Referred to Committee on General Laws

Be it enacted by the General Assembly of Virginia:

1. That §§ 36-55.25, 36-55.26, 36-55.30, 36-55.30:2, 36-55.31, 36-55.33:1, 36-55.34:1, 36-55.37, 36-55.38, and 36-55.39 of the Code of Virginia are amended and reenacted as follows:

§ 36-55.25. Finding and declaration of necessity.

It is hereby declared: (i) that there exists within this Commonwealth a serious shortage of sanitary and safe residential housing at prices or rentals which persons and families of low and moderate income can afford; that this shortage has contributed to and will contribute to the creation and persistence of substandard living conditions and is inimical to the health, welfare and prosperity of the residents of this Commonwealth; (ii) that it is imperative that the supply of residential housing for such persons and families and for persons and families displaced by public actions or natural disaster be increased; (iii) that private enterprise and investment have been unable, without assistance, to produce the needed construction or rehabilitation of sanitary and safe residential housing at prices or rentals which persons and families of low and moderate income can afford and to provide sufficient long-term mortgage financing for residential housing for occupancy by such persons and families; (iv) that a concentration of persons and families of low and moderate income even in standard structures does not eliminate undesirable social conditions; (v) that the governing body of a city or county may in its discretion determine that it is necessary to the preservation of the financial viability of such city or county and the health, welfare and prosperity of its residents that the population of such city or county be maintained as economically mixed by providing housing for persons and families of other than low and moderate income in order to broaden the tax bases of such areas; (vi) that in providing sanitary and safe residential housing at prices or rentals which persons and families of low and moderate income can afford it may at times be necessary or desirable to provide housing for persons and families of other than low and moderate income; (vii) that it is critical to the success, prosperity and viability of areas being revitalized that financing be made available for nonhousing buildings that are incidental to residential housing for low and moderate income persons and families and other persons and families in order to provide products and services to those living in residential housing or that are necessary or appropriate for the revitalization of such areas or for the industrial, commercial or other economic development of such areas; (viii) that the financing of residential housing for low and moderate income persons and families and other persons and families may be appropriate to promote the industrial, commercial or other economic development of certain areas in a city or the county by inducing manufacturing, industrial, commercial, governmental, educational, entertainment, community development, healthcare or nonprofit enterprises or undertakings to locate or remain in such area; and (vii) (ix) that private enterprise and investment be encouraged both to sponsor land development and build and rehabilitate residential housing for such persons and families of low and moderate income and to build housing which will prevent the recurrence of slum conditions by housing persons of varied economic means in the same projects or area, and that private financing be supplemented by financing as provided in this chapter in order to help prevent the creation and recurrence of substandard living conditions and to assist in their permanent elimination throughout Virginia.

It is further declared that in order to provide a fully adequate supply of sanitary and safe dwelling accommodations at rents, prices, or other costs which such persons or families can afford and to stabilize or recover a necessary an appropriate economic mix in certain urban areas of the Commonwealth the legislature finds that it is necessary to create and establish a state housing development authority for the purpose of encouraging the investment of private capital and stimulating the construction and rehabilitation of residential housing to meet the needs of such persons and families or to stabilize such areas through the use of public financing, to provide construction and mortgage loans and to make provision for the purchase of mortgage loans and otherwise.

It is hereby further declared to be necessary and in the public interest that such state housing development authority provide for predevelopment costs, temporary financing, land development

 298 ~~rehabilitation, redevelopment or housing rehabilitation district and, if such project is within a~~
 299 ~~revitalization area designated in or pursuant to § 36-55.30:2, any nonhousing buildings that are~~
 300 ~~incidental to such project or are determined by such governing body to be necessary or appropriate for~~
 301 ~~the revitalization of such area or for the industrial, commercial, or other economic development of such~~
 302 ~~area; provided that a capital reserve fund shall not be created for any such financing pursuant to~~
 303 ~~§ 36-55.41.~~
 304 § 36-55.30:2. Housing revitalization areas; economically mixed projects.

