1. For an applicant for a license as a (i) terminal operator, (ii) supplier who is a position holder or a person who receives motor fuel pursuant to a two-party exchange, (iii) bonded importer, or (iv) permissive supplier, the amount shall be \$2,000,000; and
2. For an applicant for a license as (i) a supplier who is a fuel alcohol provider but is neither a position holder nor a person who receives motor fuel pursuant to a two-party exchange; (ii) an

occasional importer; (iii) a distributor; (iv) a blender; or (v) an aviation consumer, the amount shall be three times the applicant's average expected monthly tax liability under this chapter, as determined by the Commissioner. The amount shall not be less than \$2,000 nor more than \$300,000.

B. An applicant for a license both as a distributor and as a bonded importer shall file only the bond, certificate of deposit, or irrevocable letter of credit required of a bonded importer. An applicant for two or more of the licenses listed in subdivision A 2 may file one bond, certificate of deposit, or irrevocable letter of credit that covers the combined liabilities of the applicant under all the activities, in which event the amount of the bond, certificate of deposit, or irrevocable letter of credit for the combined activities shall not exceed \$300,000.

C. When notified to do so by the Commissioner, a person who has filed a bond, certificate of deposit, or an irrevocable letter of credit and who holds a license listed in subdivision A 2 shall file an additional bond, certificate of deposit, or irrevocable letter of credit in the amount required by the Commissioner. The person shall file the additional bond, certificate of deposit, or irrevocable letter of credit within thirty days after receiving the notice from the Commissioner. However, the amount of the initial bond, certificate of deposit, or irrevocable letter of credit and any additional bond, certificate of deposit, or irrevocable letter of credit filed by the licensee shall not exceed \$300,000.

Any licensee who disagrees with the Commissioner's decision requiring new or additional security shall be entitled to a hearing. Such matter shall, within thirty days, be scheduled for a prompt hearing before the Commissioner after written request for such hearing is received by the Commissioner.

§ 58.1-2212. Grounds for denial of license.

The Commissioner may refuse to issue a license under this article to an applicant if (i) the applicant or (ii) any principal of the applicant that is a business entity has:

1. Had a license or registration issued under prior law or this chapter canceled by the Commissioner for cause;
2. Had a motor fuel license or registration issued by another state canceled for cause;
3. Had a federal Certificate of Registry issued under § 4101 of the Internal Revenue Code, or a similar federal authorization, revoked;
4. Been convicted of any offense involving fraud or misrepresentation; or
5. Been convicted of any other offense that indicates that the applicant may not comply with this chapter if issued a license.

§ 58.1-2213. Issuance of license.

Upon approval of an application, the Commissioner shall issue to the applicant a license and a duplicate copy of the license for each place of business of the applicant. A supplier's license shall indicate the category of the supplier. A licensee shall display the license issued under this chapter in a conspicuous place at each place of business of the licensee. A license shall not be transferable and shall remain in effect until surrendered or canceled.

§ 58.1-2214. Notice of discontinuance, sale or transfer of business.

A. A licensee who discontinues in the Commonwealth the business for which the license was issued shall notify the Commissioner in writing of such discontinuance and shall surrender the license to the Commissioner. The notice shall state the effective date of the discontinuance and, if the licensee has transferred the business or otherwise relinquished control to another person by sale or otherwise, the date of the sale or transfer and the name and address of the person to whom the business is transferred or relinquished. The notice shall also include any other information required by the Commissioner.

B. If the licensee is a supplier, all taxes for which the supplier is liable under this chapter but are not yet due shall be due on the date of the discontinuance. If the supplier has transferred the business to another person and does not give the notice required by this section, the person to whom the business was transferred shall be liable for the amount of any tax owed by the supplier to the Commonwealth on the date the business was transferred. The liability of the person to whom the business was transferred shall not exceed the value of the property acquired from the supplier.

§ 58.1-2215. License cancellation.

A. The Commissioner may cancel the license of any person licensed under this article, upon written notice sent by registered mail to the licensee's last known address appearing in the Commissioner's files, for any of the following reasons:

1. Filing by the licensee of a false report of the data or information required by this chapter;
2. Failure, refusal, or neglect of the licensee to file a report required by this chapter;
3. Failure of the licensee to pay the full amount of the tax due or pay any penalties or interest due as required by this chapter;
4. Failure of the licensee to keep accurate records of the quantities of motor fuel received, produced, refined, manufactured, compounded, sold, or used in Virginia;
5. Failure to file a new or additional bond or irrevocable letter of credit upon request of the Commissioner pursuant to § 58.1-2211;
6. Conviction of the licensee or a principal of the licensee for any act prohibited under this chapter;
7. Failure, refusal, or neglect of a licensee to comply with any other provision of this chapter or any regulation promulgated pursuant to this chapter; or

8. A change in the ownership or control of the business.

B. Upon cancellation of any license for any cause listed in subsection A, the tax levied under this chapter shall become due and payable on (i) all untaxed motor fuel held in storage or otherwise in the possession of the licensee and (ii) all motor fuel sold, delivered, or used prior to the cancellation on which the tax has not been paid.

C. The Commissioner may cancel any license upon the written request of the licensee.

D. Upon cancellation of any license and payment by the licensee of all taxes due, including all penalties accruing due to any failure by the licensee to comply with the provisions of this chapter, the Commissioner shall cancel and surrender the bond, certificate of deposit, or irrevocable letter of credit filed by such licensee.

§ 58.1-2216. Records and lists of license applicants and licensees.

A. The Commissioner shall keep a record of (i) applicants for a license under this chapter; (ii) persons to whom a license has been issued under this chapter; and (iii) persons holding a current license issued under this chapter, by license category.

B. The Commissioner shall provide a list of licensees to any licensee, as well as to any unlicensed distributor who requests a copy. The list shall state the name, account number, and business address of each licensee on the list and may include other information determined appropriate by the Commissioner.

Article 3.

Motor Fuel Tax; Liability.

§ 58.1-2217. Taxes levied; rate.

A. There is hereby levied a tax at the rate of seventeen and one-half cents per gallon on gasoline and gasohol.

B. There is hereby levied a tax at the rate of sixteen cents per gallon on diesel fuel.

C. Blended fuel that contains gasoline shall be taxed at the rate levied on gasoline. Blended fuel that contains diesel fuel shall be taxed at the rate levied on diesel fuel.

D. There is hereby levied a tax at the rate of five cents per gallon on aviation gasoline. Any person, whether or not licensed under this chapter, who uses, acquires for use, sells or delivers for use in highway vehicles any aviation gasoline shall be liable for the tax at the rate of seventeen and one-half cents per gallon, along with any penalties and interest that may accrue.

E. There is hereby levied a tax at the rate of five cents per gallon on aviation jet fuel purchased or acquired for use by a user of aviation fuel other than an aviation consumer. There is hereby levied a tax at the rate of five cents per gallon upon the first 100,000 gallons of aviation jet fuel, excluding bonded aviation jet fuel, purchased or acquired for use by any aviation consumer in any fiscal year. There is hereby levied a tax at the rate of one-half cent per gallon on all aviation jet fuel, excluding bonded aviation jet fuel, purchased or acquired for use by an aviation consumer in excess of 100,000 gallons in any fiscal year. Any person, whether or not licensed under this chapter, who uses, acquires for use, sells or delivers for use in highway vehicles any aviation jet fuel taxable under this chapter shall be liable for the tax imposed at the rate of sixteen cents per gallon, along with any penalties and interest that may accrue.

