

VIRGINIA ACTS OF ASSEMBLY — CHAPTER

An Act to amend and reenact §§ 62.1-198, 62.1-199 and 62.1-215 of the Code of Virginia, relating to the Virginia Resources Authority.

[S 715]

Approved

Be it enacted by the General Assembly of Virginia:

1. That §§ 62.1-198, 62.1-199 and 62.1-215 of the Code of Virginia are amended and reenacted as follows:

§ 62.1-198. Legislative findings and purposes.

The General Assembly finds that there exists in the Commonwealth a critical need for additional sources of funding to finance the present and future needs of the Commonwealth for water supply, wastewater treatment facilities, drainage facilities, solid waste treatment, disposal and management facilities, recycling facilities, resource recovery facilities, *professional sports facilities* and certain heavy rail transportation facilities. This need can be alleviated in part through the creation of a resources authority. Its purpose is to encourage the investment of both public and private funds and to make loans, grants, and credit enhancements available to local governments to finance water and sewer projects, drainage projects, solid waste treatment, disposal and management projects, recycling projects, *professional sports facilities* and resource recovery projects. The General Assembly determines that the creation of an authority for this purpose is in the public interest, serves a public purpose and will promote the health, safety, welfare, convenience or prosperity of the people of the Commonwealth.

§ 62.1-215. Establishment of capital reserve funds.

A. 1. The Authority may create and establish one or more capital reserve funds and may pay into each capital reserve fund (i) any moneys appropriated and made available by the Commonwealth for the purpose of such a fund, (ii) any proceeds of the sale of bonds of the Authority, to the extent provided in the resolution authorizing the issuance of, or the trust indenture securing, the bonds, and (iii) any other moneys which may be made available to the Authority for the purpose of such a fund from any other source. All moneys held in any capital reserve fund, except as hereinafter provided, shall be used solely for the payment when due of the principal of and premium, if any, and interest on the bonds or obligations under credit enhancements issued by the Authority secured in whole or in part by such a fund. If, however, moneys in any such fund are ever less than the minimum capital reserve fund requirement established for the fund, the Authority shall not use the moneys for any optional purchase or redemption of bonds. Any income or interest earned on, or increment to, any capital reserve fund due to its investment may be transferred by the Authority to other funds or accounts of the Authority to the extent it does not reduce the amount of the capital reserve fund below its minimal requirement.

2. The Authority shall not at any time issue bonds or credit enhancements secured in whole or in part by any capital reserve fund, if upon the issuance of the bonds or credit enhancements, the amount in the capital reserve fund will be less than its minimal requirement unless the Authority, at the time of issuance of the bonds or credit enhancements, deposits in the fund an amount which, together with the amount then in the fund, will not be less than the fund's minimal capital reserve requirement.

B. In order to assure further the maintenance of capital reserve funds, the chairman of the Authority shall annually, on or before December 1, make and deliver to the Governor and the Secretary of Administration a certificate stating the sum, if any, required to restore each capital reserve fund to its minimal requirement. Within five days after the beginning of each session of the General Assembly, the Governor shall submit to the presiding officer of each House of the General Assembly printed copies of a budget including the sum, if any, required to restore each capital reserve fund to its minimal requirement. All sums, if any, which may be appropriated by the General Assembly for any restoration and paid to the Authority shall be deposited by the Authority in the applicable capital reserve fund. All amounts paid to the Authority by the Commonwealth pursuant to the provisions of this section shall constitute and be accounted for as advances by the Commonwealth to the Authority and, subject to the rights of the holders of any bonds of the Authority or the beneficiaries of credit enhancements of the Authority, shall be repaid to the Commonwealth without interest from available operating revenues of the Authority in excess of amounts required for the payment of bonds, credit enhancements or other obligations of the Authority, the maintenance of capital reserve funds, and operating expenses. *In addition, no bonds issued by the Authority to finance a professional sports facility shall be secured by a capital reserve fund.*

C. The Authority may create and establish other funds as necessary or desirable for its corporate purposes.

D. Nothing in this section shall be construed as limiting the power of the Authority to issue bonds or credit enhancements not secured by a capital reserve fund.
