divisions.				
34	8) It is also the intent of the General Assembly that the total amount of the grant awards shall				
35	not exceed \$30,000,000 over any ongoing revolving five year period.				
36	9) Required local match:				
37	a) Localities are required to provide a match for these funds equal to 25 percent of the grant				
38	amount. The Superintendent of Public Instruction is authorized to reduce the required local				
39	match for school divisions with a composite index of local ability-to-pay below 0.2000. The				
40	Virginia School for the Deaf and the Blind is exempt from the match requirement.				
41	b) Pursuant to § 15.2-1302, Code of Virginia, and in the event that two or more school				
42	divisions became one school division, whether by consolidation of only the school divisions or				
43	by consolidation of the local governments, such resulting division shall be provided funding				
44	through this program on the basis of having the same number of school divisions as existed

47	Funds, and to the extent possible, use such funds to supplement the program and meet the				
48	goals of this program.				
49	14. Virginia Preschool Initiative Payments				
50	a.1) It is the intent of the General Assembly that a payment estimated at \$70,960,134 the first				
51	year and \$71,276,113 the second year from the Lottery Proceeds Fund shall be disbursed by				
52	the Department of Education to schools and community-based organizations to provide quality

1	event shall distributions from the Lottery Proceeds Fund be made directly to community-based			
2	or private providers.			
3	2) These state funds and required local matching funds shall be used to provide programs for			
4	at-risk four-year-old children, which include quality preschool education, health services, social			
5	services, parental involvement and transportation. It shall be the policy of the Commonwealth			
6	that state funds and required local matching funds for the Virginia Preschool Initiative not be			
7	used for capital outlay. Programs must provide full-day or half-day and, at least, school-year			
8	services.			
9	3) The Department of Education, in cooperation with the Council on Child Day Care and Early			
10	Childhood Programs, shall establish academic standards that are in accordance with appropriate			
11	preparation for students to be ready to successfully enter kindergarten. These standards shall be			
12	established in such a manner as to be measurable for student achievement and success.			
13	Students shall be required to be evaluated in the fall and in the spring by each participating			
14	school division and the school divisions must certify that the Virginia Preschool Initiative			
15	program follows the established standards in order to receive the funding for quality preschool			
16	education and criteria for the service components. Such guidelines shall be consistent with the			
17	findings of the November 1993 study by the Board of Education, the Department of Education,			
18	and the Council on Child Day Care and Early Childhood Programs.			
19	4)a) Grants shall be distributed based on an allocation formula providing the state share of a			
20	\$6,000 grant for 100 percent of the unserved at-risk four-year-olds in each locality for a			
21	full-day program. The number of unserved at-risk four-year-olds in each locality shall be based			
22	on the projected number of kindergarten students, updated once each biennium for the			
23	Governor's introduced biennial budget. Programs operating half-day shall receive state funds			
24	based on a fractional basis determined by the pro-rata portion of a full-day, school year			
25	program provided. Half-day programs shall operate for a minimum of three hours of classroom			
26	instructional time per day, excluding breaks for lunch or recess, and grants to half-day			
27	programs shall be funded based on the state share of \$3,000 per unserved at-risk four-year-old			
28	in each locality. Full-day programs shall operate for a minimum of five and one-half			
29	instructional hours, excluding breaks for meals and recess. No additional state funding is			
30	provided for programs operating greater than three hours per day but less than five and			
31	one-half hours per day. In determining the state and local shares of funding, the composite			
32	index of local ability-to-pay is capped at 0.5000.			
33	b) For new programs in the first year of implementation only, programs operating less than a			
34	full school year shall receive state funds on a fractional basis determined by the pro-rata			
35	portion of a school year program provided. In determining the prorated state funds to be			
36	received, a school year shall be 180 days.			
37	b.1) Any locality which desires to participate in this grant program must submit a proposal			
38	through its chief administrator (county administrator or city manager) by June 15 of each year.			
39	The chief administrator, in conjunction with the school superintendent, shall identify a lead			
40	agency for this program within the locality. The lead agency shall be responsible for			
41	developing a local plan for the delivery of quality preschool services to at-risk children which			
42	demonstrates the coordination of resources and the combination of funding streams in an effort			
43	to serve the greatest number of at-risk four-year-old children.			
44	2) The proposal must demonstrate coordination with all parties necessary for the successful			
45	delivery of comprehensive services, including the schools, child care providers, local social			
46	services agency, Head Start, local health department, and other groups identified by the lead			
47	agency.			
48	3) A local match, based on the composite index of local ability-to-pay, shall be required. For			
49	purposes of meeting the local match, localities may use local expenditures for existing			
50	qualifying programs, however, at least seventy-five percent of the local match will be cash and			
51	no more than twenty-five percent will be in-kind. In-kind contributions are defined as cash			
52	outlays that are made by the locality that benefit the program but are not directly charged to			
53	the program. The value of fixed assets cannot be considered as an in-kind contribution.			
54	Localities shall also continue to pursue and coordinate other funding sources, including child			
55	care subsidies. Funds received through this program must be used to supplement, not supplant,			
56	any funds currently provided for programs within the locality. However, in the event a locality			
57	is prohibited from continuing the previous level of support to programs for at-risk

1	four-year-olds from Title I of the federal Elementary and Secondary Education Act (ESEA), the				
2	state and local funds provided in this grants program may be used to continue services to these				
3	Title I students. Such prohibition may occur due to amendments to the allocation formula in				
4	the reauthorization of ESEA as the No Child Left Behind Act of 2001 or due to a percentage				
5	reduction in a locality's Title I allocation in 2014-2015 or 2015-2016. Any locality so affected				
6	shall provide written evidence to the Superintendent of Public Instruction and request his				
7	approval to continue the services to Title I students.				
8	c. Local plans must provide clear methods of service coordination for the purpose of reducing				
9	the per child cost for the service, increasing the number of at-risk children served and/or				
10	extending services for the entire year. Examples of these include:				
11	1) "Wraparound Services" — methods for combining funds such as child care subsidy dollars				
12	administered by local social service agencies with dollars for quality preschool education				
13	programs.				
14	2) "Wrap-out Services" - methods for using grant funds to purchase quality preschool services				
15	to at-risk four-year-old children through an existing child care setting by purchasing				
16	comprehensive services within a setting which currently provides quality preschool education.				
17	3) "Expansion of Service" - methods for using grant funds to purchase slots within existing				
18	programs, such as Head Start, which provide comprehensive services to at-risk four-year-old				
19	children.				
20	Local plans must indicate the number of at-risk four-year-old children to be served, and the				
21	criteria by which they will be determined to be at risk.				
22	d.1) The Department of Education and the Council on Child Day Care and Early Childhood				
23	Programs shall provide technical assistance for the administration of this grant program to				
24	provide assistance to localities in developing a comprehensive, coordinated, quality preschool				
25	program for serving at-risk four-year-old children.				
26	2) A pre-application session shall be provided by the Department and the Council on Child				
27	Day Care and Early Childhood Programs prior to the proposal deadline. The Department shall				
28	provide interested localities with information on models for service delivery, methods of				
29	coordinating funding streams, such as funds to match federal IV-A child care dollars, to				
30	maximize funding without supplanting existing sources of funding for the provision of services				
31	to at-risk four-year-old children. A priority for technical assistance in the design of programs				
32	shall be given to localities where the majority of the at-risk four-year-old population is				
33	currently unserved.				
34	e. The Department of Education is authorized to expend unobligated balances in this program's				
35	adopted budget allocations for grants to qualifying school divisions for one-time expenses,				
36	other than capital, related to start-up or expansion of programs.				
37	15. Early Reading Intervention Payments				
38	a. An additional payment of \$17,885,992 the first year and \$17,947,722 the second year from				
39	the Lottery Proceeds Fund shall be disbursed by the Department of Education to local school				
40	divisions for the purposes of providing early reading intervention services to students in grades				
41	kindergarten through 3 who demonstrate deficiencies based on their individual performance on				
42	diagnostic tests which have been approved by the Department of Education. The Department				
43	of Education shall review the tests of any local school board which requests authority to use a				
44	test other than the state-provided test to ensure that such local test uses criteria for the early				
45	diagnosis of reading deficiencies which are similar to those criteria used in the state-provided				
46	test. The Department of Education shall make the state-provided diagnostic test used in this				
47	program available to local school divisions. School divisions shall report the results of the				
48	diagnostic tests to the Department of Education on an annual basis at a time to be determined				
49	by the Superintendent of Public Instruction.				
50	b. These payments shall be based on the state's share of the cost of providing two and one-half				
51	hours of additional instruction each week for an estimated number of students in each school				
52	division at a student to teacher ratio of five to one. The estimated number of students in each				
53	school division in each year shall be determined by multiplying the projected number of

2	by the percent of students who are determined to need services based on diagnostic tests			
3	administered in the previous year in that school division and adjusted in the following manner:

6	Grade 1	100%	100%	
7	Grade 2	100%	100%	
8	Grade 3	100%	100%	
9	c. These payments are available to any school division that certifies to the Department of			
10	Education that an intervention program will be offered to such students and that each student			
11	who receives an intervention will be assessed again at the end of that school year. At the			
12	beginning of the school year, local school divisions shall partner with the parents of those third			
13	grade students in the division who demonstrate reading deficiencies, discussing with them a			
14	developed plan for remediation and retesting. Such intervention programs, at the discretion of			
15	the local school division, may include, but not be limited to, the use of: special reading			
16	teachers; trained aides; volunteer tutors under the supervision of a certified teacher;			
17	computer-based reading tutorial programs; aides to instruct in-class groups while the teacher			
18	provides direct instruction to the students who need extra assistance; or extended instructional			
19	time in the school day or year for these students. Localities receiving these payments are			
20	required to match these funds based on the composite index of local ability-to-pay.			
21	d. In the event that a school division does not use the diagnostic test provided by the			
22	Department of Education in the year that serves as the basis for updating the funding formula			
23	for this program but has used it in past years, the Department of Education shall use the most			
24	recent data available for the division for the state-provided diagnostic test.			
25	e. The results of all reading diagnostic tests and reading remediation shall be discussed with the			
26	student and the student's parent prior to the student being promoted to grade four.			
27	f. Funds appropriated for Standards of Quality Prevention, Intervention, and Remediation,			
28	Remedial Summer School, or At-Risk Add-On may also be used to meet the requirements of			
29	this program.			
30	16. Standards of Learning Algebra Readiness Payments			
31	a. An additional payment of \$12,255,221 the first year and \$12,264,060 the second year from			
32	the Lottery Proceeds Fund shall be disbursed by the Department of Education to local school			
33	divisions for the purposes of providing math intervention services to students in grades 6, 7, 8			
34	and 9 who are at-risk of failing the Algebra I end-of-course test, as demonstrated by their			
35	individual performance on diagnostic tests which have been approved by the Department of			
36	Education. The Department of Education shall review the tests to ensure that such local test			
37	uses state-provided criteria for diagnosis of math deficiencies which are similar to those criteria			
38	used in the state-provided test. The Department of Education shall make the state-provided			
39	diagnostic test used in this program available to local school divisions. School divisions shall			
40	report the results of the diagnostic tests to the Department of Education on an annual basis at a			
41	time to be determined by the Superintendent of Public Instruction.			
42	b. These payments shall be based on the state's share of the cost of providing two and one-half			
43	hours of additional instruction each week for an estimated number of students in each school			
44	division at a student to teacher ratio of ten to one. The estimate number of students in each			
45	school division shall be determined by multiplying the projected number of students reported in			
46	each school division's fall membership by the percent of students that qualify for the federal			
47	Free Lunch Program.			
48	c. These payments are available to any school division that certifies to the Department of			
49	Education that an intervention program will be offered to such students and that each student			
50	who receives an intervention will be assessed again at the end of that school year. Localities			
51	receiving these payments are required to match these funds based on the composite index of			
52	local ability-to-pay.

6	A payment of \$48,679,110 the first year and \$49,724,940 the second year from the Lottery				
7	Proceeds Fund shall be disbursed by the Department of Education to local school divisions to				
8	support the state share of 17 professional instructional positions per 1,000 students for whom				
9	English is a second language. Local school divisions shall provide a local match based on the

19	shall be based on the composite index of local ability-to-pay.				
20	c. Out of the amounts for Financial Assistance for Categorical Programs, \$34,061,054 the first				
21	year and \$34,405,627 the second year from the general fund is appropriated to permit the				
22	Department of Education to enter into agreements with selected local school boards for the				
23	provision of educational services to children residing in certain hospitals, clinics, and detention				
24	homes by employees of the local school boards. The portion of these funds provided for				
25	educational services to children residing in local or regional detention homes shall only be				
26	determined on the basis of children detained in such facilities through a court order issued by a				
27	court of the Commonwealth. The selection and employment of instructional and administrative				
28	personnel under such agreements will be the responsibility of the local school board in				
29	accordance with procedures as prescribed by the local school board. State payments for the				
30	first year to the local school boards operating these programs will be based on certified				
31	expenditures from the fourth quarter of FY 2014 and the first three quarters of FY 2015. State				
32	payments for the second year to the local school boards operating these programs will be based				
33	on certified expenditures from the fourth quarter of FY 2015 and the first three quarters of FY

35	20. Vocational Education Instruction Payments				
36	a. It is the intention of the General Assembly that the Department of Education explore

40	\$1,800,000 the second year from the Lottery Proceeds Fund for secondary vocational-technical				
41	equipment. A base allocation of \$2,000 each year shall be available for all divisions, with the				
42	remainder of the funding distributed on the basis of student enrollment in secondary				
43	vocational-technical courses. State funds received for secondary vocational-technical equipment				
44	must be used to supplement, not supplant, any funds currently provided for secondary				
45	vocational-technical equipment within the locality. Local school divisions are not required to				
46	provide a local match in order to receive these state funds.				
47	21. Adult Education Payments

9	the Virtual Virginia program.				
10	b. The local share of costs associated with the operation of the Virtual Virginia program shall				
11	be computed using the composite index of local ability-to-pay.				
12	24. Individual Student Alternative Education Program (ISAE) Payments				
13	Out of this appropriation, \$2,247,581 the first year from the Lottery Proceeds Fund and				
14	\$2,247,581 in the second year from the Lottery Proceeds Fund shall be provided for the

16	Chapter 488 and Chapter 552 of the 1999 Session of the General Assembly.				
17	25. Foster Children Education Payments				
18	a. An additional state payment is provided from the Lottery Proceeds Fund for the prior year's				
19	local operations costs, as determined by the Department of Education, for each pupil of school				
20	age as defined in § 22.1-1, Code of Virginia, not a resident of the school division providing his				
21	education (a) who has been placed in foster care or other custodial care within the geographical				
22	boundaries of such school division by a Virginia agency, whether state or local, which is				
23	authorized under the laws of this Commonwealth to place children; (b) who has been placed in				
24	an orphanage or children's home which exercises legal guardianship rights; or (c) who is a				
25	resident of Virginia and has been placed, not solely for school purposes, in a child-caring				
26	institution or group home.				
27	b. This appropriation provides \$9,345,922 the first year and \$9,657,863 the second year from				
28	the Lottery Proceeds Fund to support children attending public school who have been placed in				
29	foster care or other such custodial care across jurisdictional lines, as provided by subsections A				
30	and B of § 22.1-101.1, Code of Virginia. To the extent these funds are not adequate to cover				
31	the full costs specified therein, the Department is authorized to expend unobligated balances in				
32	this Item for this support.				
33	26. Sales Tax Payments				
34	a. This is a sum-sufficient appropriation for distribution to counties, cities and towns a portion				
35	of net revenue from the state sales and use tax, in support of the Standards of Quality (Title				
36	22.1, Chapter 13.2, Code of Virginia) (See the Attorney General's opinion of August 3, 1982).

1	28. Governor's School Payments				
2	a. Out of the amounts for Governor's School Payments, the Department of Education shall				
3	provide assistance for the state share of the incremental cost of regular school year Governor's				
4	Schools based on each participating locality's composite index of local ability-to-pay.				
5	Participating school divisions must certify that no tuition is assessed to students for				
6	participation in this program.				
7	b. Out of the amounts for Governor's School Payments, the Department of Education shall				
8	provide assistance for the state share of the incremental cost of summer residential Governor's				
9	Schools and Foreign Language Academies to be based on the greater of the state's share of the				
10	composite index of local ability-to-pay or 50 percent. Participating school divisions must				
11	certify that no tuition is assessed to students for participation in this program if they are				
12	enrolled in a public school.				
13	c. For the Summer Governor's Schools and Foreign Language Academies programs, the				
14	Superintendent of Public Instruction is authorized to adjust the tuition rates, types of programs				
15	offered, length of programs, and the number of students enrolled in order to maintain costs				
16	within the available state and local funds for these programs.				
17	d. It shall be the policy of the Commonwealth that state general fund appropriations not be				
18	used for capital outlay, structural improvements, renovations, or fixed equipment costs				
19	associated with initiation of existing or proposed Governor's schools. State general fund				
20	appropriations may be used for the purchase of instructional equipment for such schools,				
21	subject to certification by the Superintendent of Public Instruction that at least an equal amount				
22	of funds has been committed by participating school divisions to such purchases.				
23	e. The Board of Education shall not take any action that would increase the state's share of				
24	costs associated with the Governor's Schools as set forth in this Item. This provision shall not				
25	prohibit the Department of Education from submitting requests for the increased costs of				
26	existing programs resulting from updates to student enrollment for school divisions currently				
27	participating in existing programs or for school divisions that begin participation in existing				
28	programs.				
29	f.1) Regular school year Governor's Schools are funded through this Item based on the state's				
30	share of the incremental per pupil cost for providing such programs for each student attending				
31	a Governor's School up to a cap of 1,725 students per Governor's School in the first year and a				
32	cap of 1,725 students per Governor's School in the second year. This incremental per pupil				
33	payment shall be adjusted for the composite index of the school division that counts such				
34	students attending an academic year Governor's School in their March 31 Average Daily				
35	Membership. It is the intent of the General Assembly that this incremental per pupil amount				
36	be in addition to the basic aid per pupil funding provided to the affected school division for				
37	such students. Therefore, local school divisions are encouraged to provide the appropriate				
38	portion of the basic aid per pupil funding to the Governor's Schools for students attending these				
39	programs, adjusted for costs incurred by the school division for transportation, administration,				
40	and any portion of the day that the student does not attend a Governor's School.				
41	2) Students attending a revolving Academic Year Governor's School program for only one				
42	semester shall be counted as 0.50 of a full-time equivalent student and will be funded for only				
43	fifty percent of the full-year funded per pupil amount. Funding for students attending a				
44	revolving Academic Year program will be adjusted based upon actual September 30th and				
45	January 30th enrollment each fiscal year. For purposes of this Item, revolving programs shall				
46	mean Academic Year Governor's School programs that admit students on a semester basis.				
47	3) Students attending a continuous, non-revolving Academic Year Governor's School program				
48	shall be counted as a full-time equivalent student and will be funded for the full-year funded				
49	per pupil amount. Funding for students attending a continuous, non-revolving Academic Year				
50	Governor's School program will be adjusted based upon actual September 30th student				
51	enrollment each fiscal year. For purposes of this Item, continuous, non-revolving programs				
52	shall mean Academic Year Governor's School programs that only admit students at the				
53	beginning of the school year. Fairfax County Public Schools shall not reduce local per pupil				
54	funding for the Thomas Jefferson Governor's School below the amounts appropriated for the				
55	2003-2004 school year.				

ITEM 136.	Item Details(\$)		Appropriations(\$)	
	First Year FY2015	Second Year FY2016	First Year FY2015	Second Year FY2016
1	g. All regional Governor's Schools are encouraged to provide full-day grades 9 through 12			
2	programs. Out of the amounts in this item, \$100,000 the first year from the general fund is			
3	provided for existing Governor's Schools, as distributed by the Superintendent of Public			
4	Instruction, to plan for or study the feasibility of expanding, including via a merger with			
5	another Governor's School. Up to \$100,000 the second year is provided as one-time start-up			
6	funding for such expansions.			
7	29. School Nutrition Payments			
8	It is provided that, subject to implementation by the Superintendent of Public Instruction, no			
9	disbursement shall be made out of the appropriation for school nutrition to any locality in			
10	which the schools permit the sale of competitive foods in food service facilities or areas during			
11	the time of service of food funded pursuant to this Item.			
12	30. School Breakfast Payments			
13	a. Out of this appropriation, \$4,135,134 the first year and \$4,664,983 the second year from the			
14	Lottery Proceeds Fund is included for the purpose of establishing a state funded incentive			
15	program to maximize federal school nutrition revenues and increase student participation in the			
16	school breakfast program. These funds are available to any school division as a reimbursement			
17	for breakfast meals served that are in excess of the baseline established by the Department of			
18	Education. The per meal reimbursement shall be \$0.22; however, the department is authorized,			
19	but not required to reduce this amount proportionately in the event that the actual number of			
20	meals to be reimbursed exceeds the number on which this appropriation is based so that this			
21	appropriation is not exceeded.			
22	b. In order to receive these funds, school divisions must certify that these funds will be used to			
23	supplement existing funds provided by the local governing body and that local funds derived			
24	from sources that are not generated by the school nutrition programs have not been reduced or			
25	eliminated. The funds shall be used to improve student participation in the school breakfast			
26	program. These efforts may include, but are not limited to, reducing the per meal price paid by			
27	students, reducing competitive food sales in order to improve the quality of nutritional offerings			
28	in schools, increasing access to the school breakfast program, or providing programs to increase			
29	parent and student knowledge of good nutritional practices. In no event shall these funds be			
30	used to reduce local tax revenues below the level appropriated to school nutrition programs in			
31	the prior year. Further, these funds must be provided to the school nutrition programs and may			
32	not be used for any other school purpose.			
33	31. Clinical Faculty and Mentor Teacher Program Payments			
34	This appropriation includes \$1,000,000 the first year and \$1,000,000 the second year from the			
35	Lottery Proceeds Fund to be paid to local school divisions for statewide Mentor Teacher			
36	Programs to assist pre-service teachers and beginning teachers to make a successful transition			
37	into full-time teaching. This appropriation also includes \$318,750 the first year and \$318,750			
38	the second year from the general fund for Clinical Faculty programs to assist pre-service			
39	teachers and beginning teachers to make a successful transition into full-time teaching. Such			
40	programs shall include elements which are consistent with the following:			
41	a. An application process for localities and school/higher education partnerships that wish to			
42	participate in the programs;			
43	b. For Clinical Faculty programs only, provisions for a local funding or institutional			
44	commitment of 50 percent, to match state grants of 50 percent;			
45	c. Program plans which include a description of the criteria for selection of clinical faculty and			
46	mentor teachers, training, support, and compensation for clinical faculty and mentor teachers,			
47	collaboration between the school division and institutions of higher education, the clinical			
48	faculty and mentor teacher assignment process, and a process for evaluation of the programs;			
49	d. The Department of Education shall allow flexibility to local school divisions and higher			
50	education institutions regarding compensation for clinical faculty and mentor teachers consistent			
51	with these elements of the programs; and			
52	e. It is the intent of the General Assembly that no preference between pre-service or beginning

1	teacher programs be construed by the language in this Item. School divisions operating				
2	beginning teacher mentor programs shall receive equal consideration for funding.				
3	32. Career Switcher/Alternative Licensure Payments				
4	Appropriations in this Item include \$279,983 the first year and \$279,983 the second year from				
5	the general fund to provide grants to school divisions that employ mentor teachers for new				
6	teachers entering the profession through the alternative route to licensure as prescribed by the				
7	Board of Education.				
8	33. Virginia Workplace Readiness Skills Assessment				
9	Appropriations in this Item include \$308,655 the first year and \$308,655 the second year from				
10	the general fund to provide support grants to school divisions for standard diploma graduates.				
11	To provide flexibility, school divisions may use the state grants for the actual assessment or for				
12	other industry certification preparation and testing.				
13	34. Strategic Compensation Grants Initiative				
14	a. Out of this appropriation, \$7,500,000 the first year and \$7,500,000 the second year from the				
15	general fund is provided to support implementation of the Strategic Compensation Grants				
16	(SCG) Initiative. This program will award competitive grants to school divisions for the design				
17	and implementation of compensation systems for teachers that provide incentives that are				
18	tailored to each participating school division's strategic goals and objectives. School divisions				
19	may expend up to five percent of the awarded grant funds for the design and implementation				
20	of compensation systems or for the administration of the program.				
21	b. Any locality which desires to apply for this grant program must submit a proposal to the				
22	Department of Education by July 15, 2014, for the first year and July 15, 2015, for the second				
23	year. The proposal must designate the groups or types of teachers targeted for incentives in the				
24	compensation system. Incentives may focus on all teachers where quantitative student				
25	achievement data are available or specific groups of teachers within a division or school.				
26	These proposals may include, but are not limited to, the following incentives: 1) rewarding				
27	teachers who help students make significant academic progress; 2) rewarding teachers who seek				
28	opportunities to assist in the leadership needs of the school division, such as serving as				
29	instructional coaches or professional developers; 3) providing pay incentives for effective				
30	teachers with needed expertise who are willing to transfer to hard-to-staff or low-performing				
31	schools; 4) providing incentives for team performance in schools that achieve student learning				
32	goals; or 5) rewarding effective teachers who are assigned to teach critical shortage areas, such				
33	as mathematics and special education.				
34	c. In order to be eligible to receive a strategic compensation grant, a school division's proposal				
35	must meet the following criteria: 1) stakeholder involvement in the development and				
36	implementation of the strategic compensation model at the school division; 2) teachers in the				
37	initiative must be evaluated using an effective evaluation system with quality measure systems,				
38	consistent with the Board of Education's evaluation standards and criteria, including a weight				
39	of 40 percent on student academic progress for the summative evaluation; 3) a significant				
40	component of the model for awarding incentives must include measureable and appropriate				
41	achievement goals for student academic progress; and 4) professional development must be an				
42	integral component of the model, including how a teacher will be supported to develop a				
43	school culture of teaching and learning, to improve instruction, and to increase student				
44	achievement. The Department of Education may also consider the geographic distribution of				
45	school divisions and the percentage of students attending hard-to-staff schools in making the				
46	competitive grant awards.				
47	d. In order to be eligible to receive an award from the incentive program administered by the				
48	local school division and supported by the state SCG initiative, a teacher must meet the				
49	following eligibility criteria as well as other requirements established by the school division to				
50	receive incentives: 1) the teacher must be licensed to teach in Virginia and endorsed in the				
51	subject or grade level of the assignment; 2) in the case of federal core areas, the teacher must				
52	be highly qualified; 3) the teacher must be employed under a teacher contract (substitute				
53	teachers, hourly employees, or teacher aides are not eligible for an award); 4) the teacher must				
54	be employed by the local school board and provide or support direct instruction; and 5) the				
55	teacher receiving the award must be rated as successful, which shall be defined as "proficient