F. In accordance with § 62.1-44.34:13, a storage tank fee is imposed on each gallon of gasoline, aviation gasoline, diesel fuel (including dyed diesel fuel), blended fuel, and heating oil sold and delivered or used in the Commonwealth.

§ 58.1-2218. Point of imposition of motor fuels tax.

The tax levied pursuant to § 58.1-2217 is imposed at the point that the motor fuel is:

1. Removed from a refinery or a terminal and, upon removal, is subject to the federal excise tax imposed by 26 U.S.C. § 4081;

2. Imported by a system transfer to a refinery or a terminal and, upon importation, is subject to the federal excise tax imposed by 26 U.S.C. § 4081;

3. Imported by a means of transfer outside the terminal transfer system for sale, use, or storage in Virginia and would have been subject to the federal excise tax imposed by 26 U.S.C. § 4081 if it had been removed at a terminal or bulk plant rack in Virginia instead of being imported;

4. If the motor fuel is gasohol, (i) removed from a terminal or another storage and distribution facility, unless the removed fuel is received by a supplier for subsequent sale or (ii) imported into Virginia outside the terminal transfer system by a means other than a marine vessel, a transport truck, or a railroad tank car;

5. If the motor fuel is blended fuel, made within Virginia or imported into Virginia; or

6. Transferred within the terminal transfer system and, upon transfer, is subject to the federal excise tax imposed by 26 U.S.C. § 4081.

§ 58.1-2219. Liability for tax on removals from a terminal.

A. The tax imposed pursuant to § 58.1-2217 at the point that motor fuel is removed by a system transfer from a terminal in Virginia shall be paid by the position holder of the fuel; however, if the position holder is not the terminal operator, the terminal operator and position holder shall be jointly and severally liable for the tax.

B. The tax imposed pursuant to § 58.1-2217 at the point that motor fuel is removed at a terminal rack in Virginia shall be payable by the person that first receives the fuel upon its removal from the terminal. If the motor fuel is first received by an unlicensed distributor, the supplier of the fuel shall be liable for payment of the tax due on the fuel. If the motor fuel is sold by a person who is not licensed as a supplier, then (i) the terminal operator and (ii) the person selling the fuel shall be jointly and severally liable for payment of the tax due on the fuel. If the motor fuel removed is not dyed diesel fuel but the shipping document issued for the fuel states that the fuel is dyed diesel fuel, the terminal operator, the supplier, and the person removing the fuel shall be jointly and severally liable for payment of the tax due on the fuel.

§ 58.1-2220. Liability for tax on imports.

A. The tax imposed pursuant to § 58.1-2217 at the point that motor fuel is imported by a system transfer (i) to a refinery shall be payable by the refiner or (ii) to a terminal shall be jointly and severally payable by the person importing the fuel and by the terminal operator.

B. The tax imposed pursuant to § 58.1-2217 at the point that motor fuel is removed from a terminal rack located in another state and has Virginia as its destination state shall be payable:

1. If the importer of the fuel is a licensed supplier in Virginia and the fuel is removed for the supplier's own account for use in Virginia, by the supplier;
2. If the supplier of the fuel is licensed in Virginia as an elective supplier or a permissive supplier, by the importer of the fuel to the supplier as trustee; or
3. If subdivisions 1 and 2 do not apply, by the importer of the fuel when filing a return with the Commissioner.

C. The tax imposed pursuant to § 58.1-2217 at the point that motor fuel is removed from a bulk plant located in another state shall be payable by the person that imports the fuel.

§ 58.1-2221. Liability for tax on gasohol.

The tax imposed pursuant to § 58.1-2217 at the point that gasohol (i) is removed from a storage facility shall be payable by the provider or (ii) is imported to Virginia shall be payable by the importer.

§ 58.1-2222. Liability for tax on blended fuel.

A. The tax imposed pursuant to § 58.1-2217 at the point that blended fuel is made in Virginia shall be payable by the blender. The number of gallons of blended fuel on which the tax is payable is the difference between the number of gallons of blended fuel made and the number of gallons of previously taxed motor fuel used to make the blended fuel.

B. The tax imposed pursuant to § 58.1-2217 at the point that blended fuel is imported to Virginia shall be payable by the importer.

C. The following blended fuel shall be considered to have been made by the supplier of gasoline or undyed diesel fuel used in the blend:

1. An in-line-blend made by combining a liquid with gasoline or undyed diesel fuel as the fuel is delivered at a terminal rack into the motor fuel storage compartment of a transport truck or a tank wagon; and
2. A kerosene splash-blend made when kerosene is delivered into a motor fuel storage compartment of a transport truck or a tank wagon and undyed diesel fuel is also delivered into the same storage compartment, if the buyer of the kerosene notified the supplier before or at the time of delivery that the kerosene would be used to make a splash-blend.

§ 58.1-2223. Liability for tax on fuel transferred within terminal transfer system.

The tax imposed pursuant to § 58.1-2217 at the point that motor fuel is transferred within the terminal transfer system shall be jointly and severally payable by the supplier of the fuel, the person receiving the fuel, and the terminal operator of the terminal at which the fuel was transferred.

§ 58.1-2224. Tax on unaccounted for motor fuel losses; liability.

A. There is hereby levied a tax at the rate specified by § 58.1-2217 annually on taxable unaccounted for motor fuel losses at a terminal. "Taxable unaccounted for motor fuel losses" means the number of gallons of unaccounted for motor fuel losses that exceed one-half of one percent of the number of net gallons removed from the terminal during the year by a system transfer or at the terminal rack. "Unaccounted for motor fuel losses" means the difference between (i) the amount of motor fuel in inventory at the terminal at the beginning of the year plus the amount of motor fuel received by the terminal during the year and (ii) the amount of motor fuel in inventory at the terminal at the end of the year plus the amount of motor fuel removed from the terminal during the year. Accounted for motor fuel losses which have been approved by the Commissioner or motor fuel losses constituting part of a transmix shall not constitute unaccounted for motor fuel losses.

B. The terminal operator whose motor fuel is unaccounted for shall be liable for the tax imposed by this section, together with a penalty equal to the amount of tax payable. Motor fuel received by a terminal operator and not shown on an informational return filed by the terminal operator with the Commissioner as having been removed from the terminal shall be presumed to be unaccounted for motor fuel losses. A terminal operator may rebut this presumption by establishing that motor fuel received at a terminal, but not shown on an informational return as having been removed from the terminal, was an accounted for loss or constitutes part of a transmix.

§ 58.1-2225. Backup tax; liability.

A. There is hereby levied a tax at the rate specified in § 58.1-2217 on the following:

1. Dyed diesel fuel that is used to operate a highway vehicle for a taxable use other than a use allowed under 26 U.S.C. § 4082;
2. Motor fuel that was allowed an exemption from the motor fuel tax and was then used for a taxable purpose; and
3. Motor fuel that is used to operate a highway vehicle after an application for a refund of tax paid on the motor fuel is made or allowed on the basis that the motor fuel was used for an off-highway purpose.

B. The operator of a highway vehicle that uses motor fuel that is taxable under this section is liable for the tax. If the highway vehicle that uses the fuel is owned by or leased to a motor carrier, the operator of the highway vehicle and the motor carrier shall be jointly and severally liable for the tax. If the end seller of motor fuel taxable under this section knew or had reason to know that the motor fuel would be used for a purpose that is taxable under this section, the operator of the highway vehicle and the end seller shall be jointly and severally liable for the tax.

