14. *To request and accept from a certified, registered or licensed practitioner, in lieu of disciplinary action, a confidential consent agreement. A confidential consent agreement shall be subject to the confidentiality provisions of § 54.1-2400.2 and shall not be disclosed by a practitioner. A confidential consent agreement shall include findings of fact and may include an admission or a finding of a violation. A confidential consent agreement shall not be considered either a notice or order of any health regulatory board, but it may be considered by a board in future disciplinary proceedings. A confidential consent agreement shall be entered into only in cases involving minor misconduct where there is little or no injury to a patient or the public and little likelihood of repetition by the practitioner. A board shall not enter into a confidential consent agreement if there is probable cause to believe the practitioner has (i) demonstrated gross negligence or intentional misconduct in the care of patients or (ii) conducted his practice in such a manner as to be a danger to the health and welfare of his patients or the public. 6. To the Health Practitioners' Intervention Program within the Department of Health Professions in connection with health practitioners who apply to or participate in the Program.

B. This section shall not, however, be construed to inhibit an investigation or prosecution under Article 1 (§ 18.2-247 et seq.) of Chapter 7 of Title 18.2.

C. Any claim of a physician-patient or practitioner-patient privilege shall not prevail in any investigation or proceeding by any health regulatory board acting within the scope of its authority. E. This section shall not prohibit the Director of the Department of Health Professions, after consultation with the relevant health regulatory board president or his designee, from disclosing to the Attorney General, or the appropriate attorney for the Commonwealth, investigatory information which indicates a possible violation of any provision of *criminal law, including the laws* relating to the manufacture, distribution, dispensing, prescribing or administration of drugs, other than drugs classified as Schedule VI drugs and devices, by any individual regulated by any health regulatory board.

In addition to the information required by § 54.1-114, the Director shall include in the Department's biennial report *for each of the health regulatory boards* the number of reports or complaints of misconduct received and the investigations, charges, findings, and sanctions resulting therefrom. The report shall reflect the categories of allegations, kinds of complaints and the rates of disciplinary activity for the various regulated professions and the health regulatory boards having jurisdiction; summaries explaining the reported data shall be included with the report. *Further, the report shall specify the number of cases for each profession regulated by a health regulatory board by category of violation, including, but not limited to, standard of care violations, in which (i) a sanction was imposed; (ii) a confidential consent agreement was accepted; and (iii) more than two confidential consent agreements involving a standard of care violation were accepted by the relevant board for the same practitioner in a 10-year period.* The information shall be reported only in the aggregate without reference to any individual's name or identifying particulars. However, the initial biennial report shall require a four-year trend analysis of the time required to process, investigate, and adjudicate cases and a detailed reporting of staffing levels for the four-year period for each job classification that supports the disciplinary process.

§ 54.1-2401. Monetary penalty.

Any person licensed, registered or certified by any health regulatory board who violates any provision of statute or regulation pertaining to that board and who is not criminally prosecuted, may be subject to the monetary penalty provided in this section. If the board or any special conference committee determines that a respondent has violated any provision of statute or regulation pertaining to the board, it shall determine the amount of any monetary penalty to be imposed for the violation, which shall not exceed ~~\$1,000~~ 5,000 for each violation. The penalty may be sued for and recovered in the name of the Commonwealth. All such monetary penalties shall be deposited in the Literary Fund.

§ 54.1-2408.2. *Three-year minimum period for reinstatement after revocation.*

When the certificate, registration or license of any person certified, registered or licensed by one of the health regulatory boards has been revoked, the board may, after three years and upon the payment of a fee prescribed by the Board, consider an application for reinstatement of a certificate, registration or license in the same manner as the original certificates, registrations or licenses are granted.