2	e. Any incentive for teachers included in a compensation system developed and implemented				
3	by a local school division must meet the following criteria: 1) designate incentive payments as				
4	a range or tiers for target groups, such as differentiating between the teacher of record or				
5	teachers in support positions; 2) have a maximum payment to a teacher of \$5,000 per year; 3)				
6	prorate payments for teachers who have taught for less than a full school year; and 4)				
7	performance evaluations for participating teachers must be completed in a timeline that				
8	provides sufficient time to distribute incentive funds to teachers and submit reimbursement				
9	requests to the Department of Education no later than June 1, 2015, for the first year and June				
10	1, 2016, for the second year.				
11	35. Reading Specialists Initiative				
12	a. An additional payment of \$1,476,790 the first year and \$1,476,790 the second year from the				
13	general fund shall be disbursed by the Department of Education to qualifying local school				
14	divisions for the purpose of providing a reading specialist for any school with a third grade that				
15	has a school-wide pass rate of less than 75 percent on the reading Standards of Learning (SOL)				
16	assessments.				
17	b. These payments shall be based on the state's share of the cost of providing one reading				
18	specialist per qualifying school. School divisions with schools participating in this program in				
19	fiscal year 2014 shall be eligible to receive funding at 100 percent of the state share the first				
20	year and 50 percent of the state share the second year for the same schools and such schools				
21	are granted a one-year extension of the two-year waiver referenced in subsection c. for a third				
22	year in fiscal year 2016. The Department of Education is authorized to disburse additional				
23	payments to divisions from any remaining funds each year to support additional qualifying				
24	schools and shall give priority to such schools with the lowest SOL pass rates for reading or				
25	the greatest number of years accredited with warning in English. Payments to school divisions				
26	in support of such additional qualifying schools each year shall be based on 100 percent of the				
27	state share of cost.				
28	c. These payments are available to any school division with a qualifying school that (1)				
29	certifies to the Department of Education that the division has hired a reading specialist to				
30	provide direct services to children reading below grade level in the school to improve reading				
31	achievement and (2) applies and receives a waiver for up to two years from the Board of				
32	Education for the administration of third grade SOL assessments in science or history and				
33	social science or both for the purpose of creating additional instructional time for reading				
34	specialists to work with students reading below grade level to improve reading achievement.				
35	d. School divisions receiving these payments are required to match these funds based on the				
36	composite index of local ability-to-pay.				
37	36. Math/Reading Instructional Specialist Initiative				
38	a. Included in this appropriation is \$1,834,538 the first year and \$1,834,538 the second year				
39	from the general fund in additional payments for reading or math instructional specialists at				
40	underperforming schools. From this amount, the state share of one reading or math specialist				
41	shall be provided to local school divisions with schools which have been denied accreditation				
42	or were accredited with warning for the third consecutive year based on school accreditation				
43	ratings for the 2013-2014 school year. Such schools shall be eligible to receive the state share				
44	of funding for both years of the biennium. In addition, following the academic review required				
45	by §22.1-253.13:3, Code of Virginia, the Department of Education shall identify up to 20				
46	additional schools to also receive the state share of a reading or math instructional specialist.				
47	The schools eligible for such personnel are those which were accredited with warning for the				
48	second consecutive year based on school accreditation ratings for the 2012-2013 and 2013-2014				
49	school years and that have shown no or limited improvement in student achievement in the				
50	past year. Such schools shall also be eligible to receive the state share of funding for both				
51	years of the biennium. If, following certification from a school division that it will not				
52	participate in the program, the Department is authorized to identify additional eligible schools.				
53	b. These payments are available to any school division with a qualifying school that certifies to				
54	the Department of Education that the division has hired a math or reading instructional				
55	specialist. Localities receiving these payments are required to match these funds based on the

50	projected spending and projected net tax-supported state debt for each year of the biennium on

2	for the cited fiscal years as shown in the Budget Bill. The most current population estimates				
3	from the Weldon Cooper Center for Public Services shall be used to make the calculations.				
4	D.1. Out of this appropriation, \$325,000 the first year and \$325,000 the second year from the				
5	general fund is provided to support the continuation of the school efficiency reviews program.				
6	Any school division undergoing an efficiency review shall provide a report to the Department				
7	of Planning and Budget indicating what action has been taken on each recommendation				
8	identified in the efficiency review along with any budget savings realized for each				
9	recommendation. The report shall also include a schedule for implementation of the remaining				
10	recommendations not implemented to date. The Department of Planning and Budget shall				
11	forward copies of the reports to the Chairmen of the House Appropriations, House Finance, and				
12	Senate Finance Committees within 30 days of receiving such reports. The first report shall be				
13	made within six months following the receipt of the final efficiency review, and subsequent				
14	follow-up reports shall be submitted annually by June 30 until 100 percent of the				
15	recommendations have been implemented or rationale reported that explain and address the				
16	division's lack of such implementation. The Department of Planning and Budget shall provide				
17	the format for such report that shall include budget savings realized for each recommendation				
18	implemented.				
19	2.a. Notwithstanding any contrary provision of law, each participating school division shall				
20	pay a local share of the cost incurred by the state for that school division's efficiency review to				
21	be conducted. The local share of cost for the review shall be computed using the composite				
22	index of local ability-to-pay for each participating school division, however, such share shall				
23	not be less than 50 percent of the total cost. However, consistent with language and intent				
24	contained in Item 131, any school division that elects to participate in a school efficiency				
25	review as a component unit of a division level academic review shall be exempt from the local				
26	share of the costs of the review but will not be exempt from paying a recovery cost of 25				
27	percent if the school division does not initiate at least 50 percent of the review's				
28	recommendations within 24 months of receiving their final school efficiency review report.				
29	b. Effective for all reviews after July 1, 2013, the local share payment shall be made prior to				
30	the initiation of the review and shall be based upon the contracted price for the review. All				
31	subsequent payments to recover the local share of the balance of the cost of the review shall be				
32	made in the fiscal year immediately following the completion of the final school efficiency				
33	review report. The cost shall include the direct cost incurred by the state for that fiscal year to				
34	coordinate the school efficiency review and 100 percent of the costs awarded to the				
35	contractor(s) to conduct that school division's review.				
36	3. Additionally, commencing in FY 2007, a recovery of a separate and additional 25 percent				
37	payment not to exceed 100 percent of the cost of individual reviews shall be made in the fiscal				
38	year beginning not less than 12 months and not more than 24 months following the release of				
39	a final efficiency review report for an individual school division. Such recovery shall occur if				
40	the affected school division superintendent or superintendent's designee has not certified that				
41	at least half the recommendations have been initiated or at least half of the equivalent savings of				
42	such efficiency review have been realized. Lacking such certification the school division shall				
43	reimburse the state for an additional 25 percent of the cost, not to exceed 100 percent of the				
44	cost, of the school efficiency review. Such reimbursement shall be paid into the general fund of				
45	the state treasury. The Department of Planning and Budget shall provide the format for such				
46	certification.				
47	4.a. Notwithstanding any contrary provision of law, commencing in FY 2014, any school				
48	division may also request the Department of Planning and Budget to coordinate a school				
49	efficiency review for the division, including but not limited to the selection of the contractor to				
50	conduct that school division's review, by entering into an agreement with the Department of				
51	Planning and Budget to participate in a locally-funded school efficiency review. Each				
52	participating school division shall pay 100 percent of the cost of the review. Any division that				
53	elects to participate in a locally-funded school efficiency review shall not be subject to the				
54	availability of state general fund appropriation provided in paragraph D.1 above; however, the				
55	number of divisions that could make use of this provision is limited to the amount of				
56	nongeneral fund appropriation provided for this purpose in this paragraph. A nongeneral fund				
57	appropriation of \$300,000 the first year and \$300,000 the second year is provided for use by				
58	the Department of Planning and Budget to facilitate the collection of payments from school				
59	divisions for the purposes of this item.

ITEM 279.		Item Details(\$)		Appropriations(\$)	
		First Year FY2015	Second Year FY2016	First Year FY2015	Second Year FY2016
1	1. Allocations. The allocations for the Medicaid and non-Medicaid pools shall be the amounts				
2	specified in paragraphs B.1.b. and B.1.c. in this Item. These funds shall be distributed to each				
3	locality in each year of the biennium based on the greater of that locality's percentage of actual				
4	1997 Comprehensive Services Act pool fund program expenditures to total 1997 pool fund				
5	program expenditures or the latest available three-year average of actual pool fund program				
6	expenditures as reported to the state fiscal agent.				
7	2. Local Match. All localities are required to appropriate a local match for the base year				
8	funding consisting of the actual aggregate local match rate based on actual total 1997 program				
9	expenditures for the Comprehensive Services Act for At-Risk Youth and Families. This local				
10	match rate shall also apply to all reimbursements from the state pool of funds in this Item and				
11	carryforward expenditures submitted prior to September 30 each year for the preceding fiscal				
12	year, including administrative reimbursements under paragraph C.4. in this Item.				
13	3.a. Notwithstanding the provisions of C.2. of this Item, beginning July 1, 2008, the local				
14	match rate for community based services for each locality shall be reduced by 50 percent.				
15	b. Localities shall review their caseloads for those individuals who can be served appropriately				
16	by community-based services and transition those cases to the community for services.				
17	Beginning July 1, 2009, the local match rate for non-Medicaid residential services for each				
18	locality shall be 25 percent above the fiscal year 2007 base. Beginning July 1, 2011, the local				
19	match rate for Medicaid residential services for each locality shall be 25 percent above the				
20	fiscal year 2007 base.				
21	c. By October 1 of each year, The State Executive Council (SEC) shall provide an update to				
22	the Governor and the Chairmen of the House Appropriations and Senate Finance Committees				
23	on the outcomes of this initiative.				
24	d. At the direction of the State Executive Council, local Community Policy and Management				
25	Teams (CPMTs) and Community Services Boards (CSBs) shall work collaboratively in their				
26	service areas to develop a local plan for intensive care coordination (ICC) services that best				
27	meets the needs of the children and families. If there is more than one CPMT in the CSB's				
28	service area, the CPMTs and the CSB may work together as a region to develop a plan for				
29	ICC services. Local CPMTs and CSBs shall also work together to determine the most				
30	appropriate and cost-effective provider of ICC services for children in their community who are				
31	placed in, or at-risk of being placed in, residential care through the Comprehensive Services				
32	Act for At-Risk Youth and Families program, in accordance with guidelines developed by the				
33	State Executive Council. The State Executive Council and Office of Comprehensive Services				
34	shall establish guidelines for reasonable rates for ICC services and provide training and				
35	technical assistance to CPMTs and fiscal agents regarding these services.				
36	e. The local match rate for all non-Medicaid services provided in the public schools after June				
37	30, 2011 shall equal the fiscal year 2007 base.				
38	4. Local Administrative Costs. Out of this appropriation, an amount equal to two percent of the				
39	fiscal year 1997 pool fund allocations, not to exceed \$1,560,000 the first year and \$1,560,000				
40	the second year from the general fund, shall be allocated among all localities for administrative				
41	costs. Every locality shall be required to appropriate a local match based on the local match				
42	contribution in paragraph C.2. of this Item. Inclusive of the state allocation and local matching				
43	funds, every locality shall receive the larger of \$12,500 or an amount equal to two percent of				
44	the total pool allocation. No locality shall receive more than \$50,000, inclusive of the state				
45	allocation and local matching funds. Localities are encouraged to use administrative funding to				
46	hire a full-time or part-time local coordinator for the Comprehensive Services Act program.				
47	Localities may pool this administrative funding to hire regional coordinators.				
48	5. Definition. For purposes of the funding formula in the Comprehensive Services Act for				
49	At-Risk Youth and Families, "locality" means city or county.				
50	D. Community Policy and Management Teams shall use Medicaid-funded services whenever				
51	they are available for the appropriate treatment of children and youth receiving services under				
52	the Comprehensive Services Act for At-Risk Children and Youth. Effective July 1, 2009, pool				
53	funds shall not be spent for any service that can be funded through Medicaid for				
54	Medicaid-eligible children and youth except when Medicaid-funded services are unavailable or

6	recommend to the department (i) which therapeutic classes of drugs should be subject to the				
7	Preferred Drug List program and prior authorization requirements; (ii) specific drugs within				
8	each therapeutic class to be included on the preferred drug list; (iii) appropriate exclusions for				
9	medications, including atypical anti-psychotics, used for the treatment of serious mental				
10	illnesses such as bi-polar disorders, schizophrenia, and depression; (iv) appropriate exclusions				
11	for medications used for the treatment of brain disorders, cancer and HIV-related conditions;

14	in the Preferred Drug List program; and (vi) appropriate grandfather clauses when prior				
15	authorization would interfere with established complex drug regimens that have proven to be				
16	clinically effective. In developing and maintaining the preferred drug list, the cost effectiveness				
17	of any given drug shall be considered only after it is determined to be safe and clinically				
18	effective.				
19	b. The Pharmacy and Therapeutics Committee shall schedule meetings at least semi-annually				
20	and may meet at other times at the discretion of the chairperson and members. At the

32	or negative decisions; (iii) an expedited review process of denials by the department; and (iv)				
33	consumer and provider education, training and information regarding the Preferred Drug List				
34	prior to implementation, and ongoing communications to include computer access to

39	Department of Medical Assistance Services shall promulgate emergency regulations to become				
40	effective within 280 days or less from the enactment of this act. With respect to such state plan				
41	amendments and regulations, the provisions of § 32.1-331.12 et seq., Code of Virginia, shall

51	18 years of age and younger who are prescribed three or more behavioral health drugs, the				
52	department may implement clinical edits that target inefficient, ineffective, or potentially				
53	harmful prescribing patterns in accordance with FDA-approved indications and dosage levels.				
54	8. The Department of Medical Assistance Services shall ensure that in the process of				
55	developing the Preferred Drug List, the Pharmacy and Therapeutics Committee considers the				
56	value of including those prescription medications which improve drug regimen compliance,				
57	reduce medication errors, or decrease medication abuse through the use of medication delivery

12	of the specialty drug program and publish the same on the department's website.				
13	3. In the event that the Department of Medical Assistance Services contracts with a vendor, the				
14	department shall establish the fee paid to any such contractor based on the reasonable cost of				
15	services provided. The department may not offer or pay directly or indirectly any material				
16	inducement, bonus, or other financial incentive to a program contractor based on the denial or				
17	administrative delay of medically appropriate prescription drug therapy, or on the decreased use				
18	of a particular drug or class of drugs, or a reduction in the proportion of beneficiaries who				
19	receive prescription drug therapy under the Medicaid program. Bonuses cannot be based on the				
20	percentage of cost savings generated under the benefit management of services.				
21	4. The department shall: (i) review, update and publish the list of authorized specialty drugs,				
22	utilization guidelines, and rates at least quarterly; (ii) implement and maintain a procedure to				
23	revise the list or modify specialty drug program utilization guidelines and rates, consistent with				
24	changes in the marketplace; and (iii) provide an administrative appeals procedure to allow				
25	dispensing or prescribing provider to contest the listed specialty drugs and rates.

37	Financial Participation for reimbursement to school divisions for medical and transportation				
38	services.				
39	U. In the event that the Department of Medical Assistance Services decides to contract for				
40	pharmaceutical benefit management services to administer, develop, manage, or implement				
41	Medicaid pharmacy benefits, the department shall establish the fee paid to any such contractor				
42	based on the reasonable cost of services provided. The department may not offer or pay				
43	directly or indirectly any material inducement, bonus, or other financial incentive to a program				
44	contractor based on the denial or administrative delay of medically appropriate prescription				
45	drug therapy, or on the decreased use of a particular drug or class of drugs, or a reduction in				
46	the proportion of beneficiaries who receive prescription drug therapy under the Medicaid				
47	program. Bonuses cannot be based on the percentage of cost savings generated under the				
48	benefit management of services.				
49	V. The Department of Medical Assistance Services, in cooperation with the Department of				
50	Social Services' Division of Child Support Enforcement (DSCE), shall identify and report third

11	5. The Department of Medical Assistance Services shall provide a report to the Medicaid				
12	Innovation and Reform Commission on the specific waiver and/or State Plan changes that have				
13	been approved and status of implementing such changes, and associated cost savings or cost				
14	avoidance to Medicaid/FAMIS expenditures.				
15	6.a. The Department shall seek the approval of the Medicaid Innovation and Reform				
16	Commission to amend the State Plan for Medicaid Assistance under Title XIX of the Social				
17	Security Act, and any waivers thereof, to implement coverage for newly eligible individuals				
18	pursuant to 42 U.S.C. § 1396d(y)(1)[2010] of the Patient Protection and Affordable Care Act. If				
19	the Medicaid Innovation and Reform Commission determines that the conditions in paragraphs				
20	2, 3, 4, and 5 have been met, then the Commission shall approve implementation of coverage				
21	for newly eligible individuals pursuant to 42 U.S.C. § 1396d(y)(1)[2010] of the Patient				
22	Protection and Affordable Care Act.				
23	b. Upon approval by the Medicaid Innovation and Reform Commission, the department shall				
24	implement the provisions in paragraph 6.a. of this item by July 1, 2014, or as soon as feasible				
25	thereafter.				
26	7.a. Contingent upon the expansion of eligibility in paragraph 6.a., there is hereby created in				
27	the state treasury a special nonreverting fund to be known as the Virginia Health Reform and				
28	Innovation Fund, hereafter referred to as the "Fund." The Fund shall be established on the				
29	books of the Comptroller and any moneys remaining in the Fund at the end of each fiscal year				
30	shall not revert to the general fund but shall remain in the Fund. For purposes of the				
31	Comptroller's preliminary and final annual reports required by § 2.2-813, however, all deposits				
32	to and disbursements from the Fund shall be accounted for as part of the general fund of the				
33	state treasury.				
34	b. The Director of the Department of Medical Assistance Services, in consultation with the				
35	Director of the Department of Planning and Budget, shall annually identify projected general				
36	fund savings attributable to enrollment of newly eligible individuals included in 42 U.S.C.				
37	§ 1396d(y)(1)[2010] of the PPACA, including behavioral health services, inmate health care,				
38	and indigent care. Beginning with development of the fiscal year 2015 budget, these projected				
39	savings shall be reflected in reduced appropriations to the affected agencies and the amounts				
40	deposited into the Fund net of any appropriation increases necessary to meet resulting				
41	programmatic requirements of the Department of Medical Assistance Services. Beginning in				
42	fiscal year 2015, funding to support health innovations described in Paragraph 3 shall be				
43	appropriated from the Fund not to exceed \$3.5 million annually. Funding shall be distributed				
44	through health innovation grants to private and public entities in order to reduce the annual rate				
45	of growth in health care spending or improve the delivery of health care in the Commonwealth.				
46	When the department, in consultation with the Department of Planning and Budget, determines				
47	that the general fund expenses incurred from coverage of newly eligible individuals included in				
48	42 U.S.C. § 1396d(y)(1)[2010] of the PPACA exceed any associated savings, a percentage of				
49	the principle of the Fund as determined necessary by the department and the Department of				
50	Planning and Budget to cover the cost of the newly eligible population shall be reallocated to				
51	the general fund and appropriated to the department to offset the cost of this population.				
52	Principle shall be allocated on an annual basis for as long as funding is available.				
53	8. In the event that the increased federal medical assistance percentages for newly eligible				
54	individuals included in 42 U.S.C. § 1396d(y)(1)[2010] of the PPACA is modified through				
55	federal law or regulation from the methodology in effect on January 1, 2014, resulting in a				
56	reduction in federal medical assistance as determined by the department in consultation with				
57	the Department of Planning and Budget, the Department of Medical Assistance Services shall

2	§ 1396d(y)(1) [2010] of the PPACA. The disenrollment process shall include written				
3	notification to affected Medicaid beneficiaries, Medicaid managed care plans, and other				
4	providers that coverage will cease as soon as allowable under federal law from the date the				
5	department is notified of a reduction in Federal Medical Assistance Percentage.				
6	9. There is hereby appropriated sum sufficient nongeneral funds for such costs as may be				
7	incurred to implement coverage for newly eligible individuals pursuant to 42 U.S.C.				
8	§ 1396d(y)(1)[2010] of the Patient Protection and Affordable Care Act.				
9	UUU.1. The Director of the Department of Medical Assistance Services shall continue to make				
10	improvements in the provision of health and long-term care services under Medicaid/FAMIS				
11	that are consistent with evidence-based practices and delivered in a cost effective manner to				
12	eligible individuals.				
13	2. In order to effect such improvements and ensure that reform efforts are cost effective relative				
14	to current forecasted Medicaid/FAMIS expenditure levels, the Department of Medical				
15	Assistance Services shall (i) develop a five-year consensus forecast of expenditures and savings				
16	associated with the Virginia Medicaid/FAMIS reform efforts by November 15 of each year in				
17	conjunction with the Department of Planning and Budget, and with input from the House				
18	Appropriations and Senate Finance Committees, and (ii) engage stakeholder involvement in				
19	meeting annual targets for quality and cost-effectiveness.				
20	VVV. Effective July 1, 2014, the Department of Medical Assistance Services shall replace the				
21	AP-DRG grouper with the APR-DRG grouper for hospital inpatient reimbursement. The				
22	department shall develop budget neutral case rates and Virginia-specific weights for the				
23	APR-DRG grouper based on the FY 2011 base year. The department shall phase in the				
24	APR-DRG weights by blending in 50 percent of the full APR-DRG weights with 50 percent of				
25	FY 2014 AP-DRG weights in the first year and 75 percent of the full APR-DRG weights with				
26	25 percent of the FY 2014 AP-DRG weights in the second year for each APR-DRG group and				
27	severity. FY 2014 AP-DRG weights shall be calculated as a weighted average FY 2014				
28	AP-DRG weight for all claims in the base year that group to each APR-DRG group and				
29	severity. Full APR-DRG weights shall be used in the third year and succeeding years for each				
30	APR-DRG group and severity. The department shall have the authority to implement these				
31	reimbursement changes effective July 1, 2014, and prior to completion of any regulatory				
32	process in order to effect such changes.				
33	WWW.1. Effective July 1, 2014, the Department of Medical Assistance Services shall replace				
34	the current Disproportionate Share Hospital (DSH) methodology with the following				
35	methodology:				
36	a) DSH eligible hospitals must have a total Medicaid Inpatient Utilization Rate equal to 14				
37	percent or higher in the base year using Medicaid days eligible for Medicare DSH or a Low				
38	Income Utilization Rate in excess of 25 percent and meet other federal requirements.				
39	Eligibility for out of state cost reporting hospitals shall be based on total Medicaid utilization				
40	or on total Medicaid NICU utilization equal to 14 percent or higher.				
41	b) Each hospital's DSH payment shall be equal to the DSH per diem multiplied by each				
42	hospital's eligible DSH days in a base year. Days reported in provider fiscal years in state FY				
43	2011 will be the base year for FY 2015 prospective DSH payments. DSH will be recalculated				
44	annually with an updated base year. DSH payments are subject to applicable federal limits.				
45	c) Eligible DSH days are the sum of all Medicaid inpatient acute, psychiatric and rehabilitation				
46	days above 14 percent for each DSH hospital subject to special rules for out of state cost				
47	reporting hospitals. Eligible DSH days for out of state cost reporting hospitals shall be the				
48	higher of the number of eligible days based on the calculation in the first sentence times				
49	Virginia Medicaid utilization (Virginia Medicaid days as a percent of total Medicaid days) or				
50	the Medicaid NICU days above 14 percent times Virginia NICU Medicaid utilization (Virginia				
51	NICU Medicaid days as a percent of total NICU Medicaid days). Eligible DSH days for out of				
52	state cost reporting hospitals who qualify for DSH but who have less than 12 percent Virginia				
53	Medicaid utilization shall be 50 percent of the days that would have otherwise been eligible				
54	DSH days.				
55	d) Additional eligible DSH days are days that exceed 28 percent Medicaid utilization for

1	Virginia Type Two hospitals (excluding Children's Hospital of the Kings Daughters).			
2	e) The DSH per diem shall be calculated in the following manner:			
3	a. The DSH per diem for Type Two hospitals is calculated by dividing the total Type Two			
4	DSH allocation by the sum of eligible DSH days for all Type Two DSH hospitals. For			
5	purposes of DSH, Type Two hospitals do not include Children's Hospital of the Kings			
6	Daughters (CHKD) or any hospital whose reimbursement exceeds its federal uncompensated			
7	care cost limit. The Type Two Hospital DSH allocation shall equal the amount of DSH paid to			
8	Type Two hospitals in state FY 2014 increased annually by the percent change in the federal			
9	allotment, including any reductions as a result of the Affordable Care Act, adjusted for the state			
10	fiscal year.			
11	b. The DSH per diem for State Inpatient Psychiatric Hospitals is calculated by dividing the			
12	total State Inpatient Psychiatric Hospital DSH allocation by the sum of eligible DSH days. The			
13	State Inpatient Psychiatric Hospital DSH allocation shall equal the amount of DSH paid in state			
14	FY 2013 increased annually by the percent change in the federal allotment, including any			
15	reductions as a result of the Affordable Care Act, adjusted for the state fiscal year.			
16	c. The DSH per diem for CHKD shall be three times the DSH per diem for Type Two			
17	hospitals.			
18	d. The DSH per diem for Type One hospitals shall be 17 times the DSH per diem for Type			
19	Two hospitals.			
20	2. Each year, the department shall determine how much Type Two DSH has been reduced as a			
21	result of the Affordable Care Act and adjust the percent of cost reimbursed for outpatient			
22	hospital reimbursement.			
23	3. The department shall convene the Hospital Payment Policy Advisory Council at least once a			
24	year to consider additional changes to the DSH methodology.			
25	4. The department shall have the authority to implement these reimbursement changes effective			
26	July 1, 2014, and prior to completion of any regulatory process in order to effect such changes.			
27	XXX. Effective for services on and after July 1, 2014, the Department of Medical Assistance			
28	Services, when it adjudicates fee-for-service claims, shall no longer distinguish between			
29	emergency care and nonemergency care provided by physicians in hospital emergency			
30	departments, and shall no longer pay a reduced rate for nonemergency care. The department			
31	shall have the authority to implement this reimbursement change prior to the completion of any			
32	regulatory process undertaken in order to effect such change.

44	Adjusted Gross Income (MAGI) methodology and, notwithstanding the requirements of Code			
45	of Virginia §2.2-4000, et seq., the process for administrative appeals of MAGI-related			
46	eligibility determinations. The department shall have authority to implement such standards and			
47	practices upon federal approval and prior to the completion of any regulatory process			
48	undertaken in order to effect such changes.			
49	AAAA. The Department of Medical Assistance Services shall amend the State Plan for			
50	Medical Assistance to make a budget neutral change to the Mental Health Support Services rate

10	306.	A. It is the intent of the General Assembly that the Department of Behavioral Health and Developmental Services proceed in transforming its system of care into a model that embodies best practices and state-of-the art services. The consumer-driven system of services and supports shall promote self-determination, empowerment, recovery, resilience, health, and the highest possible level of consumer participation in all aspects of community life. The transformed system shall include investments in a suitable array and adequate quantity of community-based services, with an emphasis on consumer choice and the appropriate use of facility resources. State facilities shall be redesigned to ensure high quality care, efficient operation, and capacity necessary for persons most in need of such care. Amounts authorized herein, and in related legislation, shall be used to support the transformation of the system of care and to promote the provision of behavioral health and developmental services in the most efficient and appropriate setting. The Department of Behavioral Health and Developmental Services may consider the use of public-private partnerships to deliver behavioral health and intellectual disability services as part of the comprehensive behavioral health and intellectual disability system of care, in facilities that are being planned for renovation or replacement. These partnerships may include contracts with private entities for facility operations, unless the Department of Behavioral Health and Developmental Services can demonstrate that continued state operation of the facility is at least as cost effective and provides at least an equivalent or higher level quality care than operation by a private entity.

