§ 2.2-3705. Exclusions to application of chapter.

A. The following records are excluded from the provisions of this chapter but may be disclosed by the custodian in his discretion, except where such disclosure is prohibited by law:

1. Confidential records of all investigations of applications for licenses and permits, and all licensees and permittees made by or submitted to the Alcoholic Beverage Control Board, the State Lottery Department, the Virginia Racing Commission, or the Department of Charitable Gaming.

2. State income, business, and estate tax returns, personal property tax returns, scholastic and confidential records held pursuant to § 58.1-3.

3. Scholastic records containing information concerning identifiable individuals, except that such access shall not be denied to the person who is the subject thereof, or the parent or legal guardian of the student. However, no student shall have access to (i) financial records of a parent or guardian or (ii) records of instructional, supervisory, and administrative personnel and educational personnel ancillary thereto, which are in the sole possession of the maker thereof and that are not accessible or revealed to any other person except a substitute.

The parent or legal guardian of a student may prohibit, by written request, the release of any individual information regarding that student until the student reaches the age of 18 years. For scholastic records of students under the age of 18 years, the right of access may be asserted only by his legal guardian or parent, including a noncustodial parent, unless such parent's parental rights have been terminated or a court of competent jurisdiction has restricted or denied such access. For scholastic records of students who are emancipated or attending a state-supported institution of higher education, the right of access may be asserted by the student.

Any person who is the subject of any scholastic record and who is 18 years of age or older may waive, in writing, the protections afforded by this subdivision. If the protections are so waived, the public body shall open such records for inspection and copying.

4. Personnel records containing information concerning identifiable individuals, except that access shall not be denied to the person who is the subject thereof. Any person who is the subject of any personnel record and who is 18 years of age or older may waive, in writing, the protections afforded by this subdivision. If the protections are so waived, the public body shall open such records for inspection and copying.

5. Medical and mental records, except that such records may be personally reviewed by the subject person or a physician of the subject person's choice. However, the subject person's mental records may not be personally reviewed by such person when the subject person's treating physician has made a part of such person's records a written statement that in his opinion a review of such records by the subject person would be injurious to the subject person's physical or mental health or well-being.

Where the person who is the subject of medical records is confined in a state or local correctional facility, the administrator or chief medical officer of such facility may assert such confined person's right of access to the medical records if the administrator or chief medical officer has reasonable cause to believe that such confined person has an infectious disease or other medical condition from which other persons so confined need to be protected. Medical records shall only be reviewed and shall not be copied by such administrator or chief medical officer. The information in the medical records of a person so confined shall continue to be confidential and shall not be disclosed by the administrator or chief medical officer of the facility to any person except the subject or except as provided by law.

Where the person who is the subject of medical and mental records is under the age of 18, his right of access may be asserted only by his guardian or his parent, including a noncustodial parent, unless such parent's parental rights have been terminated or a court of competent jurisdiction has restricted or

denied such access. In instances where the person who is the subject thereof is an emancipated minor or a student in a public institution of higher education, the right of access may be asserted by the subject person.

For the purposes of this chapter, statistical summaries of incidents and statistical data concerning patient abuse as may be compiled by the Commissioner of the Department of Mental Health, Mental Retardation and Substance Abuse Services shall be open to inspection and copying as provided in § 2.2-3704. No such summaries or data shall include any patient-identifying information.

However, minimum competency tests administered to public school children shall be made available to the public contemporaneously with statewide release of the scores of those taking such tests, but in no event shall such tests be made available to the public later than six months after the administration of such tests.

§ 32.1-48.02. Investigations of verified reports or medical evidence; counseling; outpatient and emergency treatment orders; custody upon emergency order; application of article.

A. Upon receiving at least two verified reports or upon receiving medical evidence that any person who is reputed to know that he is infected with a communicable disease of public health significance is engaging in at-risk behavior, the Commissioner or his designee may conduct an investigation through an examination of the records of the Department and other medical records to determine the disease status of the individual and that there is cause to believe he is engaging in at-risk behavior.

B. If the investigation indicates that the person has a communicable disease of public health significance caused by a non-airborne microorganism and that there is cause to believe he is engaging in at-risk behavior, the Commissioner or his designee may issue an order for such person to report to the local or district health department in the jurisdiction in which he resides to receive counseling on the etiology, effects and prevention of the specific disease of public health significance. The person conducting the counseling shall prepare and submit a report to the Commissioner or his designee on the counseling session or sessions in which he shall document that the person so counseled has been informed about the acts that constitute at-risk behavior, appropriate precautions, and the need to use

D. If the investigation, described in subsection A, indicates that the person has a communicable disease *of public health significance* caused by an airborne microorganism, *such as tubercle bacillus*, which causes serious disease and can result in death and, despite documented and appropriate counseling, is engaging in conduct that unreasonably places uninfected persons at risk of contracting such airborne communicable disease *of public health significance, such as tuberculosis*, and medical data demonstrate that he poses an imminent threat to the health of others, the Commissioner may issue an emergency order requiring such person to be taken immediately into custody and placed, for a period, not to exceed ~~forty-eight~~ 48 hours, in the least restrictive, willing facility providing protection of the health of others and appropriate treatment to the person upon finding that at least one of the following conditions is met:

E. In order to implement an emergency order issued pursuant to subsection D of this section, all state and local law-enforcement officers are authorized to take custody of the subject of such emergency order immediately upon issuance of the emergency order by the Commissioner.

F. The provisions of this article shall only apply to communicable diseases of public health significance and shall not apply to communicable diseases of public health threat.

§ 32.1-48.03. Petition for hearing; temporary detention.

A. Upon receiving a verified report or upon receiving medical evidence that any person who has been counseled pursuant to § 32.1-48.02 has continued to engage in at-risk behavior, the Commissioner or his designee may petition the general district court of the county or city in which such person resides to order the person to appear before the court to determine whether isolation is necessary to protect the public health *from the risk of infection with a communicable disease of public health significance*.

B. If such person cannot be conveniently brought before the court, the court may issue an order of temporary detention. The officer executing the order of temporary detention shall order such person to remain confined in his home or another's residence or in some convenient and willing institution or other willing place for a period not to exceed ~~forty-eight~~ 48 hours prior to a hearing. An electronic device may be used to enforce such detention in the person's home or another's residence. The institution or other place of temporary detention shall not include a jail or other place of confinement for persons charged with criminal offenses.

If the specified ~~forty-eight~~ 48-hour period terminates on a Saturday, Sunday, legal holiday or day on which the court is lawfully closed, such person may be detained until the next day which is not a Saturday, Sunday, legal holiday or day on which the court is lawfully closed.

