17 hard-surface road.

18 B. Notwithstanding the provisions of subsection A of this section, any unpaved secondary road that  
19 carries at least fifty but no more than 750 vehicles per day may be paved or improved and paved within

28 and owners of property adjacent to or served by such road, (iii) the views of the governing body making  
29 the request, (iv) the historical and aesthetic significance of such road and its surroundings, (v) the  
30 availability of any additional land that has been or may be acquired by gift or other means for the  
31 purpose of paving such road within its existing right-of-way or within a wider right-of-way that is less  
32 than forty feet wide, and (vi) environmental considerations, shall grant or deny the request for the  
33 paving of such road under this subsection.

35 within the scope of their duties and authority shall be immune for damages by reason of actions taken in  
36 conformity with the provisions of this subsection. Immunity for the governing body of any political
