Referred to Committee on General Laws

**Be it enacted by the General Assembly of Virginia:****1. That § 2.1-342.01 of the Code of Virginia is amended and reenacted as follows:**

§ 2.1-342.01. Exclusions to application of chapter.

A. The following records are excluded from the provisions of this chapter but may be disclosed by the custodian in his discretion, except where such disclosure is prohibited by law:

1. Confidential records of all investigations of applications for licenses and permits, and all licensees and permittees made by or submitted to the Alcoholic Beverage Control Board, the State Lottery Department, the Virginia Racing Commission, or the Charitable Gaming Commission.

2. State income, business, and estate tax returns, personal property tax returns, scholastic and confidential records held pursuant to § 58.1-3.

3. Scholastic records containing information concerning identifiable individuals, except that such access shall not be denied to the person who is the subject thereof, or the parent or legal guardian of the student. However, no student shall have access to (i) financial records of a parent or guardian or (ii) records of instructional, supervisory, and administrative personnel and educational personnel ancillary thereto, which are in the sole possession of the maker thereof and which are not accessible or revealed to any other person except a substitute.

The parent or legal guardian of a student may prohibit, by written request, the release of any individual information regarding that student until the student reaches the age of eighteen years. For scholastic records of students under the age of eighteen years, the right of access may be asserted only by his legal guardian or parent, including a noncustodial parent, unless such parent's parental rights have been terminated or a court of competent jurisdiction has restricted or denied such access. For scholastic records of students who are emancipated or attending a state-supported institution of higher education, the right of access may be asserted by the student.

Any person who is the subject of any scholastic record and who is eighteen years of age or older may waive, in writing, the protections afforded by this subdivision. If the protections are so waived, the public body shall open such records for inspection and copying.

4. Personnel records containing information concerning identifiable individuals, except that access shall not be denied to the person who is the subject thereof. Any person who is the subject of any personnel record and who is eighteen years of age or older may waive, in writing, the protections afforded by this subdivision. If the protections are so waived, the public body shall open such records for inspection and copying.

5. Medical and mental records, except that such records may be personally reviewed by the subject person or a physician of the subject person's choice. However, the subject person's mental records may not be personally reviewed by such person when the subject person's treating physician has made a part of such person's records a written statement that in his opinion a review of such records by the subject person would be injurious to the subject person's physical or mental health or well-being.

Where the person who is the subject of medical records is confined in a state or local correctional facility, the administrator or chief medical officer of such facility may assert such confined person's right of access to the medical records if the administrator or chief medical officer has reasonable cause to believe that such confined person has an infectious disease or other medical condition from which other persons so confined need to be protected. Medical records shall only be reviewed and shall not be copied by such administrator or chief medical officer. The information in the medical records of a person so confined shall continue to be confidential and shall not be disclosed by the administrator or chief medical officer of the facility to any person except the subject or except as provided by law.

For the purposes of this chapter, statistical summaries of incidents and statistical data concerning patient abuse as may be compiled by the Commissioner of the Department of Mental Health, Mental Retardation and Substance Abuse Services shall be open to inspection and copying as provided in § 2.1-342. No such summaries or data shall include any patient-identifying information. Where the person who is the subject of medical and mental records is under the age of eighteen, his right of access may be asserted only by his guardian or his parent, including a noncustodial parent, unless such parent's

60 parental rights have been terminated or a court of competent jurisdiction has restricted or denied such  
61 access. In instances where the person who is the subject thereof is an emancipated minor or a student in  
62 a public institution of higher education, the right of access may be asserted by the subject person.

63 6. Working papers and correspondence of the Office of the Governor; Lieutenant Governor; the  
64 Attorney General; the members of the General Assembly or the Division of Legislative Services; the  
65 mayor or chief executive officer of any political subdivision of the Commonwealth; or the president or  
66 other chief executive officer of any public institution of higher education. However, no record which is  
67 otherwise open to inspection under this chapter shall be deemed exempt by virtue of the fact that it has  
68 been attached to or incorporated within any working paper or correspondence.

69 As used in this subdivision:

70 "Working papers" means those records prepared by or for an above-named public official for his  
71 personal or deliberative use.

72 "Office of the Governor" means the Governor; his chief of staff, counsel, director of policy, Cabinet

76 other records protected by the attorney-client privilege.

88 or certificate issued by a public body.

89 As used in this subdivision, "test or examination" shall include (i) any scoring key for any such test  
90 or examination and (ii) any other document which would jeopardize the security of the test or  
91 examination. Nothing contained in this subdivision shall prohibit the release of test scores or results as  
92 provided by law, or limit access to individual records as provided by law. However, the subject of such  
93 employment tests shall be entitled to review and inspect all records relative to his performance on such  
94 employment tests.

95 When, in the reasonable opinion of such public body, any such test or examination no longer has any  
96 potential for future use, and the security of future tests or examinations will not be jeopardized, the test  
97 or examination shall be made available to the public. However, minimum competency tests administered  
98 to public school children shall be made available to the public contemporaneously with statewide release  
99 of the scores of those taking such tests, but in no event shall such tests be made available to the public  
100 later than six months after the administration of such tests.

101 12. Applications for admission to examinations or for licensure and scoring records maintained by  
102 the Department of Health Professions or any board in that department on individual licensees or