C. Any person ordered to appear before the court pursuant to this section shall be informed of his right to be represented by counsel. The court shall provide the person with reasonable opportunity to employ counsel at his own expense, if so requested. Counsel so appointed shall be paid a fee of ~~seventy-five dollars~~ \$75 and his necessary expenses.

§ 32.1-48.04. Isolation hearing; conditions; order for isolation; right to appeal.

A. The isolation hearing shall be held within ~~forty-eight~~ 48 hours of the execution of any temporary detention order issued or, if the ~~forty-eight~~ 48-hour period terminates on a Saturday, Sunday, legal holiday or day on which the court is lawfully closed, the isolation hearing shall be the next day that is not a Saturday, Sunday, legal holiday or day on which the court is lawfully closed.

Prior to the hearing, the court shall fully inform the person *who is infected with the communicable disease of public health significance* of the basis for his detention, if any, the basis upon which he may be isolated, and the right of appeal of its decision.

B. An order for isolation in the person's home or another's residence or an institution or other place,

including a jail when no other reasonable alternative is available, may be issued upon a finding by the court that the following conditions are met:

1. The person is infected with a communicable disease *of public health significance*.
2. The person is engaging in at-risk behavior.
3. The person has demonstrated an intentional disregard for the health of the public by engaging in behavior which has placed others at risk for infection *with the communicable disease of public health significance*.

4. There is no other reasonable alternative means of reducing the risk to public health.

C. Any order for isolation in the person's home or another's residence or an institution or other place shall be valid for no more than 120 days, or for a shorter period of time if the Commissioner or his designee, or the court upon petition, determines that the person no longer poses a substantial threat to the health of others. Orders for isolation in the person's home or another's residence may be enforced through the use of electronic devices. Orders for isolation may include additional requirements such as participation in counseling or education programs. The court may, upon finding that the person no longer poses a substantial threat to the health of others, issue an order solely for participation in counseling or educational programs.

D. Isolation orders shall not be renewed without affording the person all rights conferred in this article.

Any person under an isolation order pursuant to this section shall have the right to appeal such order to the circuit court in the jurisdiction in which he resides. Such appeal shall be filed within ~~thirty~~ 30 days from the date of the order. Notwithstanding the provisions of § 19.2-241 relating to the time within which the court shall set criminal cases for trial, any appeal of an isolation order shall be given priority over all other pending matters before the court, except those matters under appeal pursuant to § 37.1-67.6, and shall be heard as soon possible by the court. The clerk of the court from which an appeal is taken shall immediately transmit the record to the clerk of the appellate court.

The appeal shall be heard de novo. An order continuing the isolation shall only be entered if the conditions set forth in subsection B are met at the time the appeal is heard.

If the person under an isolation order is not represented by counsel, the judge shall appoint an attorney-at-law to represent him. Counsel so appointed shall be paid a fee of \$150 and his necessary expenses. The order of the court from which the appeal is taken shall be defended by the attorney for the Commonwealth.

A. *Upon a determination by the State Health Commissioner that exceptional circumstances exist relating to one or more persons in the Commonwealth who are known to have been exposed to or infected with or reasonably suspected to have been exposed to or infected with a communicable disease of public health threat and that such exceptional circumstances render the procedures of Article 3.01 (§ 32.1-48.01 et seq.) of this chapter to be insufficient control measures or that the individuals have failed or refused to comply voluntarily with the control measures directed by the State Health Commissioner in response to a communicable disease of public health threat, the State Health Commissioner may invoke the provisions of this article relating to quarantine and isolation.*

B. *The Board of Health shall promulgate regulations for the implementation of this article that shall (i) address the circumstances that are subject to the application of Article 3.01 (§ 32.1-48.01 et seq.) of this chapter and the exceptional circumstances in which this article may be invoked by the State Health Commissioner; (ii) provide procedures to assure that any quarantine or isolation is implemented in the least restrictive environment; (iii) ensure that the essential needs of persons subject to an order of isolation issued pursuant to this article shall be met, including, but not limited to, food, water, and health care, e.g., medications, therapies, testing, and durable medical equipment; (iv) provide procedures for proper notice of orders of quarantine and orders of isolation; (v) provide procedures for the State Health Commissioner to issue an emergency detention order for persons for whom he has probable cause to believe that they may fail or refuse to comply with an order of quarantine or an order of isolation; and (vi) address any other issue or procedure covered herein that the Board deems to be properly the subject of regulation.*

C. *The powers granted to the State Health Commissioner pursuant to this article shall not be delegated to or invoked by any local or district health department director. However, in the event the State Health Commissioner, duly appointed and confirmed pursuant to § 32.1-17, shall be unable to perform his duties pursuant to this article, any Deputy Commissioner, appointed by the State Health Commissioner and approved by the Board pursuant to § 32.1-22, shall be authorized to invoke the provisions of this article.*

No affected area shall be the subject to an order of quarantine issued by the State Health Commissioner unless the Governor, pursuant to the authority vested in him pursuant to Chapter 3.2 (§ 44-146.13 et seq.) of Title 44, has declared a state of emergency for such affected area of the Commonwealth.

C. The order of quarantine shall be delivered to any person or persons affected by the quarantine, in so far as practicable. However, if, in the opinion of the State Health Commissioner, the number of quarantined persons is too great to make delivery of copies of the order of quarantine to each person possible in a timely manner, or if the order of quarantine designates an affected area instead of a specific person or persons, the State Health Commissioner shall cause the order of quarantine to be communicated to the persons residing or located in the affected area.

D. The State Health Commissioner or his legal representative shall, as soon as practicable following the issuance of an order of quarantine, file a petition seeking an ex parte court review and confirmation of the quarantine or to extend, when necessary, the duration of the quarantine.

E. The petition shall be filed in the circuit court for the city or county in which the person or persons resides or, in the case of an affected area, in the circuit court of the affected jurisdiction or jurisdictions.

The petition shall include (i) a copy of the order of quarantine or all information contained in the State Health Commissioner's order of quarantine in some other format and (ii) a summary of the findings on which the Commissioner relied in deciding to issue the order of quarantine.

F. In reviewing the petition for review and confirmation of the order of quarantine or an extension of the order of quarantine, the court shall give due deference to the specialized expertise of the State Health Commissioner. The court shall grant the petition to extend the quarantine upon finding probable cause that quarantine was the necessary means to contain the disease of public health threat and is being implemented in the least restrictive environment to address the public health threat effectively, given the reasonably available information on effective control measures and the nature of the communicable disease of public health threat.

G. The State Health Commissioner may, if he reasonably believes that public disclosure of the information contained in the order of quarantine or the petition for court review and confirmation or extension of the order of quarantine will exacerbate the public health threat or compromise any current or future criminal investigation or compromise national security, file some or all of any petition relating to an order of quarantine under seal. After reviewing any information filed under seal by the State Health Commissioner, the court shall reseal the relevant materials to the extent necessary to protect public health and safety.

