HOUSE BILL NO. 220

Offered January 12, 2000

A BILL to amend the Code of Virginia by adding in Title 2.1 a chapter numbered 10.1:3, consisting of sections numbered 2.1-116.9:7 through 2.1-116.9:12, relating to overtime compensation for firefighters and emergency medical technicians.

Patron—Callahan

Referred to Committee on Counties, Cities and Towns

Be it enacted by the General Assembly of Virginia:

1. That the Code of Virginia is amended by adding in Title 2.1 a chapter numbered 10.1:3, consisting of sections numbered 2.1-116.9:7 through 2.1-116.9:12, as follows:

Chapter 10.1:3.

Overtime Compensation for Firefighters, Emergency Medical Technicians, and Other Fire Protection Employees.

§ 2.1-116.9:7. Definitions.

As used in this chapter, unless the context requires a different meaning:

"Employer" means the Commonwealth or any political subdivision thereof, including any county, city,

or town, municipality, authority, or special district which employs fire protection employees.

"Fire protection employee" means any person employed by an employer as a paid firefighter, paramedic, emergency medical technician, rescue worker, ambulance personnel, or hazardous materials worker who is (i) trained in fire suppression and has the legal authority and responsibility to engage in fire suppression, and is employed by a fire department of an employer and (ii) engaged in the prevention, control, and extinguishment of fires or response to emergency situations where life, property, or the environment is at risk.

§ 2.1-116.9:8 . Overtime compensation rate.

A. Employers shall pay fire protection employees overtime compensation at a rate of not less than one and one-half times the employee's regular rate of pay for all hours of work in excess of forty-eight hours in a seven-day work period or 192 hours in a twenty-eight-day work period, or for work periods adopted between seven and twenty-eight days, the number of hours which bears the same relationship to 192 as the number of days in the work period bears to twenty-eight.

B. Nothing in this chapter shall be construed to affect the right of any employer to provide overtime compensation to fire protection employees in an amount that exceeds the amount required by this

section.

§ 2.1-116.9:9. Work period.

Employers may adopt any work period to compute overtime compensation for fire protection employees between seven and twenty-eight days provided that the work period is recurring and fixed, and is not changed for purposes of denying overtime compensation to such employees.

§ 2.1-116.9:10. Hours of work.

For purposes of computing fire protection employees' entitlement to overtime compensation, all hours in which an employee works or is in a paid status shall be counted as hours of work.

§ 2.1-116.9:11. Employee's remedies; award of attorney's fees and costs.

A. In an action brought under this chapter, an employer who violates the provisions of this chapter shall be liable to the fire protection employee affected in an amount of double the amount of the unpaid compensation due such employee. However, if the employer can prove that his violation was in good faith, he shall be liable only for the amount of the unpaid compensation plus interest at the rate of eight percent per year, commencing on the date the compensation was due to the employee.

B. Where the fire protection employee prevails, the court shall award him attorneys' fees and costs to

be paid by the employer.

§ 2.1-116.9:12. Limitation of actions.

Actions brought under this chapter shall be commenced within two years of the date the unpaid compensation was due, or if the violation is willful, within three years of the date the unpaid compensation was due.
