Referred to Committee on Education

**Be it enacted by the General Assembly of Virginia:****1. That §§ 22.1-23 and 51.1-155 of the Code of Virginia are amended and reenacted as follows:**

§ 22.1-23. Duties in general.

The Superintendent of Public Instruction shall:

1. Serve as secretary of the Board of Education;
2. Provide such assistance in his office as shall be necessary for the proper and uniform enforcement of the provisions of the school laws in cooperation with the local school authorities;
3. Prepare and furnish such forms for attendance officers, teachers and other school officials as are required by law;
4. *At least annually, survey all local school divisions to identify critical shortages of teachers by geographic area and by subject matter, and report such critical shortages to each local school division and to the Virginia Retirement System;*

45.. Perform such other duties as the Board of Education may prescribe.

§ 51.1-155. Service retirement allowance.

A. Retirement allowance. - A member shall receive an annual retirement allowance, payable for life, as follows:

1. Normal retirement. - The allowance shall equal 1.70 percent of his average final compensation multiplied by the amount of his creditable service.

2. Early retirement; applicable to teachers, state employees, and certain others. - The allowance shall be determined in the same manner as for normal retirement with creditable service and average final compensation being determined as of the date of actual retirement. If the member has less than thirty years of service at retirement, the amount of the retirement allowance shall be reduced on an actuarial equivalent basis for the period by which the actual retirement date precedes the earlier of (i) his normal retirement date or (ii) the first date on which he would have completed a total of thirty years of creditable service. The provisions of this subdivision shall apply to teachers and state employees. These provisions shall also apply to employees of any political subdivision that participates in the retirement system if the political subdivision makes the election provided in subdivision 3 of this subsection.

3. Early retirement; applicable to employees of certain political subdivisions. - The allowance shall be determined in the same manner as for normal retirement with creditable service and average final compensation being determined as of the date of actual retirement. If the creditable service of the member equals thirty or more years but the sum of his age at retirement plus his creditable service at retirement is less than ninety, the amount of the retirement allowance shall be reduced on an actuarial equivalent basis for the period by which the actual retirement date precedes the earlier of (i) his normal retirement date or (ii) the first date on which the sum of his then attained age plus his then creditable service would have been equal to ninety or more had he remained in service until such date. If the member has less than thirty years of creditable service, the retirement allowance shall be reduced for the period by which the actual retirement date precedes the earlier of (i) his normal retirement date or (ii) the first date on which he would have completed a total of at least thirty years of creditable service and his then creditable service plus his then attained age would have been equal to ninety or more.

The provisions of this subdivision shall apply to the employees of any political subdivision that participates in the retirement system. The participating political subdivision may, however, elect to provide its employees with the early retirement allowance set forth in subdivision 2 of this subsection. Any election pursuant to this subdivision shall be set forth in a legally adopted resolution.

4. Additional allowance. - In addition to the allowance payable under subdivisions 1, 2, and 3 of this subsection, a member shall receive an additional allowance which shall be the actuarial equivalent, for his attained age at the time of retirement, of the excess of his accumulated contributions transferred from the abolished system to the retirement system, including interest credited at the rate of two percent compounded annually since the transfer to the date of retirement, over the annual amounts equal to four percent of his annual creditable compensation at the date of abolishment for a period equal to his period

INTRODUCED

HB2510

59 of membership in the abolished system.

60 5. 50/10 retirement. - The allowance shall be payable in a monthly stream of payments equal to the  
61 greater of (i) the actuarial equivalent of the benefit the member would have received had he terminated  
62 service and deferred retirement to age fifty-five or (ii) the actuarially calculated present value of the  
63 member's accumulated contributions, including accrued interest.

64 B. Beneficiary serving in position covered by this title.

65 1. Except as provided in subdivisions 2 and 3, if a beneficiary of a service retirement allowance  
66 under this chapter is at any time in service as an employee in a position covered for retirement purposes  
67 under the provisions of this or any chapter other than Chapter 7 (§ 51.1-700 et seq.) of this title, his  
68 retirement allowance shall cease while so employed. Any member who retires and later returns to  
69 covered employment shall not be entitled to select a different retirement option for a subsequent  
70 retirement.

71 2. Active members of the General Assembly who are eligible to receive a retirement allowance under  
72 this title, excluding their service as a member of the General Assembly, shall be eligible to receive a  
73 retirement allowance based on their creditable service and average final compensation for service other  
74 than as a member of the General Assembly. Such members of the General Assembly shall continue to  
75 be reported as any other members of the retirement system. Upon ceasing to serve in the General  
76 Assembly, members of the General Assembly receiving a retirement allowance based on their creditable  
77 service and average final compensation for service other than as a member of the General Assembly  
78 shall have their retirement allowance recomputed prospectively to include their service as a member of  
79 the General Assembly. Active members of the General Assembly shall be prohibited from receiving a  
80 service retirement allowance under this title based solely on their service as a member of the General  
81 Assembly.

82 3. Any person receiving a service retirement allowance under this chapter, who is hired as a local  
83 school board instructional employee required to be licensed by the Board of Education, may elect to  
84 continue to receive the retirement allowance during such employment, under the following conditions:

85 (a) the person's retirement allowance is based in whole or in part on service as a local school board  
86 instructional or administrative employee required to be licensed by the Board of Education;

87 (b) the person has been receiving such retirement allowance for at least twelve months immediately  
88 preceding his employment;

89 (c) the person is not receiving a retirement benefit pursuant to an early retirement incentive program  
90 from any local school division within the Commonwealth;

91 (d) at the time the person is employed, the position to which he is assigned is among those identified  
92 by the Superintendent of Public Instruction pursuant to subdivision 4 of § 22.1-23.

93 If the person elects to continue to receive the retirement allowance during the period of such  
94 employment, then his service performed and compensation received during such period of time will not  
95 increase, decrease, or affect in any way his retirement benefits before, during, or after such employment.

96 2. That the Virginia Retirement System shall promulgate all reasonable and necessary policies and  
97 procedures to carry out the provisions of this act relating to § 51.1-155.

98 3. That the provisions of this act shall be effective on the later to occur of (i) July 1, 2001, or (ii)  
99 the first day of the third month following the date the Virginia Retirement System obtains a ruling  
100 of the Internal Revenue Service that affirmatively states that the provisions of this act will not  
101 adversely affect the tax-qualified status of the Virginia Retirement System.

102 4. That the provisions of this act shall expire on July 1, 2006.