305 (a) Whenever a portion of such city (i) is blighted or deteriorated, as provided in subdivision 1 of
306 § 36-49, (ii) is deteriorating, as provided in § 36-49.1, (iii) is likely to deteriorate, as provided in
307 § 36-52.3, or (iv) is characterized by a higher relative density of population and proportion of
308 substandard housing than in the overall metropolitan area and inhabited predominantly by persons of a
309 lower socio-economic status than that prevailing in the metropolitan area, and in any such case that
310 private enterprise and investment may not be expected, without assistance, to produce the construction or
311 rehabilitation of sanitary and safe housing to meet the needs of persons and families of low and
312 moderate income within such area and to induce other persons to live within such area and thereby help
313 to stabilize or recover a desirable economic mix of persons therein, the governing body of such city or
314 county may by resolution create a housing rehabilitation district encompassing such portion of such city
315 or county.

316 (b) If any such governing body shall determine that a proposed housing project may feasibly serve
317 persons and families of low and moderate income by providing housing and other facilities for other
318 persons and families, not to exceed eighty percent of the total project, it may by resolution declare such
319 proposed project an economically mixed project.

320 (c) No housing rehabilitation district shall be created, nor any proposed project declared an
321 economically mixed project, by a governing body unless such governing body, by a majority vote of at
322 least three members, shall have first determined, in the case of a housing rehabilitation district, that
323 private enterprise and investment may not reasonably be expected to meet the housing needs of persons
324 and families of low and moderate income within the district, and induce persons with higher incomes to
325 live within the proposed district or, in the case of an economically mixed project, that private enterprise
326 and investment have been unable, without assistance, to provide sufficient mortgage financing for the
327 proposed project at interest rates which will result in rents or prices persons or families of low and
328 moderate income can afford. In addition, no proposed project shall be declared an economically mixed
329 project unless the governing body shall have previously approved a revitalization plan for the district
330 prior to declaring a project economically mixed. A. [*The For the sole purpose of empowering the HDA*
331 *to provide financing in accordance with this chapter, the*] governing body of any city or county may by
332 resolution designate an area within such city or county as a revitalization area if such governing body
333 shall in such resolution make the following determinations with respect to such area: (i) either (a) the
334 area is blighted, deteriorated, deteriorating or, if not rehabilitated, likely to deteriorate by reason that
335 the buildings, improvements or other facilities in such area are subject to one or more of the following
336 conditions: dilapidation; obsolescence; overcrowding; inadequate ventilation, light or sanitation;
337 excessive land coverage; deleterious land use; or faulty or inadequate design, quality or condition; or
338 (b) the industrial, commercial or other economic development of such area will benefit the city or
339 county but such area lacks the housing needed to induce manufacturing, industrial, commercial,
340 governmental, educational, entertainment, community development, healthcare or nonprofit enterprises
341 or undertakings to locate or remain in such area; and (ii) private enterprise and investment are not
342 reasonably expected, without assistance, to produce the construction or rehabilitation of decent, safe and
343 sanitary housing and supporting facilities that will meet the needs of low and moderate income persons
344 and families in such area and will induce other persons and families to live within such area and
345 thereby create a desirable economic mix of residents in such area. The area within a redevelopment
346 project, conservation project, or rehabilitation district established by the city or county pursuant to
347 Chapter 1 (§ 36-1 et seq.) of this title, any census tract in which 70 percent or more of the families
348 have incomes which are 80 percent or less of the statewide median income as determined by the federal
349 government pursuant to Section 143 of the United States Internal Revenue Code or any successor code
350 provision on the basis of the most recent decennial census for which data are available, and any census
351 tract which is designated by the United States Department of Housing and Urban Development and, for
352 the most recent year for which census data are available on household income in such tract, either in
353 which 50 percent or more of the households have an income which is less than 60 percent of the area
354 median gross income for such year or which has a poverty rate of at least 25 percent shall be deemed
355 to be designated as a revitalization area without adoption of the above described resolution of the city
356 or county. In any revitalization area, the HDA may provide financing for one or more economically
357 mixed projects and, in conjunction therewith, any nonhousing buildings that are incidental to such
358 project or projects or are determined by the governing body of the city or county to be necessary or
359 appropriate for the revitalization of such area or for the industrial, commercial or other economic
360 development thereof.