H. The State Health Commissioner shall ensure that the protected health information of any person or persons subject to the order of quarantine shall only be disclosed in compliance with § 32.1-127.1:03 of this title and the regulations relating to privacy of health records promulgated by the federal Department of Health and Human Services pursuant to the Health Insurance Portability and Accountability Act of 1996 (42 U.S.C. § 1320d et seq.).

§ 32.1-48.10. Appeal of any order of quarantine.

A. Any person or persons subject to an order of quarantine or a court-ordered extension of any such order pursuant to this article may file an appeal of the order of quarantine as such order applies to such person or persons in the circuit court for the city or county in which the subject or subjects of the order reside or the circuit court for the jurisdiction or jurisdictions for any affected area. Any petition for appeal shall be in writing, shall set forth the grounds on which the order of quarantine is being challenged vis-a-vis the subject person or persons or affected area, and shall be served upon the State Health Commissioner or his legal representative.

B. A hearing on the appeal of the order of quarantine shall be held within 48 hours of the filing of the petition for appeal or, if the 48-hour period terminates on a Saturday, Sunday, legal holiday or day on which the court is lawfully closed, the hearing shall be held on the next day that is not a Saturday, Sunday, legal holiday or day on which the court is lawfully closed.

In extraordinary circumstances, for good cause shown, the Commissioner may request a continuance of the hearing, which the court shall only grant after giving due regard to the rights of the affected individuals, the protection of the public health and safety, the severity of the emergency, and the availability of witnesses and evidence.

C. Any person appealing an order of quarantine shall have the burden of proving that he is not properly the subject of the order of quarantine.

D. The filing of an appeal shall not stay any order of quarantine.

E. Upon receiving multiple appeals of an order of quarantine that applies to a group of persons or an affected area, the court may, on the motion of any party or on the court's own motion, consolidate the cases in a single proceeding for all appeals when (i) there are common questions of law or fact relating to the individual claims or rights to be determined; (ii) the claims of the consolidated cases are substantially similar; and (iii) all parties to the appeals will be adequately represented in the consolidation.

F. The circuit court shall not conduct a de novo review of the order of quarantine; however, the court shall consider the existing record and such supplemental evidence as the court shall consider relevant. The court shall conduct the hearing on an appeal of an order of quarantine in a manner that will protect the health and safety of court personnel, counsels, witnesses, and the general public and in accordance with rules of the Supreme Court of Virginia pursuant to subsection C of § 17.1-503. The court may, for good cause shown, hold all or any portion of the hearings in camera upon motion of any party or upon the court's own motion.

G. Upon completion of the hearing, the court may (i) vacate or modify the order of quarantine as such order applies to any person who filed the appeal and who is not, according to the record and the supplemental evidence, appropriately subject to the order of quarantine; (ii) vacate or modify the order of quarantine as such order applies to all persons who filed an appeal and who are not, according to the record and the supplemental evidence, appropriately subject to the order of quarantine; (iii) confirm the order of quarantine as it applies to any person or all appealing parties upon a finding that such person or persons are appropriately subject to the order of quarantine and that quarantine is being implemented in the least restrictive environment to address the public health threat effectively, given the reasonably available information on effective control measures and the nature of the communicable disease of public health threat; or (iv) confirm the order of quarantine as it applies to all persons subject to the order upon finding that all such persons are appropriately subject to the order of quarantine and that quarantine is being implemented in the least restrictive environment to address the public health threat effectively, given the reasonably available information on effective control measures and the nature of the communicable disease of public health threat.

In any case in which the court shall vacate the order of quarantine as it applies to any person who has filed a request for review of such order and who is subject to such order or as it applies to all persons seeking judicial review who are subject to such order, the person or persons shall be immediately released from quarantine unless such order to vacate the quarantine shall be stayed by the filing of an appeal to the Supreme Court of Virginia. Any party to the case may file an appeal of the circuit court decisions to the Supreme Court of Virginia. Parties to the case shall include any person who is subject to an order of quarantine and has filed an appeal of such order with the circuit court and the State Health Commissioner.

H. Appeals of any final order of any circuit court regarding the State Health Commissioner's petition for review and confirmation or extension of an order of quarantine or any appeal of an order of quarantine by a person or persons who are subject to such order shall be appealable directly to the Supreme Court of Virginia, with an expedited review in accordance with the rules of the court pursuant to subsection C of § 17.1-503.

I. Appeals of any circuit court order relating to an order of quarantine shall not stay any order of quarantine.

J. Persons requesting judicial review of any order of quarantine shall have the right to be represented by an attorney in all proceedings. If the person is unable to afford an attorney, counsel shall be appointed for the person by the circuit court for the jurisdiction in which the person or persons who are subject to the order of quarantine reside or, in the case of an affected area, by the circuit

court for the jurisdiction or jurisdictions for the affected area. Counsel so appointed shall be paid at a rate established by the Supreme Court of Virginia from the Commonwealth's criminal fund.

§ 32.1-48.11. Isolation may be ordered under certain exceptional circumstances; Commissioner authorized to require hospitalization or other health care.

A. Whenever the State Health Commissioner makes a determination of exceptional circumstances pursuant to § 32.1-48.05 and that the isolation procedures set forth in Article 3.01 (§ 32.1-48.01 et seq.) of this chapter are insufficient control measures to contain a communicable disease of public health threat, the isolation procedures herein may be invoked.

B. The State Health Commissioner may order the isolation of a person or persons upon a finding that (i) such person or persons are infected with or may reasonably be suspected to be infected with a communicable disease of public health threat and (ii) isolation is necessary to protect the public health, to ensure such isolated person or persons receive appropriate medical treatment, and to protect health care providers and others who may come into contact with such infected person or persons.

C. The State Health Commissioner shall record his findings and any information on which he has relied in making the finding required for isolation pursuant to this section. The State Health Commissioner's record of findings concerning any communicable disease of public health threat that is involved in an order of isolation shall be confidential and shall not be disclosed in accordance with subdivision A 88 of § 2.2-3705.

D. The Commissioner may order the isolated person or persons to remain in their places of residence, to remain in another place where they are present, or to report to a place or facility designated by the Commissioner for the duration of their isolation. An electronic device may be used to enforce any such isolation. The Commissioner's order of isolation shall be for a duration consistent with the known course of such communicable disease of public health threat or, if the course of the disease is unknown or uncertain, for a period consistent with the probable course of the communicable disease of public health threat.

E. To the extent that persons subject to an order of isolation pursuant to this article require hospitalization or other health care services, the State Health Commissioner shall be authorized to require that such services be provided.

