§ 2.2-3705. Exclusions to application of chapter.

A. The following records are excluded from the provisions of this chapter but may be disclosed by the custodian in his discretion, except where such disclosure is prohibited by law:

1. Confidential records of all investigations of applications for licenses and permits, and all licensees and permittees made by or submitted to the Alcoholic Beverage Control Board, the State Lottery Department, the Virginia Racing Commission, or the Department of Charitable Gaming.

2. State income, business, and estate tax returns, personal property tax returns, scholastic and confidential records held pursuant to § 58.1-3.

3. Scholastic records containing information concerning identifiable individuals, except that such access shall not be denied to the person who is the subject thereof, or the parent or legal guardian of the student. However, no student shall have access to (i) financial records of a parent or guardian or (ii) records of instructional, supervisory, and administrative personnel and educational personnel ancillary thereto, which are in the sole possession of the maker thereof and that are not accessible or revealed to any other person except a substitute.

The parent or legal guardian of a student may prohibit, by written request, the release of any individual information regarding that student until the student reaches the age of 18 years. For scholastic records of students under the age of 18 years, the right of access may be asserted only by his legal guardian or parent, including a noncustodial parent, unless such parent's parental rights have been terminated or a court of competent jurisdiction has restricted or denied such access. For scholastic records of students who are emancipated or attending a state-supported institution of higher education, the right of access may be asserted by the student.

Any person who is the subject of any scholastic record and who is 18 years of age or older may waive, in writing, the protections afforded by this subdivision. If the protections are so waived, the public body shall open such records for inspection and copying.

4. Personnel records containing information concerning identifiable individuals, except that access shall not be denied to the person who is the subject thereof. Any person who is the subject of any personnel record and who is 18 years of age or older may waive, in writing, the protections afforded by this subdivision. If the protections are so waived, the public body shall open such records for inspection and copying.

5. Medical and mental records, except that such records may be personally reviewed by the subject person or a physician of the subject person's choice. However, the subject person's mental records may not be personally reviewed by such person when the subject person's treating physician has made a part of such person's records a written statement that in his opinion a review of such records by the subject person would be injurious to the subject person's physical or mental health or well-being.

Where the person who is the subject of medical records is confined in a state or local correctional facility, the administrator or chief medical officer of such facility may assert such confined person's right of access to the medical records if the administrator or chief medical officer has reasonable cause to believe that such confined person has an infectious disease or other medical condition from which other persons so confined need to be protected. Medical records shall only be reviewed and shall not be copied by such administrator or chief medical officer. The information in the medical records of a person so confined shall continue to be confidential and shall not be disclosed by the administrator or chief medical officer of the facility to any person except the subject or except as provided by law.

INTRODUCED

SB685

62 denied such access. In instances where the person who is the subject thereof is an emancipated minor or  
63 a student in a public institution of higher education, the right of access may be asserted by the subject  
64 person.

99 tests shall be entitled to review and inspect all records relative to his performance on such employment  
100 tests.

101 When, in the reasonable opinion of such public body, any such test or examination no longer has any

676 public health *from the risk of infection with a communicable disease of public health significance*.

677 B. If such person cannot be conveniently brought before the court, the court may issue an order of  
678 temporary detention. The officer executing the order of temporary detention shall order such person to  
679 remain confined in his home or another's residence or in some convenient and willing institution or  
680 other willing place for a period not to exceed forty-eight hours prior to a hearing. An electronic device

699 be isolated, and the right of appeal of its decision.

700 B. An order for isolation in the person's home or another's residence or an institution or other place,

C. The powers granted to the State Health Commissioner pursuant to this article shall not be delegated to or invoked by any local or district health department director. However, in the event the State Health Commissioner, duly appointed and confirmed pursuant to § 32.1-17, shall be unable to perform his duties pursuant to this article, any Deputy Commissioner, appointed by the State Health Commissioner and approved by the Board pursuant to § 32.1-22, shall be authorized to invoke the provisions of this article.

#### § 32.1-48.06. Definitions.

As used in this article, unless the context requires a different meaning:

"Affected area" means any part or the whole of the Commonwealth, which has been identified as where persons reside, or may be located, who are known to have been exposed to or infected with or who are reasonably suspected to have been exposed to or infected with a communicable disease of public health threat.