361 B. The HDA may finance an economically mixed project that is not within a revitalization area if the
362 governing body of the city or county in which such project is or will be located shall by resolution
363 determine (i) either (a) that the ability to provide residential housing and supporting facilities that serve
364 persons or families of lower or moderate income will be enhanced if a portion of the units therein are
365 occupied or held available for occupancy by persons and families who are not of low and moderate
366 income or (b) that the surrounding area of such project is, or is expected in the future to be, inhabited

373 *C. In any economically mixed project financed under this section, the percentage of units occupied*
374 *or held available for occupancy by persons and families who are not of low and moderate income, as*
375 *determined as of the date of their initial occupancy of such units, shall not exceed 80 percent.*

387 limits as applied to tenants or occupants, or to foreclose its mortgage, or to protect the public interest,
388 persons and families of low and moderate income, stockholders, or creditors of such sponsor. In
389 connection with any such action or proceeding it may apply for the appointment of a trustee or receiver

394 and no such reorganization shall be had without the consent of HDA. Upon any such reorganization the
395 amount of capitalization, including therein all stocks, income debentures and bonds and other evidence
396 of indebtedness shall be such as is authorized by HDA, but not in excess of the fair value of the
397 property received;

407 such proceeding the court shall be authorized to make an order increasing the rental or carrying charges

416 imposed by this chapter or subject to such limitations as the court may deem advisable to protect the
417 public interest;

418 (7) In the event of a judgment against any housing sponsor in any action not pertaining to the

428 places of those removed notwithstanding the provisions of any other law and may designate a managing
 429 agent with complete and exclusive power to act on behalf of a defaulting partnership housing sponsor;
 430 provided, however, that any such directors or officers or managing agents so appointed by HDA shall
 431 serve only for a period coexistent with the duration of such violation or until HDA is assured in a
 432 manner satisfactory to it against violations of a similar nature or both. Officers or directors so appointed

460 § 36-55.33:1. Mortgage loan terms and conditions.

461 A. All mortgage loans made by HDA pursuant to § 36-55.31 of this chapter shall be subject to the
 462 following terms and conditions:

463 1. The ratio of mortgage loan principal amount to total housing development costs and the
 464 amortization period of any mortgage loans made by HDA which are federally insured mortgages, in
 465 whole or in part, or which are otherwise assisted or aided, directly or indirectly, by the federal
 466 government, shall be governed by the rules and regulations provided in or pursuant to the federal
 467 government program under which the HDA mortgage loan or part thereof is insured, guaranteed, assisted
 468 or aided; but in no event shall such amortization period exceed ~~fifty~~ 50 years.

469 2. A mortgage loan made by HDA may be prepaid to maturity after a period of years, and on such
 470 terms and conditions, as are determined by HDA in its rules and regulations or in the HDA resolution
 471 authorizing, or commitment for, such mortgage loan.

472 3. HDA shall have authority to establish and modify from time to time the interest rates at which it
 473 shall make mortgage loans and commitments therefor. Such interest rates shall be established by HDA
 474 in its sole discretion at the lowest level consistent with HDA's cost of operation and its responsibilities
 475 to the holders of its bonds, bond anticipation notes and other obligations. In addition to such interest
 476 charges, HDA may make and collect such fees and charges, including but not limited to reimbursement
 477 of HDA's financing costs, service charges, insurance premiums and mortgage insurance premiums, as
 478 HDA determines to be reasonable. No person shall, by way of defense or otherwise, avail himself of
 479 any of the provisions of Chapter 7.2 (§ 6.1-330.47 et seq.) of Title 6.1 to avoid or defeat the payment of
 480 any interest or fee which he shall have contracted to pay on any loan or forbearance of money made,
 481 directly or indirectly, or assisted in any manner by HDA under or pursuant to this chapter.

482 B. Mortgage loans made by HDA to housing sponsors to finance the ownership and operation of
 483 housing developments and multi-family residential housing intended for occupancy by persons and
 484 families of low and moderate income, pursuant to subdivision (10) of § 36-55.31, shall be subject to the
 485 following terms and conditions in addition to those contained in subsection A of this section:

486 1. The amount disbursed with respect to an HDA mortgage loan to a limited profit housing sponsor
 487 shall not exceed 95 percent of the total housing development costs and to a nonprofit housing sponsor
 488 shall not exceed 100 percent of the total housing development costs. Subsequent to the disbursement of
 489 such amount, additional amounts may be from time to time disbursed if the sum of the amount to be so

490 disbursed and the then outstanding principal balance of the HDA mortgage loan does not exceed 95
 491 percent of the market value of the housing development or residential housing as then determined by the
 492 Authority. The amortization period of such an HDA mortgage loan shall be as determined by HDA in
 493 its rules and regulations or in the HDA resolution authorizing, or commitment for, such mortgage loan;
 494 but in no event shall such amortization period exceed ~~fifty~~ 50 years.