4	for positions at Eastern State Hospital and Western State Hospital reduced due to the				
5	replacement of these facilities.				
6	C. Notwithstanding § 37.2-319 of the Code of Virginia, the Commissioner shall prepare a plan				
7	to address the capital and programmatic needs of other state mental health facilities and state				
8	mental retardation training centers when considering expenditures from the trust fund. No less				
9	than 30 days prior to the expenditure of funds, the Commissioner shall present an expenditure				
10	plan to the Chairmen of the Senate Finance and House Appropriations Committees for their				
11	review and consideration.				
12	314. A. Beginning August 1, 2014, and each year after, the Commissioner, Department of				
13	Behavioral Health and Developmental Services, shall report annually to the Secretary of				
14	Finance, and the Chairmen of House Appropriations and Senate Finance Committees the				
15	general fund and non general fund allocations and authorized position levels for each				
16	state-operated behavioral health facility. The report shall be made available on the agency's

18	B.1. The Department of Behavioral Health and Developmental Services shall review the current

33	community-based, delivered at the community level in every part of the Commonwealth. The				
34	target populations to be addressed in this plan are adults age 18 and older who: (i) have mental				
35	health needs, (ii) may have co-occurring mental health and substance abuse problems, (iii) may				
36	be in contact with the courts systems, (iv) may require emergency mental health services, (v)

38	require long-term community behavioral health and other supports. The planning process should				
39	identify the mental health and substance abuse services and supports that are needed to help				
40	persons remain in their home and function in the community and should define the role that				
41	the Commonwealth's mental health hospitals will play in this effort. The plan should establish				
42	and rank recommendations for community and facility services and supports based on greatest				
43	priority and identify future estimated funding needs associated with each recommendation. The				
44	planning process shall include input from community services boards, state and private				
45	inpatient facilities, the Department of Medical Assistance Services, persons receiving mental				
46	health and co-occurring substance abuse services, advocates for mental health and co-occurring

6	Titles IV-A, IV-B, IV-D, IV-E, XIX, XX, XXI of the federal Social Security Act, as amended.				
7	A. The Department of Social Services shall require localities to report all expenditures on				
8	designated social services, regardless of reimbursement from state and federal sources. The				
9	Department of Social Services is authorized to include eligible costs in its claim for Temporary				
10	Assistance for Needy Families Maintenance of Effort requirements.				
11	B. It is the intent of the General Assembly that the Commissioner, Department of Social				
12	Services shall work with localities that seek to voluntarily merge and consolidate their				
13	respective local departments of social services. No funds appropriated under this act shall be				
14	used to require a locality to merge or consolidate local departments of social services.				
15	C. The Commissioner, Department of Social Services, in consultation with relevant state and				
16	local agencies, shall develop proposed criteria for assessing funding requests for addressing				
17	space needs among local departments of social services, as well as proposed consolidated

24	for increased state reimbursement, yet initiate local funding actions to address critical space				
25	needs or to consolidate human services, they shall nevertheless retain their ranking on the				
26	prioritized list of projects for increased state reimbursement for renovating existing space,				
27	relocating or constructing new space. The department shall forward a prioritized list of projects

43	Secretary of Education and Workforce, and the Secretary of Public Safety shall assist in this				
44	effort by requesting all affected agencies within their secretariats to submit information to the				
45	statewide Information and Referral System and ensure that such information is accurate and

48	3. The Department of Social Services shall communicate with child-serving agencies within the				
49	Commonwealth about the availability of the statewide Information and Referral System. This				
50	information shall also be communicated via the Department of Social Services' broadcast

19	344. A. In the operation of any program of public assistance, including benefit and service programs				
20	in any locality, for which program appropriations are made to the Department of Social				
21	Services, it is provided that if a payment or overpayment is made to an individual who is				
22	ineligible therefor under federal and/or state statutes and regulations, the amount of such				
23	payment or overpayment shall be returned to the Department of Social Services by the locality.				
24	B. However, no such repayments may be required of the locality if the department determines				
25	that such overpayment or payments to ineligible resulted from the promulgation of vague or				
26	conflicting regulations by the department or from the failure of the department to make timely				
27	distribution to the localities of the statutes, rules, regulations, and policy decisions, causing the				
28	overpayment or payment to ineligible(s) to be made by the locality or from situations where a				
29	locality exercised due diligence, yet received incomplete or incorrect information from the				
30	client which caused the overpayment or payment to ineligible. If a locality fails to effect the				
31	return, the Department of Social Services shall withhold an equal amount from the next				
32	disbursement made by the department to the locality for the same program.				
33	C. The Department of Social Services shall implement the guidance issued by the U.S.				
34	Department of Health and Human Services concerning the obligation of recipients of federal

38	(August 8, 2003). At a minimum, the department shall (i) identify the need for language				
39	assistance by analyzing the following factors: (1) the number or proportion of LEP persons in				
40	the eligible service population, (2) the frequency of contact with such persons, (3) the nature				
41	and importance of the program, activity or service, and (4) the costs of providing language				
42	assistance and resources available; (ii) translate vital documents into the language of each				
43	frequently encountered LEP group eligible to be served; (iii) provide accurate and timely oral				
44	interpreter services; and (iv) develop an effective implementation plan to address the identified				
45	needs of the LEP populations served.				
46	345. A. The amount for the Supplemental Nutrition Assistance Program (SNAP) shall be expended				
47	under regulations of the Board of Social Services to reimburse county and city welfare/social				
48	services boards pursuant to § 63.2-401, Code of Virginia, and subject to the same percentage				
49	limitations for other administrative services performed by county and city public welfare/social

12	J.1. The Department of Corrections shall continue to coordinate with the Department of Medical				
13	Assistance Services and the Department of Social Services to enroll eligible inmates in				
14	Medicaid. To the extent possible, the Department of Corrections shall work to identify				
15	potentially eligible inmates on a proactive basis, prior to the time inpatient hospitalization				
16	occurs. Procedures shall also include provisions for medical providers to bill the Department of				
17	Medical Assistance Services, rather than the Department of Corrections, for eligible inmate				
18	inpatient medical expenses. Due to the multiple payor sources associated with inpatient and				
19	outpatient health care services, the Department of Corrections and the Department of Medical				
20	Assistance Services shall consult with the applicable provider community to ensure that				
21	administrative burdens are minimized and payment for health care services is rendered in a				
22	prompt manner. The Departments of Medical Assistance Services and Corrections shall provide				
23	a joint report on the implementation of this initiative and the expected cost savings to the				
24	Commonwealth. Copies of this report shall be provided to the Secretaries of Health and				
25	Human Services and Public Safety, and to the Chairmen of the House Appropriations and				
26	Senate Finance Committees, by October 1, 2014.

38	services in those correctional facilities for which the department has contracted with a private				
39	vendor to provide inmate medical services.				
40	M. The Department of Corrections shall continue to operate a separate program for inmates				
41	under 18 years old who have been tried and convicted as adults and committed to the				
42	Department of Corrections. This separation of these offenders from the general prison				
43	population is required by the requirements of the federal Prison Rape Elimination Act.				
44	N. The Department of Corrections shall issue a request for proposals to operate the				
45	Lawrenceville Correctional Center beginning in March 2015, when the current contract is				
46	subject to renewal. By October 15, 2014, the department shall provide the Department of				
47	Planning and Budget with the details of the proposal to which it has tentatively decided to				
48	award the contract, along with a detailed budget for the operation of the prison if it were to be				
49	done by the Department of Corrections. The Department of Planning and Budget shall conduct				
50	a cost-benefit analysis of the merits of continuing to use a private contractor to operate the				
51	prison rather than the Department of Corrections operating it with its own employees. The				
52	Department of Planning and Budget shall make a recommendation to the Governor for				
53	inclusion in the budget bill to be presented to the 2015 General Assembly.

60		Governor and the Chairmen of the House Appropriations and Senate Finance Committees prior			
61		to any approved expenditure.			
62		2. Funds received from the working capital advance will be used only for enterprise resource

1	3. At the end of each fiscal year, the Governor is authorized to apply up to \$2,000,000 from				
2	the unappropriated general fund balance in this act to pay down this working capital advance in				
3	the event other repayment sources in this act are not available or are insufficient to maintain a				
4	reasonable schedule for the payback of the working capital advance.				
5	C.1. In order to minimize the cost of information systems development, the Secretary of				
6	Technology shall work with all Cabinet Secretaries and their agencies to develop				
7	Commonwealth data standards for citizen-centric data, personnel, recipient information, and				
8	other common sources of information gathered by the Commonwealth and in use by systems				
9	set out within this item.				
10	2. Where active projects in this item, have implemented standardized data, the Secretary of				
11	Technology shall work with all Cabinet Secretaries and their agencies to determine if these				
12	standards should be adopted as Commonwealth data standards for use in active or future major				
13	IT projects or investments. Where active projects in this item do not conform to the				
14	Commonwealth's data standard, the Secretary of Technology shall include in the interim a plan				
15	for how the Secretary of Technology will identify data standards that should be adopted as				
16	Commonwealth data standards and the estimated cost of ensuring that each active IT project in				
17	the item complies with the Commonwealth data standard.				
18	D.1. Notwithstanding the provisions of §§ 2.2-1509, 2.2-2007 and 2.2-2017, Code of Virginia,				
19	the scope of formal reporting on major information technology projects in the Recommended				
20	Technology Investment Projects (RTIP) report is reduced. The efforts involved in researching,				
21	analyzing, reviewing, and preparing the report will be streamlined and project ranking will be				
22	discontinued. Project analysis will be targeted as determined by the Chief Information Officer				
23	(CIO) and the Secretary of Technology. Information on major information technology				
24	investments will continue to be provided General Assembly members and staff. Specifically,				
25	the following tasks will not be required, though the task may be performed in a more				
26	streamlined fashion: (i) The annual report to the Governor, the Secretary, and the Joint				
27	Commission on Technology and Science; (ii) The annual report from the CIO for submission				
28	to the Secretary, the Information Technology Advisory Council, and the Joint Commission on				
29	Technology and Science on a prioritized list of Recommended Technology Investment Projects				
30	(RTIP Report); (iii) The development by the CIO and regular update of a methodology for				
31	prioritizing projects based upon the allocation of points to defined criteria and the inclusion of				
32	this information in the RTIP Report; (iv) The indication by the CIO of the number of points				
33	and how they were awarded for each project recommended for funding in the RTIP Report;				
34	(vi) The reporting, for each project listed in the RTIP, of all projected costs of ongoing				
35	operations and maintenance activities of the project for the next three biennia following project				
36	implementation, a justification and description for each project baseline change, and whether				
37	the project fails to incorporate existing standards for the maintenance, exchange, and security of				
38	data; and (vii) The reporting of trends in current projected information technology spending by				
39	state agencies and secretariats, including spending on projects, operations and maintenance, and				
40	payments to Virginia Information Technologies Agency.				
41	2. Pursuant to §2.2-1509.3, Code of Virginia, the following major information technology				
42	projects are active and have been approved and recommended for funding by the Secretary of				
43	Technology. The data listed was self-reported to the Virginia Information Technologies Agency				
44	(VITA) by the responsible agencies. These projects are supported by strong business cases and				
45	thus were considered as priorities for funding in this biennium. VITA shall make available on				
46	its website a listing of active and approved major information technology programs updated on				
47	a quarterly basis.

4	The modernization and migration consists of MAPPER				
5	UNISYS system replacement for the ADAPT application				
6	and the Energy Assistance Program application. ADAPT is				
7	the current eligibility determination and case management				
8	system for SNAP, TANF, Employment Service. The				
9	Eligibility Modernization Program Migration Project will				
10	convert the cases that contain the programs in ADAPT and				
11	the Energy system into VaCMS along with accepting new				
12	applications for these programs via online (Customer				
13	Portal) and paper (manual data entry) processes. This				
14	project also involves the external rules engine (iLOG). All				
15	program rules will be incorporated into iLOG with the				
16	outcome of eligibility determination, authorization, and case				
17	management within this single case management solution.				
18	The EDSP Eligibility Modernization Program Migration				
19	Project anticipates minor changes to Customer Portal to				
20	accommodate VaCMS changes. All interfaces currently				
21	being performed by the legacy systems are included and				
22	must be performed by the single case management system.				
23	Work efforts will be performed to sunset the ADAPT and				
24	Energy legacy systems as all programs are converted to				
25	VaCMS. Leveraging the current web-based technology				
26	provided in the VaCMS solution and/or the technology in				
27	the Customer Portal will allow VDSS to work towards each

1	Department of Health (601) — Electronic Death			
2	Registration (EDR)	Mar 22, 2011	Dec 30, 2014	\$3,003,500
3	Project Approach: The Office of Information Management			
4	(OIM) has performed a feasibility analysis and considered			
5	options such as the availability of a Customer Off The Shelf			
6	(COTS) system or some form of "canned" software. After			
7	much research, it became readily apparent, that no related,			
8	customizable application exists or has been developed that			
9	DVR could use to perform their tasks regarding death			
10	registration. Several States such as Indiana and Nebraska			
11	have developed and deployed electronic death registration			
12	systems, but those systems are neither web-based nor			
13	available online. They remain client-server applications			
14	until now. Other States such as California, have developed a			
15	web-based electronic death registration system, but have			
16	significantly different requirements and lack the total			
17	automation that DVR desires. Additionally, some of the			
18	technologies used would not be compatible with other OIM			
19	systems which would make integration difficult and			
20	expensive. Furthermore, while standardization of death			
21	certificates throughout the United States is an objective, it			
22	might only be possible to a certain extent. The stakeholders			
23	of the applications for different States have different			
24	requirements. In order to best serve the requirements of the			
25	stakeholders (DVR, Funeral Directors, OCMs,			
26	Physicians), the Office of Information Management along			
27	with the users of the Division of Vital Records, propose to			
28	develop an in-house, customized, web-based Electronic			
29	Death Registration system that will meet the needs of the			
30	Business Users and can be seamlessly integrated, with only			
31	nominal costs, into the current Virginia Vital Events and			
32	Screening Tracking System (VVESTS) which was also			
33	developed and created in-house by OIM. Therefore, OIM is			
34	proposing to add the (EDR) system as a new subsystem to			
35	VVESTS. Reducing many disparate systems into a single,			
36	central database will lower maintenance cost and as			
37	VVESTS has proven, will provide additional benefits of			
38	improved analysis capacity across programs, thus,			
39	permitting OIM to also utilize the existing infrastructure,			
40	advanced security features and existing Oracle software			
41	license.OIM will continue the same technology deployed			
42	with VVEST namely Oracle Web Technology, upgrading			
43	the current database to Oracle 11G, for the front end we will			
44	utilize Oracle Designer 2000 and web-toolkit and the web			
45	servers will utilize the Oracle Application Server powered			
46	by Apache v. 1.2 Furthermore, OIM is proposing to use			
47	some of the same IT team that so successfully developed			
48	the VVESTS application. This approach is also consistent			
49	with the strategic goal of OIM to develop enterprise			
50	architecture, rather than separate isolated systems. To			
51	reiterate, this new system shall be web-based, allowing all			
52	participating users to perform their duties and fulfill their			
53	responsibilities online, thereby, reducing and eventually			
54	eliminating any of the paperwork that is currently required.

1	Virginia Department of Transportation (501) - HR ECM and Workflow Optimization	Mar 29, 2012	Mar 7, 2014	\$1,521,102
2	The project will: 1. Develop a secure repository containing electronic personnel file information for current VDOT employees; 2. Develop standard business process and electronic content management for HR's three highest priority workflows: (a) Pay Action, (b) Annual Performance Management, and(c) Critical Hire; 3. Develop a solution that leverages the agency's SharePoint Server 2010 to meet VDOT HR's workflow improvement and electronic content management needs. The benefits of this project will increase the efficiency and effectiveness of Human Resources by converting three manual paper-based workflows into an electronic content management system with automated workflows. It will improve HR's overall productivity, service levels, and data accuracy while maintaining cost effectiveness and compliance with HR, IT, and records management's regulations, policies, and standards. Secure access to electronic personnel files regardless of time and location will enable a culture of collaboration across the enterprise. There is a huge opportunity for other organizations and agencies outside of VDOT to learn from this initiative. Other organizations who are interested in optimizing their HR processes have already expressed interest in learning about the benefits and results of this project effort. Identification of those agencies with potential interest (such as VITA and VCCS), and making recommendations and sharing project deliverables with those organizations will be made at the conclusion of this project or as requested.

All content processing and data de-duplication will be performed by VIIS. Business partners may also create a query message to which VIIS will generate a response message. There will be a component to the Immunization Registry Interface project in which VDH is expected to participate in the HIE Pilot Phase. 22	Insurance Modernization	Sep 17, 2009	Feb 28, 2015	\$58,540,154
23	The modernization of the Unemployment Insurance System is a			
24	major initiative for the VEC in the Agency Strategic Plan. This			
25	client/server system will replace the VEC's decades-old			
26	IBM-mainframe Benefits, Tax, and Wage systems. Agency			
27	stakeholders will have direct leadership and governance			
28	responsibilities for the Investment. Customer stakeholders			
29	include employers of the Commonwealth as well as individual			
30	citizens who require support from the Unemployment Insurance			
31	program. Approach: Prior to selecting a solution the VEC			
32	reviewed the similar efforts in other states and conducted			
33	interviews with states engaged in UI Modernization. VEC			
34	documented lessons learned and developed decision tools to be			
35	used in the procurement process. VEC also went through a			
36	Business Process Reengineering effort and developed process			
37	flows for key business processes. The solution consists of			
38	replacing the Unemployment Insurance Benefits, Tax, and			
39	Wage systems with a modern, integrated system based on			
40	client/server and web-based technologies. The solution enhances			
41	and expands self-service, document management, workflow,			
42	and on-line processing with applications that are easy to use and			
43	minimize manual intervention. Phase 1 of the solution was an			
44	RFP and selection and IT vendor partner. Phase 2 was to			
45	develop a comprehensive Project Plan, for the IAOC, and			
46	procure an IV&V vendor who will review project progress at			
47	key milestones. Phase 3 was to define and document the			
48	Architectural designs and Technology Architecture			
49	requirements. Phase 4 is system construction based on the above			
50	architectural designs followed by testing, training, rollout, and			
51	project closing.

3	(WIC) Electronic Benefits Transfer (EBT) Project	Jan 8, 2009	Oct 13, 2014	\$6,619,018	
4	This project will develop and implement the business processes				
5	and associated technology to provide e-WIC issuance,				
6	redemption, payment, and reconciliation services to distribute				
7	food benefits in the Virginia and West Virginia WIC Programs,				
8	the states of the e-WIC Consortium. Virginia will act as the lead				
9	state and will perform Consortium level project management				
10	and administration activities. The project will require				
11	procurement of a number of services including support for the				
12	development of an Implementation Advanced Planning				
13	Document (IAPD), as required by the United States Department				
14	of Agriculture Food and Nutrition Service, Quality Assurance				
15	and Monitoring, and Design, Development, and Implementation				
16	of the selected e-WIC solution. During preliminary planning of				
17	the e-WIC project, the Virginia Division of WIC and				
18	Community Nutrition Services completed a baseline analysis of				
19	the current system and conducted a feasibility study and				
20	cost-benefit analysis to evaluate three e-WIC alternatives. The				
21	WIC EBT Feasibility Study and Cost Benefit Analysis found				
22	that the online, outsourced EBT technology received the highest				
23	ranking with respect to the evaluation criteria selected by the				
24	state. Online EBT requires a real-time connection to the host for				
25	transaction authorization, as the term off-line indicates,				
26	transactions at the point of sale (POS) do not require a real-time				
27	connection to the host for authorization, instead transactions are				
28	validated directly against data stored on a Smart card. Among				
29	other criteria, each alternative was evaluated with respect to its				
30	proven record of implementation, operation, and integration; its				
31	ability to increase accuracy and accountability; and its ability to				
32	minimize ongoing operations costs. Given the context of the				
33	Virginia WIC Program, including current IT development				
34	projects and in-house technology development support, the				
35	online, outsourced solution provides the greatest opportunity to				
36	meet project goals including, accomplishment of the proposed				
37	development schedule and implementation of proven				
38	technology.				

ITEM 424.		Item Details(\$)		Appropriations(\$)	
		First Year FY2015	Second Year FY2016	First Year FY2015	Second Year FY2016
1	In an effort to follow the consortium model in achieving				
2	economies of scale and at the request of USDA FNS, the				
3	Virginia WIC Program will jointly and concurrently conduct				
4	e-WIC planning activities with West Virginia. As members of				
5	the Crossroads Consortium to develop a new WIC management				
6	information system (MIS), Virginia and West Virginia have the				
7	opportunity to leverage shared knowledge and similar				
8	development environments while furthering the adoption of				
9	e-WIC. In order to expedite e-WIC project initiation and				
10	planning in West Virginia, the Virginia WIC Program modified				
11	the RFP for planning services, issued on February 23, 2009, to				
12	include West Virginia. Virginia, having completed pre-planning				
13	for e-WIC and as the RFP initiator for planning, will take the				
14	lead state role in project management and administration.				
15	Virginia will be responsible for project procurements and				
16	funding administration. In addition to IAPD development, the				
17	modified RFP requests a baseline analysis, feasibility study and				
18	cost benefit analysis for West Virginia. Once these preliminary				
19	items are completed, Virginia and West Virginia will proceed				
20	with the planning activities associated with the RFP. The states				
21	will combine their efforts to develop a joint IAPD including				
22	functional requirements based on the Crossroads SAM system.				
23	The states will also work together to define system				
24	telecommunication and architecture requirements, retailer				
25	implementation requirements, and procurement specifications.				
26	At the completion of planning, both states will be prepared to				
27	develop an e-WIC solution that will interface with the				
28	Crossroads MIS.				
29	During project planning the e-WIC Consortium, with support				
30	from a qualified planning services vendor contracted through the				
31	planning RFP, will develop an IAPD as required by the USDA				
32	Food and Nutrition Service. This document will include a joint				
33	functional requirements study, a general system design, a				
34	capacity plan, a project management plan, a statement of				
35	resource requirements, a schedule of milestones and activities				
36	with deliverables, a proposed budget, a retailer management				
37	plan, a retailer implementation plan, a security plan, and a				
38	training plan. The feasibility study and cost benefit analysis				
39	completed for each state will be finalized and will also become a				
40	part of the completed IAPD. The e-WIC Consortium will also				
41	prepare procurement requests for Quality Assurance (QA) and				
42	Design, Development, and Implementation (DD&I) services.				
43	Quality Assurance services will provide a formal methodology				
44	to evaluate, assess, recommend, and track the progress of e-WIC				
45	project variables (including cost, schedule, scope, quality,				
46	accuracy, completeness, timeliness, and consistency of				
47	deliverables) throughout the project life cycle. The QA service				
48	provider will develop plans for Issues Management, Change				
49	Management, and Risk Management and maintain				
50	corresponding logs to track project developments. The QA				
51	project plans will be incorporated into the formal project plan				
52	including the activities of both the Consortium project team and				
53	the DD&I contractor.

1	During project execution the e-WIC Consortium will work with a qualified EBT service developer to design, develop and implement the e-WIC system. Virginia, as the lead state of the Consortium, will be responsible for project management and contract administration throughout the duration of the project. The Consortium will submit regular status reports to the appropriate stakeholders including USDA FNS and other internal and external oversight authorities. At the completion of the e-WIC project the Consortium will manage the transition from project implementation to operations. Each state will contract for operations separately. The EBT service provider selected in each state will begin full operations as the State's EBT processor.

3	Management Mobile System	Jul 1, 2014	Jun 30, 2018	\$3,000,000	
4	Mobile Collection and Case Management system will allow				
5	TAX field staff (auditors/collectors) to use tablets. The tablets				
6	would have an audit application that would encompass audit				
7	case management and audit workbench. Auditors could connect				
8	where ever a cell signal was available. The application would				
9	have the ability to work disconnected in the event there is no				
10	cell signal available. The system will have the ability to accept a				
11	credit/debit card or electronic check, and the ability to exchange				
12	encrypted electronic documents with taxpayers. The system will				
13	integrate directly with AR so audit returns could be loaded				
14	automatically w/the appropriate compliance code and no				
15	additional involvement by other staff. As technology moves to				
16	more mobile platforms, TAX needs to enable systems to				
17	interface with them. It also makes sense for TAX staff,				
18	especially those in the field to have the same tools as our				
19	customers. This solution will allow TAX staff the use of a tablet				
20	and/or smart phone in the field to assist taxpayers with filing				
21	returns and paying their taxes. The field rep would pull out his				
22	smart device and file the returns electronically, with the use of a				
23	Square which is an electronic device that is attached to a tablet				
24	or Smartphone that can process credit card payments. The rep				
25	will be able to take the payment electronically and have the				
26	confirmation of the filing and the payment emailed to the				
27	taxpayer. This presents an opportunity for educating the				
28	taxpayer and achieving the Commonwealth/TAX goals for				
29	electronic filing and payment. This would decrease paperwork				
30	for the agent and save TAX time and money because funds will

11	membership by 35-45%. Leveraging the Federal funding			
12	opportunities to offset the impact of expansion is an			
13	important investment in Virginia's future. The Federal			
14	funding available under ARRA and PPACA provide			
15	opportunities to achieve the following outcomes for			
16	Virginia: Build on current health reform efforts; Modernize			
17	information technology infrastructure as an enabler for			
18	future business transformation; Provide a technical			
19	environment where standards-based interoperability is			
20	possible between new and legacy systems; Provide web			
21	based self-directed service options for human services;			
22	*Reduce the need for large administrative and operational			
23	staff for Federal and State programs; Reduce overall			
24	long-term technology costs for Federal and State programs;			
25	and Provide an enterprise technology environment that is			
26	accessible on a pay-for-use basis by Federal, State, and			
27	local governments as well as non-government			
28	organizations, community based-services, and commercial

4	This project involves moving all DHRM applications off of the

6	environment. This migration must be accomplished by June 30,				
7	2016 in order for the Commonwealth to avoid approximately				
8	\$15 million in annual charges related to DHRM's use of the				
9	mainframe. NOTE: DHRM has submitted a budget request /

12	represent the monies that DHRM would already have in its base

15	At this stage of the cost estimation process DHRM anticipates

29	The current statewide Incident-Based Reporting System needs

31	and does not meet the needs of the law enforcement community				
32	in Virginia. The current system is based on proprietary

34	difficult to modify or enhance. In addition, personnel to				
35	support this system are not readily available in the marketplace				
36	due to the system platform (MFCobol). For these reasons, it is

8	A. The transportation policy goals enumerated in this act shall be implemented by the Secretary			
9	of Transportation, including the Secretary acting as Chairman of the Commonwealth			
10	Transportation Board.			
11	1. The maintenance of existing transportation assets to ensure the safety of the public shall be			
12	the first priority in budgeting, allocation, and spending. The highway share of the			
13	Transportation Trust Fund shall be used for highway maintenance and operation purposes prior			
14	to its availability for new development, acquisition, and construction.

19	goal.			
20	3. To the greatest extent possible, the appropriation of transportation revenues shall reflect			
21	planned spending of such revenues by agency and by program. The maximization of all federal			
22	transportation funds available to the Commonwealth shall be paramount in the budgetary,			
23	spending, and allocation processes. Notwithstanding any provision of law to the contrary, the			
24	secretary and all agencies within the transportation secretariat are hereby authorized to take all

30	B.1. The secretary shall ensure that the allocation of transportation funds apportioned and for

33	Furthermore, the secretary is authorized to take all actions necessary to allocate the required			
34	match for federal highway funds to ensure their appropriate and timely obligation and			
35	expenditure within the fiscal constraints of state transportation revenues. By June 1 of each			
36	year, the secretary, as Chairman of the Board, shall report to the Governor and General			
37	Assembly on the allocation of such federal transportation funds and the actions taken to			
38	provide the required match.			
39	2. The board shall only make allocations providing the required match for federal Regional

9	6. Notwithstanding paragraph B.1. of this Item, the required matching funds for Transportation

11	7.a. Federal funds provided to the National Highway Performance Program, Surface

A. The standards upon which the public institutions of higher education are deemed certified to receive the payment of interest earnings from the tuition and fees and other nongeneral fund Educational and General revenues shall be based upon the standards provided in § 4-9.02 of this act, as approved by the General Assembly.				
B. The estimated interest earnings and other revenues shall be distributed to those specific public institutions of higher education that have been certified by the State Council of Higher Education for Virginia as having met the standards provided in § 4-9.02 of this act, based on the distribution methodology developed pursuant to Chapter 933, Enactment 2, Acts of Assembly of 2005 and reported to the Chairmen of the House Appropriations Committee and Senate Finance Committee.				
C. In accordance with § 2.2-5004 and 2.2-5005, Code of Virginia, this Item provides \$3,736,999 the first year and \$3,736,999 the second year from the general fund, and \$1,243,819 the first year and \$1,243,819 the second year from nongeneral funds, for the estimated payments to individual institutions of higher education for interest earned on tuition and fees and other nongeneral fund Education and General Revenues deposited to the state treasury. Upon certification by the State Council of Higher Education for Virginia that all available performance benchmarks have been successfully achieved by the individual institutions of higher education, the Director, Department of Planning and Budget, shall transfer the appropriation in this Item for such estimated interest earnings to the general fund appropriation of each institution’s Educational and General program.				
D. This Item also includes \$1,790,159 the first year and \$1,790,159 the second year from the general fund for the payment to individual institutions of higher education of a pro rata amount of the rebate paid to the Commonwealth on credit card purchases not exceeding \$5,000 during the previous fiscal year. The State Comptroller shall determine the amount owed to each certified institution, net of any payments due to the federal government, using a methodology that equates a pro rata share based upon the total transactions of \$5,000 or less made by the institution using the state-approved credit card in comparison to all transactions of \$5,000 or less using said approved credit card. By October 15, or as soon thereafter as deemed appropriate, following the year of certification, the State Comptroller shall reimburse each institution its estimated pro rata share.				
E. Once actual financial data from the year of certification are available, the State Comptroller and the Director, Department of Planning and Budget, shall compare the actual data with estimates used to determine the distribution of the interest earnings, nongeneral fund Educational and General revenues, and the pro rata amounts to the certified institutions of higher education. In those cases where variances exist, the Governor shall include in his next introduced budget bill recommended appropriations to make whatever adjustments to each institution’s distributed amount to ensure that each institution’s incentive payments are accurate based on actual financial data.