"Communicable disease of public health threat" means an illness of public health significance, as determined by the State Commissioner of Health in accordance with regulations of the Board of Health, caused by a specific or suspected infectious agent that may be reasonably expected or is known to be readily transmitted directly or indirectly from one individual to another and has been found to create a risk of death or significant injury or impairment. "Individual" shall include any companion animal. Further, whenever "person or persons" is used herein it shall be deemed, when the context requires it, to include any individual.

"Companion animal" means, consistent with the provisions of § 3.1-796.66, any domestic or feral dog, domestic or feral cat, nonhuman primate, guinea pig, hamster, rabbit not raised for human food or fiber, exotic or native animal, reptile, exotic or native bird, or any feral animal or any animal under the care, custody, or ownership of a person or any animal that is bought, sold, traded, or bartered by any person. Agricultural animals, game species, or any animals regulated under federal law as research animals shall not be considered companion animals for the purposes of this article.

"Isolation" means the physical separation, including confinement or restriction of movement, of an individual or individuals who are infected with or are reasonably believed to be infected with a communicable disease of public health threat in order to prevent or limit the transmission of the communicable disease of public health threat to other uninfected and unexposed individuals.

"Law-enforcement agency" means any sheriff's office, police department, adult or youth correctional officer, or other agency or department that employs persons who have law-enforcement authority that is under the direction and control of the Commonwealth or any local governing body. "Law-enforcement agency" shall include, by order of the Governor, the Virginia National Guard.

"Quarantine" means the physical separation, including confinement or restriction of movement, of an individual or individuals who are present within an affected area, as defined herein, or who are known to have been exposed or may reasonably be suspected to have been exposed to a communicable disease of public health threat and who do not yet show signs or symptoms of infection with the communicable disease of public health threat in order to prevent or limit the transmission of the communicable disease of public health threat to other unexposed and uninfected individuals.

#### § 32.1-48.07. Conditions for invoking the provisions of this article.

A. Prior to declaring any order of quarantine or preparing any order of isolation pursuant to this article, the State Health Commissioner shall ensure that:

1. Any quarantine or isolation is implemented in the least restrictive environment necessary to

797 contain the communicable disease of public health threat;

798 2. Any quarantined persons shall be confined separately from any isolated persons, to the maximum  
799 extent practicable;

800 3. Upon determining that any quarantined person can be reasonably believed to have become  
801 infected with a communicable disease of public health threat, the infected person shall be promptly  
802 removed from quarantine and placed in isolation;

803 4. The health and disease status of any quarantined and isolated persons shall be monitored  
804 regularly to determine if such persons require continued quarantine or isolation;

805 5. Any quarantined or isolated persons shall be immediately released from quarantine or isolation  
806 upon a determination by the State Health Commissioner that such quarantined or isolated persons pose  
807 no risk of transmitting the communicable disease of public health threat to other persons; and

808 6. The site of any quarantine or isolation shall be, to the extent practicable, safely and hygienically  
809 maintained with adequate food, clothing, health care, and other essential needs made available to the  
810 persons who are subject to any order of quarantine or isolation.

811 B. All persons subject to an order of quarantine or an order of isolation shall comply with the order  
812 and the conditions governing their quarantine or isolation.

813 C. In the case of any person who has been quarantined or isolated in a location other than a  
814 medical care facility, the State Health Commissioner shall authorize health care professionals to enter  
815 the premises of quarantine or isolation. No person, other than such authorized health care professionals,  
816 shall enter the premises of quarantine or isolation, unless authorized by the State Health Commissioner.  
817 Upon determining that any person, who has entered the premises of quarantine or isolation, poses a  
818 threat to public health and safety, the State Health Commissioner may quarantine or isolate such  
819 person.

820 § 32.1-48.08. Declaration of quarantine.

821 A. The State Health Commissioner may declare a quarantine of any person or persons or any  
822 affected area after he finds that the quarantine is the necessary means to contain a communicable  
823 disease of public health threat as defined in § 32.1-48.06 to which such person or persons or the people  
824 of an affected area have been or may have been in all probability exposed and thus may become  
825 infected.