F. The State Health Commissioner shall also have the authority to monitor the medical condition of any person or persons subject to an order of isolation pursuant to this article through regular visits by public health nurses or such other means as the Commissioner shall determine to be necessary.

§ 32.1-48.12. Isolation order.

A. The State Health Commissioner shall, prior to placing any person or persons in isolation, prepare a written order of isolation that shall: (i) identify the person or persons subject to such order of isolation; (ii) identify the site of isolation, which may, in the Commissioner's discretion, include the residence of any isolated individual; (iii) specify the date and time that isolation is to commence; (iv) identify the communicable disease of public health threat or the suspected communicable disease of public health threat with which the person or persons are known to be infected or reasonably suspected to be infected; (v) specify the bases for isolation, including why isolation is the necessary means to contain transmission of the disease, and any conditions of the isolation; (vi) provide timely opportunities, if not readily available under the circumstances, for the person or person who are subject to the order to notify employers, next of kin or legally authorized representatives and the attorneys of their choice of the situation; (vii) specify the penalty or penalties that may be imposed for noncompliance with order of isolation pursuant to § 32.1-27; and (viii) include a copy of § 32.1-48.13 to inform any person or persons subject to an order of isolation of the right to seek judicial review or the order.

B. No affected area shall be the subject of an order of isolation prepared by the State Health Commissioner unless the Governor, pursuant to the authority vested in him pursuant to Chapter 3.2 (§ 44-146.13 et seq.) of Title 44, has declared a state of emergency for such affected area of the Commonwealth.

C. The order of isolation shall be delivered to any person or persons affected by the isolation, in so far as practicable. However, if, in the opinion of the State Health Commissioner, the number of isolated persons is too great to make delivery of copies of the order of isolation to each person possible in a timely manner, or if the order of isolation designates an affected area instead of a specific person or persons, the State Health Commissioner shall cause the order of isolation to be communicated to the persons residing or located in the affected area.

D. The State Health Commissioner shall, as soon as practicable following the issuance of an order of isolation, file a petition seeking an ex parte court order to review and confirm, or if necessary, to extend the isolation.

E. The petition shall be filed in the circuit court for the city or county in which the person or persons resides or, in the case of an affected area, in the circuit court of the affected jurisdiction or jurisdictions.

F. The petition shall include (i) a copy of the order of isolation or all information contained in the State Health Commissioner's order of isolation in some other format and (ii) a summary of the findings

on which the Commissioner relied in determining that an order of isolation was required to contain the transmission of the communicable disease of public health threat.

G. In reviewing any petition for review and confirmation or extension of the order of isolation, the court shall give due deference to the specialized expertise of the State Health Commissioner. The court shall grant the petition to confirm or extend the isolation upon finding probable cause that isolation was the necessary means and remains the least restrictive environment to address the public health threat effectively, given the reasonably available information on effective control measures and the nature of the communicable disease of public health threat.

H. The State Health Commissioner may, if he reasonably believes that public disclosure of the information contained in the order of isolation or the petition for review and confirmation or extension of the order of isolation will exacerbate the public health threat or compromise any current or future criminal investigation or compromise national security, file some or all of any petition to extend an order of isolation under seal. After reviewing any information filed under seal by the State Health Commissioner, the court shall reseal the relevant materials to the extent necessary to protect public health and safety.

I. The State Health Commissioner shall ensure that the protected health information of any person or persons subject to the order of isolation shall only be disclosed in compliance with the regulations relating to privacy of health records promulgated by the federal Department of Health and Human Services pursuant to the Health Insurance Portability and Accountability Act of 1996.

§ 32.1-48.13. Appeal of any order of isolation.

A. Any person or persons subject to an order of isolation or a court-ordered confirmation or extension of any such order pursuant to this article may file an appeal of the order of isolation in the circuit court for the city or county in which such person or persons reside or, in the case of an affected area, in the circuit court for any affected jurisdiction or jurisdictions. Any petition for appeal shall be in writing, shall set forth the grounds on which the order of isolation is being challenged vis-a-vis the subject person or persons or affected area, and shall be served upon the State Health Commissioner or his legal representative.

B. A hearing on the appeal of the order of isolation shall be held within 48 hours of the filing of the petition for appeal or, if the 48-hour period terminates on a Saturday, Sunday, legal holiday or day on which the court is lawfully closed, the hearing shall be held on the next day that is not a Saturday, Sunday, legal holiday or day on which the court is lawfully closed.

In extraordinary circumstances, for good cause shown, the Commissioner may request a continuance of the hearing, which the court shall only grant after giving due regard to the rights of the affected individuals, the protection of the public health and safety, the severity of the emergency, and the availability of witnesses and evidence.

C. Any person appealing an order of isolation shall have the burden of proving that he is not properly the subject of the order of isolation.

D. An appeal shall not stay any order of isolation.

E. Upon receiving multiple appeals of an order of isolation, the court may, on the motion of any party or on the court's own motion, consolidate the cases in a single proceeding for all appeals when (i) there are common questions of law or fact relating to the individual claims or rights to be determined; (ii) the claims of the consolidated cases are substantially similar; and (iii) all parties to the appeals will be adequately represented in the consolidation.

F. The circuit court shall not conduct a de novo review of the order of isolation; however, the court shall consider the existing record and such supplemental evidence as the court shall consider relevant. The court shall conduct the hearing on an appeal of an order of isolation in a manner that will protect the health and safety of court personnel, counsels, witnesses, and the general public and in accordance with rules of the Supreme Court of Virginia pursuant to subsection C of § 17.1-503. The court may, for good cause shown, hold all or any portion of the hearings in camera upon motion of any party or the court's own motion.

G. Upon completion of the hearing, the court may (i) vacate or modify the order of isolation as such order applies to any person who filed the appeal and who is not, according to the record and the supplemental evidence, appropriately subject to the order of isolation; (ii) vacate or modify the order of isolation as such order applies to all persons who filed an appeal and who are not, according to the record and the supplemental evidence, appropriately subject to the order of isolation; (iii) confirm the order of isolation as it applies to any person or all appealing parties upon a finding that such person or persons are appropriately subject to the order of isolation and that isolation is being implemented in the least restrictive environment to address the public health threat effectively, given the reasonably available information on effective infection control measures and the nature of the communicable disease of public health threat; or (iv) confirm the order of isolation as it applies to all persons subject to the order upon finding that all such persons are appropriately subject to the order of isolation and that isolation is being implemented in the least restrictive environment to address the public health threat effectively given the reasonably available information on effective control measures and the nature of the communicable disease of public health threat.

