The Department of Health and the Department for the Aging shall be the agencies responsible for actually developing the plan, supporting the Secretary's efforts. All affected stakeholders shall be involved in the development of this plan. Finally, the plan shall propose the creation of a permanent oversight body to monitor the implementation of the plan.

The Secretary of Health and Human Resources shall submit to the Division of Legislative Automated Systems an executive summary and report of its progress in meeting the request of this resolution no later than the first day of the 2005 Regular Session of the General Assembly.