PART 2: CAPITAL PROJECT EXPENSES

§ 2-0. GENERAL CONDITIONS

A.1. The General Assembly hereby authorizes the capital projects listed in this act. The amounts hereinafter set forth are appropriated to the state agencies named for the indicated capital projects. Amounts so appropriated and amounts reappropriated pursuant to paragraph G of this section shall be available for expenditure during the current biennium, subject to the conditions controlling the expenditures of capital project funds as provided by law. Reappropriated amounts, unless otherwise stated, are limited to the unexpended appropriation balances at the close of the previous biennium, as shown by the records of the Department of Accounts.

2. The Director, Department of Planning and Budget, may transfer appropriations listed in Part 2 of this act from the second year to the first year in accordance with § 4-1.03 a 5 of this act.

B. The five-digit number following the title of a project is the code identification number assigned for the life of the project.

C. Except as herein otherwise expressly provided, appropriations or reappropriations for structures may be used for the purchase of equipment to be used in the structures for which the funds are provided, subject to guidelines prescribed by the Governor.

D. Notwithstanding any other provisions of law, appropriations for capital projects shall be subject to the following:

1. Appropriations or reappropriations of funds made pursuant to this act for planning of capital projects shall not constitute implied approval of construction funds in a future biennium. Funds, other than the reappropriations referred to above, for the preparation of capital project proposals must come from the affected agency's existing resources.

2. No capital project for which appropriations for planning are contained in this act, nor any project for which appropriations for planning have been previously approved, shall be considered for construction funds until preliminary plans and cost estimates are reviewed by the Department of General Services. The purpose of this review is to avoid unnecessary expenditures for each project, in the interest of assuring the overall cost of the project is reasonable in relation to the purpose intended, regardless of discrete design choices.

E.1. Expenditures from Items in this act identified as "Maintenance Reserve" are to be made only for the maintenance of property, plant, and equipment as defined in §4-4.01c of this act to the extent that funds included in the appropriation to the agency for this purpose in Part 1 of this act are insufficient.

2. Agencies and institutions of higher education can expend up to \$1,000,000 for a single repair or project through the maintenance reserve appropriation without a separate appropriation. Such expenditures shall be subject to rules and regulations prescribed by the Governor. To the extent an agency or institution of higher education has identified a potential project that exceeds this threshold or state agency has identified a potential project that exceeds the threshold prescribed in the rules or regulations, the Director, Department of Planning and Budget, can provide exemptions to the threshold as long as the project still meets the definition of a maintenance reserve project as defined by the Department of Planning and Budget.

3. Only facilities supported wholly or in part by the general fund shall utilize general fund maintenance reserve appropriations. Facilities supported entirely by nongeneral funds shall accomplish maintenance through the use of nongeneral funds.

F. Conditions Applicable to Bond Projects

1. The capital projects listed in §§ 2-23 and 2-24 for the indicated agencies and institutions of higher education are hereby authorized and sums from the sources and in the amount indicated are hereby appropriated and reappropriated. The issuance of bonds in a principal amount plus amounts needed to fund issuance costs, reserve funds, and other financing expenses, including capitalized interest for any project listed in §§ 2-23 and 2-24 is hereby authorized.

1	2. The issuance of bonds for any project listed in § 2-23 is to be separately authorized pursuant				
2	to Article X, Section 9 (c), Constitution of Virginia.				
3	3. The issuance of bonds for any project listed in §§ 2-23 or 2-24 shall be authorized pursuant				
4	to § 23-19, Code of Virginia.				
5	4. In the event that the cost of any capital project listed in §§ 2-23 and 2-24 shall exceed the				
6	amount appropriated therefore, the Director, Department of Planning and Budget, is hereby				
7	authorized, upon request of the affected institution, to approve an increase in appropriation				
8	authority of not more than ten percent of the amount designated in §§ 2-23 and 2-24 for such				
9	project, from any available nongeneral fund revenues, provided that such increase shall not				
10	constitute an increase in debt issuance authorization for such capital project. Furthermore, the				
11	Director, Department of Planning and Budget, is hereby authorized to approve the expenditure				
12	of all interest earnings derived from the investment of bond proceeds in addition to the amount				
13	designated in §§ 2-23 and 2-24 for such capital project.				
14	5. The interest on bonds to be issued for these projects may be subject to inclusion in gross				
15	income for federal income tax purposes.

17	construction financing. In the absence of such commitment, the institution may be responsible				
18	for securing short-term financing and covering the costs from other sources of funds.				
19	7. In the event that the Treasury Board determines not to finance all or any portion of any				
20	project listed in § 2-23 of this act with the issuance of bonds pursuant to Article X, Section 9				
21	(c), Constitution of Virginia, and notwithstanding any provision of law to the contrary, this act				
22	shall constitute the approval of the General Assembly to finance all or such portion of such				
23	project under the authorization of § 2-24 of this act.				
24	8. The General Assembly further declares and directs that, notwithstanding any other provision				
25	of law to the contrary, 50 percent of the proceeds from the sale of surplus real property				
26	pursuant to § 2.2-1147 et seq., Code of Virginia, which pertain to the general fund, and which				
27	were under the control of an institution of higher education prior to the sale, shall be deposited				
28	in a special fund set up on the books of the State Comptroller, which shall be known as the				
29	Higher Education Capital Projects Fund. Such sums shall be held in reserve, and may be used,				
30	upon appropriation, to pay debt service on bonds for the 21st Century College Program as				
31	authorized in Item C-7.10 of Chapter 924 of the Acts of Assembly of 1997.				
32	G. Upon certification by the Director, Department of Planning and Budget, there is hereby				
33	reappropriated the appropriations unexpended at the close of the previous biennium for all

A. To meet the occasional short-term cash needs of the general fund during the course of the year when cumulative year-to-date disbursements exceed temporarily cumulative year-to-date revenue collections, the State Comptroller is authorized to draw cash temporarily from nongeneral fund cash balances deemed to be available, although special dedicated funds related to commodity boards are exempt from this provision. Such cash drawdowns shall be limited to the amounts immediately required by the general fund to meet disbursements made in pursuance of an authorized appropriation. However, the amount of the cash drawdown from any particular nongeneral fund shall be limited to the excess of the cash balance of such fund over the amount otherwise necessary to meet the short-term disbursement requirements of that nongeneral fund. The State Comptroller will ensure that those funds will be replenished in the normal course of business.

Interest shall accrue daily at the rate per annum equal to the then current one-year United States Treasury Obligation Note rate.

D. Any temporary loan shall be evidenced by a loan certificate duly executed by the State Treasurer and the Commonwealth Transportation Commissioner specifying the maturity date of such loan and the annual rate of interest. Prepayment of temporary loans shall be without penalty and with interest calculated to such prepayment date.  5 against the appropriations made to any agency. The amounts so charged shall be recorded to the credit of the appropriate

26 percent, he shall pay all local collections monthly directly to the locality's treasury. The State Comptroller shall promptly and
27 without delay transmit any and all non-withheld local fees and fines to the locality's treasury not later than sixty (60) days after

PART 4: GENERAL PROVISIONS

§ 4-0.00 OPERATING POLICIES

§ 4-0.01 OPERATING POLICIES

a. Each appropriating act of the General Assembly shall be subject to the following provisions and conditions, unless specifically exempt elsewhere in this act.

b. All appropriations contained in this act, or in any other appropriating act of the General Assembly, are declared to be maximum appropriations and conditional on receipt of revenue.

c. The Governor, as chief budget officer of the state, shall ensure that the provisions and conditions as set forth in this section are strictly observed.

d. Public higher education institutions are not subject to the provisions of § 2.2-4800, Code of Virginia, or the provisions of the Department of Accounts' Commonwealth Accounting Policies and Procedures manual (CAPP) topic 20505 with regard to students who are veterans of the United States armed services and National Guard and are in receipt of federal educational benefits under the G.I. Bill. Public higher education shall establish internal procedures for the continued enrollment of such students to include resolution of outstanding accounts receivable.

§ 4-1.00 APPROPRIATIONS

§ 4-1.01 PREREQUISITES FOR PAYMENT

a. The State Comptroller shall not pay any money out of the state treasury except pursuant to appropriations in this act or in any other act of the General Assembly making an appropriation during the current biennium.

b. Moneys shall be spent solely for the purposes for which they were appropriated by the General Assembly, except as specifically provided otherwise by § 4-1.03 Appropriation Transfers, § 4-4.01 Capital Projects, or § 4-5.01 a. Settlement of Claims with Individuals. Should the Governor find that moneys are not being spent in accordance with provisions of the act appropriating them, he shall restrain the State Comptroller from making further disbursements, in whole or in part, from said appropriations. Further, should the Auditor of Public Accounts determine that a state or other agency is not spending moneys in accordance with provisions of the act appropriating them, he shall so advise the Governor or other governing authority, the State Comptroller, the Chairman of the Joint Legislative Audit and Review Commission, and Chairmen of the Senate Finance and House Appropriations Committees.

c. Exclusive of revenues paid into the general fund of the state treasury, all revenues earned or collected by an agency, and contained in an appropriation item to the agency shall be expended first during the fiscal year, prior to the expenditure of any general fund appropriation within that appropriation item, unless prohibited by statute or by the terms and conditions of any gift, grant or donation.

§ 4-1.02 WITHHOLDING OF SPENDING AUTHORITY

a. For purposes of this subsection, withholding of spending authority is defined as any action pursuant to a budget reduction plan approved by the Governor to address a declared shortfall in budgeted revenue that impedes or limits the ability to spend appropriated moneys, regardless of the mechanism used to effect such withholding.

b.1. Changed Expenditure Factors: The Governor is authorized to reduce spending authority, by withholding allotments of appropriations, when expenditure factors, such as enrollments or population in institutions, are smaller than the estimates upon which the appropriation was based. Moneys generated from the withholding action shall not be reallocated for any other purpose, provided the withholding of allotments of appropriations under this provision shall not occur until at least 15 days after the Governor has transmitted a statement of changed factors and intent to withhold moneys to the Chairmen of the House Appropriations and Senate Finance Committees.

2. Moneys shall not be withheld on the basis of reorganization plans or program evaluations until such plans or evaluations have been specifically presented in writing to the General Assembly at its next regularly scheduled session.

c. Increased Nongeneral Fund Revenue:

1. General fund appropriations to any state agency for operating expenses are supplemental to nongeneral fund revenues collected by the agency. To the extent that nongeneral fund revenues collected in a fiscal year exceed the estimate on which the operating budget was based, the Governor is authorized to withhold general fund spending authority, by withholding allotments of appropriations, in an equivalent amount. However, this limitation shall not apply to (a) restricted excess tuition and fees for educational and general programs in the institutions of higher education, as defined in § 4-2.01 c of this act; (b) appropriations to institutions of higher education designated for fellowships, scholarships and loans; (c) gifts or grants which

are made to any state agency for the direct costs of a stipulated project; (d) appropriations to institutions for the mentally ill or intellectually disabled payable from the Behavioral Health and Developmental Services Revenue Fund; and (e) general fund appropriations for highway construction and mass transit. Moneys unallotted under this provision shall not be reallocated for any other purpose.

2. To the degree that new or additional grant funds become available to supplement general fund appropriations for a program, following enactment of an appropriation act, the Governor is authorized to withhold general fund spending authority, by withholding allotments of appropriations, in an amount equivalent to that provided from grant funds, unless such action is prohibited by the original provider of the grant funds. The withholding action shall not include general fund appropriations, which are required to match grant funds. Moneys unallotted under this provision shall not be reallocated for any other purpose.

d. Reduced General Fund Resources:

1. The term "general fund resources" as applied in this subsection includes revenues collected and paid into the general fund of the state treasury during the current biennium, transfers to the general fund of the state treasury during the current biennium, and all unexpended balances brought forward from the previous biennium.

2. In the event that general fund resources are estimated by the Governor to be insufficient to pay in full all general fund appropriations authorized by the General Assembly, the Governor shall, subject to the qualifications herein contained, withhold general fund spending authority, by withholding allotments of appropriations, to prevent any expenditure in excess of the estimated general fund resources available.

3. In making this determination, the Governor shall take into account actual general fund revenue collections for the current fiscal year and the results of a formal written re-estimate of general fund revenues for the current and next biennium, prepared within the previous 90 days, in accordance with the process specified in § 2.2-1503, Code of Virginia. Said re-estimate of general fund revenues shall be communicated to the Chairmen of the Senate Finance, House Appropriations and House Finance Committees, prior to taking action to reduce general fund allotments of appropriations on account of reduced resources.

4.a) In addition to monthly reports on the status of revenue collections relative to the current fiscal year's estimate, the Governor shall provide a written quarterly assessment of the current economic outlook for the remainder of the fiscal year to the Chairmen of the House Appropriations, House Finance, and Senate Finance Committees.

b) Within five business days after the preliminary close of the state accounts at the end of the fiscal year, the State Comptroller shall provide the Governor with the actual total of (1) individual income taxes, (2) corporate income taxes, and (3) sales taxes for the just-completed fiscal year, with a comparison of such actual totals with the total of such taxes in the official budget estimate for that fiscal year. If that comparison indicates that the total of (1) individual income taxes, (2) corporate income taxes, and (3) sales taxes, as shown on the preliminary close, was one percent or more below the amount of such taxes in the official budget estimate for the just-completed fiscal year, the Governor shall prepare a written re-estimate of general fund revenues for the current biennium and the next biennium in accordance with § 2.2-1503, Code of Virginia, to be reported to the Chairmen of the Senate Finance, House Finance and House Appropriations Committees, not later than September 1 following the close of the fiscal year.

5.a) The Governor shall take no action to withhold allotments until a written plan detailing specific reduction actions approved by the Governor, identified by program and appropriation item, has been presented to the Chairmen of the House Appropriations and Senate Finance Committees. Subsequent modifications to the approved reduction plan also must be submitted to the Chairmen of the House Appropriations and Senate Finance Committees, prior to withholding allotments of appropriations.

b) In addition to the budget reduction plan approved by the Governor, all budget reduction proposals submitted by state agencies to the Governor or the Governor's staff, including but not limited to the Department of Planning and Budget, the Governor's Cabinet secretaries, or the Chief of Staff, whether submitted electronically or otherwise, shall be made available via electronic means to the Chairmen of the House Appropriations and Senate Finance Committees concurrently with that budget reduction plan.

6. In effecting the reduction of expenditures, the Governor shall not withhold allotments of appropriations for:

a) More than 15 percent cumulatively of the annual general fund appropriation contained in this act for operating expenses of any one state or nonstate agency or institution designated in this act by title, and the exact amount withheld, by state or nonstate agency or institution, shall be reported within five calendar days to the Chairmen of the Senate Finance and House Appropriations Committees. State agencies providing funds directly to grantees named in this act shall not apportion a larger cut to the grantee than the proportional cut apportioned to the agency. Without regard to § 4-5.05 b.4. of this act, the remaining appropriation to the grantee which is not subject to the cut, equal to at least 85 percent of the annual appropriation, shall be made by July 31, or in two equal installments, one payable by July 31 and the other payable by December 31, if the remaining appropriation is less than or equal to \$500,000, except in cases where the normal conditions of the grant dictate a different payment schedule.

b) The payment of principal and interest on the bonded debt or other bonded obligations of the Commonwealth, its agencies

and its authorities, or for payment of a legally authorized deficit.

c) The payments for care of graves of Confederate dead.

d) The employer contributions, and employer-paid member contributions, to the Social Security System, Virginia Retirement System, Judicial Retirement System, State Police Officers Retirement System, Virginia Law Officers Retirement System, Optional Retirement Plan for College and University Faculty, Optional Retirement Plan for Political Appointees, Optional Retirement Plan for Superintendents, the Volunteer Service Award Program, the Virginia Retirement System's group life insurance, sickness and disability, and retiree health care credit programs for state employees, state-supported local employees and teachers. If the Virginia Retirement System Board of Trustees approves a contribution rate for a fiscal year that is lower than the rate on which the appropriation was based, or if the United States government approves a Social Security rate that is lower than that in effect for the current budget, the Governor may withhold excess contributions. However, employer and employee paid rates or contributions for health insurance and matching deferred compensation for state employees, state-supported local employees and teachers may not be increased or decreased beyond the amounts approved by the General Assembly. Payments for the employee benefit programs listed in this paragraph may not be delayed beyond the customary billing cycles that have been established by law or policy by the governing board.

e) The payments in fulfillment of any contract awarded for the design, construction and furnishing of any state building.

f) The salary of any state officer for whom the Constitution of Virginia prohibits a change in salary.

g) The salary of any officer or employee in the Executive Department by more than two percent (irrespective of the fund source for payment of salaries and wages); however, the percentage of reduction shall be uniformly applied to all employees within the Executive Department.

h) The appropriation supported by the State Bar Fund, as authorized by § 54.1-3913, Code of Virginia, unless the supporting revenues for such appropriation are estimated to be insufficient to pay the appropriation.

7. The Governor is authorized to withhold specific allotments of appropriations by a uniform percentage, a graduated reduction or on an individual basis, or apply a combination of these actions, in effecting the authorized reduction of expenditures, up to the maximum of 15 percent, as prescribed in subdivision 6a of this subsection.

8. Each nongeneral fund appropriation shall be payable in full only to the extent the nongeneral fund revenues from which the appropriation is payable are estimated to be sufficient. The Governor is authorized to reduce allotments of nongeneral fund appropriations by the amount necessary to ensure that expenditures do not exceed the supporting revenues for such appropriations; however, the Governor shall take no action to reduce allotments of appropriations for major nongeneral fund sources on account of reduced revenues until such time as a formal written re-estimate of revenues for the current and next biennium, prepared in accordance with the process specified in § 2.2-1503, Code of Virginia, has been reported to the Chairmen of the Senate Finance, House Finance, and House Appropriations Committees. For purposes of this subsection, major nongeneral fund sources are defined as Highway Maintenance and Operating Fund and Transportation Trust Fund.

9. Notwithstanding any contrary provisions of law, the Governor is authorized to transfer to the general fund on June 30 of each year of the biennium, or within 20 days from that date, any available unexpended balances in other funds in the state treasury, subject to the following:

a) The Governor shall declare in writing to the Chairmen of the Senate Finance and House Appropriations Committees that a fiscal emergency exists which warrants the transfer of nongeneral funds to the general fund and reports the exact amount of such transfer within five calendar days of the transfer;

b) No such transfer may be made from retirement or other trust accounts, the State Bar Fund as authorized by § 54.1-3913, Code of Virginia, debt service funds, or federal funds; and

c) The Governor shall include for informative purposes, in the first biennial budget he submits subsequent to the transfer, the amount transferred from each account or fund and recommendations for restoring such amounts.

10. The Director, Department of Planning and Budget, shall make available via electronic means a report of spending authority withheld under the provisions of this subsection to the Chairmen of the Senate Finance and House Appropriations Committees within five calendar days of the action to withhold. Said report shall include the amount withheld by agency and appropriation item.

11. If action to withhold allotments of appropriation under this provision is inadequate to eliminate the imbalance between projected general fund resources and appropriations, the Speaker of the House of Delegates and the President pro tempore of the Senate shall be advised in writing by the Governor, so that they may consider requesting a special session of the General Assembly.

During any fiscal year, the Director, Department of Planning and Budget, may transfer appropriation authority within an agency to effect proper accounting between fund sources and to effect program purposes approved by the General Assembly, unless specifically provided otherwise in this act or as specified in the Code of Virginia. However, appropriation authority for local aid programs and aid to individuals, with the exception of student financial aid, shall not be transferred elsewhere without advance notice to the Chairmen of the House Appropriations and Senate Finance Committees. Further, any transfers between capital projects shall be made only to realize efficiencies or provide for cost overruns unrelated to changes in size or scope.

c.1. In addition to authority granted elsewhere in this act, the Director, Department of Planning and Budget, may transfer operating appropriations authority among sub-agencies within the Judicial System, the Department of Corrections, and the Department of Behavioral Health and Developmental Services to effect changes in operating expense requirements which may occur during the biennium.

2. 5. The Director, Department of Planning and Budget, may transfer appropriations from the second year to the first year, with said transfer to be reported in writing to the Chairmen of the Senate Finance and House Appropriations Committees within five calendar days of the transfer, when the expenditure of such funds is required to:

a) address a threat to life, safety, health or property, or

b) provide for unbudgeted cost increases for statutorily required services or federally mandated services, in order to continue those services at the present level, or

c) provide for payment of overtime salaries and wages, when the obligations for payment of such overtime were incurred during a situation deemed threatening to life, safety, health, or property, or

d) provide for payments to the beneficiaries of certain public safety officers killed in the line of duty, as authorized in Title 2.2, Chapter 4, Code of Virginia and for payments to the beneficiaries of certain members of the National Guard and United States military reserves killed in action in any armed conflict on or after October 7, 2001, as authorized in § 44-93.1 B., Code of Virginia, or

e) continue a program at the present level of service or at an increased level of service when required to address unanticipated

increases in workload such as enrollment, caseload or like factors, or unanticipated costs, or

f) to address unanticipated business or industrial development opportunities which will benefit the state's economy, provided that any such appropriations be used in a manner consistent with the purposes of the program as originally appropriated.

6. An appropriation transfer shall not occur except through properly executed appropriation transfer documents designed specifically for that purpose, and all transactions effecting appropriation transfers shall be entered in the state's computerized budgeting and accounting systems.

7. The Director, Department of Planning and Budget, may transfer from any other agency, appropriations to supplement any project of the Virginia Public Building Authority authorized by the General Assembly and approved by the Governor. Such capital project shall be transferred to the state agency designated as the managing agency for the Virginia Public Building Authority.

§ 4-1.04 APPROPRIATION INCREASES

a. UNAPPROPRIATED NONGENERAL FUNDS:

1. Sale of Surplus Materials:

The Director, Department of Planning and Budget, is hereby authorized to increase the appropriations to any state agency by the amount of credit resulting from the sale of surplus materials under the provisions of § 2.2-1125, Code of Virginia.

2. Insurance Recovery:

The Director, Department of Planning and Budget, shall increase the appropriation authority for any state agency by the amount of the proceeds of an insurance policy or from the State Insurance Reserve Trust Fund, for expenditures as far as may be necessary, to pay for the repair or replacement of lost, damaged or destroyed property, plant or equipment.

3. Gifts, Grants and Other Nongeneral Funds:

a) Subject to § 4-1.02 c, Increased Nongeneral Fund Revenue, and the conditions stated in this section, the Director, Department of Planning and Budget, is hereby authorized to increase the appropriations to any state agency by the amount of the proceeds of donations, gifts, grants or other nongeneral funds paid into the state treasury in excess of such appropriations during a fiscal year. Such appropriations shall be increased only when the expenditure of moneys is authorized elsewhere in this act or is required to:

1) address a threat to life, safety, health or property or

2) provide for unbudgeted increases in costs for services required by statute or services mandated by the federal government, in order to continue those services at the present level or implement compensation adjustments approved by the General Assembly, or

3) provide for payment of overtime salaries and wages, when the obligations for payment of such overtime were incurred during a situation deemed threatening to life, safety, health, or property, or

4) continue a program at the present level of service or at an increased level of service when required to address unanticipated increases in noncredit instruction at institutions of higher education or business and industrial development opportunities which will benefit the state's economy, or

5) participate in a federal or sponsored program provided that the provisions of §4-5.03 shall also apply to increases in appropriations for additional gifts, grants, and other nongeneral fund revenue which require a general fund match as a condition of their acceptance; or

6) realize cost savings in excess of the additional funds provided, or

7) permit a state agency or institution to use a donation, gift or grant for the purpose intended by the donor, or

8) provide for cost overruns on capital projects and for capital projects authorized under § 4-4.01 m of this act, or

9) address caseload or workload changes in programs approved by the General Assembly.

b) The above conditions shall not apply to donations and gifts to the endowment funds of institutions of higher education.

c) Each state agency and institution shall ensure that its budget estimates include a reasonable estimate of receipts from donations, gifts or other nongeneral fund revenue. The Department of Planning and Budget shall review such estimates and verify their accuracy, as part of the budget planning and review process.

d) No obligation or expenditure shall be made from such funds until a revised operating budget request is approved by the Director, Department of Planning and Budget. Expenditures from any gift, grant or donation shall be in accordance with the purpose for which it was made; however, expenditures for property, plant or equipment, irrespective of fund source, are subject to the provisions of §§ 4-2.03 Indirect Costs, 4-4.01 Capital Projects General, and 4-5.03 b Services and Clients-New Services, of this act.

e) Nothing in this section shall exempt agencies from complying with § 4-2.01 a Solicitation and Acceptance of Donations, Gifts, Grants, and Contracts of this act.

4. Any nongeneral fund cash balance recorded on the books of the Department of Accounts as unexpended on the last day of the fiscal year may be appropriated for use in the succeeding fiscal year with the prior written approval of the Director, Department of Planning and Budget, unless the General Assembly shall have specifically provided otherwise. Revenues deposited to the Virginia Health Care Fund shall be used only as the state share of Medicaid, unless the General Assembly specifically authorizes an alternate use. With regard to the appropriation of other nongeneral fund cash balances, the Director shall make a listing of such transactions available to the public via electronic means no less than ten business days following the approval of the appropriation of any such balance.

5. Reporting:

The Director, Department of Planning and Budget, shall make available via electronic means a report on increases in unappropriated nongeneral funds in accordance with § 4-8.00, Reporting Requirements, or as modified by specific provisions in this subsection.

b. AGRIBUSINESS EQUIPMENT FOR THE DEPARTMENT OF CORRECTIONS

The Director of the Department of Planning and Budget may increase the Department of Corrections appropriation for the purchase of agribusiness equipment or the repair or construction of agribusiness facilities by an amount equal to fifty percent of any annual amounts in excess of fiscal year 1992 deposits to the general fund from agribusiness operations. It is the intent of the General Assembly that appropriation increases for the purposes specified shall not be used to reduce the general fund appropriations for the Department of Corrections.

§ 4-1.05 REVERSION OF APPROPRIATIONS AND REAPPROPRIATIONS

a. GENERAL FUND OPERATING EXPENSE:

1.a) General fund appropriations which remain unexpended on (i) the last day of the previous biennium or (ii) the last day of the first year of the current biennium, shall be reappropriated and allotted for expenditure where required by the Code of Virginia, where necessary for the payment of preexisting obligations for the purchase of goods or services, or where desirable, in the determination of the Governor, to address any of the six conditions listed in § 4-1.03 c.5 of this act or to provide financial incentives to reduce spending to effect current or future cost savings. With the exception of the unexpended general fund appropriations of agencies in the Legislative Department, the Judicial Department, the Independent Agencies, or institutions of higher education, all other such unexpended general fund appropriations unexpended on the last day of the previous biennium or the last day of the first year of the current biennium shall revert to the general fund.

General fund appropriations for agencies in the Legislative Department, the Judicial Department, and the Independent Agencies shall be reappropriated, except as may be specifically provided otherwise by the General Assembly. General fund appropriations shall also be reappropriated for institutions of higher education, subject to § 2.2-5005, Code of Virginia.

2. a. The Governor shall report within five calendar days after completing the reappropriation process to the Chairmen of the Senate Finance and House Appropriations Committees on the reappropriated amounts for each state agency in the Executive Department. He shall provide a preliminary report of reappropriation actions on or before November 1 and a final report on or before December 20 to the Chairmen of the House Appropriations and Senate Finance Committees.

b. The Director, Department of Planning and Budget, may transfer reappropriated amounts within an agency to cover nonrecurring costs.

3. Pursuant to subsection E of § 2.2-1125, Code of Virginia, the determination of compliance by an agency or institution with management standards prescribed by the Governor shall be made by the Secretary of Finance and the Secretary having jurisdiction over the agency or institution, acting jointly.

4. The general fund resources available for appropriation in the first enactment of this act include the reversion of certain unexpended balances in operating appropriations as of June 30 of the prior fiscal year, which were otherwise required to be reappropriated by language in the Appropriation Act.

