[H 1257]

Approved

Be it enacted by the General Assembly of Virginia:

1. That §§ 10.1-1402.1 and 62.1-44.15:6 of the Code of Virginia are amended and reenacted as follows:

§ 10.1-1402.1. Permit fee regulations.

Regulations promulgated by the Board ~~which~~ *that* establish a permit fee assessment and collection system pursuant to ~~subdivision~~ *subdivisions 15 and 16* of § 10.1-1402 shall be governed by the following:

1. Permit fees charged an applicant shall reflect the average time and complexity of processing a permit in each of the various categories of permits and permit actions.

2. When promulgating regulations establishing permit fees, the Board shall take into account the permit fees charged in neighboring states and the importance of not placing existing or prospective industries in the Commonwealth at a competitive disadvantage.

3. On January 1, 1993, and January 1 of every even-numbered year thereafter, the Board shall evaluate the implementation of the permit fee program and provide this evaluation in writing to the Senate Committees on Agriculture, Conservation and Natural Resources, and Finance; and the House Committees on Appropriations, Agriculture, Chesapeake and Natural Resources, and Finance. This evaluation shall include a report on the total fees collected, the amount of general funds allocated to the Department, the Department's use of the fees and the general funds, the number of permit applications received, the number of permits issued, the progress in eliminating permit backlogs, and the timeliness of permit processing.

4. Fees collected pursuant to ~~subdivision~~ *subdivisions 15 and 16* of § 10.1-1402 shall not supplant or reduce in any way the general fund appropriation to the Board.

5. These permit fees shall be collected in order to recover a portion of the agency's costs associated with the processing of an application to issue, reissue, amend or modify permits which the Board has authority to issue for the purpose of more efficiently and expeditiously processing permits. The fees shall be exempt from statewide indirect costs charged and collected by the Department of Accounts.

6. *The Board shall promulgate regulations establishing a fee schedule sufficient to cover no more than twenty percent of the direct cost of the hazardous and solid waste management programs based on allocations made to these programs in the 2002 Appropriation Act; however, no individual permit fee shall increase more than 300 percent of the fee in existence on July 1, 2002.*

§ 62.1-44.15:6. Permit fee regulations.

A. The Board shall promulgate regulations establishing a fee assessment and collection system to recover a portion of the State Water Control Board's, the Department of Game and Inland Fisheries' and the Department of Conservation and Recreation's direct and indirect costs associated with the processing of an application to issue, reissue, amend or modify any permit or certificate, which the Board has authority to issue under this chapter and Chapters 24 (§ 62.1-242 et seq.) and 25 (§ 62.1-254 et seq.) of this title, from the applicant for such permit or certificate for the purpose of more efficiently and expeditiously processing permits. The fees shall be exempt from statewide indirect costs charged and collected by the Department of Accounts. The Board shall have no authority to charge such fees where the authority to issue such permits has been delegated to another agency ~~which~~ *that* imposes permit fees.

B. Permit fees charged an applicant shall reflect the average time and complexity of processing a permit in each of the various categories of permits and permit actions. However, notwithstanding any other provision of law, in no instance shall the Board charge a fee for a permit pertaining to a farming operation engaged in production for market or for a permit pertaining to maintenance dredging for federal navigation channels or other Corps of Engineers sponsored dredging projects, and in no instance shall the Board exceed the following amounts for the processing of each type of permit/certificate category:

106 seventy-five, and one hundred percent of the program's total cost through annual permit fees. The
107 Department shall propose how the following factors could be used to adjust individual permit fees: (i)
108 the average time and complexity of processing a permit in each of the various categories of permits and
109 permit actions, (ii) the permit holder's compliance history, (iii) whether the permit holder has
110 implemented pollution prevention plans, (iv) whether the applicant or permit holder has used innovative
