A. The following records are excluded from the provisions of this chapter but may be disclosed by the custodian in his discretion, except where such disclosure is prohibited by law:

1. Confidential records of all investigations of applications for licenses and permits, and all licensees and permittees made by or submitted to the Alcoholic Beverage Control Board, the State Lottery Department, the Virginia Racing Commission, or the Charitable Gaming Commission.

2. State income, business, and estate tax returns, personal property tax returns, scholastic and confidential records held pursuant to § 58.1-3.

3. Scholastic records containing information concerning identifiable individuals, except that such access shall not be denied to the person who is the subject thereof, or the parent or legal guardian of the student. However, no student shall have access to (i) financial records of a parent or guardian or (ii) records of instructional, supervisory, and administrative personnel and educational personnel ancillary thereto, which are in the sole possession of the maker thereof and which are not accessible or revealed to any other person except a substitute.

The parent or legal guardian of a student may prohibit, by written request, the release of any individual information regarding that student until the student reaches the age of eighteen years. For scholastic records of students under the age of eighteen years, the right of access may be asserted only by his legal guardian or parent, including a noncustodial parent, unless such parent's parental rights have been terminated or a court of competent jurisdiction has restricted or denied such access. For scholastic records of students who are emancipated or attending a state-supported institution of higher education, the right of access may be asserted by the student.

Any person who is the subject of any scholastic record and who is eighteen years of age or older may waive, in writing, the protections afforded by this subdivision. If the protections are so waived, the public body shall open such records for inspection and copying.

4. Personnel records containing information concerning identifiable individuals, except that access shall not be denied to the person who is the subject thereof. Any person who is the subject of any personnel record and who is eighteen years of age or older may waive, in writing, the protections afforded by this subdivision. If the protections are so waived, the public body shall open such records for inspection and copying.

5. Medical and mental records, except that such records may be personally reviewed by the subject person or a physician of the subject person's choice. However, the subject person's mental records may not be personally reviewed by such person when the subject person's treating physician has made a part of such person's records a written statement that in his opinion a review of such records by the subject person would be injurious to the subject person's physical or mental health or well-being.

Where the person who is the subject of medical records is confined in a state or local correctional facility, the administrator or chief medical officer of such facility may assert such confined person's right of access to the medical records if the administrator or chief medical officer has reasonable cause to believe that such confined person has an infectious disease or other medical condition from which other persons so confined need to be protected. Medical records shall only be reviewed and shall not be copied by such administrator or chief medical officer. The information in the medical records of a person so confined shall continue to be confidential and shall not be disclosed by the administrator or

chief medical officer of the facility to any person except the subject or except as provided by law.

For the purposes of this chapter, statistical summaries of incidents and statistical data concerning patient abuse as may be compiled by the Commissioner of the Department of Mental Health, Mental Retardation and Substance Abuse Services shall be open to inspection and copying as provided in § 2.1-342. No such summaries or data shall include any patient-identifying information. Where the person who is the subject of medical and mental records is under the age of eighteen, his right of access may be asserted only by his guardian or his parent, including a noncustodial parent, unless such parent's parental rights have been terminated or a court of competent jurisdiction has restricted or denied such access. In instances where the person who is the subject thereof is an emancipated minor or a student in a public institution of higher education, the right of access may be asserted by the subject person.

6. *C. The digits "9-1-1" shall be the designated emergency telephone number in Virginia. No public safety agency shall advertise or otherwise promote the use of any number for emergency response service other than "9-1-1."*

*§ 56-484.17. Wireless E-911 Fund; uses of Fund; enforcement; audit required.*

*A. There is hereby created in the state treasury a special nonreverting fund to be known as the Wireless E-911 Fund (the Fund). The Fund shall be established on the books of the Comptroller. Interest earned on moneys in the Fund shall remain in the Fund and be credited to it. Any moneys remaining in the Fund, including interest thereon, at the end of each fiscal year shall not revert to the general fund but shall remain in the Fund. Except as provided in § 2.1-563.35:4, moneys in the Fund shall be used solely for the purposes stated in subsections C through F. Expenditures and disbursements from the Fund shall be made by the State Treasurer on warrants issued by the Comptroller upon written request signed by the Director.*