5. Upon request, the Director, Department of Planning and Budget, shall provide a report to the Chairmen of the House Appropriations and Senate Finance Committees showing the amount reverted for each agency and the total amount of such reversions.

b. NONGENERAL FUND OPERATING EXPENSE:

Based on analysis by the State Comptroller, when any nongeneral fund has had no increases or decreases in fund balances for a period of 24 months, the State Comptroller shall promptly transfer and pay the balance into the fund balance of the general fund. If it is subsequently determined that an appropriate need warrants repayment of all or a portion of the amount transferred, the Director, Department of Planning and Budget shall include repayment in the next budget bill submitted to the General Assembly. This provision does not apply to funds held in trust by the Commonwealth.

c. CAPITAL PROJECTS:

1. Upon certification by the Director, Department of Planning and Budget, the State Comptroller is hereby authorized to revert to the fund balance of the general fund any portion of the unexpended general fund cash balance and corresponding appropriation or reappropriation for a capital project when the Director determines that such portion is not needed for completion of the project. The State Comptroller may similarly return to the appropriate fund source any part of the unexpended nongeneral fund cash balance and reduce any appropriation or reappropriation which the Director determines is not needed to complete the project.

2. The unexpended general fund cash balance and corresponding appropriation or reappropriation for capital projects shall revert to and become part of the fund balance of the general fund during the current biennium as of the date the Director, Department of Planning and Budget, certifies to the State Comptroller that the project has been completed in accordance with the intent of the appropriation or reappropriation and there are no known unpaid obligations related to the project. The State Comptroller shall return the unexpended nongeneral fund cash balance, if there be any, for such completed project to the source from which said nongeneral funds were obtained. Likewise, he shall revert an equivalent portion of the appropriation or reappropriation of said nongeneral funds.

3. The Director, Department of Planning and Budget, may direct the restoration of any portion of the reverted amount if he shall subsequently verify an unpaid obligation or requirement for completion of the project. In the case of a capital project for which an unexpended cash balance was returned and appropriation or reappropriation was reverted in the prior biennium, he may likewise restore any portion of such amount under the same conditions.

§ 4-1.06 LIMITED ADJUSTMENTS OF APPROPRIATIONS

a. LIMITED CONTINUATION OF APPROPRIATIONS.

Notwithstanding any contrary provision of law, any unexpended balances on the books of the State Comptroller as of the last day of the previous biennium shall be continued in force for such period, not exceeding 10 days from such date, as may be necessary in order to permit payment of any claims, demands or liabilities incurred prior to such date and unpaid at the close of business on such date, and shown by audit in the Department of Accounts to be a just and legal charge, for values received as of the last day of the previous biennium, against such unexpended balances.

b. LIMITATIONS ON CASH DISBURSEMENTS.

Notwithstanding any contrary provision of law, the State Comptroller may begin preparing the accounts of the Commonwealth for each subsequent fiscal year on or about 10 days before the start of such fiscal year. The books will be open only to enter budgetary transactions and transactions that will not require the receipt or disbursement of funds until after June 30. Should an emergency arise, or in years in which July 1 falls on a weekend requiring the processing of transactions on or before June 30, the State Comptroller may, with notification to the Auditor of Public Accounts, authorize the disbursement of funds drawn against appropriations of the subsequent fiscal year, not to exceed the sum of three million dollars (\$3,000,000) from the general fund. This provision does not apply to debt service payments on bonds of the Commonwealth which shall be made in accordance with bond documents, trust indentures, and/or escrow agreements.

§ 4-1.07 ALLOTMENTS

Except when otherwise directed by the Governor within the limits prescribed in §§ 4-1.02 Withholding of Spending Authority, 4-1.03 Appropriation Transfers, and 4-1.04 Appropriation Increases of this act, the Director, Department of Planning and Budget, shall prepare and act upon the allotment of appropriations required by this act, and by § 2.2-1819, Code of Virginia, and the authorizations for rates of pay required by this act. Such allotments and authorizations shall have the same effect as if

the personal signature of the Governor were subscribed thereto. This section shall not be construed to prohibit an appeal by the head of any state agency to the Governor for reconsideration of any action taken by the Director, Department of Planning and Budget, under this section.

§ 4-2.00 REVENUES

§ 4-2.01 NONGENERAL FUND REVENUES

a. SOLICITATION AND ACCEPTANCE OF DONATIONS, GIFTS, GRANTS, AND CONTRACTS:

1. No state agency shall solicit or accept any donation, gift, grant, or contract without the written approval of the Governor except under written guidelines issued by the Governor which provide for the solicitation and acceptance of nongeneral funds, except that donations or gifts to the Virginia War Memorial Foundation that are small in size and number and valued at less than \$5,000, such as library items or small display items, may be approved by the Executive Director of the Virginia War Memorial in consultation with the Secretary of Veterans Affairs and Homeland Security. All other gifts and donations to the Virginia War Memorial Foundation must receive written approval from the Secretary of Veterans Affairs and Homeland Security.

2. The Governor may issue policies in writing for procedures which allow state agencies to solicit and accept nonmonetary donations, gifts, grants, or contracts except that donations, gifts and grants of real property shall be subject to § 4-4.00 of this act and § 2.2-1149, Code of Virginia. This provision shall apply to donations, gifts and grants of real property to endowment funds of institutions of higher education, when such endowment funds are held by the institution in its own name and not by a separately incorporated foundation or corporation.

3. The preceding subdivisions shall not apply to property and equipment acquired and used by a state agency or institution through a lease purchase agreement and subsequently donated to the state agency or institution during or at the expiration of the lease purchase agreement, provided that the lessor is the Virginia College Building Authority.

4. The use of endowment funds for property, plant or equipment for state-owned facilities is subject to §§ 4-2.03 Indirect Costs, 4-4.01 Capital Projects-General and 4-5.03 Services and Clients of this act.

b. HIGHER EDUCATION TUITION AND FEES

1. Except as provided in Chapters 933 and 943 of the 2006 Acts of Assembly, Chapters 594 and 616 of the 2008 Acts of Assembly, and Chapters 675 and 685 of the 2009 Acts of Assembly, all nongeneral fund collections by public institutions of higher education, including collections from the sale of dairy and farm products, shall be deposited in the state treasury in accordance with § 2.2-1802, Code of Virginia, and expended by the institutions of higher education in accordance with the appropriations and provisions of this act, provided, however, that this requirement shall not apply to private gifts, endowment funds, or income derived from endowments and gifts.

2. a) The Boards of Visitors or other governing bodies of institutions of higher education may set tuition and fee charges at levels they deem to be appropriate for all resident student groups based on, but not limited to, competitive market rates, provided that the total revenue generated by the collection of tuition and fees from all students is within the nongeneral fund appropriation for educational and general programs provided in this act.

b) The Boards of Visitors or other governing bodies of institutions of higher education may set tuition and fee charges at levels they deem to be appropriate for all nonresident student groups based on, but not limited to, competitive market rates, provided that: i) the tuition and mandatory educational and general fee rates for nonresident undergraduate and graduate students cover at least 100 percent of the average cost of their education, as calculated through base adequacy guidelines adopted, and periodically amended, by the Joint Subcommittee Studying Higher Education Funding Policies, and ii) the total revenue generated by the collection of tuition and fees from all students is within the nongeneral fund appropriation for educational and general programs provided in this act.

c) For institutions charging nonresident students less than 100 percent of the cost of education, the State Council of Higher Education for Virginia may authorize a phased approach to meeting this requirement, when in its judgment, it would result in annual tuition and fee increases for nonresident students that would discourage their enrollment.

d) The Boards of Visitors or other governing bodies of institutions of higher education shall not increase the current proportion of nonresident undergraduate students if the institution's nonresident undergraduate enrollment exceeds 25 percent. Norfolk State University, Virginia Military Institute, Virginia State University, and two-year public institutions are exempt from this restriction.

3. a) In setting the nongeneral fund appropriation for educational and general programs at the institutions of higher education, the General Assembly shall take into consideration the appropriate student share of costs associated with providing full funding of the base adequacy guidelines referenced in subparagraph 2. b), raising average salaries for teaching and research faculty to the 60th percentile of peer institutions, and other priorities set forth in this act.

b) In determining the appropriate state share of educational costs for resident students, the General Assembly shall seek to cover at least 67 percent of educational costs associated with providing full funding of the base adequacy guidelines referenced in subparagraph 2. b), raising average salaries for teaching and research faculty to the 60th percentile of peer institutions, and other priorities set forth in this act.

4. a) Each institution and the State Council of Higher Education for Virginia shall monitor tuition, fees, and other charges, as well as the mix of resident and nonresident students, to ensure that the primary mission of providing educational opportunities to citizens of Virginia is served, while recognizing the material contributions provided by the presence of nonresident students. The State Council of Higher Education for Virginia shall also develop and enforce uniform guidelines for reporting student enrollments and the domiciliary status of students.

b) The State Council of Higher Education for Virginia shall report to the Governor and the Chairmen of the House Appropriations and Senate Finance Committees no later than August 1 of each year the annual change in total charges for tuition and all required fees approved and allotted by the Board of Visitors. As it deems appropriate, the State Council of Higher Education for Virginia shall provide comparative national, peer, and market data with respect to charges assessed students for tuition and required fees at institutions outside of the Commonwealth.

c) Institutions of higher education are hereby authorized to make the technology service fee authorized in Chapter 1042, 2003 Acts of Assembly, part of ongoing tuition revenue. Such revenues shall continue to be used to supplement technology resources at the institutions of higher education.

d) Except as provided in Chapters 933 and 943 of the 2006 Acts of Assembly, Chapters 594 and 616 of the 2008 Acts of Assembly, and Chapters 675 and 685 of the 2009 Acts of Assembly, each institution shall work with the State Council of Higher Education for Virginia and the Virginia College Savings Plan to determine appropriate tuition and fee estimates for tuition savings plans.

5. a) It is the intent of the General Assembly that each institution's combined general and nongeneral fund appropriation within its educational and general program closely approximate the anticipated annual budget each fiscal year.

b) In coordination with the institutions, the State Council of Higher Education for Virginia shall report no later than August 1 of each year on the estimated amount of revenue each institution expects to collect from tuition and mandatory educational and general fees during the fiscal year.

c) This report shall serve as the foundation for any administrative increase in nongeneral fund appropriations within the institutions' educational and general programs that is approved by the Director, Department of Planning and Budget, pursuant to the authority provided in § 4-1.04 of this act.

d) Each institution must notify the Director, State Council of Higher Education for Virginia, prior to requesting an administrative increase to the nongeneral fund appropriation for tuition and fee revenue within its educational and general program. Within 30 days of receiving such notification, the Director of the State Council of Higher Education for Virginia shall review and provide comment, as necessary, to the Director, Department of Planning and Budget. The Director, Department of Planning and Budget, shall evaluate the institution's request along with any comments received from the Director, State Council of Higher Education for Virginia, prior to taking action on the requested administrative increase.

e) In consultation with the Director, Department of Planning and Budget, the Director, State Council of Higher Education for Virginia, shall include a summary of all requested and approved administrative increases to nongeneral fund appropriations for tuition and fee revenue within the educational and general programs of the institutions of higher education as part of the annual nongeneral fund revenue report.

f) In consultation with the Department of Planning and Budget and the State Council of Higher Education for Virginia, the Governor shall reconcile actual nongeneral fund expenditures with nongeneral fund appropriations included in the act and recommend technical adjustments, as he deems appropriate, in submitting his budget amendments prior to the next General Assembly session.

6. Nonresident graduate students employed by an institution as teaching assistants, research assistants, or graduate assistants and paid at an annual contract rate of \$4,000 or more may be considered resident students for the purposes of charging tuition and fees.

7. The fund source "Higher Education Operating" within educational and general programs for institutions of higher education includes tuition and fee revenues from nonresident students to pay their proportionate share of the amortized cost of the construction of buildings approved by the Commonwealth of Virginia Educational Institutions Bond Act of 1992 and the Commonwealth of Virginia Educational Facilities Bond Act of 2002.

8. a) Except as provided in Chapters 933 and 943 of the 2006 Acts of Assembly, Chapters 594 and 616 of the 2008 Acts of Assembly, and Chapters 675 and 685 of the 2009 Acts of Assembly, mandatory fees for purposes other than educational and general programs shall not be increased for Virginia undergraduates beyond five percent annually, excluding requirements for wage, salary, and fringe benefit increases, authorized by the General Assembly. Fee increases required to carry out actions that

respond to mandates of federal agencies are also exempt from this provision, provided that a report on the purposes of the amount of the fee increase is submitted to the Chairmen of the House Appropriations and Senate Finance Committees by the institution of higher education at least 30 days prior to the effective date of the fee increase.

b) This restriction shall not apply in the following instances: fee increases directly related to capital projects authorized by the General Assembly; fee increases to support student health services; and other fee increases specifically authorized by the General Assembly.

c) Due to the small mandatory non-educational and general program fees currently assessed students in the Virginia Community College System, increases in any one year of no more than \$15 shall be allowed on a cost-justified case-by-case basis, subject to approval by the State Board for Community Colleges.

9. Any institution of higher education granting new tuition waivers to resident or nonresident students not authorized by the Code of Virginia must absorb the cost of any discretionary waivers.

10. Tuition and fee revenues from nonresident students taking courses through Virginia institutions from the Southern Regional Education Board's Southern Regional Electronic Campus must exceed all direct and indirect costs of providing instruction to those students. Tuition and fee rates to meet this requirement shall be established by the Board of Visitors of the institution.

c. HIGHER EDUCATION PLANNED EXCESS REVENUES:

An institution of higher education, except for those public institutions governed by Chapters 933 and 943 of the 2006 Acts of Assembly, Chapters 594 and 616 of the 2008 Acts of Assembly, and Chapters 675 and 685 of the 2009 Acts of Assembly, may generate and retain tuition and fee revenues in excess of those provided in § 4-2.01 b Higher Education Tuition and Fees, subject to the following:

1. Such revenues are identified by language in the appropriations in this act to any such institution.

2. The use of such moneys is fully documented by the institution to the Governor prior to each fiscal year and prior to allotment.

3. The moneys are supplemental to, and not a part of, ongoing expenditure levels for educational and general programs used as the basis for funding in subsequent biennia.

4. The receipt and expenditure of these moneys shall be recorded as restricted funds on the books of the Department of Accounts and shall not revert to the surplus of the general fund at the end of the biennium.

5. Tuition and fee revenues generated by the institution other than as provided herein shall be subject to the provisions of § 4-1.04 a.3 Gifts, Grants, and Other Nongeneral Funds of this act.

However, in no case shall (i) lump-sum payments, (ii) one-time payments not generated from the normal operation of state government, or (iii) proceeds from the sale of state property or assets be included in the general fund revenue calculations for purposes of subsection C of § 58.1-3524 and subsection B of § 58.1-3536, Code of Virginia.

c. DATE OF RECEIPT OF REVENUES:

All June general fund collections received under Subtitle I of Title 58.1, Code of Virginia, bearing a postmark date or electronic transactions with a settlement or notification date on or before the first business day in July, when June 30 falls on a Saturday or Sunday, shall be considered as June revenue and recorded under guidelines established annually by the Department of Accounts.

§ 4-2.03 INDIRECT COSTS

a. INDIRECT COST RECOVERIES FROM GRANTS AND CONTRACTS:

Each state agency, including institutions of higher education, which accepts a grant or contract shall recover full statewide and agency indirect costs unless prohibited by the grantor agency or exempted by provisions of this act.

b. AGENCIES OTHER THAN INSTITUTIONS OF HIGHER EDUCATION:

The following conditions shall apply to indirect cost recoveries received by all agencies other than institutions of higher education:

1. The Governor shall include in the recommended nongeneral fund appropriation for each agency in this act the amount which the agency includes in its revenue estimate as an indirect cost recovery. The recommended nongeneral fund appropriations shall reflect the indirect costs in the program incurring the costs.

2. If actual agency indirect cost recoveries exceed the nongeneral fund amount appropriated in this act, the Director, Department of Planning and Budget, is authorized to increase the nongeneral fund appropriation to the agency by the amount of such excess indirect cost recovery. Such increase shall be made in the program incurring the costs.

3. Statewide indirect cost recoveries shall be paid into the general fund of the state treasury, unless the agency is specifically exempted from this requirement by language in this act. Any statewide indirect cost recoveries received by the agency in excess of the exempted sum shall be deposited to the general fund of the state treasury.

c. INSTITUTIONS OF HIGHER EDUCATION:

The following conditions shall apply to indirect cost recoveries received by institutions of higher education:

1. Seventy percent shall be retained by the institution as an appropriation of moneys for the conduct and enhancement of research and research-related requirements. Such moneys may be used for payment of principal of and interest on bonds issued by or for the institution pursuant to § 23-19, Code of Virginia, for any appropriate purpose of the institution, including, but not limited to, the conduct and enhancement of research and research-related requirements.

2. Thirty percent of the indirect cost recoveries for the level of sponsored programs authorized in the appropriations in Part 1 of Chapter 1042 of the Acts of Assembly of 2003, shall be included in the educational and general revenues of the institution to meet administrative costs.

3. Institutions of higher education may retain 100 percent of the indirect cost recoveries related to research grant and contract levels in excess of the levels authorized in Chapter 1042 of the Acts of Assembly of 2003. This provision is included as an additional incentive for increasing externally funded research activities.

d. REPORTS

The Director, Department of Planning and Budget, shall make available via electronic means a report to the Chairmen of the Senate Finance and House Appropriations Committees and the public no later than September 1 of each year on the indirect cost recovery moneys administratively appropriated.

e. REGULATIONS:

The State Comptroller is hereby authorized to issue regulations to carry out the provisions of this subsection, including the establishment of criteria to certify that an agency is in compliance with the provisions of this subsection.

§ 4-3.00 DEFICIT AUTHORIZATION AND TREASURY LOANS

§ 4-3.01 DEFICITS

a. GENERAL:

1. Except as provided in this section no state agency shall incur a deficit. No state agency receiving general fund appropriations under the provisions of this act shall obligate or expend moneys in excess of its general fund appropriations, nor shall it obligate or expend moneys in excess of nongeneral fund revenues that are collected and appropriated.

2. The Governor is authorized to approve deficit funding for a state agency under the following conditions:

a) an unanticipated federal or judicial mandate has been imposed,

b) insufficient moneys are available in the first year of the biennium for start-up of General Assembly-approved action, or

c) delay pending action by the General Assembly at its next legislative session will result in the curtailment of services required by statute or those required by federal mandate or will produce a threat to life, safety, health or property.

d) Such approval by the Governor shall be in writing under the conditions described in § 4-3.02 a Authorized Deficit Loans of this act and shall be promptly communicated to the Chairmen of the House Appropriations and Senate Finance Committees within five calendar days of deficit approval.

3. Deficits shall not be authorized for capital projects.

4. The Department of Transportation may obligate funds in excess of the current biennium appropriation for projects of a capital nature not covered by § 4-4.00 Capital Projects, of this act provided such projects a) are delineated in the Virginia Transportation Six-Year Improvement Program, as approved by the Commonwealth Transportation Board; and b) have sufficient cash allocated to each such project to cover projected costs in each year of the Program; and provided that c) sufficient revenues are projected to meet all cash obligations for such projects as well as all other commitments and appropriations approved by the General Assembly in the biennial budget.

b. UNAUTHORIZED DEFICITS: If any agency contravenes any of the prohibitions stated above, thereby incurring an unauthorized deficit, the Governor is hereby directed to withhold approval of such excess obligation or expenditure. Further, there shall be no reimbursement of said excess, nor shall there be any liability or obligation upon the state to make any appropriation hereafter to meet such unauthorized deficit. Further, those members of the governing board of any such agency who shall have voted therefor, or its head if there be no governing board, making any such excess obligation or expenditure shall be personally liable for the full amount of such unauthorized deficit and, at the discretion of the Governor, shall be deemed guilty of neglect of official duty and be subject to removal therefor. Further, the State Comptroller is hereby directed to make public any such unauthorized deficit, and the Director, Department of Planning and Budget, is hereby directed to set out such unauthorized deficits in the next biennium budget. In addition, the Governor is directed to bring this provision of this act to the attention of the members of the governing board of each state agency, or its head if there be no governing board, within two weeks of the date that this act becomes effective. The governing board or the agency head shall execute and return to the Governor a signed acknowledgment of such notification.

c. TOTAL AUTHORIZED DEFICITS: The amount which the Governor may authorize, under the provisions of this section during the current biennium, to be expended from loans repayable out of the general fund of the state treasury, for all state agencies, or other agencies combined, in excess of general fund appropriations for the current biennium, shall not exceed one and one-half percent (1 1/2%) of the revenues collected and paid into the general fund of the state treasury as defined in § 4-2.02 b. of this act during the last year of the previous biennium and the first year of the current biennium.

d. The Governor shall report any such authorized and unauthorized deficits to the Chairmen of the House Appropriations and Senate Finance Committees within five calendar days of deficit approval. By August 15 of each year, the Governor shall provide a comprehensive report to the Chairmen of the House Appropriations and Senate Finance Committees detailing all such deficits.

§ 4-3.02 TREASURY LOANS

a. AUTHORIZED DEFICIT LOANS: A state agency requesting authorization for deficit spending shall prepare a plan for the Governor's review and approval, specifying appropriate financial, administrative and management actions necessary to eliminate the deficit and to prevent future deficits. If the Governor approves the plan and authorizes a state agency to incur a deficit under the provisions of this section, the amount authorized shall be obtained by the agency by borrowing the authorized amount on such terms and from such sources as may be approved by the Governor. At the close of business on the last day of the current biennium, any unexpended balance of such loan shall be applied toward repayment of the loan, unless such action is contrary to the conditions of the loan approval. The Director, Department of Planning and Budget, shall set forth in the next biennial budget all such loans which require an appropriation for repayment. A copy of the approved plan to eliminate the deficit shall be transmitted to the Chairmen of the House Appropriations and the Senate Finance Committees within five

1 calendar days of approval.

2 b. ANTICIPATION LOANS: Authorization for anticipation loans are limited to the provisions below.

10 Secretary of Finance or his designee as to the amount, terms and sources of such funds; such loans in anticipation of bond
11 proceeds shall not exceed the amount of the anticipated proceeds from debt authorized by the General Assembly and shall be
12 repaid only from such proceeds when collected.

13 2. Anticipation loans for operating expenses shall be in amounts not greater than the sum identified by the agency as the
14 minimum amount required to meet the projected expenditures. The term of any anticipation loans granted for operating

18 4. Anticipation loans for capital projects shall be in amounts not greater than the sum identified by the agency as required to
19 meet the projected expenditures for the project within the current biennium.

20 5. To ensure that such loans are repaid as soon as practical and economical, the Department of Planning and Budget shall
21 monitor the construction and expenditure schedules of all approved capital projects that will be paid for with proceeds from
22 authorized debt and have anticipation loans.

23 6. Unless otherwise prohibited by federal or state law, the State Treasurer shall charge current market interest rates on
24 anticipation loans made for operating purposes and capital projects subject to the following:

25 a) Anticipation loans for capital projects for which debt service will be paid with general fund appropriations shall be exempt
26 from interest payments on borrowed balances.

27 b) Interest payments on anticipation loans for nongeneral fund capital projects or nongeneral fund operating expenses shall be

31 Senate Finance Committees by August 15 of each year. The report shall include a status of the repayment schedule for each
32 loan.

33 c. ANTICIPATION LOANS FOR PROJECTS NOT INCLUDED IN THIS ACT OR FOR PROJECTS AUTHORIZED
34 UNDER § 4-4.01M: Authorization for anticipation loans for projects not included in this act or for projects authorized under
35 § 4-4.01 m are limited to the provisions below:

36 1. Such loans are limited to those projects that shall be repaid from revenues derived from nongeneral fund sources.

37 2.a) When the payment of authorized obligations for operating expenses is required prior to the collection of nongeneral fund
38 revenues, any state agency may borrow from the state treasury the required sum with the prior written approval of the
39 Secretary of Finance or his designee as to the amount, terms, and sources of such funds. Such loans shall not exceed the
40 amount of the anticipated collections of such nongeneral fund revenues and shall be repaid only from such nongeneral fund
41 revenues when collected.

42 b) When the payment of obligations for capital expenses for projects authorized under § 4-4.01 m is required prior to the

§ 4-3.03 CAPITAL LEASES

a. GENERAL:

1. As part of their capital budget submission, all agencies and institutions of the Commonwealth proposing building projects that may qualify as capital lease agreements, as defined in Generally Accepted Accounting Principles (GAAP), and that may be supported in whole, or in part, from appropriations provided for in this act, shall submit copies of such proposals to the Directors of the Departments of Planning and Budget and General Services, the State Comptroller, and the State Treasurer. The Secretary of Finance may promulgate guidelines for the review and approval of such requests.

2. The proposals shall be submitted in such form as the Secretary of Finance may prescribe. The Comptroller and the Director, Department of General Services shall be responsible for evaluating the proposals to determine if they qualify as capital lease agreements. The State Treasurer shall be responsible for incorporating existing and authorized capital lease agreements in the annual Debt Capacity Advisory Committee reports.

b. APPROVAL OF FINANCINGS:

1. For any project which qualifies as a capital lease, as defined in the preceding subdivisions a 1 and 2, and which is financed through the issuance of securities, the Treasury Board shall approve the terms and structure of such financing pursuant to § 2.2-2416, Code of Virginia.

2. For any project for which costs will exceed \$5,000,000 and which is financed through a capital lease transaction, the Treasury Board shall approve the financing terms and structure of such capital lease in addition to such other reviews and approvals as may be required by law. Prior to consideration by the Treasury Board, the Departments of Accounts, General Services, and Planning and Budget shall notify the Treasury Board upon their approval of any transaction which qualifies as a capital lease under the terms of this section. The State Treasurer shall notify the Chairmen of the House Appropriations and Senate Finance Committees of the action of the Treasury Board as it regards this subdivision within five calendar days of its action.

c. REPORTS: Not later than December 20 of each year, the Secretary of Finance and the Secretary of Administration shall jointly be responsible for providing the Chairmen of the House Appropriations and Senate Finance Committees with recommendations involving proposed capital lease agreements.

d. This section shall not apply to capital leases that are funded entirely with nongeneral fund revenues and are entered into by public institutions of higher education governed by Chapters 933 and 943 of the 2006 Acts of Assembly. Furthermore, the Department of General Services is authorized to enter into capital leases for executive branch agencies provided that the resulting capital lease is funded entirely with nongeneral funds, is approved based on the requirements of § 4-3.03 b.1 and 2 above, and would not be considered tax supported debt of the Commonwealth.

§ 4-4.00 CAPITAL PROJECTS

§ 4-4.01 GENERAL

a. Definition:

1. Unless defined otherwise, when used in this section, "capital project" or "project" means acquisition of property and new construction and improvements related to state-owned property, plant or equipment (including plans therefor), as the terms "acquisition", "new construction", and "improvements" are defined in the instructions for the preparation of the Executive Budget. "Capital project" or "project" shall also mean any improvements to property leased for use by a state agency, and not owned by the state, when such improvements are financed by public funds, except as hereinafter provided in subdivisions 3 and 4 of this subsection.

2. The provisions of this section are applicable equally to acquisition of property and plant by purchase, gift, or any other means, including the acquisition of property through a lease/purchase contract, regardless of the method of financing or the source of funds. Acquisition of property by lease shall be subject to § 4-3.03 of this act.

3. The provisions of this section shall not apply to property or equipment acquired by lease or improvements to leased property and equipment when the improvements are provided by the lessor pursuant to the terms of the lease and upon expiration of the lease remain the property of the lessor.

4. The provisions of this section shall not apply to property leased by state agencies for the purposes described in §§ 2.2-1151 C and 33.1-93, Code of Virginia.

b. Notwithstanding any other provisions of law, requests for appropriations for capital projects shall be subject to the following:

1. The agency shall submit a capital project proposal for all requested capital projects. Such proposals shall be submitted to the Director, Department of Planning and Budget, for review and approval in accordance with guidelines prescribed by the director. Projects shall be developed to meet agency functional and space requirements within a cost range comparable to similar public and private sector projects.

2. Except for institutions of higher education governed by Chapters 933 and 943 of the 2006 Acts of Assembly, Chapters 594 and 616 of the 2008 Acts of Assembly and Chapters 675 and 685 of the 2009 Acts of Assembly, financings for capital projects shall comply, where applicable, with the Treasury Board Guidelines issued pursuant to § 2.2-2416, Code of Virginia, and any subsequent amendments thereto.