In any case in which the court shall vacate the order of isolation as it applies to any person who has filed a request for review of such order and who is subject to such order or as it applies to all persons seeking judicial review who are subject to such order, the person or persons shall be immediately released from isolation unless such order to vacate the isolation shall be stayed by the filing of an appeal to the Supreme Court of Virginia. Any party to the case may file an appeal of the circuit court decisions to the Supreme Court of Virginia. Parties to the case shall include any person who is subject to an order of isolation and has filed an appeal of such order with the circuit court and the State Health Commissioner.

H. Appeals of any final order of any circuit court regarding the State Health Commissioner's petition for review and confirmation or extension of an order of isolation or any appeal of an order of isolation by a person or persons who are subject to such order shall be appealable directly to the Supreme Court of Virginia, with an expedited review in accordance with the rules of the court pursuant to subsection C of § 17.1-503.

I. Appeals of any circuit court order relating to an order of isolation shall not stay any order of quarantine.

J. Persons appealing any order of isolation shall have the right to be represented by an attorney in all proceedings. If the person is unable to afford an attorney, counsel shall be appointed for the person by the circuit court for the jurisdiction in which the person or persons who are subject to the order of isolation reside or, in the case of an affected area, by the circuit court for the jurisdiction or jurisdictions for the affected area. Counsel so appointed shall be paid at a rate established by the Supreme Court of Virginia from the Commonwealth's criminal fund.

§ 32.1-48.14. Enforcement of orders of quarantine or isolation; penalties.

A. Any person who does not comply with a validly issued order of quarantine or order of isolation issued or prepared pursuant to this article shall be subject to the penalties provided in § 32.1-27, including, upon conviction, a Class 1 misdemeanor and payment of civil penalties.

B. Upon finding that there is probable cause to believe that any person or persons who are subject to an order of quarantine or an order of isolation may fail or refuse to comply with such order, the State Health Commissioner may issue an emergency detention order pursuant to this article requiring such person or persons to be taken immediately into custody and detained for the duration of the order of quarantine or isolation or until the Commissioner determines that the risk of noncompliance is no longer present.

Any person or persons so detained shall be held in the least restrictive environment that can provide any required health care or other services for such person.

C. Any order of quarantine or isolation shall be enforced by law-enforcement agencies, as directed by the State Health Commissioner. Any enforcement authority directed to law-enforcement agencies by the Commissioner shall expressly include, but need not be limited to, the power to detain or arrest any person or persons identified as, or for whom probable cause exists that he may be, in violation of any order of quarantine or order of isolation.

To implement an emergency detention order, any law-enforcement officer shall take the subject of the emergency detention order into custody immediately upon the issuance of the emergency detention order by the Commissioner.

D. Every attorney for the Commonwealth shall have the duty to prosecute, without delay, any violation of this chapter in accordance with the penalties set forth in § 32.1-27.

§ 32.1-48.15. Authorization to disclose health records.

A. The provisions of this article are hereby declared to be necessary to prevent serious harm and serious threats to the health and safety of individuals and the public in Virginia for purposes of authorizing the State Health Commissioner or his designee to examine and review any health records of any person or persons subject to any order of quarantine or order of isolation pursuant to this article and the regulations of the Department of Health and Human Services promulgated in compliance with the Health Insurance Portability and Accountability Act of 1996, as amended. The State Health Commissioner shall authorize any designee in writing to so examine and review any health records of any person or persons subject to any order of quarantine or order of isolation pursuant to this article.

B. Pursuant to the regulations concerning patient privacy promulgated by the federal Department of Health and Human Services, covered entities may disclose protected health information to the State Health Commissioner or his designee without obtaining consent or authorization for such disclosure from the person who is the subject of the records. Such protected health information shall be used to facilitate the health care of any person or persons who are subject to an order of quarantine or an order of isolation. The State Health Commissioner or his designee shall only redisclose such protected health information in compliance with the aforementioned federal regulations. Further, the protected health information disclosed to the State Health Commissioner or his designee shall be held confidential and shall not be disclosed pursuant to the provisions of subdivision A 88 of § 2.2-3705.

§ 32.1-48.16. Immunity from liability.

Any person who, in good faith and in the performance of his duties, acts in compliance with this article and the Board of Health's regulations shall not be liable for any civil damages for any act or

omission resulting from such actions unless such act or omission was the result of gross negligence or willful misconduct.

§ 32.1-48.17. Use of public or private property or facilities.

A. Upon the declaration by the Governor of a state of emergency pursuant to § 44-146.17, the State Health Commissioner, acting in concert with the Governor, shall be authorized to require the use of any public or private property, building or facility to implement any order of quarantine or order of isolation. The State Health Commissioner and the Governor shall find, together, that the use of the property, building or facility is necessary and appropriate to enforce an order of quarantine or an order of isolation in the least restrictive environment.

B. If the Commissioner and the Governor elect to use any public or private property, building or facility pursuant to this article and this section, the Commissioner shall make accommodations, in conjunction with the owner or operator of the property, building or facility, for persons who are employed in, using or occupying the property, building or facility and who are not covered by the relevant order of quarantine or order of isolation.

C. Owners or operators of any property, building or facility so commandeered shall be entitled to compensation.

§ 32.1-116.3. Reporting of communicable diseases; definition.

A. For the purposes of this section,:

"Communicable diseases" means any airborne infection or disease, including, but not limited to, tuberculosis, measles, certain meningococcal infections, mumps, chicken pox and Hemophilus Influenzae Type b, and those transmitted by contact with blood or other human body fluids, including, but not limited to, human immunodeficiency virus, Hepatitis B and Non-A, Non-B Hepatitis.

"Communicable disease of public health threat" means an illness of public health significance, as determined by the State Health Commissioner in accordance with regulations of the Board of Health, caused by a specific or suspected infectious agent that may be reasonably expected or is known to be readily transmitted directly or indirectly from one individual or person to another or to uninfected persons through airborne or nonairborne means and has been found to create a risk of death or significant injury or impairment; this definition shall not, however, be construed to include human immunodeficiency viruses or tuberculosis, unless used as a bioterrorism weapon. "Individual" shall include any companion animal.

B. Every licensed health care facility which transfers or receives patients via emergency medical services ambulances or mobile intensive care units shall notify the emergency medical services agencies providing such patient transport of the name and telephone number of the individual who is the infection control practitioner with the responsibility of investigating exposure to infectious diseases in the facility.

Every licensed emergency medical services agency established in the Commonwealth shall notify all facilities to which they transport patients or from which they transfer patients of the names and telephone numbers of the members, not to exceed three persons, who have been appointed to serve as the communicable disease liaison officers. Every licensed emergency medical services agency shall implement universal precautions and shall ensure that these precautions are appropriately followed and enforced.