495 2. The instrument evidencing any such HDA mortgage loan and the mortgage securing any such
 496 HDA mortgage loan shall be in such form and contain such terms and conditions as shall be prescribed
 497 or approved by HDA. The aforesaid mortgage and instrument evidencing an HDA mortgage loan may
 498 contain exculpatory provisions relieving the housing sponsor or its principal or principals from personal
 499 liability if deemed desirable by HDA.

500 3. With respect to any such HDA mortgage loan made to a limited profit housing sponsor, HDA may
 501 require that such limited profit housing sponsor not make distributions in any one year with respect to
 502 the housing development or multi-family residential housing financed by such HDA mortgage loan in
 503 excess of such percentage of such limited profit housing sponsor's equity in the housing development or
 504 multi-family residential housing as may be determined by HDA in its rules and regulations or in the
 505 HDA resolution authorizing, or commitment for such mortgage loan. None of the partners, principals,
 506 stockholders or holders of a beneficial interest in such limited profit housing sponsor shall earn, accept
 507 or receive a return in any one year with respect to the housing development or multi-family residential
 508 housing financed by such HDA mortgage loan greater than his applicable proportion of any such
 509 percentage of such limited profit housing sponsor's equity in the housing development or multi-family
 510 residential housing as may be determined by HDA in its rules and regulations or in the HDA resolution
 511 authorizing, or commitment for, such mortgage loan. The right to any such limited distribution or return
 512 may be cumulative to the extent provided by HDA in its rules and regulations or in the HDA resolution
 513 authorizing, or commitment for, such mortgage loan. For the purpose of this section, the terms
 514 "distribution" and "return" are intended to mean payments on account of the housing development or
 515 multi-family residential housing financed by such HDA mortgage loan resulting from the operation
 516 thereof. Any payment to a person or entity who is a partner, principal, stockholder or holder of a
 517 beneficial interest in such limited profit housing sponsor shall not be deemed a "distribution" or "return"
 518 to such person or entity if the funds with which such payment is made are funds paid or contributed to
 519 such limited profit housing sponsor by persons or entities purchasing a beneficial interest in such limited
 520 profit housing sponsor. At or after the completion of construction, rehabilitation or improvement of the
 521 housing development or multi-family residential housing financed by such HDA mortgage loan, such
 522 limited profit housing sponsor's equity in the housing development or multi-family residential housing
 523 shall be established in the manner provided by HDA in its rules and regulations or in the HDA
 524 resolution authorizing, or commitment for such mortgage loan. Such equity shall be determined by
 525 HDA, at its option, as either (i) the difference between the total housing development costs as to the
 526 housing development or multi-family residential housing and the final principal amount of such HDA
 527 mortgage loan, or (ii) the difference between the fair market value of such housing development and the
 528 final principal amount of such HDA mortgage loan. HDA may thereafter from time to time adjust such
 529 equity to be equal to the difference, as of the date of adjustment, between the fair market value of such
 530 housing development and the outstanding principal balance of such HDA mortgage loan. HDA may
 531 review and regulate a proposed retirement of any capital investment in, or redemption of any stock of,
 532 such limited profit housing sponsor in the manner provided by HDA in its rules and regulations or in
 533 the HDA resolution authorizing, or commitment for, such mortgage loan.

534 4. With respect to any such HDA mortgage loan, HDA may require the housing sponsor and other
 535 parties related to the housing development or multi-family residential housing financed by such HDA
 536 mortgage loan to execute such agreements, assurances, guarantees and certifications as HDA shall
 537 determine to be necessary including, without limitation, agreements between HDA and such housing
 538 sponsor and its partners, principals or stockholders to limitations established by HDA as to rentals and
 539 other charges, profits, fees, the use and disposition of the real property constituting the site of or relating
 540 to the housing development or multi-family residential housing and other property of such housing
 541 sponsor, and the use and disposition of franchises of such housing sponsor to the extent more restrictive
 542 limitations are not provided by the law under which such housing sponsor is incorporated or organized.