3. As part of any request for appropriations for an armory, the Department of Military Affairs shall obtain a written commitment from the host locality to share in the operating expense of the armory.

c. Each agency head shall provide annually to the Director, Department of Planning and Budget, a report on the use of the maintenance reserve appropriation of the agency in Part 2 of this act. In the use of its maintenance reserve appropriation, an agency shall give first priority to the repair or replacement of roof on buildings under control of the agency. The agency head shall certify in the agency's annual maintenance reserve report that to the best of his or her knowledge, all necessary roof repairs have been accomplished or are in the process of being accomplished. Such roof repairs and replacements shall be in accord with the technical requirements of the Commonwealth's Construction and Professional Services Manual.

d. The Department of Planning and Budget shall review its approach to capital outlay planning and budgeting from time to time and make available via electronic means a report of any proposed change to the Chairmen of the House Appropriations and Senate Finance Committees and the public prior to its implementation. Such report shall include an analysis of the impact of the suggested change on affected agencies and institutions.

e. Nothing in §§ 2-0 and 4-4.00 of this act shall be deemed to override the provisions of §§ 2.2-1132 and 62.1-132.6, Code of Virginia, amended by Chapter 488, 1997 Acts of Assembly, relating to Virginia Port Authority capital projects and procurement activities.

f. It is the intent of the General Assembly that the Department of Conservation and Recreation shall be authorized to initiate and accept by gift or purchase with nongeneral fund dollars any lands for State Park or Natural Area purposes which may become available, and that are not specifically appropriated by the General Assembly, when such acquisitions are made in accordance with the provisions of this section and other applicable provisions of state law including approval by the Governor.

g. Legislative Approval: It is the intent of the General Assembly that, with the exceptions noted in this paragraph and paragraph m, all capital projects to be undertaken by agencies of the Commonwealth, including institutions of higher education, shall be pursuant to approvals by the General Assembly as provided in the Six-Year Capital Outlay Plan established pursuant to § 2.2-1515, et seq., Code of Virginia. Otherwise, the consideration of capital projects shall be limited to:

1. Supplementing projects which have been bid and determined to have insufficient funding to be placed under contract, and

2. Projects declared by the Governor or the General Assembly to be of an emergency nature, which may avoid an increase in cost or otherwise result in a measurable benefit to the state, and/or which are required for the continued use of existing facilities.

3. This paragraph does not prohibit the initiation of projects authorized by § 4-4.01 m hereof, or projects included under the central appropriations for capital project expenses in this act.

h. Preliminary Requirements: In regard to each capital project for which appropriation or reappropriation is made pursuant to this act, or which is hereafter considered by the Governor for inclusion in the Executive Budget, or which is offered as a gift or is considered for purchase, the Governor is hereby required: (1) to determine the urgency of its need, as compared with the need for other capital projects as herein authorized, or hereafter considered; (2) to determine whether the proposed plans and specifications for each capital project are suitable and adequate, and whether they involve expenditures which are excessive for

the purposes intended; (3) to determine whether labor, materials, and other requirements, if any, needed for the acquisition or construction of such project can and will be obtained at reasonable cost; and (4) to determine whether or not the project conforms to a site or master plan approved by the agency head or board of visitors of an institution of higher education for a program approved by the General Assembly.

i. Initiation Generally:

1. No architectural or engineering planning for, or construction of, or purchase of any capital project shall be commenced or revised without the prior written approval of the Governor or his designee.

2. The requirements of § 10.1-1190, Code of Virginia, shall be met prior to the release of funds for a major state project, provided, however, that the Governor or his designee is authorized to release from any appropriation for a major state project made pursuant to this act such sum or sums as may be necessary to pay for the preparation of the environmental impact report required by § 10.1-1188, Code of Virginia.

3. The Governor, at his discretion, or his designee may release from any capital project appropriation or reappropriation made pursuant to this act such sum (or sums) as may be necessary to pay for the preparation of plans and specifications by architects and engineers, provided that the estimated cost of the construction covered by such drawings and specifications does not exceed the appropriation therefor; provided, further, however, that the architectural and engineering fees paid on completion of the preliminary design for any such project may be based on such estimated costs as may be approved by the Governor in writing, where it is shown to the satisfaction of the Governor that higher costs of labor or material, or both, or other unforeseen conditions, have made the appropriation inadequate for the completion of the project for which the appropriation was made, and where in the judgment of the Governor such changed conditions justify the payment of architectural or engineering fees based on costs exceeding the appropriation.

4. Architectural or engineering contracts shall not be awarded in perpetuity for capital projects at any state institution, agency or activity.

j. Capital Projects Financed with Bonds: Capital projects proposed to be financed with (i) 9 (c) general obligation bonds or (ii) 9(d) obligations where debt service is expected to be paid from project revenues or revenues of the agency or institution, shall be reviewed as follows:

1. By August 15 of each year, requests for inclusion in the Executive Budget of capital projects to be financed with 9(c) general obligation bonds shall be submitted to the State Treasurer for evaluation of financial feasibility. Submission shall be in accordance with the instructions prescribed by the State Treasurer. The State Treasurer shall distribute copies of financial feasibility studies to the Director, Department of Planning and Budget, the Secretary for the submitting agency or institution, the Chairmen of the House Appropriations and Senate Finance Committees, and the Director, State Council of Higher Education for Virginia, if the project is requested by an institution of higher education.

2. By August 15 of each year, institutions shall also prepare and submit copies of financial feasibility studies to the State Council of Higher Education for Virginia for 9(d) obligations where debt service is expected to be paid from project revenues or revenues of the institution. The State Council of Higher Education for Virginia shall identify the impact of all projects requested by the institutions of higher education, and as described in § 4-4.01 j.1. of this act, on the current and projected cost to students in institutions of higher education and the impact of the project on the institution's need for student financial assistance. The State Council of Higher Education for Virginia shall report such information to the Secretary of Finance and the Chairmen of the House Appropriations and Senate Finance Committees no later than October 1 of each year.

3. Prior to the issuance of debt for 9(c) general obligation projects, when more than one year has elapsed since the review of financial feasibility specified in § 4-4.01 j 1 above, an updated feasibility study shall be prepared by the agency and reviewed by the State Treasurer prior to requesting the Governor's Opinion of Financial Feasibility required under Article X, Section 9 (c), of the Constitution of Virginia.

k. Transfers to supplement capital projects from nongeneral funds may be made under the conditions set forth in §§ 4-1.03 a, 4-1.04 a.3, and 4-4.01 m of this act.

l.1. Change in Size and Scope: Unless otherwise provided by law, the scope, which is the function or intended use, of any capital project may not be substantively changed, nor its size increased or decreased by more than five percent in size beyond the plans and justification which were the basis for the appropriation or reappropriation in this act or for the Governor's authorization pursuant to § 4-4.01 m of this act. However, this prohibition is not applicable to changes in size and scope required because of circumstances determined by the Governor to be an emergency, or requirements imposed by the federal government when such capital project is for armories or other defense-related installations and is funded in whole or in part by federal funds. Furthermore, this prohibition shall not apply to minor increases, beyond five percent, in square footage determined by the Director, Department of General Services, to be reasonable and appropriate based on a written justification submitted by the agency stating the reason for the increase, with the provision that such increase will not increase the cost of the project beyond the amount appropriated; nor to decreases in size beyond five percent to offset unbudgeted costs when such costs are determined by the Director, Department of Planning and Budget, to be reasonable based on a written justification submitted by the agency specifying the amount and nature of the unbudgeted costs and the types of actions that will be taken

to decrease the size of the project. The written justification shall also include a certification, signed by the agency head, that the resulting project will be consistent with the original programmatic intent of the appropriations.

2. If space planning, energy conservation, and environmental standards guides for any type of construction have been approved by the Governor or the General Assembly, the Governor shall require capital projects to conform to such planning guides.

m. Projects Not Included In This Act:

1. Authorization by Governor:

a) The Governor may authorize initiation of, planning for, construction of or acquisition of a nongeneral fund capital project not specifically included in this act or provided for a program approved by the General Assembly through appropriations, under one or more of the following conditions:

1) The project is required to meet an emergency situation.

2) The project is to be operated as an auxiliary enterprise or sponsored program in an institution of higher education and will be fully funded by revenues of auxiliary enterprises or sponsored programs.

3) The project is to be operated as an educational and general program in an institution of higher education and will be fully funded by nongeneral fund revenues of educational and general programs or from private gifts and indirect cost recoveries.

4) The project consists of plant or property which has become available or has been received as a gift.

5) The project has been recommended for funding by the Tobacco Indemnification and Community Revitalization Commission or the Virginia Tobacco Settlement Foundation.

b) The foregoing conditions are subject to the following criteria:

1) Funds are available within the appropriations made by this act (including those subject to §§ 4-1.03 a, 4-1.04 a.3, and 4-2.03) without adverse effect on other projects or programs, or from unappropriated nongeneral fund revenues or balances.

2) In the Governor's opinion such action may avoid an increase in cost or otherwise result in a measurable benefit to the state.

3) The authorization includes a detailed description of the project, the project need, the total project cost, the estimated operating costs, and the fund sources for the project and its operating costs.

4) The Chairmen of the House Appropriations and Senate Finance Committees shall be notified by the Governor prior to the authorization of any capital project under the provisions of this subsection.

5) Permanent funding for any project initiated under this section shall only be from nongeneral fund sources.

2. Authorization by Director, Department of Planning and Budget:

a) The Director, Department of Planning and Budget, may authorize initiation of a capital project not included in this act, if the General Assembly has enacted legislation to fund the project from bonds of the Virginia Public Building Authority, Virginia College Building Authority, or from reserves created by refunding of bonds issued by those Authorities.

3. Delegated authorization by Boards of Visitors, Public Institutions of Higher Education:

a) In accordance with § 4-5.06 of this act, the board of visitors of any public institution of higher education that: i) has met the eligibility criteria set forth in Chapters 933 and 945 of the 2005 Acts of Assembly for additional operational and administrative autonomy, including having entered into a memorandum of understanding with the Secretary of Administration for delegated authority of nongeneral fund capital outlay projects, and ii) has received a sum sufficient nongeneral fund appropriation for emergency projects as set out in Part 2: Capital Project Expenses of this act, may authorize the initiation of any capital project that is not specifically set forth in this act provided that the project meets at least one of the conditions and criteria identified in § 4-4.01 m 1 of this act.

b) At least 30 days prior to the initiation of a project under this provision, the board of visitors must notify the Governor and Chairmen of the House Appropriations and Senate Finance Committees and must provide a life-cycle budget analysis of the project. Such analysis shall be in a form to be prescribed by the Auditor of Public Accounts.

c) The Commonwealth of Virginia shall have no general fund obligation for the construction, operation, insurance, routine maintenance, or long-term maintenance of any project authorized by the board of visitors of a public institution of higher education in accordance with this provision.

n. Acquisition, maintenance, and operation of buildings and nonbuilding facilities in colleges and universities shall be subject

to the following policies:

1. The anticipated program use of the building or nonbuilding facility should determine the funding source for expenditures for acquisition, construction, maintenance, operation, and repairs.

2. Expenditures for land acquisition, site preparation beyond five feet from a building, and the construction of additional outdoor lighting, sidewalks, outdoor athletic and recreational facilities, and parking lots in the Virginia Community College System shall be made only from appropriated federal funds, Trust and Agency funds, including local government allocations or appropriations, or the proceeds of indebtedness authorized by the General Assembly.

3. The general policy of the Commonwealth shall be that parking services are to be operated as an auxiliary enterprise by all colleges and universities. Institutions should develop sufficient reserves for ongoing maintenance and replacement of parking facilities.

4. Except as provided in paragraph 2 above, expenditures for maintenance, replacement, and repair of outdoor lighting, sidewalks, and other infrastructure facilities may be made from any appropriated funds.

5. Expenditures for operations, maintenance, and repair of athletic, recreational, and public service facilities, both indoor and outdoor, should be from nongeneral funds. However, this condition shall not apply to any indoor recreational facility existing on a community college campus as of July 1, 1988.

6.a.1. At institutions of higher education that have met the eligibility criteria for additional operational and administrative authority as set forth in Chapters 933 and 945 of the 2005 Acts of Assembly or Chapters 824 and 829 of the 2008 Acts of Assembly, any repair, renovation, or new construction project costing up to \$2,000,000 shall be exempt from the capital outlay review and approval process. For purposes of this paragraph, projects shall not include any subset of a series of projects, which in combination would exceed the \$2,000,000 maximum.

2. All institutions of higher education shall be exempt from the capital review and approval process for repair, renovation, or new construction projects costing up to \$2,000,000.

b. Blanket authorizations funded entirely by nongeneral funds may be used for 1) renovation and infrastructure projects costing up to \$2,000,000 and 2) the planning of nongeneral fund new construction and renovation projects through bidding, with bid award made after receipt of a construction authorization. The Director, Department of Planning and Budget, may provide exemptions to the threshold.

7. It is the policy of the Commonwealth that the institutions of higher education shall treat the maintenance of their facilities as a priority for the allocation of resources. No appropriations shall be transferred from the "Operation and Maintenance of Plant" subprogram except for closely and definitely related purposes, as approved by the Director, Department of Planning and Budget, or his designee. A report providing the rationale for each approved transfer shall be made to the Chairmen of the House Appropriations and Senate Finance Committees.

o. Legislative Intent and Reporting: Appropriations for capital projects shall be deemed to have been made for purposes which require their expenditure, or being placed under contract for expenditure, during the current biennium. Agencies to which such appropriations are made in this act or any other act are required to report progress as specified by the Governor. If, in the opinion of the Governor, these reports do not indicate satisfactory progress, he is authorized to take such actions as in his judgment may be necessary to meet legislative intent as herein defined. Reporting on the progress of capital projects shall be in accordance with § 4-8.00, Reporting Requirements.

p. No expenditure from a general fund appropriation in this act shall be made to expand or enhance a capital outlay project beyond that anticipated when the project was initially approved by the General Assembly except to comply with requirements imposed by the federal government when such capital project is for armories or other defense-related installations and is funded in whole or in part by federal funds. General fund appropriations in excess of those necessary to complete the project shall not be reallocated to expand or enhance the project, or be reallocated to a different project. The prohibitions in this subsection shall not apply to transfers from projects for which reappropriations have been authorized.

q. Local or private funds to be used for the acquisition, construction or improvement of capital projects for state agency use as owner or lessee shall be deposited into the state treasury for appropriation prior to their expenditure for such projects.

r. State-owned Registered Historic Landmarks: To guarantee that the historical and/or architectural integrity of any state-owned properties listed on the Virginia Landmarks Register and the knowledge to be gained from archaeological sites will not be adversely affected because of inappropriate changes, the heads of those agencies in charge of such properties are directed to submit all plans for significant alterations, remodeling, redecoration, restoration or repairs that may basically alter the appearance of the structure, landscaping, or demolition to the Department of Historic Resources. Such plans shall be reviewed within thirty days and the comments of that department shall be submitted to the Governor through the Department of General Services for use in making a final determination.

s.1. The Governor may authorize the conveyance of any interest in property or improvements thereon held by the

Commonwealth to the educational or real estate foundation of any institution of higher education where he finds that such property was acquired with local or private funds or by gift or grant to or for the use of the institution, and not with funds appropriated to the institution by the General Assembly. Any approved conveyance shall be exempt from § 2.2-1156, Code of Virginia, and any other statute concerning conveyance, transfer or sale of state property. If the foundation conveys any interest in the property or any improvements thereon, such conveyance shall likewise be exempt from compliance with any statute concerning disposition of state property. Any income or proceeds from the conveyance of any interest in the property shall be deemed to be local or private funds and may be used by the foundation for any foundation purpose.

2. This section shall not apply to public institutions of higher education governed by Chapters 933 and 943 of the 2006 Acts of Assembly, Chapters 594 and 616 of the 2008 Acts of Assembly, Chapters 824 and 829 of the 2008 Acts of Assembly, and Chapters 675 and 685 of the 2009 Acts of Assembly.

t.1. Facility Lease Agreements Involving Institutions of Higher Education: In the case of any lease agreement involving state-owned property controlled by an institution of higher education, where the lease has been entered into consistent with the provisions of § 2.2-1155, Code of Virginia, the Governor may amend, adjust or waive any project review and reporting procedures of Executive agencies as may reasonably be required to promote the property improvement goals for which the lease agreement was developed.

2. This section shall not apply to public institutions of higher education governed by Chapters 933 and 943 of the 2006 Acts of Assembly, Chapters 594 and 616 of the 2008 Acts of Assembly, Chapters 824 and 829 of the 2008 Acts of Assembly, and Chapters 675 and 685 of the 2009 Acts of Assembly.

u. Energy-efficiency Projects: Improvements to state-owned properties for the purpose of energy-efficiency shall be treated as follows:

1. Such improvements shall be considered an operating expense, provided that:

a) the scope of the project meets or exceeds the applicable energy-efficiency standards set forth in the American Society of Heating, Refrigerating, and Air Conditioning Engineers (ASHRAE), the Illuminating Engineering Society (IES) standard 90.1-1989 and is limited to measures listed in guidelines issued by the Department of General Services;

b) the project is financed consistent with the provisions of § 2.2-2417, Code of Virginia, which requires Treasury Board approval and is executed through a nonprofessional services contract with a vendor approved by the Department of General Services;

c) the scope of work has been reviewed and recommended by the Department of Mines, Minerals and Energy;

d) the total cost does not exceed \$3,000,000; and

e) if the total cost exceeds \$3,000,000, but does not exceed \$7,000,000, the energy savings from the project offset the total cost of the project, including debt service and interest payments.

2. If (a) the total cost of the improvement exceeds \$7,000,000 or (b) the total cost exceeds \$3,000,000, but does not exceed \$7,000,000, and the energy savings from the project do not fully offset the total cost of the project, including debt services and interest payments, the improvement shall be considered a capital expense regardless of the type of improvement and the following conditions must be met:

a) the scope of the project meets or exceeds the applicable energy-efficiency standards set forth in the American Society of Heating, Refrigerating, and Air Conditioning Engineers (ASHRAE), the Illuminating Engineering Society (IES) standard 90.1-1989 and is limited to measures listed in guidelines issued by the Department of General Services;

b) the project is financed consistent with the provisions of § 2.2-2417, Code of Virginia, which requires Treasury Board approval and is executed through a nonprofessional services contract with a vendor approved by the Department of General Services;

c) the scope of work has been reviewed and recommended by the Department of Mines, Minerals and Energy;

d) the project has been reviewed by the Department of Planning and Budget; and

e) the project has been approved by the Governor.

3. If the total project exceeds \$250,000, the agency director will submit written notification to the Director, Department of Planning and Budget, verifying that the project meets all of the conditions in subparagraph 1 above.

The provisions of §§ 2.0 and 4-4.01 of this act and the provisions of §2.2-1132, Code of Virginia, shall not apply to energy conservation projects that qualify as capital expenses.

4. As used in this paragraph, "improvement" does not include (a) constructing, enlarging, altering, repairing or demolishing a building or structure, (b) changing the use of a building either within the same use group or to a different use group when the new use requires greater degrees of structural strength, fire protection, exit facilities or sanitary provisions, or (c) removing or disturbing any asbestos-containing materials during demolition, alteration, renovation of or additions to building or structures. If the projected scope of an energy-efficiency project includes any of these elements, it shall be subject to the capital outlay process as set out in this section.

5. The Director, Department of Planning and Budget, shall notify the Chairmen of the House Appropriations and Senate Finance Committees upon the initiation of any energy-efficiency projects under the provisions of this paragraph.

v. No expenditures shall be authorized for the purchase of fee simple title to any real property to be used for a correctional facility or for the actual construction of a correctional facility provided for in this act, or by reference hereto, that involves acquisition or new construction of youth or adult correctional facilities on real property which was not owned by the Commonwealth on January 1, 1995, until the governing body of the county, city or town wherein the project is to be located has adopted a resolution supporting the location of such project within the boundaries of the affected jurisdiction. The foregoing does not prohibit expenditures for site studies, real estate options, correctional facility design and related expenditures.

w. Except for institutions of higher education governed by Chapters 933 and 943 of the 2006 Acts of Assembly, Chapters 594 and 616 of the 2008 Acts of Assembly, and Chapters 675 and 685 of the 2009 Acts of Assembly, any alternative financing agreement entered into between a state agency or institution of higher education and a private entity or affiliated foundation must be reviewed and approved by the Treasury Board.

x. Prior to requesting authorization for new dormitory capital projects, institutions of higher education shall conduct a cost study to determine whether an alternative financing arrangement or public-private transaction would provide a more effective option for the construction of the proposed facility. This study shall be submitted to the Department of Planning and Budget as part of the budget development process and shall be evaluated by the Governor prior to submitting his proposed budget.

y. Any new construction project developed by or for the Chippokes Plantation Farm Foundation, with an estimated cost of \$750,000 or less, shall be exempt from the capital outlay review and approval process.

z. Construction or improvement projects of the Department of Military Affairs are not exempt from the capital outlay review process when the state procurement process is utilized, except for those projects with both an estimated cost of \$3,000,000 or less and are 100 percent federally reimbursed. The Department of Military Affairs shall submit by July 30 of each year to the Department of Planning and Budget a list of such projects that were funded pursuant to this exemption in the previous fiscal year and any projects that would be eligible for such funding in future fiscal years.

§ 4-4.02 PLANNING AND BUDGETING

a. It shall be the intent of the General Assembly to make biennial appropriations for a capital improvements program sufficient to address the program needs of the Commonwealth. The capital improvements program shall include maintenance and deferred maintenance of the Commonwealth's existing facilities, and of the facility requirements necessary to deliver the programs of state agencies and institutions.

b. In effecting these policies, the Governor shall establish a capital budget plan to address the renewal and replacement of the Commonwealth's physical plant, using such guidelines as recommended by industry or government to maintain the Commonwealth's investment in its property and plant.

§ 4-5.00 SPECIAL CONDITIONS AND RESTRICTIONS ON EXPENDITURES

§ 4-5.01 TRANSACTIONS WITH INDIVIDUALS

a. SETTLEMENT OF CLAIMS: Whenever a dispute, claim or controversy involving the interest of the Commonwealth is settled pursuant to § 2.2-514, Code of Virginia, payment may be made out of any appropriations, designated by the Governor, to the state agency(ies) which is (are) party to the settlement.

b. STUDENT FINANCIAL ASSISTANCE FOR HIGHER EDUCATION:

1. General:

a) The appropriations made in this act to state institutions of higher education within the Items for student financial assistance may be expended for any one, all, or any combination of the following purposes: grants to undergraduate students enrolled at least one-half time in a degree, certificate or diploma program; grants to full-time graduate students; grants to students enrolled full-time in a dual or concurrent undergraduate and graduate program. The institutions may also use these appropriations for the purpose of supporting work study programs. Institutions may also contribute to federal or private student grant aid programs requiring matching funds by the institution, except for programs requiring work. The State Council of Higher Education for Virginia shall annually review each institution's plan for the expenditures of its appropriation for undergraduate

student financial assistance prior to the start of the fall term to determine program compliance. The institution's plan shall include the institution's assumptions and calculations for determining the cost of attendance, student financial need, and student remaining need as well as an award schedule or description of how funds are awarded. For the purposes of the proposed plan, each community college shall be considered independently.

b) All awards made to undergraduate students from such Items shall be for Virginia students only and such awards shall offset all, or portions of, the costs of tuition and required fees, and, in the case of students qualifying under subdivision b 2 c)1) hereof, the cost of books. All undergraduate financial aid award amounts funded by this appropriation shall be proportionate to the remaining need of individual students, with students with higher levels of remaining need receiving grants before other students. No criteria other than the need of the student shall be used to determine the award amount other than as specified in Item 206 J of this act. Because of the low cost of attendance and recognizing that federal grants provide a much higher portion of cost than at other institutions, a modified approach and minimum award amount for the neediest VGAP student should be implemented for community college and Richard Bland College students based on remaining need and the combination of federal and grant state aid. Student financial need shall be determined by a need-analysis system approved by the Council.

c)1) All need-based awards made to graduate students shall be determined by the use of a need-analysis system approved by the Council.

2) As part of the six-year financial plans required in the provisions of Chapters 933 and 945 of the 2005 Acts of Assembly, each institution of higher education shall report the extent to which tuition and fee revenues are used to support graduate student aid and graduate compensation and how the use of these funds impacts planned increases in student tuition and fees.

d) A student who receives a grant under such Items and who, during a semester, withdraws from the institution which made the award must surrender the unearned portion. The institution shall calculate the unearned portion of the award based on the percentage used for federal Return to Title IV program purposes.

e) An award made under such Items to assist a student in attending an institution's summer session shall be prorated according to the size of comparable awards made in that institution's regular session.

f) The provisions of this act under the heading "Student Financial Assistance for Higher Education" shall not apply to the soil scientist scholarships authorized under § 23-38.3, Code of Virginia.

g) Unless noted elsewhere in this act, awards shall be named "Commonwealth" grants.

h) Unless otherwise provided by statute, undergraduate awards shall not be made to students seeking a second or additional baccalaureate degree until the financial aid needs of first-degree seeking students are fully met.

2. Grants To Undergraduate Students:

a) Each institution which makes undergraduate grants paid from its appropriation for student financial assistance shall expend such sums as approved for that purpose by the Council.

b) A student receiving an award must be duly admitted and enrolled in a degree, certificate or diploma program at the institution making the award, and shall be making satisfactory academic progress as defined by the institution for the purposes of eligibility under Title IV of the federal Higher Education Act, as amended.

c)1) It is the intent of the General Assembly that students eligible under the Virginia Guaranteed Assistance Program (VGAP) authorized in Title 23, Chapter 4.4:2, Code of Virginia, shall receive grants before all other students at the same institution with equivalent remaining need from the appropriations for undergraduate student financial assistance found in Part 1 of this act (service area 1081000 - Scholarships). In each instance, VGAP eligible students shall receive awards greater than other students with equivalent remaining need.

2) The amount of each VGAP grant shall vary according to each student's remaining need and the total of tuition, all required fees and the cost of books at the institution the student will attend upon acceptance for admission. The actual amount of the VGAP award will be determined by the proportionate award schedule adopted by each institution; however, those students with the greatest financial need shall be guaranteed an award at least equal to tuition.

3) It is the intent of the General Assembly that the Virginia Guaranteed Assistance Program serve as an incentive to financially needy students now attending elementary and secondary school in Virginia to raise their expectations and their academic performance and to consider higher education an achievable objective in their futures.

4) Students may not receive a VGAP and a Commonwealth grant in the same semester.

3. Grants To Graduate Students:

a) An individual award may be based on financial need but may, in addition to or instead of, be based on other criteria determined by the institution making the award. The amount of an award shall be determined by the institution making the

award; however, the Council shall annually be notified as to the maximum size of a graduate award that is paid from funds in the appropriation.

b) The institution is required to transfer to educational and general appropriations all funds used to pay graduate assistantships or for duties which require work.

c) A student receiving a graduate award paid from the appropriation must be duly admitted into a graduate degree program at the institution making the award.

d) Not more than 50 percent of the funds designated by an institution as graduate grants from the appropriation, and approved as such by the Council, shall be awarded to persons not eligible to be classified as Virginia domiciliary resident students except in cases where the persons meet the criteria outlined in § 4-2.01b.6.

4. Matching Funds: Any institution of higher education may, with the approval of the Council, use funds from its appropriation for fellowships and scholarships to provide the institutional contribution to any student financial aid program established by the federal government or private sources which requires the matching of the contribution by institutional funds, except for programs requiring work.

5. Discontinued Loan Program:

a) If any federal student loan program for which the institutional contribution was appropriated by the General Assembly is discontinued, the institutional share of the discontinued loan program shall be repaid to the fund from which the institutional share was derived unless other arrangements for the use of the funds are recommended by the Council and approved by the Department of Planning and Budget. Should the institution be permitted to retain the federal contributions to the program, the funds shall be used according to arrangements authorized by the Council and approved by the Department of Planning and Budget.

b)1) An institution of higher education may discontinue its student loan fund established pursuant to Title 23, Chapter 4.01, Code of Virginia. The full amount of cash in such discontinued loan fund shall be paid into the state treasury into a nonrevertible nongeneral fund account. Prior to such payment, the State Comptroller shall verify its accuracy, including the fact that the cash held by the institution in the loan fund will be fully depleted by such payment. The loan fund shall not be reestablished thereafter for that institution.

2) The cash so paid into the state treasury shall be used only for grants to undergraduate and graduate students in the Higher Education Student Financial Assistance program according to arrangements authorized by the Council and approved by the Department of Planning and Budget.