826 B. The State Health Commissioner shall record his findings and any information on which he has  
827 relied in making the finding required for quarantine pursuant to subsection A. The State Health  
828 Commissioner's record of findings concerning any communicable disease of public health threat shall be  
829 confidential and shall not be disclosed in accordance with subdivision A 88 of § 2.2-3705.

830 C. The State Health Commissioner may order the quarantined person or persons to remain in their  
831 residences, to remain in another place where they are present, or to report to a place or places  
832 designated by the State Health Commissioner for the duration of their quarantine. An electronic device  
833 may be used to enforce any such quarantine. The Commissioner's order of quarantine shall be for a  
834 duration consistent with the known incubation period for such disease or, if the incubation period is  
835 unknown, for a period anticipated as being consistent with the incubation period for other similar  
836 infectious agents.

837 § 32.1-48.09. Order of Quarantine.

838 A. The State Health Commissioner shall, prior to placing any person or persons under quarantine,  
839 issue an order of quarantine that shall: (i) identify the communicable disease of public health threat that  
840 is reasonably believed to be involved and the reasons why exceptional circumstances apply and the  
841 quarantine is the necessary means to contain the risks of transmission of the disease; (ii) contain  
842 sufficient information to provide reasonable notice to persons who are affected by the order of  
843 quarantine that they are subject to the order; (iii) specify the means by which the quarantine is to be  
844 implemented; (iv) establish clearly the geographic parameters of the quarantine, if involving an affected  
845 area; (v) specify the duration of the quarantine; (vi) provide sufficient directions for compliance with the  
846 quarantine to enable persons subject to the order to comply; (vii) provide timely opportunities, if not  
847 readily available under the circumstances, for the person or persons who are subject to the order to  
848 notify employers, next of kin or legally authorized representatives and the attorneys of their choice of  
849 the situation; (viii) specify the penalty or penalties that may be imposed for noncompliance with the  
850 order of quarantine pursuant to § 32.1-27; and (ix) include a copy of § 32.1-48.08 to inform any person  
851 or persons subject to an order of quarantine of the right to seek judicial review of the order.

852 B. No affected area shall be the subject to an order of quarantine issued by the State Health  
853 Commissioner unless the Governor, pursuant to the authority vested in him pursuant to Chapter 3.2  
854 (§ 44-146.13 et seq.) of Title 44, has declared a state of emergency for such affected area of the  
855 Commonwealth.

856 C. The order of quarantine shall be delivered to any person or persons affected by the quarantine, in  
857 so far as practicable. However, if, in the opinion of the State Health Commissioner, the number of  
858 quarantined persons is too great to make delivery of copies of the order of quarantine to each person

possible in a timely manner, or if the order of quarantine designates an affected area instead of a specific person or persons, the State Health Commissioner shall cause the order of quarantine to be communicated to the persons residing or located in the affected area.

D. The State Health Commissioner or his legal representative shall, as soon as practicable following the issuance of an order of quarantine, file a petition seeking an *ex parte* court review and confirmation of the quarantine or to extend, when necessary, the duration of the quarantine.

E. The petition shall be filed in the circuit court for the city or county in which the person or persons resides or, in the case of an affected area, in the circuit court of the affected jurisdiction or jurisdictions.

The petition shall include (i) a copy of the order of quarantine or all information contained in the State Health Commissioner's order of quarantine in some other format and (ii) a summary of the findings on which the Commissioner relied in deciding to issue the order of quarantine.

F. In reviewing the petition for review and confirmation of the order of quarantine or an extension of the order of quarantine, the court shall give due deference to the specialized expertise of the State Health Commissioner. The court shall grant the petition to extend the quarantine upon finding probable cause that quarantine was the necessary means to contain the disease of public health threat and is being implemented in the least restrictive environment to address the public health threat effectively, given the reasonably available information on effective control measures and the nature of the communicable disease of public health threat.

G. The State Health Commissioner may, if he reasonably believes that public disclosure of the information contained in the order of quarantine or the petition for court review and confirmation or extension of the order of quarantine will exacerbate the public health threat or compromise any current or future criminal investigation or compromise national security, file some or all of any petition relating to an order of quarantine under seal. After reviewing any information filed under seal by the State Health Commissioner, the court shall reseal the relevant materials.

