Offered January 8, 2003

Prefiled January 8, 2003

A BILL to amend and reenact § 2.2-2515 of the Code of Virginia and to amend the Code of Virginia by adding in Article 3 of Chapter 22 of Title 2.2 a section numbered 2.2-2233.1, relating to the Commonwealth Technology Research Fund; report.

Patron—Devolites

Referred to Committee on Appropriations

**Be it enacted by the General Assembly of Virginia:**

**1. That § 2.2-2515 of the Code of Virginia is amended and reenacted, and that the Code of Virginia is amended by adding in Article 3 of Chapter 22 of Title 2.2 a section numbered 2.2-2233.1 as follows:**

§ 2.2-2233.1. *Commonwealth Technology Research Fund; continued; purposes; report.*

A. From such funds as may be appropriated by the General Assembly and any gifts, grants, or donations from public or private sources, there is created in the state treasury a special nonreverting, permanent fund, to be known as the Commonwealth Technology Research Fund ("the Fund"), to be administered by the Authority. The Fund shall be established on the books of the Comptroller. Interest earned on moneys in the Fund shall remain in the Fund and be credited to it. Any moneys remaining in the Fund at the end of each fiscal year, including interest thereon, shall not revert to the general fund but shall remain in the Fund. Expenditures and disbursements from the Fund, which may consist of grants or loans, shall be made by the State Treasurer on warrants issued by the Comptroller upon written request bearing the signature of the chairman or the vice-chairman of the Authority, or, if so authorized by the Authority, bearing his facsimile signature, and the official seal of the Authority.

B. Moneys in the Fund shall be used for the sole purpose of attracting public and private research funding for institutions of higher education, in order to increase technological and economic development in Virginia. Awards from the Fund shall be made to Virginia public institutions of higher education or to their associated intellectual property foundations.

C. For purposes of awards, the Fund shall have four components: (i) a matching funds program to leverage federal and private research dollars; (ii) a strategic enhancement program to upgrade the research capacity of those academic departments that have demonstrated the ability to perform innovative research in technology fields that has strong potential to contribute to economic development in the Commonwealth; (iii) a program to upgrade research capacity in key departments of the institutions in order to attract specific companies to locate or expand in Virginia; and (iv) a program to enhance the capability of the institutions of higher education to commercialize technologies developed through their research.

Awards for the matching funds component shall be contingent upon the approval of the institution's grant proposal for federal or private funds.

Awards from the Fund shall be matched on at least a dollar-for-dollar basis by the respective institution of higher education, with private funds, or combinations thereof. However, for good cause, this requirement may be waived, in whole or in part, by the chairman of the Authority, provided that such action is reported to the Chairmen of the House Appropriations and Senate Finance Committees at least 10 days prior to the award or disbursement of such funds for such purpose.

D. Awards shall be based on scientific merit and economic development potential of research programs in the following fields: aerospace, biotechnology, energy, environmental and information technologies, high performance manufacturing, telecommunications, and transportation. However, for good cause, awards supporting research in other relevant fields or disciplines may be made by the chairman of the Authority, provided that such action is reported to the Chairmen of the House Appropriations and Senate Finance Committees at least 10 days prior to the award or disbursement of such funds for such purpose.

Specific guidelines for the award of funds from this program shall be established and maintained by the Authority, in consultation with the Virginia Economic Development Partnership and the State Council of Higher Education. These guidelines shall address, at a minimum, the application process, and the composition and operation of proposal review panels, and give special emphasis to fostering collaboration between institutions of higher education and partnerships between institutions of higher education and business and industry.

The chairman of the Authority shall coordinate the evaluation of proposals, to be conducted by