3) Payments on principal and interest of any promissory notes held by the discontinued loan fund shall continue to be received by the institution, which shall deposit such payments in the state treasury to the nonrevertible nongeneral fund account specified in subdivision (1) preceding, to be used for grants as specified in subdivision (2) preceding.

6. Reporting: The Council shall collect student-specific information for undergraduate students as is necessary for the operation of the Student Financial Assistance Program. The Council shall maintain regulations governing the operation of the Student Financial Assistance Program based on the provisions outlined in this section, the Code of Virginia, and State Council policy.

C. PAYMENTS TO CITIZEN MEMBERS OF NONLEGISLATIVE BODIES:

Notwithstanding any other provision of law, executive branch agencies shall not pay compensation to citizen members of boards, commissions, authorities, councils, or other bodies from any fund for the performance of such members' duties in the work of the board, commission, authority, council, or other body.

§ 4-5.02 THIRD PARTY TRANSACTIONS

a. EMPLOYMENT OF ATTORNEYS:

1.a. All attorneys authorized by this act to be employed by any state agency and all attorneys compensated out of any moneys appropriated in this session of the General Assembly shall be appointed by the Attorney General and be in all respects subject to the provisions of Title 2.2, Chapter 5, Code of Virginia, to the extent not to conflict with Title 12.1, Chapter 4, Code of Virginia; provided, however, that if the Governor certifies the need for independent legal counsel for any Executive Department agency, such agency shall be free to act independently of the Office of the Attorney General in regard to selection, and provided, further, that compensation of such independent legal counsel shall be paid from the moneys appropriated to such Executive Department agency or from the moneys appropriated to the Office of the Attorney General.

b. For purposes of this act, "attorney" shall be defined as an employee or contractor who represents an agency before a court, board or agency of the Commonwealth of Virginia or political subdivision thereof. This term shall not include members of the bar employed by an agency who perform in a capacity that does not require a license to practice law, including but not limited to, instructing, managing, supervising or performing normal or customary duties of that agency.

2. This section does not apply to attorneys employed by state agencies in the Legislative Department, Judicial Department or Independent Agencies.

3. Reporting on employment of attorneys shall be in accordance with § 4-8.00, Reporting Requirements.

b. STUDIES AND CONSULTATIVE SERVICES REQUIRED BY GENERAL ASSEMBLY: No expenditure for payments on third party nongovernmental contracts for studies or consultative services shall be made out of any appropriation to the General Assembly or to any study group created by the General Assembly, nor shall any such expenditure for third party nongovernmental contracts be made by any Executive Department agency in response to a legislative request for a study, without the prior approval of two of the following persons: the Chairman of the House Appropriations Committee; the Chairman of the Senate Finance Committee; the Speaker of the House of Delegates; the President pro tempore of the Senate. All such expenditures shall be made only in accordance with the terms of a written contract approved as to form by the Attorney General.

c. USE OF CONSULTING SERVICES: All state agencies and institutions of higher education shall make a determination of "return on investment" as part of the criteria for awarding contracts for consulting services.

d. DEBT COLLECTION SERVICES:

1. Notwithstanding any provision of the Code of Virginia or this act to the contrary, the Virginia Commonwealth University Health System Authority shall have the option to participate in the Office of the Attorney General's debt collection process. Should the Authority choose not to participate, the Authority shall have the authority to collect its accounts receivable by engaging private collection agents and attorneys to pursue collection actions, and to independently compromise, settle, and discharge accounts receivable claims.

2. Notwithstanding any provision of the Code of Virginia or this act to the contrary, the University of Virginia Medical Center shall have the authority to collect its accounts receivable by engaging private collection agents and attorneys to pursue collection actions, and to independently compromise, settle, and discharge accounts receivable claims, provided that the University of Virginia demonstrates to the Secretary of Finance that debt collection by an agent other than the Office of the Attorney General is anticipated to be more cost effective. Nothing in this paragraph is intended to limit the ability of the University of Virginia Medical Center from voluntarily contracting with the Office of the Attorney General's Division of Debt Collection in cases where the Center would benefit from the expertise of legal counsel and collection services offered by the Office of the Attorney General.

3. Notwithstanding any provision of the Code of Virginia or this act to the contrary, the Department of Taxation shall be exempt from participating in the debt collection process of the Office of the Attorney General.

§ 4-5.03 SERVICES AND CLIENTS

a. CHANGED COST FACTORS:

1. No state agency, or its governing body, shall alter factors (e.g., qualification level for receipt of payment or service) which may increase the number of eligible recipients for its authorized services or payments, or alter factors which may increase the unit cost of benefit payments within its authorized services, unless the General Assembly has made an appropriation for the cost of such change.

2. State agencies shall submit any proposed modifications in rates to be charged by internal service funds, pursuant to §§ 2.2-803, 2.2-1101, and 2.2-2013, Code of Virginia, that impact on agency expenditures to the Department of Planning and Budget for review prior to approval by the Joint Legislative Audit and Review Commission. In its review, the Department of Planning and Budget shall determine whether the requested rate modifications are consistent with budget assumptions and report its findings to the Commission prior to the approval of the rate request.

3. Notwithstanding any other provision of law, the Joint Legislative Audit and Review Commission, in coordination with the Department of Planning and Budget, shall establish policies and procedures for annually reviewing internal service fund revenues, expenditures, and approval of rates.

b. NEW SERVICES:

1. No state agency shall begin any new service that will call for future additional property, plant or equipment or that will require an increase in subsequent general or nongeneral fund operating expenses without first obtaining the authorization of the General Assembly.

2. Pursuant to the policies and procedures of the State Council of Higher Education regarding approval of academic programs and the concomitant enrollment, no state institution of higher education shall operate any academic program with funds in this act unless approved by the Council and included in the Executive Budget, or approved by the General Assembly. The Council may grant exemptions to this policy in exceptional circumstances.

3. Reporting on all new services shall be in accordance with § 4-8.00, Reporting Requirements.

c. MEDICAID EXPANSION:

Notwithstanding the provisions of Item 301 of this Act or § 30-347, Code of Virginia, any amendment to the State Plan for Medical Assistance under Title XIX of the Social Security Act, and any waivers thereof, to implement coverage for newly eligible individuals pursuant to 42 U.S.C. § 1396d(y)(1)[2010] of the Patient Protection and Affordable Care Act shall sunset on June 30, 2016. The Medicaid Innovation and Reform Commission shall continue to assess progress made toward implementation of reforms to Medicaid. The assessment shall include progress toward implementation of a 42 U.S.C. § 1035 waiver established under the Patient Protection and Affordable Care Act, evidence of improved patients access to healthcare including mental health care, quality of care, patient safety, and population health as well as improved cost-effectiveness in public programs that support health and healthcare in the Commonwealth of Virginia. Reforms to be considered include but are not limited to health information exchange, health innovation, data transparency, health workforce development, payment reform, reduction in fraud and abuse in public programs, and waiver redesign.

d. OFF-CAMPUS SITES OF INSTITUTIONS OF HIGHER EDUCATION:

No moneys appropriated by this act shall be used for off-campus sites unless as provided for in this section.

1. A public college or university seeking to create, establish, or operate an off-campus instructional site, funded directly or indirectly from the general fund or with revenue from tuition and mandatory educational and general fees generated from credit course offerings, shall first refer the matter to the State Council of Higher Education for Virginia for its consideration and approval. The State Council of Higher Education for Virginia may provide institutions with conditional approval to operate the site for up to one year, after which time the college or university must receive approval from the Governor and General Assembly, through legislation or appropriation, to continue operating the site.

2. For the colleges of the Virginia Community College System, the State Board for Community Colleges shall be responsible for approving off-campus locations. Sites governed by this requirement are those at any locations not contiguous to the main campus of the institution, including locations outside Virginia.

3. a) The provisions herein shall not apply to credit offerings on the site of a public or private entity if the offerings are supported entirely with private, local, or federal funds or revenue from tuition and mandatory educational and general fees generated entirely by course offerings at the site.

b) Offerings at previously approved off-campus locations shall also not be subject to these provisions.

c) Further, the provisions herein do not govern the establishment and operations of campus sites with a primary function of carrying out grant and contract research where direct and indirect costs from such research are covered through external funding sources. Such locations may offer limited graduate education as appropriate to support the research mission of the site.

d) Nothing herein shall prohibit an institution from offering non-credit continuing education programs at sites away from the main campus of a college or university.

4. The State Council of Higher Education shall establish guidelines to implement this provision.

e. PERFORMANCE MEASUREMENT

1. In accordance with § 2.2-1501, Code of Virginia, the Department of Planning and Budget shall develop a programmatic budget and accounting structure for all new programs and activities to ensure that it provides the appropriate financial and performance measures to determine if programs achieve desired results and outcomes. The Department of Accounts shall provide assistance as requested by the Department of Planning and Budget. The Department of Planning and Budget shall provide this information each year when the Governor submits the budget in accordance with § 2.2-1509, Code of Virginia, to the Chairmen of the House Appropriations, House Finance, and Senate Finance Committees.

2.a) Within thirty days of the enactment of this act, the Director, Department of Planning and Budget, shall make available via electronic means to the Chairmen of the House Appropriations and Senate Finance Committees and the public a list of the new initiatives for which appropriations are provided in this act.

b) Not later than ninety days after the end of the first year of the biennium, the Director, Department of Planning and Budget, shall make available via electronic means a report on the performance of each new initiative contained in the list, to be submitted to the Chairmen of the House Appropriations and Senate Finance Committees and the public. The report shall compare the actual results, including expenditures, of the initiative with the anticipated results and the appropriation for the initiative. This information shall be used to determine whether the initiative should be extended beyond the beginning period. In the preparation of this report, all state agencies shall provide assistance as requested by the Department of Planning and Budget.

This information may be presented in any and all media, such as newspapers, magazines, television or radio where the information may be in the form of news, public service announcements or advertisements. Other forms of acceptable presentation would include brochures, pamphlets, posters, notices, bulletins, official catalogs, flyers available at public places and formal or informal meetings with prospective students.

2. Excessive Promotion Prohibited: Each public institution of higher education is prohibited from using public funds under the control of the institution's Board of Visitors for the development, preparation, dissemination or presentation of any material intended or designed to induce students to attend by exaggerating or extolling the institution's virtues, faculty, students, facilities or programs through the use of hyperbole. Artwork and photographs which exaggerate or extol rather than supplement or complement permissible information are prohibited. Mass mailings are generally prohibited; however, either mass mailings or newspaper inserts, but not both, may be used if other methods of distributing permissible information are not economically feasible in the institution's local service area.

3. Remedial Education: Senior institutions of higher education shall make arrangements with community colleges for the remediation of students accepted for admission by the senior institutions.

4. Compliance: The president or chancellor of each institution of higher education is responsible for the institution's compliance with this subsection.

b) Except for research projects, research initiatives, or instructional programs at public institutions of higher education, or any non-major information technology project request from the Virginia Community College System, Longwood University, or from an institution of higher education which is a member of the Virginia Association of State Colleges and University Purchasing Professionals (VASCUPP) as of July 1, 2003, or any procurement of information technology and telecommunications goods and services by public institutions of higher education governed by some combination of Chapters 933 and 945 of the 2005 Acts of Assembly, Chapters 933 and 943 of the 2006 Acts of Assembly, Chapters 594 and 616 of the 2008 Acts of Assembly, Chapters 824 and 829 of the 2008 Acts of Assembly, and Chapters 675 and 685 of the 2009 Acts of Assembly, requests for authorization from state agencies and institutions to procure information technology and telecommunications goods and services on their own behalf shall be made in writing to the Chief Information Officer or his designee. Members of VASCUPP as of July 1, 2003, are hereby recognized as: The College of William and Mary, George Mason University, James Madison University, Old Dominion University, Radford University, Virginia Commonwealth University, Virginia Military Institute, Virginia Polytechnic Institute and State University, and the University of Virginia.

c) The Chief Information Officer or his designee may grant the authorization upon a written determination that the request conforms to the statewide information technology plan and the individual information technology plan of the requesting agency or institution.

d) Any procurement authorized by the Chief Information Officer or his designee for information technology and telecommunications goods and services, including geographic information systems, shall be issued by the requesting state agency or institution in accordance with the regulations, policies, procedures, standards, and guidelines of the Virginia Information Technologies Agency.

e) Nothing in this subsection shall prevent public institutions of higher education or the Virginia Community College System from using the services of Network Virginia.

f) To ensure that the Commonwealth's research universities maintain a competitive position with access to the national optical research network infrastructure including the National LambdaRail and Internet2, the Network Virginia Contract Administrator is hereby authorized to renegotiate the term of the existing contracts. Additionally, the contract administrator is authorized to competitively negotiate additional agreements in accordance with the Code of Virginia and all applicable regulations, as required, to establish and maintain research network infrastructure.

2. If the billing rates and associated systems for computer, telecommunications and systems development services to state agencies are altered, the Director, Department of Planning and Budget, may transfer appropriations from the general fund

between programs affected. These transfers are limited to actions needed to adjust for overfunding or underfunding the program appropriations affected by the altered billing systems.

3. The provisions of this subsection shall not in any way affect the duties and responsibilities of the State Comptroller under the provisions of § 2.2-803, Code of Virginia.

4. It is the intent of the General Assembly that information technology (IT) systems, products, data, and service costs, including geographic information systems (GIS), be contained through the shared use of existing or planned equipment, data, or services which may be available or soon made available for use by state agencies, institutions, authorities, and other public bodies. State agencies, institutions, and authorities shall cooperate with the Virginia Information Technologies Agency in identifying the development and operational requirements for proposed IT and GIS systems, products, data, and services, including the proposed use, functionality, capacity and the total cost of acquisition, operation and maintenance.

5. This section shall not apply to public institutions of higher education governed by some combination of Chapters 933 and 945 of the 2005 Acts of Assembly, Chapters 933 and 943 of the 2006 Acts of Assembly or Chapters 594 and 616 of the 2008 Acts of Assembly, Chapters 824 and 829 of the 2008 Acts of Assembly and Chapters 675 and 685 of the 2009 Acts of Assembly.

6. Notwithstanding any other provision of law, state agencies that do not receive computer services from the Virginia Information Technologies Agency may develop their own policies and procedures governing the sale of surplus computers and laptops to their employees or officials. Any proceeds from the sale of surplus computers or laptops shall be deposited into the appropriate fund or funds used to purchase the equipment.

c. MOTOR VEHICLES AND AIRCRAFT:

1. No motor vehicles shall be purchased or leased with public funds by the state or any officer or employee on behalf of the state without the prior written approval of the Director, Department of General Services.

2. The institutions of higher education shall be exempt from this provision but shall be required to report their entire inventory of purchased and leased vehicles including the cost of such to the Director of the Department of General Services by June 30 of each year. The Director of the Department of General Services shall compare the cost of vehicles acquired by institutions of higher education to like vehicles under the state contract. If the comparison demonstrates for a given institution that the cost to the Commonwealth is greater for like vehicles than would be the case based on a contract of statewide applicability, the Governor or his designee may suspend the exemption granted to the institution pursuant to this subparagraph c.

3. The Director, Department of General Services, is hereby authorized to transfer surplus motor vehicles among the state agencies, and determine the value of such surplus equipment for the purpose of maintaining the financial accounts of the state agencies affected by such transfers.

d. MOTION PICTURE, TELEVISION AND RADIO SERVICES PRODUCTION: Except for public institutions of higher education governed by Chapters 933 and 943 of the 2006 Acts of Assembly, no state Executive Department agency or the State Lottery Department shall expend any public funds for the production of motion picture films or of programs for television transmission, or for the operation of television or radio transmission facilities, without the prior written approval of the Governor or as otherwise provided in this act, except for educational television programs produced for elementary-secondary education by authority of the Virginia Information Technologies Agency. The Joint Subcommittee on Rules is authorized to provide the approval of such expenditures for legislative agencies. For judicial agencies and independent agencies, other than the State Lottery Department, prior approval action rests with the supervisory bodies of these entities. With respect to television programs which are so approved and other programs which are otherwise authorized or are not produced for television transmission, state agencies may enter into contracts without competitive sealed bidding, or competitive negotiation, for program production and transmission services which are performed by public telecommunications entities, as defined in § 2.2-2427, Code of Virginia.

e. TRAVEL: Reimbursement for the cost of travel on official business of the state government is authorized to be paid pursuant to law and regulations issued by the State Comptroller to implement such law. Notwithstanding any contrary provisions of law:

1. For the use of personal automobiles in the discharge of official duties outside the continental limits of the United States, the State Comptroller may authorize an allowance not exceeding the actual cost of operation of such automobiles;

2. The first 15,000 miles of use during each fiscal year of personal automobiles in the discharge of official duties within the continental limits of the United States shall be reimbursed at an amount equal to the most recent business standard mileage rate as established by the Internal Revenue Service for employees or self-employed individuals to use in computing their income tax deductible costs for operating passenger vehicles owned or leased by them for business purposes, or in the instance of a state employee, at the lesser of (a) the IRS rate or (b) the lowest combined capital and operational trip pool rate charged by the Department of General Services, Office of Fleet Management Services (OFMS), posted on the OFMS website at time of travel, for the use of a compact state-owned vehicle. If the head of the state agency concerned certifies that a state-owned vehicle was not available, or if, according to regulations issued by the State Comptroller, the use of a personal automobile in

lieu of a state-owned automobile is considered to be an advantage to the state, the reimbursement shall be at the rate of the IRS rate. For such use in excess of 15,000 miles in each fiscal year, the reimbursement shall be at a rate of 13.0 cents per mile, unless a state-owned vehicle is not available; then the rate shall be the IRS rate;

3. The State Comptroller may authorize exemptions to restrictions upon use of common carrier accommodations;

4. The State Comptroller may authorize reimbursement by per diem in lieu of actual costs of meals and any other expense category deemed necessary for the efficient and effective operation of state government;

5. State employees traveling on official business of state government shall be reimbursed for their travel costs using the same bank account authorized by the employee in which their net pay is direct deposited; and

6. This section shall not apply to members and employees of public school boards.

f. SMALL PURCHASE CHARGE CARD, ELECTRONIC DATA INTERCHANGE, DIRECT DEPOSIT, AND PAYLINE OPT OUT: The State Comptroller is hereby authorized to charge state agencies a fee of \$5 per check or earnings notice when, in his judgment, agencies have failed to comply with the Commonwealth's electronic commerce initiatives to reduce unnecessary administrative costs for the printing and mailing of state checks and earning notices. The fee shall be collected by the Department of Accounts through accounting entries.

g. PURCHASES OF APPLIANCES AND EQUIPMENT: State agencies and institutions shall purchase Energy Star rated appliances and equipment in all cases where such appliances and equipment are available.

h. ELECTRONIC PAYMENTS: Any recipient of payments from the State Treasury who receives six or more payments per year issued by the State Treasurer shall receive such payments electronically. The State Treasurer shall decide the appropriate method of electronic payment and, through his warrant issuance authority, the State Comptroller shall enforce the provisions of this section. The State Comptroller is authorized to grant administrative relief to this requirement when circumstances justify non-electronic payment.

i. LOCAL AND NON-STATE SAVINGS AND EFFICIENCIES: It is the intent of the General Assembly that State agencies shall encourage and assist local governments, school divisions, and other non-state governmental entities in their efforts to achieve cost savings and efficiencies in the provision of mandated functions and services including but not limited to finance, procurement, social services programs, and facilities management.

j. MEDICAL SERVICES: No expenditures from general or nongeneral fund sources may be made out of any appropriation by the General Assembly for providing abortion services, except as otherwise required by federal law or state statute.

k. TELECOMMUNICATION SERVICES AND DEVICES:

1. The Chief Information Officer and the State Comptroller shall develop statewide requirements for the use of cellular telephones and other telecommunication devices by in-scope Executive Department agencies, addressing the assignment, evaluation of need, safeguarding, monitoring, and usage of these telecommunication devices. The requirements shall include an acceptable use agreement template clearly defining an employee's responsibility when they receive and use a telecommunication device. Statewide requirements shall require some form of identification on a device in case it is lost or stolen and procedures to wipe the device clean of all sensitive information when it is no longer in use.

2. In-scope Executive Department agencies providing employees with telecommunication devices shall develop agency-specific policies, incorporating the guidance provided in § 4-5.04 k. 1. of this act and shall maintain a cost justification for the assignment or a public health, welfare and safety need.

3. The Chief Information Officer shall determine the optimal number of telecommunication vendors and plans necessary to meet the needs of in-scope Executive Department agency personnel. The Chief Information Officer shall regularly procure these services and provide statewide contracts for use by all such agencies. These contracts shall require the vendors to provide detailed usage information in a useable electronic format to enable the in-scope agencies to properly monitor usage to make informed purchasing decisions and minimize costs.

4. The Chief Information Officer shall examine the feasibility of providing tools for in-scope Executive Department agencies to analyze usage and cost data to assist in determining the most cost effective plan combinations for the entity as a whole and individual users.

l. ALTERNATIVE PROCUREMENT: If any payment is declared unconstitutional for any reason or if the Attorney General finds in a formal, written, legal opinion that a payment is unconstitutional, in circumstances where a good or service can constitutionally be the subject of a purchase, the administering agency of such payment is authorized to use the affected appropriation to procure, by means of the Commonwealth's Procurement Act, goods and services, which are similar to those sought by such payment in order to accomplish the original legislative intent.

1 § 4-5.05 NONSTATE AGENCIES, INTERSTATE COMPACTS AND ORGANIZATIONAL MEMBERSHIPS

2 a. The accounts of any agency, however titled, which receives funds from this or any other appropriating act, and is not owned
3 or controlled by the Commonwealth of Virginia, shall be subject to audit or shall present an audit acceptable to the Auditor of
4 Public Accounts when so directed by the Governor or the Joint Legislative Audit and Review Commission.

5 b.1. For purposes of this subsection, the definition of "nonstate agency" is that contained in § 2.2-1505, Code of Virginia.

6 2. Allotment of appropriations to nonstate agencies shall be subject to the following criteria:

7 a) Such agency is located in and operates in Virginia.

8 b) The agency must be open to the public or otherwise engaged in activity of public interest, with expenditures having actually
9 been incurred for its operation.

10 3. No allotment of appropriations shall be made to a nonstate agency until such agency has certified to the Secretary of
11 Finance that cash or in-kind contributions are on hand and available to match equally all or any part of an appropriation which
12 may be provided by the General Assembly, unless the organization is specifically exempted from this requirement by language
13 in this act. Such matching funds shall not have been previously used to meet the match requirement in any prior appropriation
14 act.

15 4. Operating appropriations for nonstate agencies equal to or in excess of \$150,000 shall be disbursed to nonstate agencies in
16 twelve or fewer equal monthly installments depending on when the first payment is made within the fiscal year. Operating
17 appropriations for nonstate agencies of less than \$150,000 shall be disbursed in one payment once the nonstate agency has
18 successfully met applicable match and application requirements.

19 5. The provisions of § 2.2-4343 A 14, Code of Virginia shall apply to any expenditure of state appropriations by a nonstate
20 agency.

21 c.1. Each interstate compact commission and each organization in which the Commonwealth of Virginia or a state agency
22 thereof holds membership, and the dues for which are provided in this act or any other appropriating act, shall submit its
23 biennial budget request to the state agency under which such commission or organization is listed in this act. The state agency
24 shall include the request of such commission or organization within its own request, but identified separately. Requests by the
25 commission or organization for disbursements from appropriations shall be submitted to the designated state agency.

26 2. Each state agency shall submit by November 1 each year, a report to the Director, Department of Planning and Budget,
27 listing the name and purpose for organizational memberships held by that agency with annual dues of \$5,000 or more. The
28 institutions of higher education shall be exempt from this reporting requirement.

29 § 4-5.07 LEASE, LICENSE OR USE AGREEMENTS

30 a. Agencies shall not acquire or occupy real property through lease, license or use agreement until the agency certifies to the
31 Director, Department of General Services, that (i) funds are available within the agency's appropriations made by this act for
32 the cost of the lease, license or use agreement and (ii) except for good cause as determined by the Department of General
33 Services, the volume of such space conforms with the space planning procedures for leased facilities developed by the
34 Department of General Services and approved by the Governor. The Department of General Services shall acquire and hold
35 such space for use by state departments, agencies and institutions within the Executive Branch and may utilize brokerage
36 services, portfolio management strategies, strategic planning, transaction management, project and construction management,
37 and lease administration strategies consistent with industry best practices as adopted by the Department from time to time.
38 These provisions may be waived in writing by the Director, Department of General Services. However, these provisions shall
39 not apply to institutions of higher education that have met the conditions prescribed in subsection B of § 23-38.88, Code of
40 Virginia.

41 b. Agencies acquiring personal property in accordance with § 2.2-2417, Code of Virginia, shall certify to the State Treasurer
42 that funds are available within the agency's appropriations made by this act for the cost of the lease.

43 § 4-5.08 SEMICONDUCTOR MANUFACTURING PERFORMANCE GRANT PROGRAMS

44 a. The Comptroller shall not draw any warrants to issue checks for semiconductor manufacturing performance grant programs,
45 pursuant to Title 59.1, Chapter 22.3, Code of Virginia, without a specific legislative appropriation. The appropriation shall be
46 in accordance with the terms and conditions set forth in a memorandum of understanding between a qualified manufacturer and
47 the Commonwealth. These terms and conditions shall supplement the provisions of the Semiconductor Manufacturing
48 Performance Grant Program, the Semiconductor Memory or Logic Wafer Manufacturing Performance Grant Program, and the
49 Semiconductor Memory or Logic Wafer Manufacturing Performance Grant Program II, as applicable, and shall include but not
50 be limited to the numbers and types of semiconductor wafers that are produced; the level of investment directly related to the
51 building and equipment for manufacturing of wafers or activities ancillary to or supportive of such manufacturer within the
52 eligible locality; and the direct employment related to these programs. To that end, the Secretary of Commerce and Trade shall

certify in writing to the Governor and to the Chairmen of the House Appropriations and Senate Finance Committees the extent to which a qualified manufacturer met the terms and conditions. The appropriation shall be made in full or in proportion to a qualified manufacturer's fulfillment of the memorandum of understanding.

b. The Governor shall consult with the House Appropriations and Senate Finance Committees before amending any existing memorandum of understanding. These Committees shall have the opportunity to review any changes prior to their execution by the Commonwealth.

§ 4-5.09 DISPOSITION OF SURPLUS REAL PROPERTY

a. Notwithstanding the provisions of § 2.2-1156, Code of Virginia, the departments, divisions, institutions, or agencies of the Commonwealth, or the Governor, shall sell or lease surplus real property only under the following circumstances:

1. Any emergency declared in accordance with §§ 44-146.18:2 or 44-146.28, Code of Virginia, or

c. In accordance with § 15.2-2005, Code of Virginia, the consent of the General Assembly is herein provided for the road known as Standpipe Road, that was relocated and established on a portion of the Virginia Department of Transportation's Culpeper District Office property, identified as Tax Map No. 50-28, to improve the operational efficiency of the local road network in the Town of Culpeper. Further, the Virginia Department of Transportation is hereby authorized to convey to the Town of Culpeper, upon such terms and conditions as the Department deems proper and for such considerations the Department may determine, the property on which "Standpipe Road (Relocated)(Variable Width R/W)" on the plat entitled "plat Showing Property and Various Easements for Standpipe Road Relocated, Tax Map 50-28, Town of Culpeper, Culpeper County, Virginia" prepared by ATCS P.L.C and sealed March 14, 2012, together with easements to the Town of Culpeper for electric utility, slopes and drainage as shown on said plat. The conveyance shall be made with the approval of the Governor and in a form approved by the Attorney General. d. Notwithstanding the provisions of §2.2-1156, Code of Virginia, if tax-exempt bonds were issued by the Commonwealth or its related authorities, boards or institutions to finance the acquisition, construction, improvement or equipping of real property, proceeds from the sale or disposition of such property and any improvements may first be applied toward remediation options available under federal law to maintain the tax-exempt status of such bonds.