*B. Each CMRS provider shall collect a wireless E-911 surcharge from each of its customers whose billing address is within the Commonwealth. All wireless E-911 surcharges shall be remitted within 30 days to the Board for deposit in the Fund. Each CMRS provider shall reduce collected surcharge amounts to the minimum amount necessary to defray costs of collecting the surcharges, not to exceed three percent of the amount collected. State and local taxes shall not apply to the wireless E-911 surcharge.*

*C. The Board shall provide full payment to PSAP operators for all wireless E-911 PSAP costs and to CMRS providers of all wireless E-911 CMRS costs. For these purposes (i) each PSAP operator shall submit to the Board on or before October 1 of each year, an estimate of wireless E-911 PSAP costs it expects to incur during its next fiscal year and (ii) each CMRS provider shall submit to the Board on or before December 31 of each year an estimate of wireless E-911 CMRS costs it expects to incur during the next fiscal year of counties and municipalities in whose jurisdiction it operates. The Board shall review such estimates and advise each PSAP operator and CMRS provider on or before the following March 1 whether its estimate qualifies for payment hereunder and whether the Wireless E-911 Fund is expected to be sufficient for such payment during said fiscal year. Each PSAP operator and CMRS provider shall notify the Board promptly of any material change in its plans to provide wireless E-911 service.*

*D. The Board shall make such qualifying payments to each PSAP operator and CMRS provider in four equal payments at the beginning of each calendar quarter of such fiscal year. If the Wireless E-911 Fund is insufficient during any calendar quarter to make all such qualifying payments, the Board shall prorate payments equally among all PSAP operators and CMRS providers during such calendar quarter. Unpaid amounts shall be carried forward for payment during the next calendar quarter. Such carry-forward process shall continue until all qualifying payments have been made.*

*E. During the period July 1 through September 30 of each year, the Board shall determine whether qualifying payments to PSAP operators and CMRS providers during the preceding fiscal year exceeded or were less than the actual wireless E-911 PSAP costs or wireless E-911 CMRS costs of any PSAP operator or CMRS provider. Each PSAP operator or CMRS provider shall provide such verification of such costs as may be requested by the Board. Any overpayment shall be refunded to the Board or credited to qualifying payments during the then current fiscal year, on such schedule as the Board shall determine.*

*F. Any estimate of wireless E-911 PSAP costs submitted to the Board after October 1 and any estimate of wireless E-911 CMRS costs submitted to the Board after December 31 of any year shall be reviewed by the Board as described in subsection A to the extent practicable as determined by the Board; however, qualifying payments based on estimates submitted in accordance with the schedule set forth in subsection A shall have priority for payment.*

*G. CMRS providers and PSAPs found by the Board to be using the Wireless E-911 Fund moneys for purposes other than those authorized by the Board shall be provided with written notice by the Board of*

*such unauthorized expenditures. Upon receipt of the notice, the named CMRS provider or PSAP shall cease making any expenditure involving Wireless E-911 Fund moneys identified by the Board as unauthorized. The CMRS provider or PSAP may petition and shall receive a hearing before the Board within a reasonable time. At the Board's discretion, the CMRS provider or PSAP shall be required to refund within ninety days any Wireless E-911 Fund moneys spent on unauthorized expenditures to the Board for deposit into the Wireless E-911 Fund. CMRS providers or PSAPs who fail to cease making unauthorized expenditures or fail to comply with a request to refund Wireless E-911 Fund moneys shall be subject to a suspension of future Wireless E-911 funding by the Board until such time as they comply with all provisions of this article. Any action of the Board made pursuant to this section shall be subject to appeal to the circuit court in which the CMRS provider or PSAP is located, or to the Circuit Court for the City of Richmond.*