C. The tax liability imposed by this section shall be in addition to any other penalty imposed pursuant to this chapter.

§ 58.1-2226. Exemptions from tax.

No tax shall be levied or collected pursuant to this chapter on:

1. Motor fuel sold and delivered to a governmental entity for the exclusive use by the governmental entity. This exemption shall not apply with respect to fuel sold or delivered to any person operating under contract with the governmental entity;
2. Motor fuel sold and delivered to a nonprofit charitable organization which is exempt from taxation under § 501 (c) (3) of the Internal Revenue Code and which is organized and operated exclusively for the purpose of providing charitable, long-distance, advanced life-support, air ambulance services for low-income medical patients in the Commonwealth, for the exclusive use of such organization in the operation of an aircraft;
3. Bonded aviation jet fuel;
4. Dyed diesel fuel, except as provided in subdivision A 1 of § 58.1-2225;
5. Motor fuel removed, by transport truck or another means of transfer outside the terminal transfer system, from a terminal for export, if the supplier of the motor fuel collects tax on the fuel at the rate of the motor fuel's destination state; or
6. Heating oil, as defined in § 58.1-2201.

§ 58.1-2227. Sales of aviation jet fuel to licensed aviation consumers.

A licensed aviation consumer required to file a monthly return and remit taxes to the Department pursuant to § 58.1-2230 shall not be required to remit tax to a supplier or distributor for purchases of aviation jet fuel.

§ 58.1-2228. Exempt access cards; exempt access codes.

A. A licensed distributor, licensed importer or, in the case of aviation jet fuel, a licensed aviation consumer shall only remove motor fuel from a terminal by means of a supplier-issued exempt access card or exempt access code if (i) the motor fuel will be resold to a governmental entity or an organization exempt from tax under subdivision 2 of § 58.1-2226 for a purpose that is exempt from the tax or (ii) the aviation jet fuel will be used by the aviation consumer or resold to a licensed aviation consumer. The use of such exempt access card or exempt access code shall constitute a representation by the licensed distributor, licensed importer or licensed aviation consumer that the removal of the motor fuel is permitted. A supplier shall be authorized to rely on this representation. A licensed distributor or licensed importer who does not resell motor fuel removed from a terminal by means of an exempt access card or exempt access code to an exempt governmental unit or an organization exempt from tax under subdivision 2 of § 58.1-2226 is liable for any tax due on the fuel. A licensed distributor or licensed importer who does not resell aviation jet fuel removed from a terminal by means of an exempt access card or exempt access code to a licensed aviation consumer is liable for any tax due on the aviation jet fuel.

B. A supplier who issues to, or authorizes another person to issue to, another person an exempt access card or an exempt access code that enables the person to buy motor fuel without paying the tax on the fuel shall determine if the person is exempt from the tax or, in the case of aviation jet fuel, is a licensed aviation consumer allowed to purchase aviation jet fuel without payment of tax. A supplier is liable for tax due on motor fuel purchased at retail by use of an exempt access card or an exempt access code issued to a person who is not exempt from the tax or, in the case of aviation jet fuel, is not a licensed aviation consumer allowed to purchase aviation jet fuel without payment of tax.

C. A person to whom an exempt access card or exempt access code is issued for use at a terminal is liable for any tax due on fuel purchased with the exempt access card or exempt access code for a purpose that is not exempt. A person who misuses an exempt access card or exempt access code by purchasing fuel with the card or code for a purpose that is not exempt is liable for the tax due on the fuel. The provisions of this subsection shall apply to the misuse of a card or code that allows a person

to purchase aviation jet fuel without paying the tax.

D. The tax liability imposed by this section shall be in addition to any other penalty imposed pursuant to this chapter.

§ 58.1-2229. Removals by out-of-state bulk user.

An out-of-state bulk user shall not remove motor fuel from a terminal in the Commonwealth for use in the state in which the bulk user is located unless the bulk user is licensed under this chapter as an exporter.

Article 4.

Payment and Reporting of Tax on Motor Fuel.

§ 58.1-2230. When tax return and payment are due.

A. A return for the tax on motor fuel levied by this chapter shall be filed with the Commissioner and be in the form and contain the information required by the Commissioner. The return and the payment for the tax on motor fuel levied by this chapter shall be due for each full month in a calendar year. Any return and payment required under this section shall be deemed timely filed if received by the Commissioner by midnight of the twentieth day of the second month succeeding the month for which the return and payment are due. Each return shall report tax liabilities that accrue in the month for which the return is due.

B. Returns and payments shall be (i) postmarked by the fifteenth day of the second month succeeding the month for which the return is due or (ii) received by the Department by the twentieth day of the second month succeeding the month for which the return is due. However, a monthly return of the tax for the month of May shall be (i) postmarked by June 25 or (ii) received by the Commissioner by the last business day the Department is open for business in June.

If a tax return due date falls on a Saturday, Sunday, or a state or banking holiday, the return shall be postmarked or received by the Department by midnight of the next business day the Department is open for business. This provision shall not apply to a return of the tax for the month of May.

A return shall be deemed postmarked if it carries the official cancellation mark of the United States Postal Service or other postal or delivery services.

C. The following shall file a monthly return as required by this section:

1. A refiner;
2. A terminal operator;
3. A supplier;
4. A distributor;
5. An importer to include a bonded importer;
6. A blender;
7. An aviation consumer;
8. A person incurring liability under § 58.1-2225 for the backup tax on motor fuel; and
9. An elective supplier.

D. Notwithstanding the provisions of any other section in this chapter, the Commissioner may require all or certain licensees to file tax returns and payments electronically.

§ 58.1-2231. Remittance of tax to supplier.

A. A distributor shall remit tax due on motor fuel removed at a terminal rack to the supplier of the fuel. A licensed distributor shall not be required to remit the tax to the supplier until the date the supplier is required to pay the tax to the Commonwealth or to another state. All tax payments received by a supplier shall be held in trust by the supplier until the supplier remits the tax payment to the Commonwealth or to another state, and the supplier shall constitute the trustee for such tax payments. The date by which an unlicensed distributor is required to remit the tax to a supplier shall be governed by agreement between the supplier and the unlicensed distributor.

B. A licensed exporter shall remit tax due on motor fuel removed at a terminal rack to the supplier of the fuel. The date by which an exporter shall remit tax shall be governed by the law of the destination state of the exported motor fuel.

C. A licensed importer shall remit tax due on motor fuel removed at a terminal rack of a permissive or an elective supplier to the supplier of the fuel. A licensed importer who removes fuel from a terminal rack of a permissive or an elective supplier shall not be required to remit the tax to the supplier until the date the supplier is required to pay the tax to the Commonwealth.

D. The license of a licensed distributor, exporter or importer who fails to pay the full amount of tax required by this chapter is subject to cancellation as provided in § 58.1-2215.

§ 58.1-2232. Notice of cancellation or reissuance of licenses; effect of notice.

A. If the Commissioner cancels the license of a distributor, importer, or aviation consumer, the Commissioner shall notify all suppliers of the cancellation. If the Commissioner issues a license to a distributor, importer or aviation consumer whose license was previously canceled, the Commissioner shall notify all suppliers of the issuance.

