73 physician for the mother or the child; or (iv) a diagnosis by an attending physician made within seven  
74 days of a child's birth that the child has fetal alcohol syndrome attributable to in utero exposure to

76 report along with the facts relied upon by the person making the report.

78 who testifies in any judicial proceeding arising from such report, records or information shall be immune  
79 from any civil or criminal liability or administrative penalty or sanction on account of such report,
