11. Other comments:

Currently, any county may impose a transient occupancy tax at a maximum rate of two percent (Code of Virginia § 58.1-3819) upon the adoption of an ordinance, on hotels, motels, boarding houses, travel campgrounds, and other facilities offering guest rooms on a continuous basis for less than 30 consecutive days.

Several counties, including Arlington County, are authorized to impose a transient occupancy tax at a maximum rate of five percent. See Code of Virginia § 58.1-3819.

Also, under Code of Virginia § 58.1-3822, any county with a county manager plan of government may impose an additional $\frac{1}{4}$ percent transient occupancy tax. Arlington County is the only county currently authorized to impose this additional tax. In total, Arlington County is authorized and imposes a $5\frac{1}{4}$ percent transient occupancy tax.

Under this bill, Arlington County would continue to impose the additional $\frac{1}{4}$ percent transient occupancy tax indefinitely. The additional tax is designated and spent to promote tourism and business travel in the county.

The $\frac{1}{4}$ percent transient occupancy tax was enacted by the 1990 General Assembly (Chapter 890) with a sunset date of December 31, 1993. Subsequent legislative action has extended the sunset dates three times (1993, 1996, and 1999).

This bill is identical to SB 390.

HB 963, SB 562 and SB 238 would authorize Arlington County to impose an additional two percent transient occupancy tax, contingent upon approval by the Board of Supervisors to construct a county conference center.
