Patron—Van Landingham

Referred to Committee on Appropriations

Be it enacted by the General Assembly of Virginia:**1. That § 51.1-142.2 of the Code of Virginia is amended and reenacted as follows:**

§ 51.1-142.2. Prior service or membership credit for certain members; service credit for accumulated sick leave.

Certain members may purchase credit for service as provided in this section.

A. 1. In order to receive credit for the service made available in subsection B, a member in service shall be required to make a payment. For each year, or portion thereof, to be credited at the time of purchase, a member shall pay an amount equal to five percent of his creditable compensation or five percent of his average final compensation, whichever is greater. However, if a person becoming a member on or after July 1, 2001, does not purchase, or enter into a purchase of service contract for, such service within three years from his first date of hire or within three years of the final day of any leave of absence under subdivision B 3, as applicable, then, for each year to be credited at the time of purchase, the member shall pay an amount equal to the actuarial equivalent cost.

2. If a member in service on June 30, 2001, and July 1, 2001, did not, prior to July 1, 2001, purchase, or enter into a contract with the Retirement System to purchase, such service under former § 51.1-142, then, for each year, or portion thereof, to be credited at the time of purchase, the member shall pay an amount equal to the actuarial equivalent cost, unless such member purchases, or enters into a purchase of service contract for, such service within three years from the date he became eligible to purchase the service or by July 1, 2004, whichever is later. If the service is purchased or a purchase of service contract is entered into within such time period, the cost to the member for each year to be credited at the time of purchase shall be five percent of his creditable compensation or five percent of his average final compensation, whichever is greater. If such member first becomes eligible to purchase any of the service under subsection B after July 1, 2001, the cost of such service or portion thereof shall be as provided in subsection A, except that the three-year period in which to purchase, or enter into a purchase of service contract for, such service shall commence on the first day the member becomes eligible to purchase the service.

3. When a member requests credit for a portion of the period, the most recent portion shall be credited. Payment may be made in a lump sum at the time of purchase or by an additional payroll deduction. Only one additional deduction shall be permitted at any time. Should the additional deduction be terminated prior to purchasing the entire period that might otherwise be credited, the member shall be credited with the number of additional months of service for which full payment is made. If the additional deduction is continued beyond the point at which the entire period has been purchased, the member shall be credited with no more than the entire period that might otherwise have been credited and the excess amount deducted shall be refunded to the member.

Any employer may elect to pay an equivalent amount in lieu of all member contributions required of its employees for the purpose of service credit pursuant to this section. These contributions shall not be considered wages for purposes of Chapter 7 (§ 51.1-700 et seq.) of this title, nor shall they be considered to be salary for purposes of this chapter.

B. 1. Any member in service may purchase prior service credit for (i) active duty military service in the armed forces of the United States, provided that the discharge from the armed forces was not dishonorable, (ii) creditable service of another state or of a political subdivision or public school system of this or another state, as certified by such state, political subdivision or public school system, (iii) creditable service of a political subdivision of this state not credited to the member under an agreement as provided for in § 51.1-143.1, as certified by such political subdivision, (iv) civilian service of the United States, or (v) any period of time when the member was employed by a participating employer and not otherwise eligible to participate in the retirement system because the member was not an employee as defined in § 51.1-124.3, or (vi) service as a substitute teacher providing educational instruction to children in grades prekindergarten through 12 in Department of Defense Education Activity schools located outside the United States, as certified by the Department of Defense or a branch

69 is later, then the service may be purchased in a lump sum at the time of purchase or through an

79 purchased on the following basis:

80 1. The most recent three years of service shall be purchased, using applicable member and employer
81 contribution rates and creditable compensation in effect for such period, in a manner and cost prescribed
82 by the Board; and

83 2. All other years of service shall be purchased at an actuarial equivalent cost.

84 F. The service credit to be credited to a member under this section shall be calculated at the ratio of
85 one year, or portion thereof, of service credit to one year, or portion thereof, of service purchased,
86 except for part-time service purchased under ~~elause~~ *clauses* (v) or (vi) of subdivision B 1 which shall be
87 calculated at the ratio of one month of service credit for each 173 hours of service as certified by the
88 employer and as purchased by the member. Up to a maximum of four years of service credit may be
89 purchased for each of clauses (i) through (v) of subdivision B 1 and clause (i) and (ii) of subdivision
90 B 2. In addition, a member in service may purchase service credit for every year or portion thereof for
91 service lost from cessation of membership as described in subsection C.

92 Except as otherwise required by Chapter 1223 of Title 10 of the United States Code, the service
93 credit made available under this section may not be purchased if, before being purchased or at the time
94 of such purchase pursuant to this section, the service to be purchased is service that is included in the
95 calculation of any retirement allowance received or to be received by the member from this or another
96 retirement system.

97 G. Any member may receive credit at no cost for service rendered in the armed forces of the United
98 States provided (i) the member was on leave of absence from a covered position, (ii) the discharge from
99 the armed forces was not dishonorable, (iii) the member has not withdrawn his accumulated
100 contributions, and (iv) the member reenters service in a covered position within one year after discharge