543 5. As a condition of any such HDA mortgage loan, HDA shall have the power to supervise the
 544 housing sponsor in accordance with the provisions of § 36-55.34:1 at all times during which such HDA
 545 mortgage loan is outstanding and thereafter as necessary to preserve the federal tax exemption of the
 546 notes or bonds issued by HDA to finance such HDA mortgage loan.

547 C. Mortgage loans made by HDA to persons and families of low and moderate income to finance the
 548 purchase or refinancing of single-family residential housing, pursuant to subdivision (11) of § 36-55.31,
 549 shall be subject to the following terms and conditions in addition to those contained in subsection A of
 550 this section:

551 1. The amount disbursed with respect to such HDA mortgage loan shall not exceed 100 percent of
552 the sales price or market value of the single-family residential housing, as determined or approved by or
553 on behalf of HDA. HDA may also disburse additional amounts to finance such closing costs and fees as
554 it may deem necessary or appropriate, and all such disbursements and financings of closing costs and
555 fees subsequent to the enactment of this chapter are hereby validated. The amortization period of such
556 an HDA mortgage loan shall be as determined by HDA in its rules and regulations or in the HDA
557 resolution authorizing, or commitment for, such mortgage loan; but in no event shall such amortization
558 period exceed ~~five~~ 50 years. If during the term of the HDA mortgage loan (i) the outstanding principal
559 balance of the HDA mortgage loan is expected to increase to an amount in excess of the original
560 principal balance or (ii) the amount of monthly payments on the HDA mortgage loan will or may be
561 adjusted, HDA shall so notify the applicants prior to the execution of the HDA mortgage loan. Such
562 notice shall describe the terms and conditions under which the outstanding principal balance or the
563 amount of monthly payments, or both, may be so increased or adjusted, and such notice shall be signed
564 by the applicants.

565 2. Such an HDA mortgage loan shall be made only after a determination that such a mortgage loan
566 is not otherwise available from private lenders upon reasonably equivalent terms and conditions, and the
567 HDA resolution authorizing, or commitment for, such mortgage loan shall contain such a determination.

568 3. The instrument evidencing any such HDA mortgage loan and the mortgage securing any such
569 HDA mortgage loan shall be in such form and contain such terms and conditions as shall be prescribed
570 or approved by HDA. With respect to any such HDA mortgage loan, HDA may require the person or
571 family of low or moderate income to execute such agreements, assurances, guarantees and certifications
572 as HDA shall determine to be necessary including, without limitation, agreements between HDA and
573 such person or family of low or moderate income relating to the use, occupancy, maintenance and sale
574 of the single-family residential housing financed by such HDA mortgage loan and the payment,
575 prepayment and assignment of such HDA mortgage loan.

576 D. Mortgage loans made by HDA to housing sponsors or persons or families of low or moderate
577 income to finance the construction, rehabilitation, preservation or improvement of housing developments
578 or residential housing intended, upon completion of such construction, rehabilitation, preservation or
579 improvement, for ownership or occupancy by persons and families of low and moderate income,
580 pursuant to subdivision (12) of § 36-55.31 of this chapter, shall be subject to the following terms and
581 conditions in addition to those contained in subsection A of this section:

582 1. The amount disbursed with respect to such an HDA mortgage loan to a limited profit housing
583 sponsor shall not exceed 95 percent of the total housing development costs and to a nonprofit housing
584 sponsor or a person or family of low or moderate income shall not exceed 100 percent of the total
585 housing development costs. Subsequent to the disbursement of such amount, additional amounts may be
586 from time to time disbursed if the sum of the amount to be so disbursed and the then outstanding
587 principal balance of the HDA mortgage loan does not exceed 95 percent of the market value of the
588 housing development or residential housing as then determined by the Authority. Without regard as to
589 whether HDA intends to remain the lender in respect to such mortgage loan throughout the amortization
590 period thereof, the amortization period of such an HDA mortgage loan shall be as determined by HDA
591 in its rules and regulations or in the HDA resolution authorizing, or commitment for, such mortgage
592 loan.