*H. The Auditor of Public Accounts, or his legally authorized representatives, shall annually audit the Wireless E-911 Fund. The cost of such audit shall be borne by the Board and be payable from the Wireless E-911 Fund, as appropriate. The Board shall furnish copies of the audits to the Governor, the Public Safety Subcommittees of the Senate Committee on Finance and the House Committee on Appropriations, and the Virginia State Crime Commission.*

Except as otherwise provided, the tax shall not be imposed at a rate in excess of twenty percent of the monthly gross charge to a consumer and shall not be applicable to any amount so charged in excess of fifteen dollars per month for a residential consumer; however, any county, city or town that on July 1, 1972, imposed a tax in excess of limits specified herein may continue to impose such a tax in excess of such limits, but no more. Notwithstanding the foregoing, the tax may be imposed only at a rate equal to ten percent of the monthly gross charge to a consumer of mobile local telecommunication and shall not be applicable to any amount so charged in excess of thirty dollars per month for each mobile service consumer. No county, city or town that currently is not collecting the tax on mobile local telecommunication service shall begin to collect the tax on mobile local telecommunication service before September 1, 1994, for bills sent to consumers on and after that date. However, any county with a population of at least 68,000 but not more than 69,000, any city with a population of at least 40,000 but not more than 41,000, and any city with a population of at least 66,000 but not more than 67,000 shall conform with the provisions of this section in accordance with the following schedule:

| Fiscal Year    | Rate | Cap             |
|----------------|------|-----------------|
| 1994-95        | 10%  | None            |
| 1995-96        | 10%  | \$100           |
| 1996-97        | 10%  | \$50            |
| July 1, 1997   |      |                 |
| and thereafter |      | Full Conformity |

B. Any tax enacted pursuant to the provisions of this section or any change in a tax or structure already in existence shall not be effective until 120 days subsequent to written notice by certified mail from the county, city or town imposing such tax or change thereto, being received by the registered agent of the service provider that is required to collect the tax.

C. Any county tax imposed hereunder shall not apply within the limits of any incorporated town located within such county which town imposes a town tax authorized by this section, provided that such town (i) provides police or fire protection, and water or sewer services, provided that any such town served by a sanitary district or any such town with a population between 250 and 350 people which formerly provided its own water and sewer and is now served by a water and sewer service authority providing water or sewer services or any such town which formerly provided water and sewer services and is now served by the county in which it is located pursuant to an agreement between the town and the county shall be deemed to be providing such water or sewer services itself, or (ii) constitutes a special school district and is operated as a special school district under a town school board of three members appointed by the town council.

D. Any county, city or town may provide for an exemption from the tax for any public safety ~~agency answering point~~ as defined in ~~§ 58.1-3813~~ § 58.1-3813.1.

E. Any city with a population of not less than 27,000 and not more than 28,500 may provide an exemption from the tax for any church or religious body entitled to an exemption pursuant to Article 4 (§ 58.1-3650 et seq.) of Chapter 36. Any city providing such exemption shall provide the telephone

account numbers of all exempted churches and religious bodies to all service providers required to collect the tax as part of the notice required pursuant to subsection B.

F. A service provider of local telecommunication services shall collect the tax from the consumer by adding the tax to the monthly gross charge for such services. The tax shall, when collected, be stated as a distinct item separate and apart from the monthly gross charge. Until the consumer pays the tax to the service provider, the tax shall constitute a debt of the consumer to the county, city or town. If any consumer refuses to pay the tax, the service provider shall notify the county, city or town. After the consumer pays the tax to the service provider, the taxes collected shall be deemed to be held in trust by the service provider until remitted to the county, city or town.

G. A service provider shall remit monthly to each county, city or town the amount of tax billed during the preceding month to consumers with a service address in that county, city or town, less any discount allowed under § 58.1-3816.1.

H. No county, city or town may impose the tax on consumers of mobile local telecommunication service unless it also imposes the tax on the consumers of the other forms of local telecommunication services.