B. A supplier who sells motor fuel to a distributor or aviation consumer after receiving notice from the Commissioner that the Commissioner has canceled the distributor's or aviation consumer's license shall be jointly and severally liable with the distributor or aviation consumer for any tax due on motor

fuel the supplier sells to the distributor or aviation consumer after receiving the notice; however, the supplier shall not be liable for tax due on motor fuel sold to a previously unlicensed distributor or aviation consumer after the supplier receives notice from the Commissioner that the Commissioner has issued another license to the distributor or aviation consumer.

C. If the Commissioner cancels the license of a supplier, the Commissioner shall notify all licensed distributors, exporters, importers and aviation consumers of the cancellation. If the Commissioner issues a license to a supplier whose license was previously canceled, the Commissioner shall notify all licensed distributors, exporters, importers and aviation consumers of the issuance.

D. A licensed distributor, exporter, importer, or aviation consumer who purchases motor fuel from a supplier after receiving notice from the Commissioner that the Commissioner has canceled the supplier's license shall be jointly and severally liable with the supplier for any tax due on motor fuel purchased from the supplier after receiving the notice; however, the licensed distributor, exporter, importer, or aviation consumer shall not be liable for tax due on motor fuel purchased from a previously unlicensed supplier after the licensee receives notice from the Commissioner that the Commissioner has issued another license to the supplier.

§ 58.1-2233. Deductions; percentage discount.

A. A licensed importer who removes motor fuel from a terminal rack of a permissive or an elective supplier or licensed distributor may deduct from the amount of tax otherwise payable to a supplier the amount calculated on motor fuel that the licensee received from the supplier and resold to a governmental entity, or resold to an organization described in subdivision 2 of § 58.1-2226 for use in the operation of an aircraft if, when removing the fuel, the licensee used an exempt access card or exempt access code specified by the supplier to notify the supplier of the licensee's intent to resell the fuel in an exempt sale.

B. A licensed importer who removes motor fuel from a terminal rack of a permissive supplier, an elective supplier, or a licensed distributor may deduct from the amount of tax otherwise payable to a supplier the amount calculated on aviation jet fuel that the licensee received from the supplier and resold to a licensed aviation consumer if, when removing the fuel, the licensee used an exempt access card or exempt access code specified by the supplier to notify the supplier of the licensee's intent to resell the aviation jet fuel to a licensed aviation consumer.

C. A licensed distributor who pays the tax due a supplier by the date the supplier is required to remit the tax to this Commonwealth may deduct from the amount due a discount of one percent of the amount of tax payable. A licensed importer who (i) removes motor fuel from a terminal rack of a permissive or an elective supplier and (ii) pays the tax due to the supplier by the date the supplier is required to remit the tax to the Commonwealth may deduct from the amount due a discount of one percent of the amount of tax payable. A supplier shall not directly or indirectly deny this discount to a licensed distributor or licensed importer who pays the tax due the supplier by the date the supplier is required to remit the tax to the Commonwealth.

§ 58.1-2234. Monthly reconciling returns.

A. A licensed distributor or a licensed importer who deducts exempt sales under subsection A of § 58.1-2233 or sales of aviation jet fuel to a licensed aviation consumer under subsection B of § 58.1-2233 when paying tax to a supplier shall file a monthly reconciling return for the exempt sales and sales to a licensed aviation consumer. The return shall list the following information and any other information required by the Commissioner:

1. The number of gallons for which a deduction was taken during the month, by supplier;
2. The number of gallons sold in exempt sales during the month, by type of sale, and the purchasers of the fuel in the exempt sales; and
3. The number of gallons of aviation jet fuel sold without collection of the tax during the month, and the purchasers of the fuel.

B. If the number of gallons for which a licensed distributor or licensed importer takes a deduction during a month exceeds the number of exempt gallons sold or, in the case of aviation jet fuel, the number of gallons sold without collection of the tax, the licensed distributor or licensed importer shall pay tax on the difference at the rate imposed by § 58.1-2217. The licensed distributor or licensed importer shall not be allowed a percentage discount on any tax payable under this subsection.

C. If the number of gallons for which a licensed distributor or licensed importer takes a deduction during a month is less than the number of exempt gallons sold or, in the case of aviation jet fuel, is less than the number of gallons sold without collection of the tax, the Commissioner shall refund the amount of tax paid on the difference. The Commissioner shall reduce the amount of the refund by the amount of the percentage discount received on the fuel.

§ 58.1-2235. Information required on return filed by supplier.

A. A return of a supplier shall list all of the following information and any other information required by the Commissioner:

1. The number of gallons of tax-paid motor fuel received by the supplier during the month, sorted by type of fuel, seller, point of origin, destination state, and carrier;
2. The number of gallons of motor fuel removed at a terminal rack during the month from the

account of the supplier, sorted by type of fuel, person receiving the fuel, terminal code, and carrier;

3. The number of gallons of motor fuel removed during the month for export, sorted by type of fuel, person receiving the fuel, terminal code, destination state, and carrier;

4. The number of gallons of motor fuel removed during the month from a terminal located in another state for conveyance to Virginia, as indicated on the shipping document for the fuel, sorted by type of fuel, person receiving the fuel, terminal code, and carrier;

5. The number of gallons of motor fuel the supplier sold during the month to the following, sorted by type of fuel, exempt entity, person receiving the fuel, terminal code, and carrier:

a. A governmental entity whose use of fuel is exempt from the tax;

b. A licensed aviation consumer purchasing aviation jet fuel;

c. A licensed distributor or importer who resold the motor fuel to a governmental unit whose use of fuel is exempt from the tax, as indicated by the distributor or importer;

d. A licensed distributor or importer who resold aviation jet fuel to a licensed aviation consumer as indicated by the distributor or importer;

e. A licensed exporter who resold the motor fuel to a person whose use of the fuel is exempt from tax in the destination state, as indicated by the exporter;

f. A nonprofit charitable organization which is exempt from taxation under § 501 (c) (3) of the Internal Revenue Code and which is organized and operated exclusively for the purpose of providing charitable, long-distance, advanced life-support, air ambulance services for low-income medical patients in the Commonwealth, for the exclusive use of such organization in the operation of an aircraft; and

g. A licensed distributor or importer who resold the motor fuel to a nonprofit charitable organization which is exempt from taxation under § 501 (c) (3) of the Internal Revenue Code and which is organized and operated exclusively for the purpose of providing charitable, long-distance, advanced life-support, air ambulance services for low-income medical patients in the Commonwealth, for the exclusive use of such organization in the operation of an aircraft; and

6. The amount of discounts allowed under subsection C of § 58.1-2233 on motor fuel sold during the month to licensed distributors or licensed importers.

B. Suppliers shall not require information identifying who purchased exempt fuel from persons licensed under this chapter.

§ 58.1-2236. Deductions and discounts allowed a supplier when filing a return.

A. The supplier may deduct from the next monthly return those tax payments that were not remitted for the previous month to the supplier by (i) a licensed distributor or (ii) a licensed importer who removed the motor fuel on which the tax is due from a terminal of an elective or a permissive supplier. A supplier shall not be liable for the tax such a licensee owes the supplier but fails to pay. If such licensee pays the tax owed to a supplier after the supplier deducts the amount of such tax on a return, the supplier shall remit the payment to the Commissioner with the next monthly return filed subsequent to receipt of the tax.

