356 Not later than the thirty-first day of May in each year the council shall adopt the budget, the  
357 appropriation ordinances and such ordinances providing for additional revenue as may be necessary to  
358 put the budget in balance. If for any reason the council fails to adopt the budget on or before such day,  
359 the budget as submitted by the ~~city manager~~ mayor shall be the budget for the ensuing year and the  
360 appropriation ordinance and the ordinances providing additional revenue, if any, as recommended by the  
361 ~~city manager~~ mayor shall have full force and effect to the same extent as if the same had been adopted  
362 by the council, notwithstanding anything to the contrary in this charter.

363 § 6.13. Utility budgets and related ordinances.

364 Separate budget estimates for each of the utilities as defined in Chapter 13 of this charter shall be  
365 submitted to the ~~city manager~~ mayor at the same time as the budgets of other departments and in the  
366 form prescribed by the ~~city manager~~ mayor, subject, however, to the provisions of Chapter 13 which  
367 shall also control the action of the ~~city manager~~ mayor and council thereon. The ~~city manager~~ mayor

The council shall have the same powers and be subject to the same limitations with regard to the adoption of such utility budgets and accompanying appropriation and rate ordinances, subject to the provisions of the said Chapter 13, as are conferred or imposed on it by § 6.10 with regard to the budget and its accompanying appropriation and revenue ordinances. If for any reason the council fails to adopt the utility budgets or any of them before the expiration of the time set for the adoption of the budget, such budget or budgets and the accompanying appropriation ordinance or ordinances and the ordinances changing rates, if any, shall have full force and effect to the same extent as if the same had been adopted by the council, notwithstanding anything to the contrary in this charter. When such utility budgets and accompanying appropriation ordinances are adopted or become effective because of the council's failure to act thereon, they shall be certified to the director of finance with like effect as in the case of the budget and its appropriation ordinance.

§ 6.14. School budget.

It shall be the duty of the school board to submit its budget estimates to the ~~city manager~~ mayor at the same time as other departments and in the form prescribed by the ~~city manager~~ mayor. The action of the ~~city manager~~ mayor and council on the school budget shall relate to its total only and the school board shall have authority to expend in its discretion the sum appropriated for its use, provided that if it receives an appropriation greater or less than its original request, it shall forthwith revise its estimates of expenditure and adopt appropriations in accordance therewith. The school board shall before the beginning of the fiscal year file with the director of finance its budget as finally revised and its appropriations based thereon. It shall have power to order during the course of the fiscal year transfers from one item of appropriation to another, notice of which shall be immediately transmitted to the director of finance. The director of finance shall have the same authority to require expenditures to be made by school officers in accordance with the school budget as he/she is given by this charter to require expenditures by other city officers to be made in accordance with the general fund or utility budgets.

§ 6.16. Amendments after adoption.

(a) At any time within the fiscal year, upon the recommendation of the ~~city manager~~ mayor and certification of the director of finance that there remain sufficient funds not theretofore allotted for a specific purpose, the council may, by not less than six affirmative votes, allot all or part of the funds appropriated to an account designated "Reserve for Contingencies" as authorized in § 15.2-2505 of the Code of Virginia for a designated program or project and authorize expenditure of the funds so allotted.

(b) If at any time during the fiscal year the ~~city manager~~ mayor certifies that there are available for appropriation revenues in excess of those estimated in the budget, the city council may by not less than six affirmative votes, and only upon the recommendation of the ~~city manager~~ mayor, make supplemental appropriations for the year up to the amount of such excess.

(c) If at any time during the fiscal year it appears probable to the ~~city manager~~ mayor that the revenue or fund balances available will be insufficient to finance the expenditures for which appropriations have been authorized, the ~~city manager~~ mayor shall report to the city council without delay, indicating the estimated amount of the deficit, any remedial action taken by the ~~city manager~~ mayor and recommendations as to any other steps to be taken. The council shall then take such further action as it deems necessary to prevent or reduce any deficit, and for that purpose it may by ordinance reduce one or more appropriations.

(d) At any time during the fiscal year, at the request of the ~~city manager~~ mayor, the city council may by ordinance adopted by not less than six affirmative votes transfer part of or all of the unencumbered appropriation balance from one department or major organizational unit to the appropriation for other departments or major organizational units.

(e) No appropriation for debt service may be reduced or transferred, and no appropriation may be reduced below any amount required by law to be appropriated or by more than the amount of the unencumbered balance thereof. The supplemental and emergency appropriations and reduction or transfer of appropriations authorized by this section may be made effective immediately upon adoption.

§ 6.19. Capital budget.

At the same time he/she submits the current expense budgets, the ~~city manager~~ mayor shall submit to the council a program which he/she shall previously have submitted to the city planning commission of proposed capital improvement projects for the ensuing fiscal year and for the four fiscal years thereafter, with his/her recommendations as to the means of financing the improvements proposed for the ensuing fiscal year. The council shall have power to accept with or without amendments or reject the proposed program and proposed means of financing for the ensuing fiscal year; and may from time to time during the fiscal year amend by ordinance adopted by at least six affirmative votes the program previously

