Be it enacted by the General Assembly of Virginia:

1. That the Code of Virginia is amended by adding in Article 4 of Chapter 11 of Title 2.2 a section numbered 2.2-1161.1, by adding a section numbered 22.1-16.2 and by adding in Title 52 a chapter numbered 7.1, consisting of sections numbered 52-34.1, 52-34.2, and 52-34.3, as follows:

§ 2.2-1161.1. Code Adam alerts in public buildings.

Each state building that is open to the public shall have in place a Code Adam or similar program for the prevention of child abduction. Code Adam is a protocol used as a preventive tool against child abductions and for locating lost children in public buildings. The Department of General Services shall develop model plans and ensure that each building covered by this section is prepared to activate Code Adam or a similar program under appropriate circumstances. All state agencies shall render assistance to the Department, upon request, in implementing this statute and the Department's plan within their buildings.

§ 22.1-16.2. Child identification kits.

The Board of Education shall develop, in cooperation with private entities, a program to provide parental access to child identification kits. The Board shall inform local school divisions about the availability of child protection kits from private entities and encourage the participation of private entities. The kits may include instructions and materials that may be used to compile identification information about the child, including a current photo, fingerprints, DNA samples, and important medical information and instructions for the proper safekeeping of the kit. In no case shall such kits be held for safekeeping by any school, school board, or other public entity.

Amber Alert Programs may be local, regional, or statewide. They may include multiple localities or regions and may be expanded or compressed. The Virginia State Police may (i) inform local law-enforcement officials of the policies and procedures for the Amber Alert Programs set by the State Police; (ii) assist in determining the geographic scope of a particular Amber Alert; and (iii) establish procedures and standards by which a local law-enforcement agency may verify a child has been abducted and report such information to the Virginia State Police.

The establishment of an Amber Alert Program by a locality and the media is voluntary and nothing in this chapter shall be construed to be a mandate that local officials or the media establish or participate in an Amber Alert Program. Existing Amber Agreements and Programs shall not be altered by this legislation.

2.