B. A supplier who timely files a return with the payment due may deduct, from the amount of tax payable with the return, an administrative discount of one-tenth of one percent of the amount of tax payable to the Commonwealth, not to exceed \$5,000 per month.

C. § 58.1-2250. Exemptions from tax.

No tax shall be levied or collected pursuant to this article on:

A. A bulk user of alternative fuel or retailer of alternative fuel who stores highway and nonhighway alternative fuel in the same storage tank shall be liable for the tax imposed by this article, and shall file tax returns and remit taxes in accordance with subsection D. The tax payable by a bulk user of alternative fuel or retailer of alternative fuel is imposed at the point that alternative fuel is withdrawn from the storage tank.

B. A provider of alternative fuel who sells or delivers alternative fuel shall be liable for the tax imposed by this article (i) on sales to a bulk user of alternative fuel or retailer of alternative fuel who stores highway product in a separate storage tank or (ii) if the alternative fuel is sold or used by the provider of alternative fuel for highway use.

C. The owner of a highway vehicle subject to an annual license tax pursuant to subsection B of § 58.1-2249 shall be liable for such annual license tax. The annual license tax shall be due on or before the last day of December of each year.

D. 1. The tax on alternative fuel levied by this article, except for the annual license tax imposed under subsection B of § 58.1-2249, that is required to be remitted to the Commonwealth shall be payable to the Commonwealth not later than the date on which the return is due. A return shall be (i) postmarked by the last day of the month succeeding the month for which the return is due or (ii) received by the Department by the twentieth day of the second month succeeding

the month for which the return is due. However, a monthly return of the tax for the month of May shall be (i) postmarked by June 25 or (ii) received by the Commissioner by the last business day the Department is open for business in June.

3. A return shall be deemed postmarked if it carries the official cancellation mark of the United States Postal Service or other postal or delivery service.

4. A return shall be filed with the Commissioner and shall be in the form and contain the information required by the Commissioner.

§ 58.1-2252. Remittance of tax to provider of alternative fuel.

A purchaser of alternative fuel, other than a bulk user of alternative fuel or a retailer of alternative fuel who is liable for the tax pursuant to subsection A of § 58.1-2251, shall remit the tax due on the fuel to the provider of the fuel. A bulk user of alternative fuel or retailer of alternative fuel who has posted a bond in accordance with § 58.1-2246 shall not be required to remit the tax to the provider until the date the provider is required to pay the tax to the Commonwealth. All tax payments received by a provider of alternative fuel from a bulk user of alternative fuel or retailer of alternative fuel shall be held in trust by the provider until the provider remits the tax payments to the Commonwealth, and the provider shall constitute the trustee for such tax payments. The date by which other purchasers of alternative fuel are required to remit tax to a provider shall be determined by agreement between the provider and the purchaser.

§ 58.1-2253. Notice to providers of alternative fuel of cancellation or reissuance of certain licenses; effect of notice.

A. If the Commissioner cancels the license of a bulk user of alternative fuel or retailer of alternative fuel who has posted a bond in accordance with § 58.1-2246, the Commissioner shall notify all providers of alternative fuel of the cancellation. If the Commissioner issues a license to a bulk user of alternative fuel or retailer of alternative fuel whose license was previously canceled, the Commissioner shall notify all providers of alternative fuel of the issuance.

B. A provider of alternative fuel who sells alternative fuel to a bulk user of alternative fuel or retailer of alternative fuel who has posted a bond in accordance with § 58.1-2246, after receiving notice from the Commissioner that the Commissioner has canceled the license of a bulk user of alternative fuel or of a retailer of alternative fuel, is jointly and severally liable with the bulk user of alternative fuel or retailer of alternative fuel for any tax due on the alternative fuel that the provider of alternative fuel sells to the bulk user of alternative fuel or retailer of alternative fuel after receiving the notice; however, the provider of alternative fuel shall not be liable for tax due on alternative fuel sold to a previously unlicensed bulk user of alternative fuel or retailer of alternative fuel after the provider of alternative fuel receives notice from the Commissioner that the Commissioner has issued another license to the bulk user of alternative fuel or retailer of alternative fuel.

§ 58.1-2254. Exempt sale deduction.

A licensed retailer of alternative fuel who has posted a bond in accordance with § 58.1-2246 may deduct from the amount of tax otherwise payable to a provider of alternative fuel the amount calculated on alternative fuel that the licensee received from the provider and resold to a governmental entity, or resold to an organization described in subdivision 2 of § 58.1-2250 for use in the operation of an aircraft, whose purchases of alternative fuel are exempt from the tax under such section if, when purchasing the fuel, the retailer notified the provider of the retailer's intent to resell the fuel in an exempt sale.

§ 58.1-2255. Returns and payments by bulk users and retailers of alternative fuel; storage.

A. Each bulk user of alternative fuel and retailer of alternative fuel shall file a monthly informational return with the Commissioner. A monthly return covers a calendar month and is due by the twentieth day of the second month that follows such month.

3. The number of gallons for which a deduction was taken during the quarter pursuant to § 58.1-2254, by provider, if applicable; and
4. The number of gallons sold in exempt sales during the quarter, by type of sale, and the purchaser of the fuel in the exempt sales, if applicable.

B. If the number of gallons for which an eligible retailer of alternative fuel takes a deduction during a quarter exceeds the number of exempt gallons or gallon equivalent sold, the retailer of alternative fuel shall pay tax on the difference at the rate imposed by subsection A of § 58.1-2249. The tax shall be payable when the informational return is due.

C. A bulk user of alternative fuel or a retailer of alternative fuel may store highway and nonhighway alternative fuel in separate storage tanks or in the same storage tank. If highway and nonhighway

alternative fuel are stored in separate storage tanks, the tank for the nonhighway fuel shall be marked in accordance with the requirements set by § 58.1-2279 for dyed diesel storage facilities. If highway and nonhighway alternative fuel are stored in the same storage tank, the storage tank shall be equipped with separate metering devices for the highway fuel and the nonhighway fuel. If the Commissioner determines that a bulk user of alternative fuel or retailer of alternative fuel used or sold alternative fuel to operate a highway vehicle when the fuel was dispensed from a storage tank or through a meter marked for nonhighway use, all fuel delivered into that storage tank shall be presumed to have been used to operate a highway vehicle.

§ 58.1-2256. Deductions and discounts for providers of alternative fuel filing returns.

A. When a provider of alternative fuel files a return, the provider of alternative fuel may deduct from the amount of tax payable with the return the amount of tax any of the following licensees owes the provider of alternative fuel but failed to remit to the provider of alternative fuel:

1. A licensed bulk user of alternative fuel who has posted a bond in accordance with § 58.1-2246; and

2. A licensed retailer of alternative fuel who has posted a bond in accordance with § 58.1-2246.

A provider of alternative fuel shall not be liable for tax that such a licensee owes the provider of alternative fuel but fails to pay. If such licensee pays the tax owed to a provider of alternative fuel after the provider of alternative fuel deducts the amount of such tax on a return, the provider of alternative fuel shall remit the payment to the Commissioner with the next monthly return filed subsequent to receipt of the tax.

B. A provider of alternative fuel who timely files a return with the payment due may deduct, from the amount of tax payable with the return, an administrative discount of one-tenth of one percent of the amount of tax payable to this Commonwealth, not to exceed a total of \$5,000 per month. The administrative discount allowed a provider of alternative fuel who is also licensed as a supplier under Article 2 (§ 58.1-2204 et seq.) of this chapter shall not exceed \$5,000 per month for both licenses.