H. The State Health Commissioner shall ensure that the protected health information of any person or persons subject to the order of quarantine shall only be disclosed in compliance with § 32.1-127.1:03 of this title and the regulations relating to privacy of health records promulgated by the federal Department of Health and Human Services pursuant to the Health Insurance Portability and Accountability Act of 1996 (42 U.S.C. § 1320d et seq.).

§ 32.1-48.10. Appeal of any order of quarantine.

A. Any person or persons subject to an order of quarantine or a court-ordered extension of any such order pursuant to this article may file an appeal of the order of quarantine as such order applies to such person or persons in the circuit court for the city or county in which the subject or subjects of the order reside or the circuit court for the jurisdiction or jurisdictions for any affected area. Any petition for appeal shall be in writing, shall set forth the grounds on which the order of quarantine is being challenged vis-a-vis the subject person or persons or affected area, and shall be served upon the State Health Commissioner or his legal representative.

B. A hearing on the appeal of the order of quarantine shall be held within 48 hours of the filing of the petition for appeal or, if the 48-hour period terminates on a Saturday, Sunday, legal holiday or day on which the court is lawfully closed, the hearing shall be held on the next day that is not a Saturday, Sunday, legal holiday or day on which the court is lawfully closed.

In extraordinary circumstances, for good cause shown, the Commissioner may request a continuance of the hearing, which the court shall only grant after giving due regard to the rights of the affected individuals, the protection of the public health and safety, the severity of the emergency, and the availability of witnesses and evidence.

C. Any person appealing an order of quarantine shall have the burden of proving that he is not properly the subject of the order of quarantine.

D. The filing of an appeal shall not stay any order of quarantine.

E. Upon receiving multiple appeals of an order of quarantine that applies to a group of persons or an affected area, the court may, on the motion of any party or on the court's own motion, consolidate the cases in a single proceeding for all appeals when (i) there are common questions of law or fact relating to the individual claims or rights to be determined; (ii) the claims of the consolidated cases are substantially similar; and (iii) all parties to the appeals will be adequately represented in the consolidation.

F. The circuit court shall not conduct a *de novo* review of the order of quarantine; however, the court shall consider the existing record and such supplemental evidence as the court shall consider relevant. The court shall conduct the hearing on an appeal of an order of quarantine in camera and in a manner that will protect the health and safety of court personnel, counsels, witnesses, and the general public and in accordance with rules of the Supreme Court of Virginia pursuant to subsection C of § 17.1-503.

920 G. Upon completion of the hearing, the court may (i) vacate, confirm or modify the order of  
921 quarantine as such order applies to any person who filed the appeal and who is not, according to the  
922 record and the supplemental evidence, appropriately subject to the order of quarantine; (ii) vacate,  
923 confirm or modify the order of quarantine as such order applies to all persons who filed an appeal and  
924 who are not, according to the record and the supplemental evidence, appropriately subject to the order  
925 of quarantine; (iii) confirm the order of quarantine as it applies to any person or all appealing parties  
926 upon a finding that such person or persons are appropriately subject to the order of quarantine and  
927 that quarantine is being implemented in the least restrictive environment to address the public health  
928 threat effectively, given the reasonably available information on effective control measures and the  
929 nature of the communicable disease of public health threat; or (iv) confirm the order of quarantine as it  
930 applies to all persons subject to the order upon finding that all such persons are appropriately subject  
931 to the order of quarantine and that quarantine is being implemented in the least restrictive environment  
932 to address the public health threat effectively, given the reasonably available information on effective  
933 control measures and the nature of the communicable disease of public health threat.

934 In any case in which the court shall vacate the order of quarantine as it applies to any person who  
935 has filed a request for review of such order and who is subject to such order or as it applies to all  
936 persons seeking judicial review who are subject to such order, the person or persons shall be  
937 immediately released from quarantine unless such order to vacate the quarantine shall be stayed by the  
938 filing of an appeal to the Supreme Court of Virginia. Any party to the case may file an appeal of the  
939 circuit court decisions to the Supreme Court of Virginia. Parties to the case shall include any person  
940 who is subject to an order of quarantine and has filed an appeal of such order with the circuit court  
941 and the State Health Commissioner.

