

VIRGINIA ACTS OF ASSEMBLY -- 2004 SESSION

CHAPTER 690

An Act to amend and reenact §§ 2.2-3703, 2.2-3711, 2.2-3714, 2.2-3806, 22.1-279.8, 23-50.16:32, 32.1-283.1, 32.1-283.2, 44-146.18, 44-146.22, 52-8.3, 54.1-2517, 54.1-2523, and 56-575.4, of the Code of Virginia, to amend the Code of Virginia by adding sections numbered 2.2-3705.1, 2.2-3705.2, 2.2-3705.3, 2.2-3705.4, 2.2-3705.5, 2.2-3705.6, 2.2-3705.7, and 2.2-3705.8, and to repeal § 2.2-3705 of the Code of Virginia, relating to the Virginia Freedom of Information Act; reorganization of current record exemptions.

[S 352]

Approved April 12, 2004

Whereas, § 2.2-3705 enumerates 87 records excluded from the mandatory disclosure requirements of the Freedom of Information Act (FOIA); and

Whereas, due to the length of text contained in § 2.2-3705, it is difficult to find applicable exemptions; and

Whereas, inclusion of this section in any piece of legislation expands the size of the bill by 10 or more pages, while the proposed amendment to the section may be only a few sentences, making the bill cumbersome and confusing to the public and legislators alike; and

Whereas, a reorganization of this one section (§ 2.2-3705) into several distinct sections according to logical categories in which like record exemptions may be grouped will result in reducing the size of bills before the General Assembly that contain a FOIA record exemption and making the record exemption sections more user friendly; and

Whereas, like a title revision, the reorganization of § 2.2-3705 involves only technical changes and makes no substantive changes to current law; now, therefore,

Be it enacted by the General Assembly of Virginia:

1. That §§ 2.2-3703, 2.2-3711, 2.2-3714, 2.2-3806, 22.1-279.8, 23-50.16:32, 32.1-283.1, 32.1-283.2, 44-146.18, 44-146.22, 52-8.3, 54.1-2517, 54.1-2523, and 56-575.4 of the Code of Virginia are amended and reenacted, and that the Code of Virginia is amended by adding sections numbered 2.2-3705.1, 2.2-3705.2, 2.2-3705.3, 2.2-3705.4, 2.2-3705.5, 2.2-3705.6, 2.2-3705.7, and 2.2-3705.8 as follows:

§ 2.2-3703. Public bodies and records to which chapter inapplicable; voter registration and election records; access by persons incarcerated in a state, local, or federal correctional facility.

A. The provisions of this chapter shall not apply to:

1. The Virginia Parole Board, except that (i) information from the Virginia Parole Board providing the number of inmates considered by such Board for discretionary parole, the number of inmates granted or denied parole, and the number of parolees returned to the custody of the Department of Corrections solely as a result of a determination by such Board of a violation of parole shall be open to inspection and available for release, on a monthly basis, as provided by § 2.2-3704 and (ii) all records concerning the finances of the Virginia Parole Board shall be public records and subject to the provisions of this chapter. The information required by clause (i) shall be furnished by offense, sex, race, age of the inmate, and the locality in which the conviction was obtained, upon the request of the party seeking the information;

2. Petit juries and grand juries;

3. Family assessment and planning teams established pursuant to § 2.2-5207;

4. The Virginia State Crime Commission; and

5. The Commitment Review Committee and any documents, evaluations, assessments and proceedings involving the commitment of sexually violent predators under Article 1.1 (§ 37.1-70.1 et seq.) of Chapter 2 of Title 37.1.

B. Public access to voter registration and election records shall be governed by the provisions of Title 24.2 and this chapter. The provisions of Title 24.2 shall be controlling in the event of any conflict.

C. *No provision of this chapter or Chapter 21 (§ 30-178 et seq.) of Title 30 shall be construed to afford any rights to any person incarcerated in a state, local or federal correctional facility, whether or not such facility is (i) located in the Commonwealth or (ii) operated pursuant to the Corrections Private Management Act (§ 53.1-261 et seq.). However, this subsection shall not be construed to prevent an incarcerated person from exercising his constitutionally protected rights, including, but not limited to, his rights to call for evidence in his favor in a criminal prosecution.*

§ 2.2-3705.1. *Exclusions to application of chapter; exclusions of general application to public bodies.*

The following records are excluded from the provisions of this chapter but may be disclosed by the custodian in his discretion, except where such disclosure is prohibited by law:

1. Personnel records containing information concerning identifiable individuals, except that access

shall not be denied to the person who is the subject thereof. Any person who is the subject of any personnel record and who is 18 years of age or older may waive, in writing, the protections afforded by this subdivision. If the protections are so waived, the public body shall open such records for inspection and copying.