C. Upon requesting any licensed emergency medical services agency to transfer (i) a patient who is known to be positive for or who suffers from any communicable disease which, in the judgment of the physician authorizing the transfer or the facility's infection control practitioner, presents any risk to the transporting emergency medical services personnel or to patients who may be subsequently transported in the same vehicle, or (ii) a patient who is known to be subject to an order of quarantine or an order of isolation pursuant to Article 3.02 (§ 32.1-48.05 et seq.) of Chapter 2 of this title, the transferring facility shall inform the attendant-in-charge of the transferring crew of the general condition of the patient and the types of precautions to be taken to prevent the spread of the disease. The identity of the patient shall be confidential.

D. If any firefighter, law-enforcement officer, emergency medical services technician or paramedic has an exposure of blood or body fluid to mucous membrane, non-intact skin, or a contaminated needlestick injury, his communicable disease liaison officer shall be notified, a report completed and the infection control practitioner at the receiving facility notified.

E. If, during the course of medical care and treatment, any physician determines that a patient who was transported to a receiving facility by any licensed emergency medical services agency (i) is positive for or has been diagnosed as suffering from an airborne infectious disease or (ii) is subject to an order of quarantine or an order of isolation pursuant to Article 3.02 (§ 32.1-48.05 et seq.) of Chapter 2 of this title, then the infection control practitioner in the facility shall immediately notify the communicable disease liaison officer who represents the transporting emergency medical services agency of the name of the patient, and the date and time of the patient's admittance to the facility. The communicable disease liaison officer for the transporting emergency medical services agency shall investigate the incident to determine if any exposure of emergency medical services personnel or other emergency personnel occurred. The identity of the patient and all personnel involved in any such investigation shall be confidential.

F. If any firefighter, law-enforcement officer, emergency medical services technician or paramedic shall be exposed to a communicable disease, the communicable disease liaison officer shall immediately notify the infection control practitioner of the receiving facility. The infection control practitioner of the facility shall conduct an investigation and provide information concerning the extent and severity of the exposure and the recommended course of action to the communicable disease liaison officer of the transporting agency. This section shall not be construed to create a duty by the receiving facility to perform any test or tests beyond those necessary for the medical management of the patient delivered by an emergency medical services agency to the receiving facility nor shall it affect the operation of the provisions of § 32.1-45.1.

G. Any person requesting or requiring any employee of a public safety agency as defined in subsection J of § 32.1-45.2 to arrest, transfer, or otherwise exercise custodial supervision over an individual known to the requesting person *(i) to be infected with any communicable disease or (ii) to be subject to an order of quarantine or an order of isolation pursuant to Article 3.02 (§ 32.1-48.05 et seq.) of Chapter 2 of this title* shall inform such public safety agency employee of a potential risk of exposure to a communicable disease.

H. Local or state correctional facilities which transfer patients known to have a communicable disease *or to be subject to an order of quarantine or an order of isolation pursuant to Article 3.02 (§ 32.1-48.05 et seq.) of Chapter 2 of this title* shall notify the emergency medical services agency providing transportation services of a potential risk of exposure to a communicable disease, *including a communicable disease of public health threat*. For the purposes of this section, the chief medical person at a local or state correctional facility or the facility director or his designee shall be responsible for providing such information to the transporting agency.

I. Any person who, as a result of this provision, becomes aware of the identity or condition of a person known to be *(i) positive for or to suffer from any communicable disease, or to have suffered exposure to a communicable disease or (ii) subject to an order of quarantine or an order of isolation pursuant to Article 3.02 (§ 32.1-48.05 et seq.) of Chapter 2 of this title*, shall keep such information confidential, except as expressly authorized by this provision.

J. No person known to be *(i) positive for or to suffer from any communicable disease, including any communicable disease of public health threat, or (ii) subject to an order of quarantine or an order of isolation pursuant to Article 3.02 (§ 32.1-48.05 et seq.) of Chapter 2 of this title*, shall be refused transportation or service for that reason by an emergency medical services, law-enforcement, or public safety agency.

§ 32.1-127.1:03. Patient health records privacy.

A. There is hereby recognized a patient's right of privacy in the content of a patient's medical record. Patient records are the property of the provider maintaining them, and, except when permitted by this section or by another provision of state or federal law, no provider, or other person working in a health care setting, may disclose the records of a patient.

Patient records shall not be removed from the premises where they are maintained without the approval of the provider, except in accordance with a court order or subpoena consistent with § 8.01-413 C or with this section or in accordance with the regulations relating to change of ownership of patient records promulgated by a health regulatory board established in Title 54.1.

No person to whom disclosure of patient records was made by a patient or a provider shall redisclose or otherwise reveal the records of a patient, beyond the purpose for which such disclosure was made, without first obtaining the patient's specific consent to such redisclosure. This redisclosure prohibition shall not, however, prevent (i) any provider who receives records from another provider from making subsequent disclosures as permitted under this section and the federal Department of Health and Human Services regulations relating to the electronic transmission of data and patient privacy promulgated as required by the Health Insurance Portability and Accountability Act of 1996 (42 U.S.C. § 1320d et seq.) or (ii) any provider from furnishing records and aggregate or other data, from which patient-identifying prescription information has been removed, encoded or encrypted, to qualified researchers, including, but not limited to, pharmaceutical manufacturers and their agents or contractors, for purposes of clinical, pharmaco-epidemiological, pharmaco-economic, or other health services research.

B. As used in this section:

"Agent" means a person who has been appointed as a patient's agent under a power of attorney for health care or an advance directive under the Health Care Decisions Act (§ 54.1-2981 et seq.).

"Certification" means a written representation that is delivered by hand, by first-class mail, by overnight delivery service, or by facsimile if the sender obtains a facsimile-machine-generated confirmation reflecting that all facsimile pages were successfully transmitted.

"Guardian" means a court-appointed guardian of the person.

"Health services" includes, but is not limited to, examination, diagnosis, evaluation, treatment, pharmaceuticals, aftercare, habilitation or rehabilitation and mental health therapy of any kind.

"Parent" means a biological, adoptive or foster parent.

"Patient" means a person who is receiving or has received health services from a provider.

"Patient-identifying prescription information" means all prescriptions, drug orders or any other

prescription information that specifically identifies an individual patient.

"Provider" shall have the same meaning as set forth in the definition of "health care provider" in § 8.01-581.1, except that state-operated facilities shall also be considered providers for the purposes of this section. Provider shall also include all persons who are licensed, certified, registered or permitted by any of the health regulatory boards within the Department of Health Professions, except persons regulated by the Board of Funeral Directors and Embalmers or the Board of Veterinary Medicine.

