2000 SESSION

	006650443
1	HOUSE JOINT RESOLUTION NO. 238
2	Offered January 24, 2000
3 4	Establishing a joint subcommittee to study consolidation of transportation authorities in Northern Virginia.
5 6 7	Patron—Scott
/ 8 9	Referred to Committee on Rules
10	WHEREAS, an efficient multimodal and integrated intermodal transportation system is essential to
11	the quality of life and economic vitality of all parts of the Commonwealth; and
12	WHEREAS, the need for a seamless transportation network is particularly acute in regions such as
13	Northern Virginia, with large, high-density populations, huge and rapidly-growing traffic volumes, and
14	numerous large but scattered centers of business, commercial, and cultural activity; and
15	WHEREAS, an effective transportation network must not only be efficient, but also safe — capable
16 17	of moving high volumes of people and goods quickly and at a reasonable cost, without sacrificing safety for speed or capacity; and
18	WHEREAS, whatever its other merits, any transportation system must, in its every aspect and
19	operation, be acutely aware of and sensitively responsive to the need to not merely preserve, but actively
20	improve the quality of the environment; and
21	WHEREAS, Northern Virginia's existing regional transportation system, in comparison with these
22	desiderata, is deficient in many respects, and will inevitably become more inadequate without prompt
23 24	and aggressive but careful and well-considered action; and WHEREAS, the improvement of the region's transportation system depends at least as much on
25	improving and strengthening interjurisdictional and inter-agency cooperation as it does on adequate
26	sources of revenue; and
27	WHEREAS, a vital element in such endeavor must be the consolidation of the region's patchwork of
28	transportation authorities, advisory panels, and other similar entities into a single, consolidated body (or
29 30	at the very least, a reduced number of bodies) that can think, speak, act, and plan for the region as a
30 31	whole; now, therefore, be it RESOLVED by the House of Delegates, the Senate concurring, That there be established a joint
32	subcommittee to study the desirability and feasibility of consolidating the transportation authorities,
33	advisory panels, and other similar entities responsible for or having an interest in transportation in
34	Northern Virginia, into a single entity or a smaller number of entities. If the joint subcommittee
35	recommends any such consolidation, it shall include in its report specific draft legislation to implement
36 37	that recommendation. The joint subcommittee shall consist of fifteen members as follows: nine members of the House of
38	Delegates, appointed by the Speaker of the House, and six members of the Senate, appointed by the
39	Senate Committee on Privileges and Elections.
40	The direct costs of this study shall not exceed \$ 15,750.
41	The joint subcommittee shall complete its work in time to submit its findings and recommendations
42	to the Governor and the 2000 Session of the General Assembly as provided in the procedures of the
43 44	Division of Legislative Automated Systems for the processing of legislative documents. Implementation of this resolution is subject to subsequent approval and certification by the Joint
45	Rules Committee. The Committee may withhold expenditures or delay the period for the conduct of the
46	study.

INTRODUCED