§ 58.1-2257. Duties of provider of alternative fuel as trustee.

A. All tax payments due to the Commonwealth received by a provider of alternative fuel pursuant to § 58.1-2252 shall be held by the provider of alternative fuel as trustee in trust for the Commonwealth, and a provider of alternative fuel has a fiduciary duty to remit to the Commissioner the amount of tax received by the provider of alternative fuel. A provider of alternative fuel shall be liable for the taxes paid to him.

B. A provider of alternative fuel shall notify a bulk user of alternative fuel or retailer of alternative fuel who has posted a bond in accordance with § 58.1-2246 and who received alternative fuel from the provider of alternative fuel during a reporting period of the number of taxable gallons or equivalent taxable gallons received. The provider of alternative fuel shall give this notice after the end of each reporting period and before the licensee is required to remit to the provider of alternative fuel the amount of tax due on the fuel.

C. A provider of alternative fuel shall notify the Commissioner within ten business days after a return is due of any licensed bulk user of alternative fuel or retailer of alternative fuel who (i) has posted a bond in accordance with § 58.1-2246 and (ii) did not pay the tax due the provider of alternative fuel when the provider filed his return. The notice shall be transmitted to the Commissioner in the form required by the Commissioner.

D. A provider of alternative fuel who receives a payment of tax shall not apply the payment to a debt that the person making the tax payment owes to the provider of alternative fuel for alternative fuel purchased from the provider of alternative fuel.

§ 58.1-2258. Use of name and account number on return.

When a transaction with a person licensed under this article is required to be reported on a return, the return shall state the licensee's name and account number as stated on the lists compiled by the Commissioner under § 58.1-2216.

Article 6.

B. Any person purchasing fuel for consumption in a solid waste compacting or ready-mix concrete highway vehicle, where the vehicle's equipment is mechanically or hydraulically driven by an internal combustion engine that propels the vehicle, is entitled to a refund in an amount equal to thirty-five percent of the tax paid on such fuel.

C. Any person purchasing any fuel on which tax imposed pursuant to this chapter has been paid may apply for a refund of the tax if such fuel was consumed by a highway vehicle used in operating an

No refund shall be made under the provisions of this section unless a written statement, setting forth the circumstances and reasons why such refund is claimed, is filed with the Commissioner within one year of the date of payment of the tax for which the refund is claimed. The claim shall be in such form as the Commissioner shall prescribe and shall be sworn to by the claimant.

§ 58.1-2261. Refund procedure; investigations; retail sales and use tax.

A. Any person entitled to a refund pursuant to § 58.1-2259 shall file with the Commissioner an application in writing on a form prepared and furnished by the Commissioner, duly signed by the applicant, and accompanied by a paid ticket or invoice from the seller showing such purchase. The applicant shall set forth the basis for the claimed refund, the total amount of such fuel purchased and used by such applicant, and how such fuel was used. The Commissioner, upon the presentation of such application and paid ticket, invoice or other document, shall refund to the claimant the proper amount of the tax paid as provided in this chapter, subject to the provisions of subsection D. A ticket issued to the holder of a credit card as evidence of the delivery to such holder of tax-paid fuel shall, for the purpose of this section, be a paid ticket or invoice. Tickets or invoices marked "duplicate" shall not be acceptable.

B. The application for a refund shall be filed within one year from the date of the sale as shown on the paid ticket or invoice. However, an application for a refund pursuant to subdivision A 5 of § 58.1-2259 shall be filed within three years of the date such fuel is transported outside the Commonwealth.

C. In the event an assessment is rendered for failure to report and pay the tax imposed as provided in § 58.1-2217 or § 58.1-2249 and such fuel is subject to refund under the provisions of § 58.1-2259, the application for a refund shall be filed with the Commissioner by the person entitled to such refund within one year from the date such assessment is paid and shall be accompanied by invoices covering the sale of the fuel and billing of tax to such person.

D. The Department may make any investigation it considers necessary before refunding the fuels tax to a person, and may investigate a refund after the refund has been issued and within the time frame for adjusting tax under this chapter.

E. In accordance with § 58.1-609.1, any person who is refunded tax pursuant to § 58.1-2259 shall be subject to the taxes imposed by Chapter 6 (§ 58.1-600 et seq.) of this title, unless such transaction is specifically exempted pursuant to § 58.1-609.1.

§ 58.1-2262. Payment of refund.

Whenever it appears to the satisfaction of the Commissioner that any person is entitled to a refund for taxes paid pursuant to this chapter, the Commissioner shall forthwith certify the amount of the refund to the Comptroller. The amount of the refund shall be paid by check issued by the State Treasurer on warrant of the Comptroller.

A terminal operator or operator of a bulk plant shall give a shipping document to the person who operates the barge, watercraft, railroad tank car or transport truck into which motor fuel is loaded at the terminal rack or bulk plant rack.

B. The shipping document issued by the terminal operator or operator of a bulk plant shall be machine-printed and shall contain the following information and any other information required by the Commissioner:

2. Show the shipping document to a law-enforcement officer upon request when transporting the motor fuel described;

Any person liable for a tax levied under this chapter who files a false or fraudulent return with the intent to evade the tax shall be subject to a civil penalty. The amount of the civil penalty shall be equal to fifty percent of the amount of the tax intended to be evaded by the filing of such return. The civil penalty shall be in addition to the amount of the tax intended to be evaded.

§ 58.1-2270. Failure to keep or retain records; civil penalty.

Any person who fails to keep or retain records as required by this chapter shall be subject to a civil penalty. The amount of the civil penalty assessed against a person for his first violation shall be \$1,000. The amount of the civil penalty assessed against a person for each subsequent violation shall be \$1,000 more than the amount of the civil penalty for the preceding violation.

§ 58.1-2271. Payment of civil penalties; disposition.

Any civil penalty assessed pursuant to this chapter shall be payable to the Department, shall be in

addition to any other penalty or tax that may be imposed as provided in this chapter, and shall be collectible by the Commissioner in the same manner as if it were part of the tax levied. § 58.1-2274. *Unlawful importing, transportation, delivery, storage or sale of fuel; sale to enforce assessment.*

A. Upon the discovery of any fuel illegally imported into, or illegally transported, delivered, stored or sold in, the Commonwealth, the Commissioner shall order the tank or other storage receptacle in which the fuel is located to be seized and locked or sealed until the tax, penalties and interest levied under this chapter are assessed and paid.

B. If the assessment for such tax is not paid within thirty days, the Commissioner is hereby authorized, in addition to the other remedies authorized in this chapter, to sell such fuel and use the proceeds of such sale to satisfy the assessment due, with any funds which exceed the assessment and costs of the sale being returned to the owner of the fuel.

C. All fuel and any property, tangible or intangible, which may be found upon the person or in any vehicle which such person is using, including the vehicle itself, to aid the person in the transportation or sale of illegally transported, delivered, stored, sold, imported or acquired fuel, and any property found in the immediate vicinity of any place where such illegally transported, delivered, stored, sold, imported or acquired fuel may be located, including motor vehicles, tanks, and other storage devices, used to aid in the illegal transportation or sale of such fuel, shall be deemed contraband and shall be forfeited to the Commonwealth.

