1. **Bill Number** HB985

House of Origin ☒ Introduced ☐ Substitute ☐ Engrossed
Second House ☐ In Committee ☐ Substitute ☐ Enrolled

2. **Patron** O'Brien

3. **Committee** Privileges and Elections

4. **Title** Recount proceedings.

5. **Summary/Purpose:**

Provides that issues of voter eligibility will not be considered in a recount and that rejected conditional and absentee ballots will not be reexamined. The bill provides for a single recount or re-determination of the vote in a recount proceeding and spells out recount steps related to differing types of ballots and voting devices. In the case of optical scan and punch card tabulators, the printed returns sheet shall be accepted unless they are not clear or the court orders a further count. If a further count is ordered, the tabulators shall be programmed to set aside write-in votes, overvotes, and undervotes. The ballots thus set aside and other ballots rejected by the tabulator (e.g. damaged ballots) will be counted by hand. This bill incorporates recommendations of the Joint Subcommittee Studying Virginia's Election Process and Voting Technologies (HJR681/SJR363 --2001).