"Record" means any written, printed or electronically recorded material maintained by a provider in the course of providing health services to a patient concerning the patient and the services provided. "Record" also includes the substance of any communication made by a patient to a provider in confidence during or in connection with the provision of health services to a patient or information otherwise acquired by the provider about a patient in confidence and in connection with the provision of health services to the patient.

C. The provisions of this section shall not apply to any of the following:

1. The status of and release of information governed by §§ 65.2-604 and 65.2-607 of the Virginia Workers' Compensation Act;
2. Except where specifically provided herein, the records of minor patients; or
3. The release of juvenile records to a secure facility or a shelter care facility pursuant to § 16.1-248.3.

D. Providers may disclose the records of a patient:

1. As set forth in subsection E of this section, pursuant to the written consent of the patient or in the case of a minor patient, his custodial parent, guardian or other person authorized to consent to treatment of minors pursuant to § 54.1-2969; also, in emergency cases or situations where it is impractical to obtain the patient's written consent, pursuant to the patient's oral consent for a provider to discuss the patient's records with a third party specified by the patient;

H. Pursuant to this subsection:

1. Unless excepted from these provisions in subdivision 9, no party to a civil, criminal or administrative action or proceeding shall request the issuance of a subpoena duces tecum for another party's medical records or cause a subpoena duces tecum to be issued by an attorney unless a copy of the request for the subpoena or a copy of the attorney-issued subpoena is provided to the other party's counsel or to the other party if pro se, simultaneously with filing the request or issuance of the subpoena. No party to an action or proceeding shall request or cause the issuance of a subpoena duces tecum for the medical records of a nonparty witness unless a copy of the request for the subpoena or a copy of the attorney-issued subpoena is provided to the nonparty witness simultaneously with filing the request or issuance of the attorney-issued subpoena.

No subpoena duces tecum for medical records shall set a return date earlier than 15 days from the date of the subpoena except by order of a court or administrative agency for good cause shown. When a court or administrative agency directs that medical records be disclosed pursuant to a subpoena duces tecum earlier than 15 days from the date of the subpoena, a copy of the order shall accompany the subpoena.

Any party requesting a subpoena duces tecum for medical records or on whose behalf the subpoena duces tecum is being issued shall have the duty to determine whether the patient whose records are being sought is pro se or a nonparty.

In instances where medical records being subpoenaed are those of a pro se party or nonparty witness, the party requesting or issuing the subpoena shall deliver to the pro se party or nonparty witness together with the copy of the request for subpoena, or a copy of the subpoena in the case of an attorney-issued subpoena, a statement informing them of their rights and remedies. The statement shall include the following language and the heading shall be in boldface capital letters:

NOTICE TO PATIENT

The attached document means that (insert name of party requesting or causing issuance of the subpoena) has either asked the court or administrative agency to issue a subpoena or a subpoena has been issued by the other party's attorney to your doctor or other health care providers (names of health care providers inserted here) requiring them to produce your medical records. Your doctor or other health care provider is required to respond by providing a copy of your medical records. If you believe your records should not be disclosed and object to their disclosure, you have the right to file a motion with the clerk of the court or the administrative agency to quash the subpoena. If you elect to file a motion to quash, such motion must be filed within 15 days of the date of the request or of the attorney-issued subpoena. You may contact the clerk's office or the administrative agency to determine the requirements that must be satisfied when filing a motion to quash and you may elect to contact an attorney to represent your interest. If you elect to file a motion to quash, you must notify your doctor or other health care provider(s) that you are filing the motion so that the provider knows to send the records to the clerk of court or administrative agency in a sealed envelope or package for safekeeping while your motion is decided.

2. Any party filing a request for a subpoena duces tecum or causing such a subpoena to be issued for a patient's medical records shall include a Notice to Providers in the same part of the request in which the provider is directed where and when to return the records. Such notice shall be in boldface

capital letters and shall include the following language:

NOTICE TO PROVIDERS

A COPY OF THIS SUBPOENA DUCES TECUM HAS BEEN PROVIDED TO YOUR PATIENT OR YOUR PATIENT'S COUNSEL. YOU OR YOUR PATIENT HAVE THE RIGHT TO FILE A MOTION TO QUASH (OBJECT TO) THE ATTACHED SUBPOENA. IF YOU ELECT TO FILE A MOTION TO QUASH, YOU MUST FILE THE MOTION WITHIN 15 DAYS OF THE DATE OF THIS SUBPOENA.

YOU MUST NOT RESPOND TO THIS SUBPOENA UNTIL YOU HAVE RECEIVED WRITTEN CERTIFICATION FROM THE PARTY ON WHOSE BEHALF THE SUBPOENA WAS ISSUED THAT THE TIME FOR FILING A MOTION TO QUASH HAS ELAPSED AND THAT:

NO MOTION TO QUASH WAS FILED; OR

ANY MOTION TO QUASH HAS BEEN RESOLVED BY THE COURT OR THE ADMINISTRATIVE AGENCY AND THE DISCLOSURES SOUGHT ARE CONSISTENT WITH SUCH RESOLUTION.

IF YOU RECEIVE NOTICE THAT YOUR PATIENT HAS FILED A MOTION TO QUASH THIS SUBPOENA, OR IF YOU FILE A MOTION TO QUASH THIS SUBPOENA, YOU MUST SEND THE RECORDS ONLY TO THE CLERK OF THE COURT OR ADMINISTRATIVE AGENCY THAT ISSUED THE SUBPOENA OR IN WHICH THE ACTION IS PENDING AS SHOWN ON THE SUBPOENA USING THE FOLLOWING PROCEDURE:

PLACE THE RECORDS IN A SEALED ENVELOPE AND ATTACH TO THE SEALED ENVELOPE A COVER LETTER TO THE CLERK OF COURT OR ADMINISTRATIVE AGENCY WHICH STATES THAT CONFIDENTIAL HEALTH CARE RECORDS ARE ENCLOSED AND ARE TO BE HELD UNDER SEAL PENDING A RULING ON THE MOTION TO QUASH THE SUBPOENA. THE SEALED ENVELOPE AND THE COVER LETTER SHALL BE PLACED IN AN OUTER ENVELOPE OR PACKAGE FOR TRANSMITTAL TO THE COURT OR ADMINISTRATIVE AGENCY.

3. Upon receiving a valid subpoena duces tecum for medical records, health care providers shall have the duty to respond to the subpoena in accordance with the provisions of subdivisions 4, 5, 6, 7, and 8.

4. Except to deliver to a clerk of the court or administrative agency subpoenaed medical records in a sealed envelope as set forth, health care providers shall not respond to a subpoena duces tecum for such medical records until they have received a certification as set forth in subdivisions 5 or 8 of this subsection from the party on whose behalf the subpoena duces tecum was issued.

