## HOUSE BILL NO. 1258

## AMENDMENT IN THE NATURE OF A SUBSTITUTE

(Proposed by the House Committee on Agriculture, Chesapeake and Natural Resources  
on February 6, 2002)

(Patron Prior to Substitute—Delegate Dillard)

*A BILL to amend and reenact § 10.1-1181.2 of the Code of Virginia, relating to notification by State Forester of recommended action.*

**Be it enacted by the General Assembly of Virginia:**

**1. That § 10.1-1181.2 of the Code of Virginia is amended and reenacted as follows:**

§ 10.1-1181.2. Conduct of silvicultural activities; issuance of special orders.

A. If the State Forester ~~determines~~ *believes* that an owner or operator has conducted or is conducting or has allowed or is allowing the conduct of any silvicultural activity in a manner ~~which~~ *that* is causing or is likely to cause pollution, he may notify the owner or operator ~~of corrective measures needed to prevent or cease the~~ *regarding the activity that is causing or likely to cause* pollution ~~and recommend (i) corrective measures and (ii) a reasonable time period to prevent, mitigate, or eliminate the pollution. If the owner or operator fails to take action to prevent, mitigate, or eliminate the pollution, the State Forester shall issue a special order pursuant to subsection B or C. Failure of the~~ *pollution. If the owner or operator fails to take action to prevent, mitigate, or eliminate the pollution, the State Forester shall issue a special order pursuant to subsection B or C. Failure of the* State Forester to notify an owner or operator of such corrective measures shall not impair the State Forester's authority to issue special orders pursuant to subsection B or C ~~of this section.~~

B. The State Forester shall have the authority to issue special orders to any owner or operator who has conducted or is conducting, or has allowed or is allowing to be conducted, any silvicultural activity in a manner which is causing or is likely to cause pollution, to cease immediately all or part of the silvicultural activities on the site, and to implement specified corrective measures within a stated period of time. Such special orders are to be issued only after a hearing with reasonable notice to the owner or operator, or both, of the time, place and purpose thereof, and they shall become effective not less than five days after service as provided in subsection D of this section.

C. If the State Forester finds that any owner or operator is conducting any silvicultural activity in a manner which is causing or is likely to cause an alteration of the physical, chemical or biological properties of any state waters resulting from sediment deposition presenting an imminent and substantial danger to (i) the public health, safety or welfare, or the health of animals, fish or aquatic life; (ii) a public water supply; or (iii) recreational, commercial, industrial, agricultural or other reasonable uses, the State Forester may issue, without advance notice or hearing, an emergency order directing the owner or operator, or both, to cease immediately all or part of the silvicultural activities on the site, and to implement specified corrective measures within a stated period of time. The commencement of proceedings by the State Forester for the issuance of a special order pursuant to subsection B of this section shall not impair the State Forester's authority to issue an emergency special order pursuant to this subsection. The State Forester shall provide an opportunity for a hearing, after reasonable notice as to the time and place thereof to the owner or operator, to affirm, modify, amend or cancel such emergency special order.

D. The owner or operator to whom such special order is directed shall be notified by certified mail, return receipt requested, sent to the last known address of the owner, or operator, or by personal delivery by an agent of the State Forester, and the time limits specified shall be counted from the date of receipt.

E. The State Forester shall not issue a special order to any owner or operator who has incorporated generally acceptable water quality protection techniques in the operation of silvicultural activities, which techniques have failed to prevent pollution, if the State Forester determines that the pollution is the direct result of unusual weather events which could not have been reasonably anticipated.

F. Any hearing required under this section shall be conducted in accordance with § 2.2-4020 unless the parties consent to informal proceedings.

G. The State Forester shall not issue a notice under subsection A of this section or a special silvicultural order or emergency special order under subsection B or C of this section more than one year after the silvicultural activity has occurred on the property.

H. Prior to or not later than three working days after the commencement of an operation, the owner or operator shall notify the State Forester of the commercial harvesting of timber. For the purpose of this section, commercial harvesting of timber means the harvesting of trees for the primary purpose of transporting to another site for additional manufacturing. The notification may be verbal or written and shall (i) specify the location and the actual or anticipated date of the activity and (ii) be made in a manner prescribed by the State Forester.