429 adopted by it or the means of financing the whole or any part thereof or both, provided that the  
430 amendment shall have been recommended by the ~~city manager~~ mayor and shall have been submitted to  
431 the city planning commission for review and such additional funds as may be required to finance the  
432 cost of the improvements are available. The council shall adopt a capital budget prior to the beginning  
433 of the fiscal year in which the budget is to take effect. No appropriation provided for a capital  
434 improvement purpose defined in the capital budget shall lapse until the purpose for which the  
435 appropriation was made shall have been accomplished or abandoned, provided the council shall have the  
436 power to transfer at any time any appropriation or any unencumbered part thereof from one purpose to  
437 another on the recommendation of the ~~city manager~~ mayor. The ~~city manager~~ mayor may transfer the  
438 balance remaining to the credit of any completed project to an incomplete project for the purpose of  
439 completing such project, provided the projects have been approved in the adoption of a capital budget or  
440 budgets. If no such transfers are made, the balances remaining to the credit of completed or abandoned  
441 purposes and projects shall be available for appropriation and allocation in a subsequent capital budget  
442 or budgets. Any project shall be deemed to have been abandoned if three fiscal years elapse without any  
443 expenditure from or encumbrance of the funds provided therefor. The council shall have the power at  
444 any time to abandon or to reduce the scope of any project in a capital budget to the extent that funds  
445 appropriated therefor are unexpended and unencumbered.

457 (d) Protect the interests of the city by withholding the payment of any claim or demand by any

471 under the city government, appointed by the council for terms of three years. Vacancies shall be filled  
472 by the authority making the appointment, for the unexpired portion of the term. Members of the city  
473 planning commission, other than the member of council appointed to the commission and the ~~city~~  
474 ~~manager~~ chief administrative officer, or such officer or employee of the city as the ~~city manager~~ chief  
475 administrative officer may designate to serve on the commission, shall be entitled to receive such  
476 compensation as may be fixed from time to time by ordinance adopted by the council.

477 § 18.03. Alternative procedures in condemnation.

478 The city may, in exercising the right of eminent domain conferred by the preceding section, make  
479 use of the procedure prescribed by the general law as modified by said section or may elect to proceed  
480 as hereinafter provided. In the latter event the resolution or ordinance directing acquisition of any  
481 property, as set forth in the preceding section, shall provide therein in a lump sum the total funds  
482 necessary to compensate the owners thereof for such property to be acquired or damaged. Upon the  
483 adoption of such resolution or ordinance the city may file a petition in the clerk's office of a court  
484 enumerated in the preceding section, having jurisdiction of the subject, which shall be signed by the ~~city~~  
485 ~~manager~~ chief administrative officer and set forth the interest or estate to be taken in the property and  
486 the uses and purposes for which the property or the interest or estate therein is wanted, or when  
487 property is not to be taken but is likely to be damaged, the necessity for the work or improvement  
488 which will cause or is likely to cause such damage. There shall also be filed with the petition a plat of a  
489 survey of the property with a profile showing cuts and fills, trestles and bridges, if any, and a  
490 description of the property which, or an interest or estate in which, is sought to be taken or likely to be

damaged and a memorandum showing names and residences of the owners of the property, if known, and showing also the quantity of property which, or an interest or estate in which, is sought to be taken or which will be or is likely to be damaged. There shall be filed also with said petition a notice directed to the owners of the property, if known, copies of which shall be served on such owners or tenants of the freehold of such property, if known. If the owner or tenant of the freehold be unknown or a nonresident of the Commonwealth or cannot with reasonable diligence be found in the Commonwealth, or if the residence of the owner or tenant be unknown, he/she may be proceeded against by order of publication which order, however, need not be published more than once a week for two successive weeks and shall be posted at a main entrance to the courthouse. The publication shall in all other respects conform to §§ 8.01-316, 8.01-317 and 8.01-319 of the Code of Virginia.

Upon the filing of said petition and the deposit of the funds provided by the council for the purpose in a bank to the credit of the court in such proceedings and the filing of a certificate of deposit therefor the interest or estate of the owner of such property shall terminate and the title to such property or the interest or estate to be taken in such property shall be vested absolutely in the city and such owner shall have such interest or estate in the funds so deposited as he/she had in the property taken or damaged and all liens by deed of trust, judgment or otherwise upon said property or estate shall be transferred to such funds and the city shall have the right to enter upon and take possession of such property for its uses and purposes and to construct its works or improvements. The clerk of the court in which such proceeding is instituted shall make and certify a copy of the petition, exhibits filed therewith, and orders, and deliver or transmit the same to the clerk of the court in which deeds are admitted to record, who shall record the same in his/her deed book and index them in the name of the person or persons who had the property before and in the name of the city, for which he/she shall receive the same fees prescribed for recording a deed, which shall be paid by the city.

If the city and the owner of property so taken or damaged agree upon compensation therefor, upon filing such agreement in writing in the clerk's office of such court, the court shall make such distribution of such funds as to it may seem right, having due regard to the interest of all persons therein whether such interest be vested, contingent or otherwise, and to enable the court or judge to make a proper distribution of such money it may in its discretion direct inquiries to be taken by a special commissioner in order to ascertain what persons are entitled to such funds and in what proportions and may direct what notice shall be given to the making of such inquiries by such special commissioner.

If the city and the owner cannot agree upon the compensation for the property taken or damaged, if any, upon the filing of a memorandum in the clerk's office of said court to that effect, signed by either the city or the owner, the court shall appoint commissioners provided for in §§ 25-46.19 and 25-46.20 of the Code of Virginia or as provided for in § 18.02, and all proceedings thereafter shall be had as provided in Chapter 1.1 of Title 25 of the Code of Virginia insofar as they are then applicable and are not inconsistent with the provisions of this and the preceding section, and the court shall order the deposit in bank to the credit of the court of such additional funds as appear to be necessary to cover the award of the commissioners or shall order the return to the city of such funds deposited that are not necessary to compensate such owners for property taken or damaged. The commissioners so appointed shall not consider improvements placed upon the property by the city subsequent to its taking nor the value thereof nor the enhancement of the value of said property by said improvements in making their award.
