According to the Department of Transportation, additional staff and consultant services may be needed to meet the requirements of this bill within the existing timeframe. However, it appears that the additional fiscal impact could be absorbed within the department's existing budget.

9. Specific agency or political subdivisions affected: Department of Transportation; Department of Rail and Public Transportation; Department of Aviation; Virginia Port Authority; MPO's; and local and regional governments

10. Technical amendment necessary: No.

11. Other comments:

It is unclear whether this legislation is predicated on the adoption of a new classification and funding allocations system. The Commonwealth Transportation Board already follows a prioritized model to allocate funds.
