Be it enacted by the General Assembly of Virginia:

1. That the Code of Virginia is amended by adding in Title 23 a chapter numbered 4.4:5, consisting of sections numbered 23-38.53:30 through 23-38.53:33, as follows:

CHAPTER 4.4:5.

VIRGINIA HOPE SCHOLARSHIP PROGRAM.

§ 23-38.53:30. Virginia Hope Scholarship Program created; purpose; State Council of Higher Education to administer; promulgation of regulations.

A. With such funds as may be appropriated for this purpose and any gifts, donations, grants, bequests, and other funds that may be received on behalf of the Program by the Board of Education, there is hereby established the Virginia Hope Scholarship Program, hereinafter referred to as the "Program," for the purpose of closing the academic achievement gap between minority and non-minority students, promoting academic achievement among high school students of under-represented groups in higher education who desire to attend college, and to provide financial assistance to such students, low-income students, and first-generation college students to enable them to obtain an undergraduate or first graduate or professional degree.

B. The Program shall consist of scholarships awarded on the basis of need annually to eligible students who are accepted for admission or enrolled in accredited public or private four-year institutions of higher education in the Commonwealth, and who are enrolled full time in a degree-granting program at a public or private four-year institution of higher education in Virginia, as an undergraduate, a graduate, or professional school student. However, students pursuing a course of religious training or theological education or students enrolled in any institution whose primary purpose is to provide religious training or theological education shall not be eligible for such scholarships. First-time entering freshmen shall have maintained a cumulative grade point average of at least 3.0 on a 4.0 scale or its equivalent in high school. The Program shall be administered by the State Council of Higher Education, which shall promulgate such regulations as may be necessary for the implementation of the Program. Such regulations shall ensure that each recipient demonstrates satisfactory progress before such scholarships may be renewed and shall require repayment of such scholarships, or part thereof, if a recipient should leave or fail to attend full time the institution for other than meritorious reasons during the academic year.

The amount of the Virginia Hope Scholarship awarded eligible students shall be determined annually by the State Council of Higher Education. Eligibility for such awards shall be determined according to the Congressional methodology for determining financial need and eligibility for financial aid.

§ 23-38.53:31. Eligible students; criteria for awarding scholarships; renewals.

A. To be eligible to receive scholarships, students shall (i) be domiciled residents of Virginia as defined by § 23-7.4; (ii) be accepted for admission or enrolled in any public or private four-year institution of higher education in Virginia, in accordance with subsection B of § 23-38.53:30; (iii) have graduated from a high school in the Commonwealth, and have completed the requirements for the Advanced Diploma; (iv) have determined to earn an undergraduate or graduate degree in mathematics, the physical or biological sciences, computer technology, foreign language, or engineering, or the first professional degree in medicine, law, dentistry, or nursing; or (v) have determined to earn an undergraduate, graduate, or professional degree in any discipline in which minority persons are underrepresented.

B. All scholarships shall be awarded for one year, but may be renewed annually on the same basis as originally granted by the State Council of Higher Education for no more than three subsequent years of study for students enrolled in four-year undergraduate programs and for no more than four years for students enrolled in recognized five-year undergraduate programs; for no more than three years for students enrolled in a graduate program; or for no more than four years for a student enrolled in a degree-granting program for the first professional degree if the recipient:
