1. That §§ 22.1-79 and 51.1-155 of the Code of Virginia are amended and reenacted, and that the Code of Virginia is amended by adding in Chapter 6 of Title 22.1 a section numbered 22.1-70.3 as follows:

Each division superintendent shall at least annually, if so requested by the local school board pursuant to subdivision 9 of § 22.1-79, survey the relevant local school division to identify critical shortages of teachers and administrative personnel by subject matter and report such critical shortages to the school board, Superintendent of Public Instruction, and to the Virginia Retirement System.

§ 22.1-79. Powers and duties.

A school board shall:

1. See that the school laws are properly explained, enforced and observed;

The grievance procedure shall afford a timely and fair method of the resolution of disputes arising between the school board and such employees regarding dismissal, suspension, or other disciplinary actions and shall be consistent with the provisions of the Board of Education's procedures for adjusting grievances except that there shall be no right to a hearing before a fact-finding panel;

58 § 51.1-155. Service retirement allowance.

59 A. Retirement allowance. - A member shall receive an annual retirement allowance, payable for life,
60 as follows:

61 1. Normal retirement. - The allowance shall equal 1.70 percent of his average final compensation
62 multiplied by the amount of his creditable service.

63 2. Early retirement; applicable to teachers, state employees, and certain others. - The allowance shall
64 be determined in the same manner as for normal retirement with creditable service and average final
65 compensation being determined as of the date of actual retirement. If the member has less than 30 years
66 of service at retirement, the amount of the retirement allowance shall be reduced on an actuarial
67 equivalent basis for the period by which the actual retirement date precedes the earlier of (i) his normal
68 retirement date or (ii) the first date on which he would have completed a total of 30 years of creditable
69 service. The provisions of this subdivision shall apply to teachers and state employees. These provisions
70 shall also apply to employees of any political subdivision that participates in the retirement system if the
71 political subdivision makes the election provided in subdivision 3 of this subsection.

72 3. Early retirement; applicable to employees of certain political subdivisions. - The allowance shall
73 be determined in the same manner as for normal retirement with creditable service and average final
74 compensation being determined as of the date of actual retirement. If the creditable service of the
75 member equals 30 or more years but the sum of his age at retirement plus his creditable service at
76 retirement is less than 90, the amount of the retirement allowance shall be reduced on an actuarial
77 equivalent basis for the period by which the actual retirement date precedes the earlier of (i) his normal
78 retirement date or (ii) the first date on which the sum of his then attained age plus his then creditable
79 service would have been equal to 90 or more had he remained in service until such date. If the member
80 has less than 30 years of creditable service, the retirement allowance shall be reduced for the period by
81 which the actual retirement date precedes the earlier of (i) his normal retirement date or (ii) the first date
82 on which he would have completed a total of at least 30 years of creditable service and his then
83 creditable service plus his then attained age would have been equal to 90 or more.

84 The provisions of this subdivision shall apply to the employees of any political subdivision that
85 participates in the retirement system. The participating political subdivision may, however, elect to
86 provide its employees with the early retirement allowance set forth in subdivision 2 of this subsection.
87 Any election pursuant to this subdivision shall be set forth in a legally adopted resolution.

88 4. Additional allowance. - In addition to the allowance payable under subdivisions 1, 2, and 3 of this
89 subsection, a member shall receive an additional allowance which shall be the actuarial equivalent, for
90 his attained age at the time of retirement, of the excess of his accumulated contributions transferred from
91 the abolished system to the retirement system, including interest credited at the rate of two percent
92 compounded annually since the transfer to the date of retirement, over the annual amounts equal to four
93 percent of his annual creditable compensation at the date of abolishment for a period equal to his period
94 of membership in the abolished system.

95 5. 50/10 retirement. - The allowance shall be payable in a monthly stream of payments equal to the
96 greater of (i) the actuarial equivalent of the benefit the member would have received had he terminated
97 service and deferred retirement to age 55 or (ii) the actuarially calculated present value of the member's
98 accumulated contributions, including accrued interest.

99 B. Beneficiary serving in position covered by this title.

100 1. Except as provided in subdivisions 2 and 3, if a beneficiary of a service retirement allowance
101 under this chapter is at any time in service as an employee in a position covered for retirement purposes
102 under the provisions of this or any chapter other than Chapter 7 (§ 51.1-700 et seq.) of this title, his
103 retirement allowance shall cease while so employed. Any member who retires and later returns to
104 covered employment shall not be entitled to select a different retirement option for a subsequent
105 retirement.

106 2. Active members of the General Assembly who are eligible to receive a retirement allowance under
107 this title, excluding their service as a member of the General Assembly, shall be eligible to receive a
108 retirement allowance based on their creditable service and average final compensation for service other
109 than as a member of the General Assembly. Such members of the General Assembly shall continue to
110 be reported as any other members of the retirement system. Upon ceasing to serve in the General
111 Assembly, members of the General Assembly receiving a retirement allowance based on their creditable
112 service and average final compensation for service other than as a member of the General Assembly
113 shall have their retirement allowance recomputed prospectively to include their service as a member of
114 the General Assembly. Active members of the General Assembly shall be prohibited from receiving a
115 service retirement allowance under this title based solely on their service as a member of the General
116 Assembly.

117 3. (Effective if contingency is met and expires July 1, 2005 - See note) Any person receiving a

service retirement allowance under this chapter, who is hired as a local school board instructional or administrative employee required to be licensed by the Board of Education, may elect to continue to receive the retirement allowance during such employment, under the following conditions:

d. The person is hired pursuant to a contract that does not exceed one year in duration.

e. [Repealed.]

Nothing in this subdivision shall be construed to restrict the total number of years that any one person may participate under the provisions of this subdivision, provided that all applicable conditions are met.

If the person elects to continue to receive the retirement allowance during the period of such employment, then his service performed and compensation received during such period of time will not increase, decrease, or affect in any way his retirement benefits before, during, or after such employment.

3. (Effective if contingency is not met and expires July 1, 2005 - See note) Any person receiving a service retirement allowance under this chapter, who is hired as a local school board instructional or administrative employee required to be licensed by the Board of Education, may elect to continue to receive the retirement allowance during such employment, under the following conditions:

(a) The person's retirement allowance is based in whole or in part on service as a local school board instructional or administrative employee required to be licensed by the Board of Education;

If the person elects to continue to receive the retirement allowance during the period of such employment, then his service performed and compensation received during such period of time will not increase, decrease, or affect in any way his retirement benefits before, during, or after such employment.