If the health care provider has actual receipt of notice that a motion to quash the subpoena has been filed or if the health care provider files a motion to quash the subpoena for medical records, then the health care provider shall produce the records, in a securely sealed envelope, to the clerk of the court or administrative agency issuing the subpoena or in whose court or administrative agency the action is pending. The court or administrative agency shall place the records under seal until a determination is made regarding the motion to quash. The securely sealed envelope shall only be opened on order of the judge or administrative agency. In the event the court or administrative agency grants the motion to quash, the records shall be returned to the health care provider in the same sealed envelope in which they were delivered to the court or administrative agency. In the event that a judge or administrative agency orders the sealed envelope to be opened to review the records in camera, a copy of the order shall accompany any records returned to the provider. The records returned to the provider shall be in a securely sealed envelope.

5. If no motion to quash is filed within 15 days of the date of the request or of the attorney-issued subpoena, the party on whose behalf the subpoena was issued shall have the duty to certify to the subpoenaed health care provider that the time for filing a motion to quash has elapsed and that no motion to quash was filed. Any provider receiving such certification shall have the duty to comply with the subpoena duces tecum by returning the specified medical records by either the return date on the subpoena or 5 five days after receipt of the certification, whichever is later.

6. In the event that the individual whose records are being sought files a motion to quash the subpoena, the court or administrative agency shall decide whether good cause has been shown by the discovering party to compel disclosure of the patient's private records over the patient's objections. In determining whether good cause has been shown, the court or administrative agency shall consider (i) the particular purpose for which the information was collected; (ii) the degree to which the disclosure of the records would embarrass, injure, or invade the privacy of the individual; (iii) the effect of the disclosure on the individual's future health care; (iv) the importance of the information to the lawsuit or proceeding; and (v) any other relevant factor.

7. Concurrent with the court or administrative agency's resolution of a motion to quash, if subpoenaed medical records have been submitted by a health care provider to the court or administrative agency in a sealed envelope, the court or administrative agency shall: (i) upon determining that no submitted medical records should be disclosed, return all submitted medical records to the provider in a sealed envelope; (ii) upon determining that all submitted medical records should be disclosed, provide all the submitted medical records to the party on whose behalf the subpoena was issued; or (iii) upon

determining that only a portion of the submitted medical records should be disclosed, provide such portion to the party on whose behalf the subpoena was issued and return the remaining medical records to the provider in a sealed envelope.

8. Following the court or administrative agency's resolution of a motion to quash, the party on whose behalf the subpoena duces tecum was issued shall have the duty to certify in writing to the subpoenaed health care provider a statement of one of the following:

a. All filed motions to quash have been resolved by the court or administrative agency and the disclosures sought in the subpoena duces tecum are consistent with such resolution; and, therefore, the medical records previously delivered in a sealed envelope to the clerk of the court or administrative agency will not be returned to the provider;

b. All filed motions to quash have been resolved by the court or administrative agency and the disclosures sought in the subpoena duces tecum are consistent with such resolution and that, since no medical records have previously been delivered to the court or administrative agency by the provider, the provider shall comply with the subpoena duces tecum by returning the medical records designated in the subpoena by the return date on the subpoena or five days after receipt of certification, whichever is later;

c. All filed motions to quash have been resolved by the court or administrative agency and the disclosures sought in the subpoena duces tecum are not consistent with such resolution; therefore, no medical records shall be disclosed and all medical records previously delivered in a sealed envelope to the clerk of the court or administrative agency will be returned to the provider;

d. All filed motions to quash have been resolved by the court or administrative agency and the disclosures sought in the subpoena duces tecum are not consistent with such resolution and that only limited disclosure has been authorized. The certification shall state that only the portion of the records as set forth in the certification, consistent with the court or administrative agency's ruling, shall be disclosed. The certification shall also state that medical records that were previously delivered to the court or administrative agency for which disclosure has been authorized will not be returned to the provider; however, all medical records for which disclosure has not been authorized will be returned to the provider; or

e. All filed motions to quash have been resolved by the court or administrative agency and the disclosures sought in the subpoena duces tecum are not consistent with such resolution and, since no medical records have previously been delivered to the court or administrative agency by the provider, the provider shall return only those records specified in the certification, consistent with the court or administrative agency's ruling, by the return date on the subpoena or five days after receipt of the certification, whichever is later.

A copy of the court or administrative agency's ruling shall accompany any certification made pursuant to this subdivision.

9. The provisions of this subsection have no application to subpoenas for medical records requested under § 8.01-413, or issued by a duly authorized administrative agency conducting an investigation, audit, review or proceedings regarding a provider's conduct.

The provisions of this subsection apply to the medical records of both minors and adults.

Nothing in this subsection shall have any effect on the existing authority of a court or administrative agency to issue a protective order regarding medical records, including, but not limited to, ordering the return of medical records to a health care provider, after the period for filing a motion to quash has passed.

A subpoena for substance abuse records must conform to the requirements of federal law found in 42 C.F.R. Part 2, Subpart E.

I. Providers may testify about the medical records of a patient in compliance with §§ 8.01-399 and 8.01-400.2.

The Governor shall have, in addition to his powers hereinafter or elsewhere prescribed by law, the following powers and duties:

(1) To proclaim and publish such rules and regulations and to issue such orders as may, in his judgment, be necessary to accomplish the purposes of this chapter including, but not limited to such measures as are in his judgment required to control, restrict, allocate or regulate the use, sale, production and distribution of food, fuel, clothing and other commodities, materials, goods, services and resources under any state or federal emergency services programs.

He may adopt and implement the Commonwealth of Virginia Emergency Operations Plan, which provides for state-level emergency operations in response to any type of disaster or large-scale emergency affecting Virginia and that provides the needed framework within which more detailed emergency plans and procedures can be developed and maintained by state agencies, local governments and other organizations.

He may direct and compel evacuation of all or part of the populace from any stricken or threatened area if this action is deemed necessary for the preservation of life, implement emergency mitigation, preparedness, response or recovery actions; prescribe routes, modes of transportation and destination in connection with evacuation; and control ingress and egress at an emergency area, including the movement of persons within the area and the occupancy of premises therein.

Executive orders, to include those declaring a state of emergency and directing evacuation, shall have the force and effect of law and the violation thereof shall be punishable as a Class 1 misdemeanor in every case where the executive order declares that its violation shall have such force and effect.

Such executive orders declaring a state of emergency may address exceptional circumstances that exist relating to an order of quarantine or an order of isolation concerning a communicable disease of public health threat that is issued by the State Health Commissioner for an affected area of the Commonwealth pursuant to Article 3.02 (§ 32.1-48.05 et seq.) of Chapter 2 of Title 32.1.