2. Written advice of legal counsel to state, regional or local public bodies or the officers or employees of such public bodies, and any other records protected by the attorney-client privilege.

3. Legal memoranda and other work product compiled specifically for use in litigation or for use in an active administrative investigation concerning a matter that is properly the subject of a closed meeting under § 2.2-3711.

4. Any test or examination used, administered or prepared by any public body for purposes of evaluation of (i) any student or any student's performance, (ii) any employee or employment seeker's qualifications or aptitude for employment, retention, or promotion, or (iii) qualifications for any license or certificate issued by a public body.

As used in this subdivision, "test or examination" shall include (a) any scoring key for any such test or examination and (b) any other document that would jeopardize the security of the test or examination. Nothing contained in this subdivision shall prohibit the release of test scores or results as provided by law, or limit access to individual records as provided by law. However, the subject of such employment tests shall be entitled to review and inspect all records relative to his performance on such employment tests.

When, in the reasonable opinion of such public body, any such test or examination no longer has any potential for future use, and the security of future tests or examinations will not be jeopardized, the test or examination shall be made available to the public. However, minimum competency tests administered to public school children shall be made available to the public contemporaneously with statewide release of the scores of those taking such tests, but in no event shall such tests be made available to the public later than six months after the administration of such tests.

5. Records recorded in or compiled exclusively for use in closed meetings lawfully held pursuant to § 2.2-3711. However, no record that is otherwise open to inspection under this chapter shall be deemed exempt by virtue of the fact that it has been reviewed or discussed in a closed meeting.

6. Vendor proprietary information software that may be in the official records of a public body. For the purpose of this subdivision, "vendor proprietary software" means computer programs acquired from a vendor for purposes of processing data for agencies or political subdivisions of the Commonwealth.

7. Computer software developed by or for a state agency, state-supported institution of higher education or political subdivision of the Commonwealth.

8. Appraisals and cost estimates of real property subject to a proposed purchase, sale or lease, prior to the completion of such purchase, sale or lease.

9. Records concerning reserves established in specific claims administered by the Department of the Treasury through its Division of Risk Management as provided in Article 5 (§ 2.2-1832 et seq.) of Chapter 18 of this title, or by any county, city, or town; and investigative notes, correspondence and information furnished in confidence with respect to an investigation of a claim or a potential claim against a public body's insurance policy or self-insurance plan. However, nothing in this subdivision shall prohibit the disclosure of information taken from inactive reports upon expiration of the period of limitations for the filing of a civil suit.

10. Personal information, as defined in § 2.2-3801, including electronic mail addresses, furnished to a public body for the purpose of receiving electronic mail from the public body, provided that the electronic mail recipient has requested that the public body not disclose such information. However, access shall not be denied to the person who is the subject of the record.

11. Communications and materials required to be kept confidential pursuant to § 2.2-4119 of the Virginia Administrative Dispute Resolution Act (§ 2.2-4115 et seq.).

12. Records relating to the negotiation and award of a specific contract where competition or bargaining is involved and where the release of such records would adversely affect the bargaining position or negotiating strategy of the public body. Such records shall not be withheld after the public body has made a decision to award or not to award the contract. In the case of procurement transactions conducted pursuant to the Virginia Public Procurement Act (§ 2.2-4300 et seq.), the provisions of this subdivision shall not apply, and any release of records relating to such transactions shall be governed by the Virginia Public Procurement Act.

§ 2.2-3705.2. Exclusions to application of chapter; records relating to public safety.

The following records are excluded from the provisions of this chapter but may be disclosed by the custodian in his discretion, except where such disclosure is prohibited by law:

1. Confidential records, including victim identity, provided to or obtained by staff in a rape crisis center or a program for battered spouses.

2. Those portions of engineering and construction drawings and plans submitted for the sole purpose of complying with the Building Code in obtaining a building permit that would identify specific trade secrets or other information, the disclosure of which would be harmful to the competitive position of the owner or lessee. However, such information shall be exempt only until the building is completed.