§ 4-5.10 SURPLUS PROPERTY TRANSFERS FOR ECONOMIC DEVELOPMENT

a. The Commonwealth shall receive the fair market value of surplus state property which is designated by the Governor for economic development purposes, and for any properties owned by an Industrial Development Authority in any county where the Commonwealth has a continuing interest based on the deferred portion of the purchase price, which shall be assessed by more than one independent appraiser certified as a Licensed General Appraiser. Such property shall not be disposed of for less than its fair market value as determined by the assessments.

b. Recognizing the commercial, business and industrial development potential of certain lands declared surplus, and for any properties owned by an Industrial Development Authority in any county where the Commonwealth has a continuing interest based on the deferred portion of the purchase price, the Governor shall be authorized to utilize funds available in the Governor's discretion, to meet the requirements of the preceding subsection a. Sale proceeds, together with the money from the Governor's Development Opportunity Fund, shall be deposited as provided in § 2.2-1156 D, Code of Virginia.

c. Within thirty days of closing on the sale of surplus property designated for economic development, the Governor or his designee shall report to the Chairmen of the Senate Finance and House Appropriations Committees. The report shall include information on the number of acres sold, sales price, amount of proceeds deposited to the general fund and Conservation Resources Fund, and the fair market value of the sold property.

d. Except for subaqueous lands that have been filled prior to January 1, 2006, the Governor shall not sell or convey those subaqueous lands identified by metes and bounds in Chapter 884 of the Acts of the Assembly of 2006.

 3 general appropriation act pursuant to such section, "Nonrecurring expenditures" shall mean only the acquisition or construction
 4 of capital outlay projects as defined in § 2.2-1518, Code of Virginia, the acquisition or construction of capital improvements,
 5 the acquisition of land, the acquisition of equipment, or other expenditures of a one-time nature as specified in the general
 6 appropriation act. Such term shall not include any expenditures relating to transportation, including but not limited to
 7 transportation maintenance.

10 a. The compensation of all kinds and from all sources of each appointee of the Governor and of each officer and employee in
 11 the Executive Department who enters the service of the Commonwealth or who is promoted to a vacant position shall be fixed
 12 at such rate as shall be approved by the Governor in writing or as is in accordance with rules and regulations established by
 13 the Governor. No increase shall be made in such compensation except with the Governor's written approval first obtained or in
 14 accordance with the rules and regulations established by the Governor. In all cases where any appointee, officer or employee is
 15 employed or promoted to fill a vacancy in a position for which a salary is specified by this act, the Governor may fix the
 16 salary of such officer or employee at a lower rate or amount within the respective level than is specified. In those instances

 56 than a ten percent increase from an appointee's preappointment compensation. In such cases, an appointee's starting salary may
 57 be set at a rate which is ten percent higher than the preappointment compensation, provided that the maximum of the range is
 58 not exceeded. However, in instances where an appointee's preappointment compensation exceeded the maximum of the
 59 respective salary range, then the salary for that appointee may be set at the maximum salary for the respective salary range.

- c) Nothing in subdivision c 1 shall be interpreted to supersede the provisions of § 4-6.01 e, f, g, h, i, j, k, l, and m of this act.

4. Notwithstanding § 4-6.01.c.2.b)1) of this Act, the Board of Commissioners of the Virginia Port Authority may supplement the salary of its Executive Director, with the prior approval of the Governor. 8. Notwithstanding any provision of this Act, the Board of Trustees of the Virginia Retirement System may supplement the salary of its Director. The Board should be guided by criteria, which provide a reasonable limit on the total additional income of the Director. The criteria should include, without limitation, a consideration of the salaries paid to similar officials in comparable public pension plans. The Board shall report such criteria and potential supplement level to the Chairmen of the Senate Finance and House Appropriations Committees at least 60 days prior to the effectuation of the compensation action. The Board shall report approved supplements to the Department of Human Resource Management for retention in its records.

d.1. Annual salaries of the presidents of the senior institutions of higher education, the President of Richard Bland College, the Chancellor of the University of Virginia's College at Wise, the Superintendent of the Virginia Military Institute, the Director of the State Council of Higher Education, the Director of the Southern Virginia Higher Education Center, the Director of the

Southwest Virginia Higher Education Center and the Chancellor of Community Colleges, as listed in this paragraph, shall be paid in the amounts shown. The annual salaries of the presidents of the community colleges shall be fixed by the State Board for Community Colleges within a salary structure submitted to the Governor prior to June 1 each year for approval.

2.a) The board of visitors of each institution of higher education or the boards of directors for Southern Virginia Higher Education Center, Southwest Virginia Higher Education Center, and the New College Institute may annually supplement the salary of a president or director from private gifts, endowment funds, foundation funds, or income from endowments and gifts. Supplements paid from other than the cited sources prior to June 30, 1997, may continue to be paid. In approving a supplement, the board of visitors or board of directors should be guided by criteria which provide a reasonable limit on the total additional income of a president or director. The criteria should include a consideration of additional income from outside sources including, but not being limited to, service on boards of directors or other such services. The board of visitors or board of directors shall report approved supplements to the Department of Human Resource Management for retention in its records.

b) The State Board for Community Colleges may annually supplement the salary of the Chancellor from any available appropriations of the Virginia Community College System. In approving a supplement, the State Board for Community Colleges should be guided by criteria which provide a reasonable limit on the total additional income of the Chancellor. The criteria should include consideration of additional income from outside sources including, but not being limited to, service on boards of directors or other such services. The Board shall report approved supplements to the Department of Human Resource Management for retention in its records.

c) Norfolk State University is authorized to supplement the salary of its president from educational and general funds up to \$17,000.

d) Should a vacancy occur for the Director of the State Council of Higher Education on or after the date of enactment of this act, the salary for the new director shall be established by the State Council of Higher Education based on the salary range for Level I agency heads. Furthermore, the state council may provide a bonus of up to five percent of the annual salary for the new director.

51 e. 1. Salaries for newly employed or promoted employees shall be established consistent with the compensation and
52 classification plans established by the Governor.

53 2. The State Comptroller is hereby authorized to require payment of wages or salaries to state employees by direct deposit or
54 by credit to a prepaid debit card or card account from which the employee is able to withdraw or transfer funds.

55 f. The provisions of this section, requiring prior written approval of the Governor relative to compensation, shall apply also to
56 any system of incentive award payments which may be adopted and implemented by the Governor. The cost of implementing
57 any such system shall be paid from any funds appropriated to the affected agencies.

58 g. No lump sum appropriation for personal service shall be regarded as advisory or suggestive of individual salary rates or of
59 salary schedules to be fixed under law by the Governor payable from the lump sum appropriation.

60 h. Subject to approval by the Governor of a plan for a statewide employee meritorious service awards program, as provided for
61 in § 2.2-1201.12, Code of Virginia, the costs for such awards shall be paid from any operating funds appropriated to the
62 affected agencies.

i. The General Assembly hereby affirms and ratifies the Governor's existing authority and the established practice of this body to provide for pay differentials or to supplement base rates of pay for employees in specific job classifications in particular geographic and/or functional areas where, in the Governor's discretion, they are needed for the purpose of maintaining salaries which enable the Commonwealth to maintain a competitive position in the relevant labor market.

j.1. If at any time the Administrator of the Commonwealth's Attorneys' Services Council serves on the faculty of a state-supported institution of higher education, the faculty appointment must be approved by the Council. Such institution shall pay one-half of the salary listed in § 4-6.01 c 6 of this act. Further, such institution may provide compensation in addition to that listed in § 4-6.01 c 6; provided, however, that such additional compensation must be approved by the Council.

2. If the Administrator ceases to be a member of the faculty of a state-supported institution of higher education, the total salary listed in § 4-6.01 c 6 shall be paid from the Council's appropriation.

k.1. Except as otherwise provided for in this subdivision, any increases in the salary band assignment of any job role contained in the compensation and classification plans approved by the Governor shall be effective beginning with the first pay period, defined as the pay period from June 25 through July 9, of the fiscal year if: (1) the agency certifies to the Secretary of Finance that funds are available within the agency's appropriation to cover the cost of the increase for the remainder of the current biennium and presents a plan for covering the costs next biennium and the Secretary concurs, or (2) such funds are appropriated by the General Assembly. If at any time the Secretary of Administration shall certify that such change in the salary band assignment for a job role is of an emergency nature and the Secretary of Finance shall certify that funds are available to cover the cost of the increase for the remainder of the biennium within the agency's appropriation, such change in compensation may be effective on a date agreed upon by these two Secretaries. The Secretary of Administration shall provide a monthly report of all such emergency changes in accordance with § 4-8.00, Reporting Requirements.

2. Salary adjustments for any employee through a promotion, role change, exceptional recruitment and retention incentive options, or in-range adjustment shall occur only if: a) the agency has sufficient funds within its appropriation to cover the cost of the salary adjustment for the remainder of the current biennium or b) such funds are appropriated by the General Assembly.

3. No changes in salary band assignments affecting classified employees of more than one agency shall become effective unless the Secretary of Finance certifies that sufficient funds are available to provide such increase or plan to all affected employees supported from the general fund.

l. Full-time employees of the Commonwealth, including faculty members of state institutions of higher education, who are appointed to a state-level board, council, commission or similar collegial body shall not receive any such compensation for their services as members or chairmen except for reimbursement of reasonable and necessary expenses. The foregoing provision shall likewise apply to the Compensation Board, pursuant to § 15.2-1636.5, Code of Virginia.

m.1. Notwithstanding any other provision of law, the board of visitors or other governing body of any public institution of higher education is authorized to establish age and service eligibility criteria for faculty participating in voluntary early retirement incentive plans for their respective institutions pursuant to § 23-9.2:3.1 B and the cash payment offered under such compensation plans pursuant to § 23-9.2:3.1 D, Code of Virginia. Notwithstanding the limitations in § 23-9.2:3.1 D, the total cost in any fiscal year for any such compensation plan, shall be set forth by the governing body in the compensation plan for approval by the Governor and review for legal sufficiency by the Office of the Attorney General.

2. Notwithstanding any other provision of law, employees holding full-time, academic-year classified positions at public institutions of higher education shall be considered "state employees" as defined in § 51.1-124.3, Code of Virginia, and shall be considered for medical/hospitalization, retirement service credit, and other benefits on the same basis as those individuals appointed to full-time, 12-month classified positions.

n. Notwithstanding the Department of Human Resource Management Policies and Procedures, payment to employees with five or more years of continuous service who either terminate or retire from service shall be paid in one sum for twenty-five percent of their sick leave balance, provided, however, that the total amount paid for sick leave shall not exceed \$5,000 and the remaining seventy-five percent of their sick leave shall lapse. This provision shall not apply to employees who are covered by the Virginia Sickness and Disability Program as defined in § 51.1-1100, Code of Virginia. Such employees shall not be paid for their sick leave balances. However, they will be paid, if eligible as described above, for any disability leave credits they have at separation or retirement or may convert disability credits to service credit under the Virginia Retirement System pursuant to § 51.1-1103 (F), Code of Virginia.

o. It is the intent of the General Assembly that calculation of the faculty salary benchmark goal for the Virginia Community College System shall be done in a manner consistent with that used for four-year institutions, taking into consideration the number of faculty at each of the community colleges. In addition, calculation of the salary target shall reflect an eight percent salary differential in a manner consistent with other public four-year institutions and for faculty at Northern Virginia Community College.

p. Any public institution of higher education that has met the eligibility criteria set out in Chapters 933 and 945 of the 2005 Acts of Assembly may supplement annual salaries for classified employees from private gifts, endowment funds, or income from endowments and gifts, subject to policies approved by the board of visitors. The Commonwealth shall have no general

fund obligations for the continuation of such salary supplements.

q. The Governor, or any other appropriate Board or Public Body, is authorized to adjust the salaries of employees specified in this item, and other items in the Act, to reflect the compensation adjustments authorized in Item 468 of this Act.

§ 4-6.02 EMPLOYEE TRAINING AND STUDY

Subject to uniform rules and regulations established by the Governor, the head of any state agency may authorize, from any funds appropriated to such department, institution or other agency in this act or subsequently made available for the purpose, compensation or expenses or both compensation and expenses for employees pursuing approved training courses or academic studies for the purpose of becoming better equipped for their employment in the state service. The rules and regulations shall include reasonable provision for the return of any employee receiving such benefits for a reasonable period of duty, or for reimbursement to the state for expenditures incurred on behalf of the employee should he not return to state service.

§ 4-6.03 EMPLOYEE BENEFITS

a. Any medical/hospitalization benefit program provided for state employees shall include the following provision: any state employee, as defined in § 2.2-2818, Code of Virginia, shall have the option to accept or reject coverage.

b. Except as provided for sworn personnel of the Department of State Police, no payment of, or reimbursement for, the employer paid contribution to the State Police Officers' Retirement System, or any system offering like benefits, shall be made by the Compensation Board of the Commonwealth at a rate greater than the employer rate established for the general classified workforce of the Commonwealth covered under the Virginia Retirement System. Any cost for benefits exceeding such general rate shall be borne by the employee or, in the case of a political subdivision, by the employer.

c. Each agency may, within the funds appropriated by this act, implement a transit and ridesharing incentive program for its employees. With such programs, agencies may reimburse employees for all or a portion of the costs incurred from using public transit, car pools, or van pools. The Secretary of Transportation shall develop guidelines for the implementation of such programs and any agency program must be developed in accordance with such guidelines. The guidelines shall be in accordance with the federal National Energy Policy Act of 1992 (P.L. 102-486), and no program shall provide an incentive that exceeds the actual costs incurred by the employee.

d. Any hospital that serves as the primary medical facility for state employees may be allowed to participate in the State Employee Health Insurance Program pursuant to § 2.2-2818, Code of Virginia, provided that (1) such hospital is not a participating provider in the network, contracted by the Department of Human Resource Management, that serves state employees and (2) such hospital enters into a written agreement with the Department of Human Resource Management as to the rates of reimbursement. The department shall accept the lowest rates offered by the hospital from among the rates charged by the hospital to (1) its largest purchaser of care, (2) any state or federal public program, or (3) any special rate developed by the hospital for the state employee health benefits program which is lower than either of the rates above. If the department and the hospital cannot come to an agreement, the department shall reimburse the hospital at the rates contained in its final offer to the hospital until the dispute is resolved. Any dispute shall be resolved through arbitration or through the procedures established by the Administrative Process Act, as the hospital may decide, without impairment of any residual right to judicial review.

e. Any classified employee of the Commonwealth and any person similarly employed in the legislative, judicial and independent agencies who (i) is compensated on a salaried basis and (ii) works at least twenty hours per week shall be considered a full-time employee for the purposes of participation in the Virginia Retirement System's group life insurance and retirement programs. Any part-time magistrate hired prior to July 1, 1999, shall have the option of participating in the programs under this provision.

f.1. Any member of the Virginia Retirement System who is retired under the provisions of § 51.1-155.1, Code of Virginia who: 1) returns to work in a position that is covered by the provisions of § 51.1-155.1, Code of Virginia after a break of not less than four years, 2) receives no other compensation for service to a public employer than that provided for the position covered by § 51.1-155.1, Code of Virginia during such period of reemployment, 3) retires within one year of commencing such period of reemployment, and 4) retires directly from service at the end of such period of reemployment may either:

a) Revert to the previous retirement benefit received under the provisions of § 51.1-155.1, Code of Virginia, including any annual cost of living adjustments granted thereon. This benefit may be adjusted upward to reflect the effect of such additional months of service and compensation received during the period of reemployment, or

b) Retire under the provisions of Title 51.1 in effect at the termination of his or her period of reemployment, including any purchase of service that may be eligible for purchase under the provisions of §51.1-142.2, Code of Virginia.

2. The Virginia Retirement System shall establish procedures for verification by the employer of eligibility for the benefits provided for in this paragraph.

g. Notwithstanding any other provision of law, no agency head compensated by funds appropriated in this act may be a

member of the Virginia Law Officers' Retirement System created under Title 51.1, Chapter 2.1, Code of Virginia. The provisions of this paragraph are effective on July 1, 2002, and shall not apply to the Chief of the Capitol Police.

h. Full-time employees appointed by the Governor who, except for meeting the minimum service requirements, would be eligible for the provisions of § 51.1-155.1, Code of Virginia, may, upon termination of service, use any severance allowance payment to purchase service to meet, but not exceed, the minimum service requirements of § 51.1-155.1, Code of Virginia. Each agency shall maintain records as to the calculation of meal charges and revenues collected. Except where appropriations for operation of the food service are from nongeneral funds, all revenues received from such charges shall be paid directly and promptly into the general fund. Any such position level increases pursuant to this provision may not be approved for more than one year.

b. The Position Levels stipulated for the individual agencies within the Department of Behavioral Health and Developmental Services and the Department of Corrections are for reference only and are subject to changes by the applicable Department, provided that such changes do not result in exceeding the Position Level for that department.

c.1. 2. The institutions of higher education and the State Council of Higher Education are hereby authorized to fill all positions authorized in this act. This provision shall be waived only upon the Governor's official declaration that a fiscal emergency exists requiring a change in the official estimate of general fund revenues available for appropriation.

e. Prior to implementing any Executive Department hiring freeze, the Governor shall consider the needs of the Commonwealth in regards to the safe and efficient operation of state facilities and performance of essential services to include the exemption of certain positions assigned to agencies and institutions that provide services pertaining to public safety and public health from such hiring freezes.

f.1. Full-time, part-time, wage or contractual state employees assigned to the Governor's Cabinet Secretaries from agencies and institutions under their control for the purpose of carrying out temporary assignments or projects may not be so assigned for a period exceeding 180 days in any calendar year. The permanent transfer of positions from an agency or institution to the Offices of the Secretaries, or the temporary assignment of agency or institutional employees to the Offices of the Secretaries for periods exceeding 180 days in any calendar year regardless of the separate or discrete nature of the projects, is prohibited without the prior approval of the General Assembly.

All state agencies/employers in all branches of government shall provide information requested by DHRM concerning hours worked by employees as needed to comply with the Act and this provision. State agencies/employers are accountable for compliance with this provision, and are responsible for any costs associated with maintaining compliance with it and for any costs or penalties associated with any violations of the Act or regulations thereunder and any such costs shall be borne by the agency from existing appropriations. b) The institution will make no less than 80 percent of purchase transactions through the Commonwealth's enterprise-wide internet procurement system (eVA) with no less than 75 percent of dollars to vendor locations in eVA.

5. Capital Outlay

a) The institution will complete capital projects (with an individual cost of over \$1,000,000) within the budget originally approved by the institution's governing board at the preliminary design state for projects initiated under delegated authority, or the budget set out in the Appropriation Act or other Acts of Assembly which provides construction funding for the project at the preliminary design state. If the institution exceeds the budget for any such project, the Secretaries of Administration and Finance shall review the circumstances causing the cost overrun and the manner in which the institution responded and determine whether the institution shall be considered in compliance with the measure despite the cost overrun;

b) The institution shall complete capital projects with the dollar amount of owner requested change orders not more than 2 percent of the guaranteed maximum price (GMP) or construction price; and

c) The institution shall pay competitive rates for leased office space - the average cost per square foot for office space leased by the institution is within 5 percent of the average commercial business district lease rate for similar quality space within reasonable proximity to the institution's campus.

6. Information Technology

a) The institution will complete major information technology projects (with an individual cost of over \$1,000,000) on time and on budget against their managed project baseline. If the institution exceeds the budget and/or time schedule for any such project, the Secretary of Technology shall review the circumstances causing the cost overrun and/or delay and the manner in which the institution responded and determine whether the institution appropriately adhered to Project Management Institute's best management practices and, therefore, shall be considered in compliance with the measure despite the cost overrun and/or delay; and

b) The institution will maintain compliance with institutional security standards as evaluated in internal and external audits. The institution will have no significant audit deficiencies unresolved beyond one year.

f. REPORTING

The Director, Department of Planning and Budget, with cooperation from the Comptroller and institutions of higher education governed under Management Agreements, shall develop uniform reporting requirements and formats for revenue and expenditure data.

g. EXEMPTION

The requirements of this section shall not be in effect if they conflict with § 23-9.6:1.01.D. of Chapters 828 and 869 of the Acts of Assembly of 2011.

§ 4-9.02 LEVEL II AUTHORITY

a. Notwithstanding the provisions of § 5 of Chapter 824 and 829 of the 2008 Acts of Assembly, institutions of higher education that have met the eligibility criteria for additional operational and administrative authority set forth in Chapters 824 and 829 of the 2008 Acts of Assembly shall be allowed to enter into separate negotiations for additional operational authority for a third and separate functional area listed in Chapter 824 and 829 of the 2008 Acts of Assembly, provided they have:

1. successfully completed at least three years of effectiveness and efficiencies operating under such additional authority granted by an original memorandum of understanding;

2. successfully renewed an additional memoranda of understanding for a five year term for each of the original two areas.

The institutions shall meet all criteria and follow policies for negotiating and establishing a memorandum of understanding with the Commonwealth of Virginia as provided in § 2.0 (Information Technology), § 3.0 (Procurement), and § 4.0 (Capital Outlay) of Chapter 824 and 829 of the 2008 Acts of Assembly.

b. As part of the memorandum of understanding, each institution shall be required to adopt at least one new education-related measure for the new area of operational authority. Each education-related measure and its respective target shall be developed in consultation with the Secretary of Finance, Secretary of Education, the appropriate Cabinet Secretary, and the State Council of Higher Education for Virginia. Each education-related measure and its respective target must be approved by the State Council of Higher Education for Virginia and shall become part of the certification required by § 23-9.6:1.01.

§ 4-10.00 IMPLEMENTING VIRGINIA HIGHER EDUCATION OPPORTUNITY ACT OF 2011

a. The Higher Education Opportunity Act of 2011 (HEOA) or "Top Jobs Act" has as one of its three areas of focus, reformed based investment to include development of collaborative initiatives among the Commonwealth's public and private non-profit institutions of higher education, as well as implementation of operational efficiencies that allow for the redirection of resources to meet high priority needs reflected in the HEOA. To advance the objectives of the "Top Jobs Act" there is hereby authorized the establishment of the Higher Education Procurement Cooperative ("the Procurement Cooperative"). The Procurement Cooperative is a consortium of non-profit public four-year and two-year institutions and independent non-profit private institutions of higher education in the Commonwealth of Virginia. Its purpose is to provide a formal network and structure to aggregate and leverage individual higher education institutional procurement requirements and resources to obtain financial advantage from cooperative procurement. The Procurement Cooperative will be organized under the umbrella of the Virginia Association of State College and University Purchasing Professionals (VASCUPP). It will be governed by a Leadership Council comprised of twelve members as follows: representatives from the six public doctoral institutions; three representatives elected from among the nine four-year public comprehensive institutions and Richard Bland College (two-year institution); two representatives of the Virginia Community College System appointed by the Chancellor; and one representative of the private non-profit institutions appointed by the Council of Independent Colleges in Virginia, Inc. Public non-profit institutions of higher education that are not members of VASCUPP are authorized to use the cooperative contracts negotiated by the Procurement Cooperative without prior approval of the Division of Purchases and Supply of the Department of General Services.

b. The following language more specifically delineates the process for providing funding to higher education institutions consistent with the funding elements identified under the Virginia Higher Education Opportunity Act of 2011:

1. For any general fund support provided to institutions of higher education beyond the budgeted general fund appropriation in the education and general, financial aid and sponsored programs, 30 percent shall be directed to base operations and financial aid to help maintain affordability at the institutions, and 70 percent to performance objectives including enrollment growth, incentive funding and initiatives to help achieve the goals and objectives of the "Top Jobs Act". Within this broader framework, the following allocation percentages shall be used:

a) Nine percent for base operations support, with a goal to ensure every institution of higher education is meeting at least 92 percent of the base adequacy calculation.

b) Twenty-one percent for financial aid, with an emphasis towards addressing middle income students and supporting work study programs;

c) Fourteen percent for enrollment growth. Such funding should be spread proportionately to each institution of higher education with enrollment growth of undergraduate Virginians;

d) Forty-two percent for incentive funding, recognizing the accomplishments of institutions in meeting the goals and objectives of the "Top Jobs Act"; and,

e) Fourteen percent for research and other initiatives to recognize the importance of research to innovation and economic development in Virginia and to support institution-specific efforts to enhance student retention, graduation, and other "Top Jobs Act" goals and objectives.

2. For base funding support, the allocation shall be spread among institutions based on the most recent iteration of the base adequacy model, as calculated by the State Council of Higher Education for Virginia;

3. The calculation for enrollment growth of undergraduate Virginians for which any funding shall be prorated as follows: i) For four-year institutions, the amount provided per student shall equal the amount awarded to students under the Tuition Assistance Grant (TAG) Program for private institutions; ii) For two-year institutions, the amount provided per student shall be \$1,000 less than the TAG grant award; and iii) The difference in enrollment between the most recent year for which there is actual enrollment data as compared to the highest of the next two years of projected enrollment growth shall be used to calculate enrollment growth.

4. For incentive funding, the model circulated by the college presidents to the 2011 Higher Education Advisory Committee (Advisory Committee) shall be used to distribute the allocated funding. This model distributes funding proportionately to those schools that graduate the most students, and which have a greater percentage of students that graduate with science, technology, engineering, math or health care majors, as well as graduating more underrepresented students. This model can be adjusted for identified improvements as recommended by the Advisory Committee in the future.

5. The allocation for financial aid funding is intended to enhance affordability for both low-income and middle-income students and their families, as well as for enhancement of work study programs. It shall be spread among the institutions of higher education based on the State Council of Higher Education for Virginia's Partnership Model. The funding provided shall be distributed appropriately to address each institution's funding shortfall, with a goal of providing additional resources to those institutions showing the greatest shortfall in the Partnership Model. For purposes of this funding, the federal percent-of-poverty index used to define low and middle income families is as follows: Low income would fall below 200 percent; and middle

income would be in the range of 200 to 400 percent. Institutions shall report annually on their implementation of this policy via the six-year planning process established under the "Top Jobs Act".

6. The funding allocated for research initiatives shall be provided for efforts included in an institution's six-year plan, that will result in matching grant or investment funding equal to at least two times the amount of state support over a three-year period, or which will result in the commercialization of a product. Institutions receiving funding shall also provide an annual report being submitted to the Governor, Secretaries of Finance, Education, Technology and Commerce and Trade, as well as the Chairmen of the House Appropriations and Senate Finance Committees, and the Director, Department of Planning and Budget, identifying the institution's research accomplishments, including the return on the Commonwealth's investment.

7. Funding allocated for other initiatives shall be directed towards efforts identified by institutions of higher education in their six-year plans that best meet the goals and objectives of the "Top Jobs Act" legislation. These initiatives should be vetted through the six-year planning process as established under the "Top Jobs Act", and should be requested as discrete decision packages through the budget development process.

§ 4-11.00 STATEMENT OF FINANCIAL CONDITION

Each agency head handling any state funds shall, at least once each year, upon request of the Auditor of Public Accounts, make a detailed statement, under oath, of the financial condition of his office as of the date of such call, to the Auditor of Public Accounts, and upon such forms as shall be prescribed by the Auditor of Public Accounts.

§ 4-12.00 SEVERABILITY

If any part, section, subsection, paragraph, sentence, clause, phrase, or item of this act or the application thereof to any person or circumstance is for any reason declared unconstitutional, such decisions shall not affect the validity of the remaining portions of this act which shall remain in force as if such act had been passed with the unconstitutional part, section, subsection, paragraph, sentence, clause, phrase, item or such application thereof eliminated; and the General Assembly hereby declares that it would have passed this act if such unconstitutional part, section, subsection, paragraph, sentence, clause, phrase, or item had not been included herein, or if such application had not been made.

§ 4-13.00 CONFLICT WITH OTHER LAWS

Notwithstanding any other provision of law, and until June 30, 2014, the provisions of this act shall prevail over any conflicting provision of any other law, without regard to whether such other law is enacted before or after this act; however, a conflicting provision of another law enacted after this act shall prevail over a conflicting provision of this act if the General Assembly has clearly evidenced its intent that the conflicting provision of such other law shall prevail, which intent shall be evident only if such other law (i) identifies the specific provision(s) of this act over which the conflicting provision of such other law is intended to prevail and (ii) specifically states that the terms of this section are not applicable with respect to the conflict between the provision(s) of this act and the provision of such other law.

§ 4-14.00 EFFECTIVE DATE

This act is effective July 1, 2014.

ADDITIONAL ENACTMENTS

2. That no provision of this act shall be construed or interpreted to cause the expiration of any provision of Chapter 896 of the Acts of Assembly of 2007 pursuant to the 22nd enactment of such Chapter.

3. That the provisions of the first enactment of this act shall expire at midnight on June 30, 2016. The provisions of the second enactment of this act shall have no expiration date.