D. Any efforts by the Department to effect the forfeiture allowed under the authority of this section shall be governed by Chapter 22 (§ 19.2-369 et seq.) of Title 19.2, *mutatis mutandis*. However, such procedures shall not be applicable to the Department's tax collection powers and the use of such powers to enforce a tax liability against the illegally transported, delivered, stored, sold, imported or acquired fuel.

§ 58.1-2275. *Record-keeping requirements.*

Each (i) person required or electing to be licensed under Article 2 (§ 58.1-2204 et seq.) of this chapter, (ii) distributor and bulk user not licensed under this chapter, and (iii) person required to be licensed under § 58.1-2244, shall keep and maintain all records pertaining to fuel received, produced, manufactured, refined, compounded, used, sold or delivered, together with delivery tickets, invoices, bills of lading, and such other pertinent records and papers as may be required by the Commissioner for the reasonable administration of this chapter. Such records shall be kept and maintained for a period to include the Department's current fiscal year and the previous three fiscal years.

§ 58.1-2276. *Inspection of records.*

A. The Commissioner or any deputy, employee or agent authorized by the Commissioner may examine, during the usual business hours of the day, records, books, papers, storage tanks and any other equipment of any person required to maintain records as provided in § 58.1-2275 for the purpose of ascertaining the quantity of fuel received, produced, manufactured, refined, compounded, used, sold, shipped, or delivered, to verify the truth and accuracy of any statement, report or return or to ascertain whether or not the tax levied by this chapter has been paid.

B. If a person required to maintain records as provided in § 58.1-2275 is open for business during hours of the day which might not be considered usual business hours for the Department, the Commissioner may examine the person's books and records during the person's normal business hours, which shall be those hours when the person is open for business at any of the person's places of business. If the person does not maintain such books and records on the premises, the Commissioner or any deputy, employee or agent authorized by the Commissioner may inspect such books and records where they are maintained, irrespective of the working hours at such location, as long as one of the person's places of business maintains hours at the time of day during which the Commissioner asserts such inspection powers.

§ 58.1-2277. *Administrative authority.*

A. Employees of the Department designated by the Commissioner, upon presenting appropriate credentials and a written notice to the owner, operator, or agent in charge, are authorized to enter any place and to conduct inspections in accordance with this section. Inspections shall be performed in a reasonable manner and at times that are reasonable under the circumstances, taking into consideration the normal business hours of the place to be inspected.

B. Inspections may be conducted at any place where taxable fuel or fuel dyes or markers are, or may be, produced, altered, or stored, or at any inspection site where evidence of production, alteration, or storage may be discovered. These places may include, but shall not be limited to any: (i) terminal, (ii) fuel storage facility that is not a terminal, (iii) retail fuel facility, and (iv) designated inspection site.

C. Employees of the Department designated by the Commissioner may physically inspect, examine, and otherwise search any tank, reservoir, or other container that can or may be used for the production, storage, or transportation of fuel, fuel dyes or markers. Inspection may also be made of any equipment used for, or in connection with, the production, storage, or transportation of fuel, fuel dyes or markers, including equipment used for the dyeing or marking of fuel. Such employees may also inspect the books and records kept to determine fuel tax liability under this chapter.

D. Employees of the Department designated by the Commissioner may, on the premises or at a designated inspection site, take and remove samples of fuel in such reasonable quantities as are necessary to determine its composition.

§ 58.1-2278. Equipment requirements.

A. All fuel dispensed at retail shall be dispensed from metered pumps that indicate the total amount of fuel measured through the pumps. Each pump shall be marked to indicate the type of fuel dispensed.

B. A highway vehicle that transports fuel in a tank that is separate from the fuel supply tank of the vehicle shall not have a connection from the transporting tank to the motor or to the supply tank of the vehicle.

§ 58.1-2279. Marking requirements for dyed diesel fuel storage facilities.

A. A person who is a retailer of dyed diesel fuel or who stores dyed diesel fuel for use by that person or another person shall mark, with the phrase "Dyed Diesel Fuel, Nontaxable Use Only, Penalty for Taxable Use," or a similar phrase that clearly indicates that the diesel fuel is not to be used to operate a highway vehicle, each storage facility or pump from which dyed diesel fuel is dispensed, as follows:

1. The storage tank of the storage facility, if the storage tank is visible; and

2. The dispensing device that serves the storage facility.

B. The marking requirements of this section shall not apply to a storage facility that contains fuel used only in a heating, crop-drying, or manufacturing process, and is installed in a manner that makes use of the fuel for any other purpose improbable.

Article 8.

Assessments and Collections.

§ 58.1-2280. Estimates of fuel subject to tax; assessments; notice of assessment.

When any licensee neglects, fails or refuses to make and file any report as required by this chapter or files an incorrect or fraudulent report, the Commissioner shall determine, from any information obtainable, the number of gallons of fuel with respect to which the licensee has incurred liability under this chapter. The Commissioner is authorized to make an assessment for the tax and any penalty and interest properly due against such licensee. The notice of assessment shall be sent to the licensee by registered or certified mail or delivered by the Department to the last known address appearing in the Commissioner's files. Such notice, when sent or delivered in accordance with these requirements, shall be sufficient regardless of whether or not it was ever received.

§ 58.1-2281. Application to Commissioner for correction.

A. Any person assessed with any tax administered by the Department may, within thirty days from the date of such assessment, apply for relief to the Commissioner. Such application shall be in the form prescribed by the Department, and shall fully set forth the grounds upon which the taxpayer relies and all facts relevant to the taxpayer's contention. The Commissioner may also require such additional information, testimony or documentary evidence as he deems necessary to a fair determination of the application.

B. On receipt of a written notice of intent to file under this section, the Commissioner shall refrain from collecting the tax until the time for filing hereunder has expired, unless he determines that collection is in jeopardy.

§ 58.1-2282. Appeal of Commissioner's decisions.

A. Any person against whom an assessment, order or decision of the Commissioner has been adversely rendered, which assessment, order, or decision relates to the collection of unreported, incorrectly or fraudulently reported taxes, the granting or canceling of a license, the filing of a bond, an increase in the amount of a bond, a change of surety on a bond, the filing of reports, the examination of records, or any other matter wherein the findings are in the discretion of the Commissioner, may, within thirty days from the date thereof, file a petition of appeal from such assessment, order, or decision, in the circuit court in the city or county wherein such person resides, provided that any petition for a refund for taxes timely paid shall be filed within one year of the date of payment. A copy of the petition shall be sent to the Commissioner at the time of the filing with the court. The original shall show, by certificate, the date of mailing such copy to the Commissioner.

B. In any proceeding under this section, the assessments by the Commissioner shall be presumed correct. The burden of proof shall be upon the petitioner to show that the assessment was incorrect and contrary to law. The circuit court is authorized to enter judgment against such person for the taxes, penalty, and interest due. The failure by any such person to appeal under the provisions of this section within the time period specified shall render the assessment, order, or decision of the Commissioner conclusively valid and binding upon such person. Such person or the Commissioner may petition the Court of Appeals from the final decision of the circuit court.

§ 58.1-2283. Jeopardy assessment.