Information relating to the safety or environmental soundness of any building shall not be exempt from disclosure.

Those portions of engineering and construction drawings and plans that reveal critical structural components, security equipment and systems, ventilation systems, fire protection equipment, mandatory building emergency equipment or systems, elevators, electrical systems, telecommunications equipment and systems, and other utility equipment and systems submitted for the purpose of complying with the Uniform Statewide Building Code (§ 36-97 et seq.) or the Statewide Fire Prevention Code (§ 27-94 et seq.), the disclosure of which would jeopardize the safety or security of any public or private commercial office, multifamily residential or retail building or its occupants in the event of terrorism or other threat to public safety, to the extent that the owner or lessee of such property, equipment or system in writing (i) invokes the protections of this paragraph; (ii) identifies the drawings, plans, or other materials to be protected; and (iii) states the reasons why protection is necessary.

Nothing in this subdivision shall prevent the disclosure of information relating to any building in connection with an inquiry into the performance of that building after it has been subjected to fire, explosion, natural disaster or other catastrophic event.

3. Documentation or other information that describes the design, function, operation or access control features of any security system, whether manual or automated, which is used to control access to or use of any automated data processing or telecommunications system.

4. Plans and information to prevent or respond to terrorist activity, the disclosure of which would jeopardize the safety of any person, including (i) critical infrastructure sector or structural components; (ii) vulnerability assessments, operational, procedural, transportation, and tactical planning or training manuals, and staff meeting minutes or other records; and (iii) engineering or architectural records, or records containing information derived from such records, to the extent such records reveal the location or operation of security equipment and systems, elevators, ventilation, fire protection, emergency, electrical, telecommunications or utility equipment and systems of any public building, structure or information storage facility. The same categories of records of any governmental or nongovernmental person or entity submitted to a public body for the purpose of antiterrorism response planning may be withheld from disclosure if such person or entity in writing (a) invokes the protections of this subdivision, (b) identifies with specificity the records or portions thereof for which protection is sought, and (c) states with reasonable particularity why the protection of such records from public disclosure is necessary to meet the objective of antiterrorism planning or protection. Such statement shall be a public record and shall be disclosed upon request. Nothing in this subdivision shall be construed to prohibit the disclosure of records relating to the structural or environmental soundness of any building, nor shall it prevent the disclosure of information relating to any building in connection with an inquiry into the performance of that building after it has been subjected to fire, explosion, natural disaster or other catastrophic event.

5. Information that would disclose the security aspects of a system safety program plan adopted pursuant to 49 C.F.R. Part 659 by the Commonwealth's designated Rail Fixed Guideway Systems Safety Oversight agency; and information in the possession of such agency, the release of which would jeopardize the success of an ongoing investigation of a rail accident or other incident threatening railway safety.

6. Engineering and architectural drawings, operational, procedural, tactical planning or training manuals, or staff meeting minutes or other records, the disclosure of which would reveal surveillance techniques, personnel deployments, alarm or security systems or technologies, or operational and transportation plans or protocols, to the extent such disclosure would jeopardize the security of any governmental facility, building or structure or the safety of persons using such facility, building or structure.

7. Security plans and specific assessment components of school safety audits, as provided in § 22.1-279.8.

Nothing in this subdivision shall be construed to prohibit the disclosure of records relating to the effectiveness of security plans after (i) any school building or property has been subjected to fire, explosion, natural disaster or other catastrophic event, or (ii) any person on school property has suffered or been threatened with any personal injury.

§ 2.2-3705.3. Exclusions to application of chapter; records relating to administrative investigations.

The following records are excluded from the provisions of this chapter but may be disclosed by the custodian in his discretion, except where such disclosure is prohibited by law:

1. Confidential records of all investigations of applications for licenses and permits, and of all licensees and permittees, made by or submitted to the Alcoholic Beverage Control Board, the State Lottery Department, the Virginia Racing Commission, or the Department of Charitable Gaming.

2. Records of active investigations being conducted by the Department of Health Professions or by any health regulatory board in the Commonwealth.

3. Investigator notes, and other correspondence and information, furnished in confidence with respect to an active investigation of individual employment discrimination complaints made to the Department of Human Resource Management or to such personnel of any local public body, including local school

boards as are responsible for conducting such investigations in confidence. However, nothing in this section shall prohibit the disclosure of information taken from inactive reports in a form that does not reveal the identity of charging parties, persons supplying the information or other individuals involved in the investigation.