I. Any consumer shall be entitled to a refund from the county, city or town imposing the tax equal to the amount of any tax the consumer paid to a jurisdiction outside of the Commonwealth if such tax was legally imposed in such other jurisdiction; however, the amount of credit or refund shall not exceed the tax paid to the county, city or town on such purchase.

J. As used in this article, unless the context clearly requires otherwise:

"Affiliated group" shall have the same meaning ascribed to it in subdivision C 10 of § 58.1-3703, except, for purposes of this article, the word "entity" shall be substituted for the word "corporation" whenever it is used in that section.

"Bad debts" means any portion of a debt related to a sale of local telecommunication services, the gross charges for which are not otherwise deductible or excludable, that has become worthless or uncollectible, as determined under applicable federal income tax standards. If the portion of the debt deemed to be bad is subsequently paid, the service provider shall report and pay the tax on that portion during the reporting period in which the payment is made.

"Consumer" means a person who, individually or through agents, employees, officers, representatives, or permittees, makes a taxable purchase of local telecommunication services.

"Enhanced services" means services that employ computer processing applications to act on the format, code, or protocol or similar aspects of the information transmitted; provide additional, different, or restructured information; or involve interaction with stored information.

"Gross charges" means, subject to the exclusions of this section, the amount charged or paid for the taxable purchase of local telecommunication services. However, "gross charges" shall not include the following:

1. Charges or amounts paid that vary based on the distance and/or elapsed transmission time of the communication that are separately stated on the consumer's bill or invoice.

2. Charges or amounts paid for customer equipment, including such equipment that is leased or rented by the customer from any source, if such charges or amounts paid are separately identifiable from other amounts charged or paid for the provision of local telecommunication services on the service provider's books and records.

3. Charges or amounts paid for administrative services, including, without limitation, service connection and reconnection, late payments, and roamer daily surcharges.

4. Charges or amounts paid for special features that are not subject to taxation under § 4251 of the Internal Revenue Code of 1986, as amended.

5. Charges or amounts paid that are (i) the tax imposed by § 4251 of the Internal Revenue Code of 1986, as amended, or (ii) any other tax or surcharge imposed by statute, ordinance or regulatory authority.

6. Bad debts.

"Local telecommunication service," subject to the exclusions stated in this section, includes, without limitation, the two-way local transmission of messages through use of switched local telephone services; telegraph services; teletypewriter; local cellular mobile radio telecommunication services; specialized mobile radio; stationary two-way radio; or any other form of two-way mobile and portable communications.

"Local telephone service," subject to the exclusions stated in this section, includes any service subject to federal taxation as local telephone service as that term is defined in § 4252 of the Internal Revenue Code of 1986, as amended, or any successor statute.

"Mobile local telecommunication service" means any two-way mobile or portable local telecommunication service, including cellular mobile radio telecommunication service and specialized mobile radio.

"Mobile service consumer" means a person having a telephone number for mobile local telecommunication service who has made a taxable purchase of such service or on whose behalf another person has made a taxable purchase of such service.

"Mobile service provider" means every person engaged in the business of selling mobile local telecommunication services to consumers.

"Residential consumer" shall not include any consumer of mobile local telecommunication service.

"Service address" means the location of the telecommunication equipment from which the telecommunication is originated or at which the telecommunication is received by a consumer. However, if the service address is not a defined location, as in the case of mobile telephones, maritime systems, air-to-ground systems and the like, service address shall mean the location of the subscriber's primary use of the telecommunication equipment within the licensed service area. A mobile service provider may obtain a signed statement from a consumer indicating which county, city or town within the licensed service area is the location of the consumer's primary use of the telecommunication equipment. A mobile service provider shall be entitled to rely absolutely on a consumer's signed statement and shall remit the taxes collected to the county, city or town identified by the consumer. In the absence of a signed statement by a consumer, a mobile service provider shall identify the county, city or town of the consumer's primary use and shall remit the tax to such county, city or town based on any other reasonable method, including, without limitation, the consumer's billing address, service address, or telephone number within the licensed service area.