942 H. Appeals of any final order of any circuit court regarding the State Health Commissioner's petition  
943 for review and confirmation or extension of an order of quarantine or any appeal of an order of  
944 quarantine by a person or persons who are subject to such order shall be appealable directly to the  
945 Supreme Court of Virginia, with an expedited review in accordance with the rules of the court pursuant  
946 to subsection C of § 17.1-503.

947 I. Appeals of any circuit court order relating to an order of quarantine shall not stay any order of  
948 quarantine.

949 J. Persons requesting judicial review of any order of quarantine shall have the right to be  
950 represented by an attorney in all proceedings. If the person is unable to afford an attorney, counsel  
951 shall be appointed for the person by the circuit court for the jurisdiction in which the person or persons  
952 who are subject to the order of quarantine reside or, in the case of an affected area, by the circuit  
953 court for the jurisdiction or jurisdictions for the affected area. Counsel so appointed shall be paid at a  
954 rate established by the Supreme Court of Virginia from the Commonwealth's criminal fund.

955 § 32.1-48.11. Isolation may be ordered under certain exceptional circumstances; Commissioner  
956 authorized to require hospitalization or other health care.

957 A. Whenever the State Health Commissioner makes a determination of exceptional circumstances  
958 pursuant to § 32.1-48.05 and that the isolation procedures set forth in Article 3.01 (§ 32.1-48.01 et seq.)  
959 of this chapter are insufficient control measures to contain a communicable disease of public health  
960 threat, the isolation procedures herein may be invoked.

961 B. The State Health Commissioner may order the isolation of a person or persons upon a finding  
962 that (i) such person or persons are infected with or may reasonably be expected to become infected with  
963 a communicable disease of public health threat and (ii) isolation is necessary to protect the public  
964 health, to ensure such isolated person or persons receive appropriate medical treatment, and to protect  
965 health care providers and others who may come into contact with such infected person or persons.

966 C. The State Health Commissioner shall record his findings and any information on which he has  
967 relied in making the finding required for isolation pursuant to this section. The State Health  
968 Commissioner's record of findings concerning any communicable disease of public health threat that is  
969 involved in an order of isolation shall be confidential and shall not be disclosed in accordance with  
970 subdivision A 88 of § 2.2-3705.

971 D. The Commissioner may order the isolated person or persons to remain in their places of  
972 residence, to remain in another place where they are present, or to report to a place or facility  
973 designated by the Commissioner for the duration of their isolation. An electronic device may be used to  
974 enforce any such isolation. The Commissioner's order of isolation shall be for a duration consistent with  
975 the known course of such communicable disease of public health threat or, if the course of the disease  
976 is unknown or uncertain, for a period consistent with the probable course of the communicable disease  
977 of public health threat.

978 D. To the extent that persons subject to an order of isolation pursuant to this article require  
979 hospitalization or other health care services, the State Health Commissioner shall be authorized to  
980 require that such services be provided.

981 E. The State Health Commissioner shall also have the authority to monitor the medical condition of

any person or persons subject to an order of isolation pursuant to this article through regular visits by public health nurses or such other means as the Commissioner shall determine to be necessary.

§ 32.1-48.12. Isolation order.

A. The State Health Commissioner shall, prior to placing any person or persons in isolation, prepare a written order of isolation that shall: (i) identify the person or persons subject to such order of isolation; (ii) identify the site of isolation, which may, in the Commissioner's discretion, include the residence of any isolated individual; (iii) specify the date and time that isolation is to commence; (iv) identify the communicable disease of public health threat or the suspected communicable disease of public health threat with which the person or persons are known to be infected or reasonably suspected to be infected; (v) specify the bases for isolation, including why isolation is the necessary means to contain transmission of the disease, and any conditions of the isolation; (vi) provide timely opportunities, if not readily available under the circumstances, for the person or person who are subject to the order to notify employers, next of kin or legally authorized representatives and the attorneys of their choice of the situation; (vii) specify the penalty or penalties that may be imposed for noncompliance with order of isolation pursuant to § 32.1-27; and (viii) include a copy of § 32.1-48.13 to inform any person or persons subject to an order of isolation of the right to seek judicial review or the order.

