10. Technicalamendmentnecessary :No				
11. Other comments: The State Corporation Commission Bureau of Insurance offered Senator Wampler a technical amendment to Senate Bill 978. At Line 34, the language "for the preceding 5 years" should be stricken, and "for the most recent available 5 years" should be inserted. The technical amendment was suggested because the data contemplated in the bill is not available immediately due to the time it takes to collect the information, value claims, and report. The amendment was adopted by the Senate Commerce and Labor Committee and reported by avote of 13 -0 on January 27, 2003.
