

VIRGINIA ACTS OF ASSEMBLY -- 2004 SESSION

CHAPTER 673

An Act to amend and reenact § 63.2-1732 of the Code of Virginia, relating to emergency electrical systems.

[S 181]

Approved April 12, 2004

Be it enacted by the General Assembly of Virginia:

1. That § 63.2-1732 of the Code of Virginia is amended and reenacted as follows:

§ 63.2-1732. Regulations for assisted living facilities.

A. The Board shall have the authority to adopt and enforce regulations to carry out the provisions of this subtitle and to protect the health, safety, welfare and individual rights of residents of assisted living facilities and to promote their highest level of functioning. Such regulations shall take into consideration cost constraints of smaller operations in complying with such regulations.

B. Regulations shall include standards for staff qualifications and training; facility design, functional design and equipment; services to be provided to residents; administration of medicine; allowable medical conditions for which care can be provided; and medical procedures to be followed by staff, including provisions for physicians' services, restorative care, and specialized rehabilitative services.

C. *Regulations shall require all licensed assisted living facilities with six or more residents to be able to connect by July 1, 2007, to a temporary emergency electrical power source for the provision of electricity during an interruption of the normal electric power supply. The installation shall be in compliance with the Uniform Statewide Building Code.*

D. Regulations for medical procedures in assisted living facilities shall be developed in consultation with the State Board of Health and adopted by the Board, and compliance with these regulations shall be determined by Department of Health or Department inspectors as provided by an interagency agreement between the Department and the Department of Health.
