Referred to Committee on Education

Be it enacted by the General Assembly of Virginia:

1. That § 54.1-2969 of the Code of Virginia is amended and reenacted, and that the Code of Virginia is amended by adding sections numbered 23-7.5:1 and 54.1-2969.1 as follows:

§ 23-7.5:1. Prohibition on the morning-after pill.

No public institution of higher education in the Commonwealth shall in any way make available Plan B or any other form of the morning-after pill in its delivery of health care services to students.

§ 54.1-2969. Authority to consent to surgical and medical treatment of certain minors.

A. Whenever any minor who has been separated from the custody of his parent or guardian is in need of surgical or medical treatment, authority commensurate with that of a parent in like cases is conferred, for the purpose of giving consent to such surgical or medical treatment, as follows:

1. Upon judges with respect to minors whose custody is within the control of their respective courts.

2. Upon local directors of social services or their designees with respect to (i) minors who are committed to the care and custody of the local board by courts of competent jurisdiction, (ii) minors who are taken into custody pursuant to § 63.2-1517, and (iii) minors who are entrusted to the local board by the parent, parents or guardian, when the consent of the parent or guardian cannot be obtained immediately and, in the absence of such consent, a court order for such treatment cannot be obtained immediately.

3. Upon the Director of the Department of Corrections or the Director of the Department of Juvenile Justice or his designees with respect to any minor who is sentenced or committed to his custody.

4. Upon the principal executive officers of state institutions with respect to the wards of such institutions.

5. Upon the principal executive officer of any other institution or agency legally qualified to receive minors for care and maintenance separated from their parents or guardians, with respect to any minor whose custody is within the control of such institution or agency.

6. Upon any person standing in loco parentis, or upon a conservator or custodian for his ward or other charge under disability.

B. Whenever the consent of the parent or guardian of any minor who is in need of surgical or medical treatment is unobtainable because such parent or guardian is not a resident of this Commonwealth or his whereabouts is unknown or he cannot be consulted with promptness reasonable under the circumstances, authority commensurate with that of a parent in like cases is conferred, for the purpose of giving consent to such surgical or medical treatment, upon judges of juvenile and domestic relations district courts.

C. Whenever delay in providing medical or surgical treatment to a minor may adversely affect such minor's recovery and no person authorized in this section to consent to such treatment for such minor is available within a reasonable time under the circumstances, no liability shall be imposed upon qualified emergency medical services personnel as defined in § 32.1-111.1 at the scene of an accident, fire or other emergency, a licensed health professional, or a licensed hospital by reason of lack of consent to such medical or surgical treatment. However, in the case of a minor fourteen years of age or older who is physically capable of giving consent, such consent shall be obtained first.

D. Whenever delay in providing transportation to a minor from the scene of an accident, fire or other emergency prior to hospital admission may adversely affect such minor's recovery and no person authorized in this section to consent to such transportation for such minor is available within a reasonable time under the circumstances, no liability shall be imposed upon emergency medical services personnel as defined in § 32.1-111.1, by reason of lack of consent to such transportation. However, in the case of a minor fourteen years of age or older who is physically capable of giving consent, such consent shall be obtained first.