B. No affected area shall be the subject of an order of isolation prepared by the State Health Commissioner unless the Governor, pursuant to the authority vested in him pursuant to Chapter 3.2 (§ 44-146.13 et seq.) of Title 44, has declared a state of emergency for such affected area of the Commonwealth.

C. The order of isolation shall be delivered to any person or persons affected by the quarantine, in so far as practicable. However, if, in the opinion of the State Health Commissioner, the number of isolated persons is too great to make delivery of copies of the order of isolation to each person possible in a timely manner, or if the order of isolation designates an affected area instead of a specific person or persons, the State Health Commissioner shall cause the order of isolation to be communicated to the persons residing or located in the affected area.

D. The State Health Commissioner shall, as soon as practicable following the issuance of an order of isolation, file a petition seeking an ex parte court order to review and confirm, or if necessary, to extend the isolation.

E. The petition shall be filed in the circuit court for the city or county in which the person or persons resides or, in the case of an affected area, in the circuit court of the affected jurisdiction or jurisdictions.

F. The petition shall include (i) a copy of the order of isolation or all information contained in the State Health Commissioner's order of isolation in some other format and (ii) a summary of the findings on which the Commissioner relied in determining that an order of isolation was required to contain the transmission of the communicable disease of public health threat.

G. In reviewing any petition for review and confirmation or extension of the order of isolation, the court shall give due deference to the specialized expertise of the State Health Commissioner. The court shall grant the petition to confirm or extend the isolation upon finding probable cause that isolation was the necessary means and remains the least restrictive environment to address the public health threat effectively, given the reasonably available information on effective control measures and the nature of the communicable disease of public health threat.

H. The State Health Commissioner may, if he reasonably believes that public disclosure of the information contained in the order of isolation or the petition for review and confirmation or extension of the order of isolation will exacerbate the public health threat or compromise any current or future criminal investigation or compromise national security, file some or all of any petition to extend an order of isolation under seal. After reviewing any information filed under seal by the State Health Commissioner, the court shall reseal the relevant materials.

I. The State Health Commissioner shall ensure that the protected health information of any person or persons subject to the order of isolation shall only be disclosed in compliance with the regulations relating to privacy of health records promulgated by the federal Department of Health and Human Services pursuant to the Health Insurance Portability and Accountability Act of 1996.

§ 32.1-48.13. Appeal of any order of isolation.

A. Any person or persons subject to an order of isolation or a court-ordered confirmation or extension of any such order pursuant to this article may file an appeal of the order of isolation in the circuit court for the city or county in which such person or persons reside or, in the case of an affected area, in the circuit court for any affected jurisdiction or jurisdictions. Any petition for appeal shall be in writing, shall set forth the grounds on which the order of isolation is being challenged vis-a-vis the subject person or persons or affected area, and shall be served upon the State Health Commissioner or his legal representative.

1043 B. A hearing on the appeal of the order of isolation shall be held within 48 hours of the filing of the  
1044 petition for appeal or, if the 48-hour period terminates on a Saturday, Sunday, legal holiday or day on  
1045 which the court is lawfully closed, the hearing shall be held on the next day that is not a Saturday,  
1046 Sunday, legal holiday or day on which the court is lawfully closed.

1047 In extraordinary circumstances, for good cause shown, the Commissioner may request a continuance  
1048 of the hearing, which the court shall only grant after giving due regard to the rights of the affected  
1049 individuals, the protection of the public health and safety, the severity of the emergency, and the  
1050 availability of witnesses and evidence.

1051 C. Any person appealing an order of isolation shall have the burden of proving that he is not  
1052 properly the subject of the order of isolation.

1053 D. An appeal shall not stay any order of isolation.

1054 E. Upon receiving multiple appeals of an order of isolation, the court may, on the motion of any  
1055 party or on the court's own motion, consolidate the cases in a single proceeding for all appeals when  
1056 (i) there are common questions of law or fact relating to the individual claims or rights to be  
1057 determined; (ii) the claims of the consolidated cases are substantially similar; and (iii) all parties to the  
1058 appeals will be adequately represented in the consolidation.