4. Records of active investigations being conducted by the Department of Medical Assistance Services pursuant to Chapter 10 (§ 32.1-323 et seq.) of Title 32.1.

5. Investigative notes and other correspondence and information furnished in confidence with respect to an investigation or conciliation process involving an alleged unlawful discriminatory practice under the Virginia Human Rights Act (§ 2.2-3900 et seq.) or under any local ordinance adopted in accordance with the authority specified in § 2.2-2638, or adopted pursuant to § 15.2-965, or adopted prior to July 1, 1987, in accordance with applicable law, relating to local human rights or human relations commissions. However, nothing in this section shall prohibit the distribution of information taken from inactive reports in a form that does not reveal the identity of the parties involved or other persons supplying information.

6. Records of studies and investigations by the State Lottery Department of (i) lottery agents, (ii) lottery vendors, (iii) lottery crimes under §§ 58.1-4014 through 58.1-4018, (iv) defects in the law or regulations that cause abuses in the administration and operation of the lottery and any evasions of such provisions, or (v) the use of the lottery as a subterfuge for organized crime and illegal gambling where such official records have not been publicly released, published or copyrighted. All studies and investigations referred to under clauses (iii), (iv) and (v) shall be open to inspection and copying upon completion of the study or investigation.

7. Investigative notes, correspondence and information furnished in confidence, and records otherwise exempted by this chapter or any Virginia statute, provided to or produced by or for the (i) Auditor of Public Accounts; (ii) Joint Legislative Audit and Review Commission; (iii) Department of the State Internal Auditor with respect to an investigation initiated through the State Employee Fraud, Waste and Abuse Hotline; or (iv) committee or the auditor with respect to an investigation or audit conducted pursuant to § 15.2-825. Records of completed investigations shall be disclosed in a form that does not reveal the identity of the complainants or persons supplying information to investigators. Unless disclosure is prohibited by this section, the records disclosed shall include, but not be limited to, the agency involved, the identity of the person who is the subject of the complaint, the nature of the complaint, and the actions taken to resolve the complaint. If an investigation does not lead to corrective action, the identity of the person who is the subject of the complaint may be released only with the consent of the subject person.

8. Records of the Virginia Office for Protection and Advocacy consisting of documentary evidence received or maintained by the Office or its agents in connection with specific complaints or investigations, and records of communications between employees and agents of the Office and its clients or prospective clients concerning specific complaints, investigations or cases. Upon the conclusion of an investigation of a complaint, this exclusion shall no longer apply, but the Office may not at any time release the identity of any complainant or person with mental illness, mental retardation, developmental disabilities or other disability, unless (i) such complainant or person or his legal representative consents in writing to such identification or (ii) such identification is required by court order.

9. Information furnished in confidence to the Department of Employment Dispute Resolution with respect to an investigation, consultation, or mediation under Chapter 10 (§ 2.2-1000 et seq.) of this title, and memoranda, correspondence and other records resulting from any such investigation, consultation or mediation. However, nothing in this section shall prohibit the distribution of information taken from inactive reports in a form that does not reveal the identity of the parties involved or other persons supplying information.

10. The names, addresses and telephone numbers of complainants furnished in confidence with respect to an investigation of individual zoning enforcement complaints made to a local governing body.

§ 2.2-3705.4. Exclusions to application of chapter; educational records and certain records of educational institutions.

The following records are excluded from the provisions of this chapter but may be disclosed by the custodian in his discretion, except where such disclosure is prohibited by law:

1. Scholastic records containing information concerning identifiable individuals, except that such access shall not be denied to the person who is the subject thereof, or the parent or legal guardian of the student. However, no student shall have access to (i) financial records of a parent or guardian or (ii) records of instructional, supervisory, and administrative personnel and educational personnel ancillary thereto, that are in the sole possession of the maker thereof and that are not accessible or revealed to any other person except a substitute.

The parent or legal guardian of a student may prohibit, by written request, the release of any individual information regarding that student until the student reaches the age of 18 years. For scholastic records of students under the age of 18 years, the right of access may be asserted only by his legal guardian or parent, including a noncustodial parent, unless such parent's parental rights have

been terminated or a court of competent jurisdiction has restricted or denied such access. For scholastic records of students who are emancipated or attending a state-supported institution of higher education, the right of access may be asserted by the student.

