## 2002 SESSION

024865748 **HOUSE BILL NO. 454** 1 2 AMENDMENT IN THE NATURE OF A SUBSTITUTE 3 (Proposed by the House Committee on Militia, Police and Public Safety 4 5 6 7 on February 7, 2002) (Patron Prior to Substitute—Delegate Griffith) A BILL to amend the Code of Virginia by adding in Title 19.2 a chapter numbered 6.1, consisting of sections numbered 19.2-70.4 through 19.2-70.7, relating to warrants; facial recognition technology. 8 Be it enacted by the General Assembly of Virginia: 9 1. That the Code of Virginia is amended by adding in Title 19.2 a chapter numbered 6.1, consisting of sections numbered 19.2-70.4 through 19.2-70.7, as follows: 10 11 CHAPTER 6.1. ORDERS FOR FACIAL RECOGNITION TECHNOLOGY. 12 § 19.2-70.4. Definition. 13 14 As used in this chapter, "facial recognition technology" means any technology or software system 15 employed for the purpose of matching a facial image captured by cameras placed in any public place, other than in a state or local correctional facility as defined in § 53.1-1, with an image stored in a 16 17 database. 18 § 19.2-70.5. Who may apply for order authorizing facial recognition technology. A. Except as provided in subsection A of § 19.2-70.7, no locality or law-enforcement agency shall 19 20 employ facial recognition technology prior to complying with all of the provisions of this chapter. B. The Attorney General or his designee, in any case where the Attorney General is authorized by 21 22 law to prosecute or pursuant to a request in his official capacity of an attorney for the Commonwealth 23 in any city or county, or an attorney for the Commonwealth, may apply to the circuit court, for the 24 jurisdiction where the proposed facial recognition technology is to be used, for an order authorizing the 25 placement of facial recognition technology by any law-enforcement agency in the jurisdiction, when the 26 technology may reasonably be expected to provide (i) evidence of the commission of a felony or Class 1 27 misdemeanor, (ii) a match of persons with outstanding felony warrants, (iii) a match of persons or class 28 of persons who are identifiable as affiliated with a terrorist organization, or (iv) a match of persons 29 reported to a law-enforcement agency as missing. 30 § 19.2-70.6. Application for and issuance of order authorizing use of facial recognition technology; 31 contents of order; introduction in evidence of information obtained. A. Each application for an order authorizing the use of facial recognition technology shall be made in writing upon oath or affirmation to the circuit court and shall state the applicant's authority to make 32 33 34 the application. Each application shall be verified by the applicant to the best of his knowledge and 35 belief and shall include the following information: 36 1. The identity of the applicant and the law-enforcement agency; 37 2. A full and complete statement of the facts and circumstances relied upon by the applicant in 38 support of his request that an order be issued, including, but not limited to, (i) details either as to the 39 particular offenses that have been, are being or are about to be committed, or the event or appearance 40 that would attract individuals affiliated with a terrorist organization; (ii) a specific description of the 41 nature and location of the facilities where or the place from which the facial recognition technology is 42 to be used; (iii) a description of the type of match being sought; (iv) the identity of any persons or class of persons sought by the use of facial recognition technology as provided in subsection B of § 19.2-70.5; 43 44 and (v) a description of the type of facial recognition technology to be used and a description of the 45 contents of the database; 3. A statement of the period of time for which facial recognition technology is required to be 46 47 maintained. However, in no case shall any request for an order granting the use of facial recognition **48** technology be for longer than a period of ninety days; 49 4. A full and complete statement of the facts concerning all previous applications known to the 50 individual authorizing and making the application, made to the court for authorization to use facial 51 recognition technology involving any of the same persons, facilities or places specified in the application, and the action taken by the court on each application; and 52 53 5. Where the application is for the extension of an order, a statement setting forth the results thus 54 far obtained from the use of facial recognition technology, or a reasonable explanation of the failure to 55 obtain the expected results. The court may require the applicant to furnish additional testimony or documentary evidence in 56 57 support of the application. B. If the court determines on the basis of the facts submitted that the provisions of this chapter have 58 59 been met, and upon submission of a proper application, the court shall enter an order, as requested or

HB454H1

as modified, authorizing the use of facial recognition technology within the territorial jurisdiction of thecourt. The application and any order granted or denied may be sealed by the court.

62 C. Each order authorizing the use of facial recognition technology shall specify:

63 1. The identity of any persons or class of persons who are the object of the use of the facial
64 recognition technology, or the expected evidence of the commission of felonies or Class 1 misdemeanors
65 from the use of the facial recognition technology;

66 2. The nature and location of the facilities as to which, or the place where, authority to use facial 67 recognition technology is granted;

68 3. A description of the type of facial recognition technology to be used;

69 4. A description of the contents of the database;

**70** 5. The name of the agency authorized to use the facial recognition technology;

71 6. The requirement that only the agency named shall use the facial recognition technology;

72 7. The period of time, not to exceed ninety days, during which the use of the facial recognition 73 technology is authorized, including a statement that the use shall be terminated at the end of the time 74 period specified, unless the agency applies for and is granted an extension;

8. If the court deems it appropriate, the submission of reports at specified intervals to the court that
issued the order, showing what progress has been made toward achievement of the authorized objective
and the need for continued use of the facial recognition technology; and

9. The requirement that any facial image captured that is not relevant to (i) evidence of the commission of a felony or Class 1 misdemeanor, (ii) a match of persons with outstanding felony warrants, (iii) a match of persons or class of persons who are identifiable as affiliated with a terrorist organization, or (iv) a match of persons reported to a law-enforcement agency as missing shall be disposed of as soon as possible, but in no event be retained for more than ten days.

D. No order entered under this section may authorize the use of facial recognition technology for
any period longer than ninety days from the time the facial recognition technology is operational.
Extensions of an order may be granted in accordance with subsection A. The period of extension shall
be no longer than the court deems necessary to achieve the purposes for which it was granted and in no
event shall the extension be for longer than sixty days.

88 E. Any violation of the provisions of this subsection may be punished as contempt of court.

**89** § 19.2-70.7. Certain exemptions from chapter.

**90** *A.* The provisions of this chapter shall not apply to security measures undertaken at (i) public-use airports in the Commonwealth or (ii) harbors and seaports of the Commonwealth.

92 B. Any information acquired through facial recognition technology prior to July 1, 2002, shall be 93 admissible in evidence in any suit, action or proceeding.