1059 F. The circuit court shall not conduct a de novo review of the order of isolation; however, the court  
1060 shall consider the existing record and such supplemental evidence as the court shall consider relevant.  
1061 The court shall conduct the hearing on an appeal of an order of isolation in camera and in a manner  
1062 that will protect the health and safety of court personnel, counsels, witnesses, and the general public  
1063 and in accordance with rules of the Supreme Court of Virginia pursuant to subsection C of § 17.1-503.

1064 G. Upon completion of the hearing, the court may (i) vacate, confirm or modify the order of  
1065 isolation as such order applies to any person who filed the appeal and who is not, according to the  
1066 record and the supplemental evidence, appropriately subject to the order of isolation; (ii) vacate,  
1067 confirm or modify the order of isolation as such order applies to all persons who filed an appeal and  
1068 who are not, according to the record and the supplemental evidence, appropriately subject to the order  
1069 of isolation; (iii) confirm the order of isolation as it applies to any person or all appealing parties upon  
1070 a finding that such person or persons are appropriately subject to the order of isolation and that  
1071 isolation is being implemented in the least restrictive environment to address the public health threat  
1072 effectively, given the reasonably available information on effective infection control measures and the  
1073 nature of the communicable disease of public health threat; or (iv) confirm the order of isolation as it  
1074 applies to all persons subject to the order upon finding that all such persons are appropriately subject  
1075 to the order of isolation and that isolation is being implemented in the least restrictive environment to  
1076 address the public health threat effectively given the reasonably available information on effective  
1077 control measures and the nature of the communicable disease of public health threat.

1078 In any case in which the court shall vacate the order of isolation as it applies to any person who  
1079 has filed a request for review of such order and who is subject to such order or as it applies to all  
1080 persons seeking judicial review who are subject to such order, the person or persons shall be  
1081 immediately released from isolation unless such order to vacate the isolation shall be stayed by the  
1082 filing of an appeal to the Supreme Court of Virginia. Any party to the case may file an appeal of the  
1083 circuit court decisions to the Supreme Court of Virginia. Parties to the case shall include any person  
1084 who is subject to an order of isolation and has filed an appeal of such order with the circuit court and  
1085 the State Health Commissioner.

1086 H. Appeals of any final order of any circuit court regarding the State Health Commissioner's petition  
1087 for review and confirmation or extension of an order of isolation or any appeal of an order of isolation  
1088 by a person or persons who are subject to such order shall be appealable directly to the Supreme Court  
1089 of Virginia, with an expedited review in accordance with the rules of the court pursuant to subsection C  
1090 of § 17.1-503.

1091 I. Appeals of any circuit court order relating to an order of isolation shall not stay any order of  
1092 quarantine.

1093 J. Persons appealing any order of isolation shall have the right to be represented by an attorney in  
1094 all proceedings. If the person is unable to afford an attorney, counsel shall be appointed for the person  
1095 by the circuit court for the jurisdiction in which the person or persons who are subject to the order of  
1096 isolation reside or, in the case of an affected area, by the circuit court for the jurisdiction or  
1097 jurisdictions for the affected area. Counsel so appointed shall be paid at a rate established by the  
1098 Supreme Court of Virginia from the Commonwealth's criminal fund.

1099 § 32.1-48.14. Enforcement of orders of quarantine or isolation; penalties.

1100 A. Any person who does not comply with a validly issued order of quarantine or order of isolation  
1101 issued or prepared pursuant to this article shall be subject to the penalties provided in § 32.1-27,  
1102 including, upon conviction, a Class 1 misdemeanor and payment of civil penalties.

1103 B. Upon finding that there is probable cause to believe that any person or persons who are subject  
1104 to an order of quarantine or an order of isolation may fail or refuse to comply with such order, the

State Health Commissioner may issue an emergency detention order pursuant to this article requiring such person or persons to be taken immediately into custody and detained for the duration of the order of quarantine or isolation or until the Commissioner determines that the risk of noncompliance is no longer present.

Any person or persons so detained shall be held in the least restrictive environment that can provide any required health care or other services for such person.

C. Any order of quarantine or isolation shall be enforced by law-enforcement agencies, as directed by the State Health Commissioner. Any enforcement authority directed to law-enforcement agencies by the Commissioner shall expressly include, but need not be limited to, the power to detain or arrest any person or persons identified as, or for whom probable cause exists that he may be, in violation of any order of quarantine or order of isolation.