Any person who is the subject of any scholastic record and who is 18 years of age or older may waive, in writing, the protections afforded by this subdivision. If the protections are so waived, the public body shall open such records for inspection and copying.

2. Confidential letters and statements of recommendation placed in the records of educational agencies or institutions respecting (i) admission to any educational agency or institution, (ii) an application for employment, or (iii) receipt of an honor or honorary recognition.

3. Data, records or information of a proprietary nature produced or collected by or for faculty or staff of public institutions of higher education, other than the institutions' financial or administrative records, in the conduct of or as a result of study or research on medical, scientific, technical or scholarly issues, whether sponsored by the institution alone or in conjunction with a governmental body or a private concern, where such data, records or information has not been publicly released, published, copyrighted or patented.

All records of the University of Virginia or the University of Virginia Medical Center or Eastern Virginia Medical School, as the case may be, that contain proprietary, business-related information pertaining to the operations of the University of Virginia Medical Center or Eastern Virginia Medical School, as the case may be, including business development or marketing strategies and activities with existing or future joint venturers, partners, or other parties with whom the University of Virginia Medical Center or Eastern Virginia Medical School, as the case may be, has formed, or forms, any arrangement for the delivery of health care, if disclosure of such information would be harmful to the competitive position of the Medical Center or Eastern Virginia Medical School, as the case may be.

5. Personal information, as defined in § 2.2-3801, provided to the Board of the Virginia College Savings Plan or its employees by or on behalf of individuals who have requested information about, applied for, or entered into prepaid tuition contracts or savings trust account agreements pursuant to Chapter 4.9 (§ 23-38.75 et seq.) of Title 23. Nothing in this subdivision shall be construed to prohibit disclosure or publication of information in a statistical or other form that does not identify individuals or provide personal information. Individuals shall be provided access to their own personal information.

The following records are excluded from the provisions of this chapter but may be disclosed by the custodian in his discretion, except where such disclosure is prohibited by law:

1. Medical and mental records, except that such records may be personally reviewed by the subject person or a physician of the subject person's choice. However, the subject person's mental records may not be personally reviewed by such person when the subject person's treating physician has made a part of such person's records a written statement that in his opinion a review of such records by the subject person would be injurious to the subject person's physical or mental health or well-being.

Where the person who is the subject of medical records is confined in a state or local correctional facility, the administrator or chief medical officer of such facility may assert such confined person's right of access to the medical records if the administrator or chief medical officer has reasonable cause to believe that such confined person has an infectious disease or other medical condition from which other persons so confined need to be protected. Medical records shall only be reviewed and shall not be copied by such administrator or chief medical officer. The information in the medical records of a person so confined shall continue to be confidential and shall not be disclosed by the administrator or chief medical officer of the facility to any person except the subject or except as provided by law.

Where the person who is the subject of medical and mental records is under the age of 18, his right of access may be asserted only by his guardian or his parent, including a noncustodial parent, unless such parent's parental rights have been terminated or a court of competent jurisdiction has restricted or denied such access. In instances where the person who is the subject thereof is an emancipated minor or a student in a public institution of higher education, the right of access may be asserted by the subject person.

For the purposes of this chapter, statistical summaries of incidents and statistical data concerning patient abuse as may be compiled by the Commissioner of the Department of Mental Health, Mental Retardation and Substance Abuse Services shall be open to inspection and copying as provided in § 2.2-3704. No such summaries or data shall include any patient-identifying information.

2. Applications for admission to examinations or for licensure and scoring records maintained by the Department of Health Professions or any board in that department on individual licensees or applicants. However, such material may be made available during normal working hours for copying, at the requester's expense, by the individual who is the subject thereof, in the offices of the Department of Health Professions or in the offices of any health regulatory board, whichever may possess the material.

However, nothing in this section shall prohibit disclosure of information from the records of completed investigations in a form that does not reveal the identity of complainants, persons supplying information, or other individuals involved in the investigation.

5. Information and records collected for the designation and verification of trauma centers and other specialty care centers within the Statewide Emergency Medical Services System and Services pursuant to Article 2.1 (§ 32.1-111.1 et seq.) of Chapter 4 of Title 32.1.

13. Any record copied, recorded or received by the Commissioner of Health in the course of an examination, investigation or review of a managed care health insurance plan licensee pursuant to §§ 32.1-137.4 and 32.1-137.5, including books, records, files, accounts, papers, documents, and any or all computer or other recordings.
