

Impact Analysis on Proposed Legislation

Virginia Criminal Sentencing Commission

Senate Bill No. 111 **Amendment in the Nature of a Substitute** **(Patron Prior to Substitute – Miller, Y.B.)**

Date Submitted: 1/17/02

LD #: 02-4512480

Topic: Burning an object on property of another or public place with intent to intimidate

Proposed Change:

Amends §18.2-423 pertaining to burning an object on property of another or on a public place. Any person who trespasses on the private property of another and burns an object on such property is guilty of a Class 6 felony. Any person who burns an object on a highway or other public place in a manner likely to incite an immediate breach of the peace is guilty of a Class 6 felony.

Current Practice:

Currently, under §18.2-423, it is a Class 6 felony to burn a cross on the property of another, a highway or other public place with the intent to intimidate any person or group of persons. Burning of a cross is prima facie evidence of intent to intimidate a person or group of persons.

Pre/Post-Sentence Investigation (PSI) data from CY1999 and CY2000 revealed two cases under §18.2-423. Of those, one received no incarceration and the other received a state-responsible (prison) sentence of five years. Convictions under §18.2-423 are not covered by the sentencing guidelines as the primary (or most serious) offense but may augment the sentence recommendation as additional offenses.

Impact of Proposed Legislation:

The proposed legislation may have an impact on the bed space needs of the Commonwealth. This proposal would expand behavior considered an offense under §18.2-423 from cross burning to the burning of any object; therefore, more cases may result. The databases available to the Commission are insufficient to provide information on the number of incidences that may be affected by the proposed legislation. No adjustment to the guidelines would be necessary under the proposal.

Pursuant to §30-19.1:4, the estimated amount of the necessary appropriation cannot be determined for periods of imprisonment in state adult correctional facilities and cannot be determined for periods of commitment to the custody of the Department of Juvenile Justice.
