Impact of the Proposed Legislation:

The impact of the proposed legislation on state-responsible (prison) bed space cannot be quantified. The majority of the proposal enhances the penalty for crimes when connected with an act of terrorism. It also expands the *Code of Virginia* to create new laws that are specific to terrorism. Databases available to the Commission are insufficient to determine the impact these portions of the proposal would have on state-responsible (prison) bed space.

Pursuant to §30-19.1:4, the estimated amount of the necessary appropriation cannot be determined for periods of imprisonment in state adult correctional facilities and is \$0 for periods of commitment to the custody of the Department of Juvenile Justice.