593 2. In considering any application for such an HDA mortgage loan, HDA shall give first priority to
594 applications relating to housing developments or residential housing which are or will be well-planned
595 and well-designed, and also shall give consideration to:

596 a. The comparative need for housing for persons and families of low and moderate income in the
597 area proposed to be served by the housing development or residential housing;

598 b. The ability of the applicant to construct, rehabilitate or improve and market or operate, manage
599 and maintain the housing development or residential housing;

600 c. The existence of zoning or other regulations to protect adequately the housing development or
601 residential housing against detrimental future uses which could cause undue depreciation in the value of
602 the housing development or residential housing;

603 d. The availability of adequate parks, recreational areas, utilities, schools, transportation and parking;
604 and

605 e. The existence of statewide housing plans.

606 3. With respect to any such HDA mortgage loan, HDA may require the housing sponsor, person or
607 family of low or moderate income, contractors, architects, marketing agents, management agents and
608 other parties related to the housing development or residential housing financed by such HDA mortgage
609 loan to execute such agreements, assurances, guarantees and certifications as HDA shall determine to be
610 necessary including, without limitation, agreements between HDA and such housing sponsor and its
611 partners, principals or stockholders or such person or family of low or moderate income to limitations
612 established by HDA as to rentals and other charges, profits, fees, the use and disposition of the real

613 property constituting the site of or relating to the housing development or residential housing and other
 614 property of such housing sponsor, and the use and disposition of franchises of such housing sponsor to
 615 the extent more restrictive limitations are not provided by the law under which such housing sponsor is
 616 incorporated or organized. HDA shall require the housing sponsor or person or family of low or
 617 moderate income receiving such HDA mortgage loan, or the construction contractor, or both, to furnish
 618 such assurances of completion of the construction, rehabilitation or improvement as determined by HDA
 619 in its rules and regulations or in the HDA resolution authorizing, or commitment for, such mortgage
 620 loan.

621 4. As a condition of any such HDA mortgage loan to a housing sponsor, HDA shall have the power
 622 to supervise such housing sponsor in accordance with the provisions of § 36-55.34:1 at all times during
 623 which such HDA mortgage loan is outstanding and thereafter as necessary to preserve the federal tax
 624 exemption of the notes or bonds issued by HDA to finance such HDA mortgage loan.

625 5. With respect to any such HDA mortgage loan, the provisions of subdivisions 2 and 3 of
 626 subsection B of this section shall be applicable.

627 E. Mortgage loans made by HDA pursuant to subdivision 13 of § 36-55.31 to finance the
 628 construction, rehabilitation, preservation or improvement, or ownership and operation, of housing units
 629 within housing rehabilitation districts or of economically mixed projects pursuant to subdivision (13) of
 630 ~~§ 36-55.31 of this chapter, or portions thereof and, if any such project is within a revitalization area~~
 631 *designated in or pursuant to § 36-55.30:2, any nonhousing buildings that are incidental to such project*

 633 *revitalization of such area or for the industrial, commercial or other economic development of such area*
 634 shall be subject to the following terms and conditions in addition to those contained in subsection A of
 635 this section:

636 1. The principal amount of such an HDA mortgage loan shall not exceed ~~ninety-five~~ 95 percent of
 637 the total housing development costs, and the amortization period of such an HDA mortgage loan shall
 638 be as determined by HDA in its rules and regulations or in the HDA resolution authorizing, or in the
 639 commitment for, such mortgage loan; but in no event shall such amortization period exceed ~~fifty~~ 50
 640 years.

641 2. Such an HDA mortgage loan shall be made only with respect to housing units which, at the time
 642 of commitment for such mortgage loan, are within a housing rehabilitation district or constitute all or a
 643 portion of an economically mixed project if the provisions of § 36-55.30:2 are satisfied.

644 3. The instrument evidencing any such HDA mortgage loan and the mortgage securing any such
 645 HDA mortgage loan shall be in such form and contain such terms and conditions as shall be prescribed
 646 or approved by HDA. The aforesaid mortgage and instrument evidencing an HDA mortgage loan may
 647 contain exculpatory provisions relieving a housing sponsor, if any, or its principal or principals from
 648 personal liability if deemed desirable by HDA.

649 4. The provisions of subsection (4) of ~~§ 36-55.38~~ shall not apply to such an HDA mortgage loan
 650 *nonhousing buildings shall be financed by such an HDA mortgage loan only if the HDA shall receive a*
 651 *certification from the housing sponsor that a mortgage loan for the financing of such nonhousing*

670 3. HDA may order such housing sponsor, or the management agent or other parties related to the
