C. The principal or his designee shall submit a report of all incidents required or authorized to be reported pursuant to this section to the superintendent of the school division. The division superintendent shall annually report all such incidents to the Department of Education for the purpose of recording the frequency of such incidents on forms which shall be provided by the Department and shall make such information available to the public. A division superintendent who knowingly fails to comply or secure compliance with the reporting requirements of this subsection shall be subject to the sanctions authorized in § 22.1-65. Activities designed to prevent the recurrence of violence and crime may include such interventions as school crime lines, peer mediation, conflict resolution, community service requirements, and any program focused on demonstrating the consequences of violence and crime.

F. A statement providing a procedure and the purpose for the requirements of this section shall be included in the policy manual of all school divisions.

The Board of Education shall promulgate regulations to implement this section, including, but not limited to, establishing reporting dates and report formats.

G. School boards are encouraged to develop and use a network of volunteer services in implementing the prevention activities required by subsection E.

H. For the purposes of this section, "parent" or "parents" means any parent, guardian or other person having control or charge of a child.

I. This section shall not be construed to diminish the authority of the Board of Education or the Governor concerning decisions on whether, or the extent to which, Virginia shall participate in the federal Improving America's Schools Act of 1994, or to diminish the Governor's authority to coordinate and provide policy direction on official communications between the Commonwealth and the United States government.
