

1 VIRGINIA ACTS OF ASSEMBLY — CHAPTER

2 *An Act to amend and reenact § 38.2-3411.1 of the Code of Virginia, relating to insurance coverage for*
3 *child health supervision services.*

4
5 Approved

[H 574]

6 **Be it enacted by the General Assembly of Virginia:**

7 **1. That § 38.2-3411.1 of the Code of Virginia is amended and reenacted as follows:**

8 § 38.2-3411.1. Coverage for child health supervision services.

9 A. Every individual or group accident and sickness insurance policy, subscription contract providing
10 coverage under a health services plan, or evidence of coverage of a health care plan delivered or issued
11 for delivery in the Commonwealth or renewed, reissued, or extended if already issued, shall offer and
12 make available coverage under such policy or plan for child health supervision services to provide for
13 the periodic examination of children covered under such policy or plan.

14 B. As used in this section, the term "child health supervision services" means the periodic review of
15 a child's physical and emotional status by a licensed and qualified physician or pursuant to a physician's
16 supervision. A review shall include but not be limited to a history, complete physical examination,
17 developmental assessment, anticipatory guidance, appropriate immunizations, and laboratory tests in
18 keeping with prevailing medical standards.

19 C. Each such policy or plan, offering and making available such coverage, shall, at a minimum,
20 provide benefits for child health supervision services at approximately the following age intervals: birth,
21 two months, four months, six months, nine months, twelve months, fifteen months, eighteen months, two
22 years, three years, four years, five years, and six years. A policy or plan may provide that child health
23 supervision services which are rendered during a periodic review shall only be covered to the extent that
24 such services are provided by or under the supervision of a single physician during the course of one
25 visit.

26 D. Benefits for coverage for child health supervision services shall be exempt from any copayment,
27 coinsurance, deductible, or other dollar limit provision in the policy or plan. Such exemption shall be
28 expressly stated on the policy, plan, rider, endorsement, or other attachment providing such coverage.

29 E. The premiums for such coverage shall take into consideration (i) the cost of providing such
30 coverage, (ii) cost savings realized or likely to be realized as a consequence of such coverage, (iii) a
31 reasonable profit for the insurer, and (iv) any other relevant information or data the Commission deems
32 appropriate.

33 F. This section shall not apply (i) to any insurer or health services plan having fewer than 1,000
34 covered individuals insured or covered in Virginia or less than \$500,000 in premiums in Virginia as of
35 its last annual statement, (ii) to short-term travel or accident only policies, (iii) to short-term
36 nonrenewable policies of not more than six months' duration, or ~~not~~ (iv) to specified disease, hospital
37 indemnity or other limited benefit policies issued to provide supplemental benefits to a policy providing
38 primary care benefits.
