

2001 SESSION

INTRODUCED

013040612

HOUSE JOINT RESOLUTION NO. 527

Offered January 10, 2001

Prefiled December 13, 2000

Continuing the Interstate Route 73 Communications Committee.

Patrons—Armstrong and Dudley

Referred to Committee on Rules

WHEREAS, through its passage of House Joint Resolution No. 153, the 1998 Session of the General Assembly created the Interstate Route 73 Communications Committee to provide an institutional and organizational link between the citizens and businesses of south-central Virginia and their legislative representatives in the General Assembly and the Virginia Department of Transportation and to receive and disseminate communication between the Department and those most directly and greatly concerned with the speedy completion and success of the Interstate Route 73 project; and

WHEREAS, during its 1999 Session, the General Assembly extended the mandate of the Committee for two additional years through the passage of House Joint Resolution No. 658; and

WHEREAS, in the course of its work, the Committee determined that, although there is considerable and broad-based public support for the Interstate Route 73 project in communities throughout the region to be served by the highway, no firm decision has yet been made as to whether or where the highway will be built; and

WHEREAS, if findings of preliminary studies lead to decisions by the Commonwealth Transportation Board and the Federal Highway Administration to determine a route for the highway and acquire needed rights-of-way, actual construction on the project is still years away and its completion may lie more than a decade in the future; and

WHEREAS, the importance of the Interstate Route 73 project to regional economic development and the long-term nature of the project underscore the need to continue the work of the Interstate Route 73 Communications Committee; now, therefore, be it

RESOLVED by the House of Delegates, the Senate concurring, That the Interstate Route 73 Communications Committee, created under House Joint Resolution No. 153 in 1998, be hereby continued for two additional years. The current members of Committee shall continue to serve, with any vacancies being filled in the same manner as the original appointment.

The direct costs of this study shall not exceed \$2,000.

The Committee shall complete its work in time to submit any findings and recommendations it shall deem appropriate to the Governor and the 2003 Session of the General Assembly as provided in the procedures of the Division of Legislative Automated Systems for the processing of legislative documents.

Implementation of this resolution is subject to subsequent approval and certification by the Joint Rules Committee. The Committee may withhold expenditures or delay the period for the conduct of the study.