"Service provider" means every person engaged in the business of selling local telecommunication services to consumers.

"Taxable purchase" means the acquisition of telecommunication services for consumption or use; however, taxable purchase does not include (i) the provision of telecommunications among members of an affiliated group of entities by a member of the group for their own exclusive use and consumption and (ii) the purchase of telecommunications for resale in the subsequent provision of telecommunications, including, without limitation, carrier access charges, right of access charges, and charges for use of intercompany facilities; however, the acquisition of telecommunications by a provider of enhanced services is not the purchase of telecommunications for resale, even when the cost of the telecommunications is separately stated to the purchaser of the enhanced services, as long as the primary object of the purchase of the telecommunications by the provider is for the provision of enhanced services and not telecommunications. A person may make tax-free purchases of telecommunications for resale if the person provides to the service provider a sworn affidavit indicating that the person's purchases are nontaxable sales for resale.

The specifications shall require an annual audit, beginning July 1, 2000, of such fund or cost center so as to ensure that the amounts collected from such tax are expended solely to pay wireline PSAP cost as defined in this article. The independent certified public accountants shall report any findings to the Auditor of Public Accounts by November 30 following the fiscal year end. The Auditor of Public Accounts shall summarize findings from all localities and report those findings annually to the Governor, the Senate Committee on Finance and the House Committee on Appropriations, and the Virginia State Crime Commission by February 1 of the next year.*

Any city, town or county that on July 1, 1972, imposed a utility consumer tax in excess of limits specified herein may continue to impose such a tax in excess of such limits, but no more.

B. Any tax enacted pursuant to the provisions of this section, or any change in a tax or structure already in existence, shall not be effective until sixty days subsequent to written notice by certified mail from the county, city or town imposing such tax or change thereto, to the registered agent of the utility corporation that is required to collect the tax.

C. Any county, city or town may impose a tax on the consumers of services provided within its jurisdiction by any electric light and power, water or gas company owned by another municipality; provided, that no county shall be authorized under this section to impose a tax within a municipality on consumers of services provided by an electric light and power, water or gas company owned by that municipality. Any county tax imposed hereunder shall not apply within the limits of any incorporated town located within such county which town imposes a town tax on consumers of utility service or services provided by any corporation coming within the provisions of Chapter 26, provided that such town (i) provides police or fire protection, and water or sewer services, provided that any such town served by a sanitary district or service authority providing water or sewer services or served by the county in which the town is located when such service or services are provided pursuant to an agreement between the town and county shall be deemed to be providing such water and sewer services itself, or (ii) constitutes a special school district and is operated as a special school district under a town school board of three members appointed by the town council.

Any county, city or town may provide for an exemption from the tax for any public safety ~~agency~~ *answering point* as defined in ~~§ 58.1-3813~~ § 58.1-3813.1.

be imposed at a rate in excess of \$.015 (1 1/2 cent) per kWh billed monthly to consumers of electricity and shall not be applicable to any kilowatt hours billed in excess of 200 kWh per month for residential customers. In any county, city or town that imposes a consumer utility tax immediately prior to January 1, 2001, (i) on residential customers at a higher rate than the maximum rate on residential customers under this section because the rate of consumer utility tax it imposed on July 1, 1972, exceeded the limits specified in subsection A or (ii) on other consumers not subject to the maximum rate set by this section, the service provider shall convert the dollar amount rate to a kWh rate of tax based on the monthly tax that is being collected immediately prior to January 1, 2001. G. Until the consumer pays the tax to such service provider, the tax shall constitute a debt to the locality. If any consumer refuses to pay the tax, the service provider shall notify the localities of the names and addresses of such consumers. After the consumer pays the tax to the service provider, the taxes shall be deemed to be held in trust by such service provider until remitted to the localities.
