VIRGINIA ACTS OF ASSEMBLY -- 2003 SESSION

CHAPTER 251

An Act to amend and reenact § 8.01-581.20 of the Code of Virginia, relating to expert witnesses.

[H 1906]

Approved March 16, 2003

Be it enacted by the General Assembly of Virginia:

1. That § 8.01-581.20 of the Code of Virginia is amended and reenacted as follows:

§ 8.01-581.20. Standard of care in proceeding before medical malpractice review panel; expert testimony; determination of standard in action for damages.

A. In any proceeding before a medical malpractice review panel or in any action against a physician, clinical psychologist, podiatrist, dentist, nurse, hospital or other health care provider to recover damages alleged to have been caused by medical malpractice where the acts or omissions so complained of are alleged to have occurred in this Commonwealth, the standard of care by which the acts or omissions are to be judged shall be that degree of skill and diligence practiced by a reasonably prudent practitioner in the field of practice or specialty in this Commonwealth and the testimony of an expert witness, otherwise qualified, as to such standard of care, shall be admitted; provided, however, that the standard of care in the locality or in similar localities in which the alleged act or omission occurred shall be applied if any party shall prove by a preponderance of the evidence that the health care services and health care facilities available in the locality and the customary practices in such locality or similar localities give rise to a standard of care which is more appropriate than a statewide standard. Any physician who is licensed to practice in Virginia shall be presumed to know the statewide standard of care in the specialty or field of medicine in which he is qualified and certified. This presumption shall also apply to any physician who is licensed in some other state of the United States and meets the educational and examination requirements for licensure in Virginia. An expert witness who is familiar with the statewide standard of care shall not have his testimony excluded on the ground that he does not practice in this Commonwealth. A witness shall be qualified to testify as an expert on the standard of care if he demonstrates expert knowledge of the standards of the defendant's specialty and of what conduct conforms or fails to conform to those standards and if he has had active clinical practice in either the defendant's specialty or a related field of medicine within one year of the date of the alleged act or omission forming the basis of the action.

B. In any action for damages resulting from medical malpractice, any issue as to the standard of care to be applied shall be determined by the jury, or the court trying the case without a jury.

C. In any action described in this section, each party may designate, identify or call to testify at trial no more than two expert witnesses per medical discipline on any issue presented. The court may permit a party, for good cause shown, to designate, identify, or call to testify at trial additional expert witnesses. The number of treating health care providers who may serve as expert witnesses pursuant to § 8.01-399 shall not be limited pursuant to this subsection, except for good cause shown. If the court permits a party to designate, identify, or call additional experts, the court may order that party to pay all costs incurred in the discovery of such additional experts. For good cause shown, pursuant to the Rules of Supreme Court of Virginia, the court may limit the number of expert witnesses other than those identified in this subsection whom a party may designate, identify, or call to testify at trial.