If the Commissioner is of the opinion that the collection of any tax or any amount of tax required to be collected and paid under this chapter will be jeopardized by delay, the Commissioner shall make an assessment of the tax or amount of tax required to be collected and shall mail or issue a notice of such assessment to the taxpayer with a demand for immediate payment of the tax or of the deficiency in tax

declared to be in jeopardy, including penalties and interest. In the case of a tax for a current period, the Commissioner may declare the taxable period of the taxpayer immediately terminated and shall mail or issue the notice of such finding and declaration to the taxpayer with a demand for immediate payment of the tax based on the period declared terminated, and such tax shall be immediately due and payable, whether or not the time otherwise allowed by law for filing a return and paying the tax has expired. Assessments provided for in this section shall become immediately due and payable. If any such tax, penalty or interest is not paid upon demand, the Commissioner may proceed to (i) collect the same by legal process, including but not limited to filing a memorandum of lien pursuant to § 58.1-2284 or (ii) accept a surety bond or other security deemed to sufficiently ensure full payment of the amount of tax, penalty and interest assessed against the taxpayer.

§ 58.1-2284. Memorandum of lien for collection of taxes.

A. If any taxes or fees, including penalties and interest, due under this chapter become delinquent or are past due, the Commissioner may file a memorandum of lien in the circuit court clerk's office of the county or city in which the taxpayer's place of business is located, or in which the taxpayer resides. If the taxpayer has no place of business or residence within the Commonwealth, such memorandum may be filed in the Circuit Court of the City of Richmond. A copy of such memorandum may also be filed in the clerk's office of all counties and cities in which the taxpayer owns real estate. Such memorandum shall be recorded in the judgment docket book and shall have the effect of a judgment in favor of the Commonwealth, to be enforced as provided in Article 19 (§ 8.01-196 et seq.) of Chapter 3 of Title 8.01, *mutatis mutandis*, except that a writ of fieri facias may be issued any time after the memorandum is filed. The lien on real estate shall become effective at the time the memorandum is filed in the jurisdiction in which the real estate is located.

B. Recordation of a memorandum of lien hereunder shall not affect the right to a refund or exoneration under this chapter nor shall an application for correction pursuant to § 58.1-2281 affect the power of the Commissioner to collect the tax, except as specifically provided in this chapter.

§ 58.1-2285. Period of limitations.

The taxes imposed by this chapter shall be assessed within three years from the date on which such taxes became due and payable. In the case of a false or fraudulent return with intent to evade payment of the taxes imposed by this chapter, or a failure to file a return, the taxes may be assessed, or a proceeding in court for the collection of such taxes may be begun without assessment, at any time. The Commissioner shall not examine any person's records beyond the three-year period of limitations unless he has reasonable evidence of fraud, or reasonable cause to believe that such person was required by law to file a return and failed to do so.

§ 58.1-2286. Waiver of time limitation on assessment of taxes.

If, before the expiration of the time prescribed for assessment of any tax levied pursuant to this title and assessable by the Department, both the Commissioner and the taxpayer have consented in writing to its assessment after such time, the tax may be assessed any time prior to the expiration of the period agreed upon. The period so agreed upon may be extended by subsequent agreements in writing made before the expiration of the period previously agreed upon.

§ 58.1-2287. Suits to recover taxes.

If any person fails to pay the tax or any civil penalty levied under this chapter, including accrued penalties and interest, when due, the Attorney General or the Commissioner may bring an appropriate action for the recovery of such tax, penalty and interest, provided that if it is found that such failure to pay was willful, judgment shall be rendered for double the amount of the tax or civil penalty found to be due, with costs.

§ 58.1-2288. Liability of corporate or partnership officer; penalty.

Any corporate or partnership officer who directs or causes the business of which he is a corporate or partnership officer to fail to pay, collect, or truthfully account for and pay over any fuels tax for which the business is liable to the Commonwealth or to a trustee, shall, in addition to other penalties provided by law, be liable for a penalty in the amount of the tax evaded, or not paid, collected, or accounted for and paid over. The penalty shall be assessed and collected in the same manner as such taxes are assessed and collected. However, this penalty shall be dischargeable in bankruptcy proceedings.

Article 9.

Disposition of Tax Revenues.

§ 58.1-2289. Disposition of tax revenue generally.

A. Unless otherwise provided in this section, all taxes and fees, including civil penalties, collected by the Commissioner pursuant to this chapter, less a reasonable amount to be allocated for refunds, shall be promptly paid into the state treasury and shall constitute special funds within the Commonwealth Transportation Fund. Any balances remaining in these funds at the end of the year shall be available for use in subsequent years for the purposes set forth in this chapter, and any interest income on such funds shall accrue to these funds. Except as provided in § 33.1-23.03:1, no portion of the revenue derived from taxes collected pursuant to §§ 58.1-2217, 58.1-2249 or § 58.1-2701, and remaining after authorized refunds for nonhighway use of fuel, shall be used for any purpose other than the

construction, reconstruction or maintenance of the roads and projects comprising the State Highway System, the Interstate System and the secondary system of state highways and expenditures directly and necessarily required for such purposes, including the retirement of revenue bonds.

Revenues collected under this chapter may be also used for (i) contributions toward the construction, reconstruction or maintenance of streets in cities and towns of such sums as may be provided by law and (ii) expenditures for the operation and maintenance of the Department of Transportation, the Department of Rail and Public Transportation, the Department of Aviation, the Virginia Port Authority, and the Department of Motor Vehicles as may be provided by law.

Article 10. Floorstocks Tax.

§ 58.1-2290. Floorstocks tax.

A. There is hereby levied a floorstocks tax on taxable motor fuel and alternative fuel held in storage as of the close of the business day preceding January 1, 2001. For the purposes of this section, "close of the business day" means the time at which the last transaction has occurred for that day. The floorstocks tax shall be payable by the person in possession of the fuel on January 1, 2001. The amount of the floorstocks tax on motor fuel shall be equal to the sum of (i) the tax rate specified by § 58.1-2217 for the type of fuel and (ii) the storage tank fee rate specified under § 62.1-44.34:13, multiplied by the gallons in storage as of the close of the business day preceding January 1, 2001. The amount of the floorstocks tax on alternative fuel shall be equal to the tax rate specified by subsection A of § 58.1-2249, multiplied by the gallons in storage as of the close of the business day preceding January

1, 2001.

B. Persons in possession of taxable fuel in storage as of the close of the business day preceding January 1, 2001, shall:

1. Take an inventory at the close of the business day preceding January 1, 2001, to determine the gallons in storage for purposes of determining the floorstocks tax;

2. Report the gallons listed in subsection A, on forms provided by the Commissioner, not later than February 1, 2001; and

3. Remit the tax levied under this section no later than July 1, 2001.

In the event the tax due is paid to the Department on or before February 1, 2001, the person remitting the tax may deduct from their submission ten percent of the tax liability due.

C. In determining the amount of floorstocks tax due under this section, the person may exclude the amount of taxable motor fuel in dead storage. "Dead storage" means the amount of taxable motor fuel that will not be pumped out of a storage tank because the fuel is below the mouth of the draw pipe. Such person may assume that the amount of motor fuel in dead storage is 200 gallons for a tank with a capacity of less than 10,000 gallons and 400 gallons for a tank with a capacity of 10,000 gallons or more. Alternatively, the amount of motor fuel in dead storage in a tank may be computed by using the manufacturer's conversion table for the tank and number of inches between the bottom of the tank and the mouth of the draw pipe. If the conversion table method is used to compute the amount of motor fuel in dead storage, the distance between the bottom of the tank and the mouth of the draw pipe will be assumed to be six inches, unless otherwise established.

§ 58.1-2701. Amount of tax.