To implement an emergency detention order, any law-enforcement officer shall take the subject of the emergency detention order into custody immediately upon the issuance of the emergency detention order by the Commissioner.

D. Every attorney for the Commonwealth shall have the duty to prosecute, without delay, any violation of this chapter in accordance with the penalties set forth in § 32.1-27.

§ 32.1-48.15. Authorization to disclose health records.

A. The provisions of this article are hereby declared to be necessary to prevent serious harm and serious threats to the health and safety of individuals and the public in Virginia for purposes of authorizing the State Health Commissioner or his designee to examine and review any health records of any person or persons subject to any order of quarantine or order of isolation pursuant to this article and the regulations of the Department of Health and Human Resources promulgated in compliance with the Health Insurance Portability and Accountability Act of 1996, as amended. The State Health Commissioner shall authorize any designee in writing to so examine and review any health records of any person or persons subject to any order of quarantine or order of isolation pursuant to this article.

B. 1169 significant injury or impairment. "Individual" shall include any companion animal.

1170 B. Every licensed health care facility which transfers or receives patients via emergency medical  
1171 services ambulances or mobile intensive care units shall notify the emergency medical services agencies  
1172 providing such patient transport of the name and telephone number of the individual who is the infection  
1173 control practitioner with the responsibility of investigating exposure to infectious diseases in the facility.

1174 Every licensed emergency medical services agency established in the Commonwealth shall notify all  
1175 facilities to which they transport patients or from which they transfer patients of the names and  
1176 telephone numbers of the members, not to exceed three persons, who have been appointed to serve as  
1177 the communicable disease liaison officers. Every licensed emergency medical services agency shall  
1178 implement universal precautions and shall ensure that these precautions are appropriately followed and  
1179 enforced.

1180 C. Upon requesting any licensed emergency medical services agency to transfer (i) a patient who is  
1181 known to be positive for or who suffers from any communicable disease which, in the judgment of the  
1182 physician authorizing the transfer or the facility's infection control practitioner, presents any risk to the

1184 in the same vehicle, or (ii) a patient who is known to be subject to an order of quarantine or an order  
1185 of isolation pursuant to Article 3.02 (§ 32.1-48.05 et seq.) of Chapter 2 of this title, the transferring

1187 patient and the types of precautions to be taken to prevent the spread of the disease. The identity of the  
1188 patient shall be confidential.

1189 D. If any firefighter, law-enforcement officer, emergency medical services technician or paramedic

1191 needlestick injury, his communicable disease liaison officer shall be notified, a report completed and the  
1192 infection control practitioner at the receiving facility notified.

1193 E. If, during the course of medical care and treatment, any physician determines that a patient who

1201 incident to determine if any exposure of emergency medical services personnel or other emergency  
1202 personnel occurred. The identity of the patient and all personnel involved in any such investigation shall  
1203 be confidential.

1204 F. If any firefighter, law-enforcement officer, emergency medical services technician or paramedic  
1205 shall be exposed to a communicable disease, the communicable disease liaison officer shall immediately  
1206 notify the infection control practitioner of the receiving facility. The infection control practitioner of the  
1207 facility shall conduct an investigation and provide information concerning the extent and severity of the  
1208 exposure and the recommended course of action to the communicable disease liaison officer of the  
1209 transporting agency. This section shall not be construed to create a duty by the receiving facility to  
1210 perform any test or tests beyond those necessary for the medical management of the patient delivered by  
1211 an emergency medical services agency to the receiving facility nor shall it affect the operation of the  
1212 provisions of § 32.1-45.1.

1213 G. Any person requesting or requiring any employee of a public safety agency as defined in  
1214 subsection J of § 32.1-45.2 to arrest, transfer, or otherwise exercise custodial supervision over an

1224 at a local or state correctional facility or the facility director or his designee shall be responsible for  
1225 providing such information to the transporting agency.

1226 I. Any person who, as a result of this provision, becomes aware of the identity or condition of a  
1227 person known to be (i) positive for or to suffer from any communicable disease, or to have suffered

exposure to a communicable disease *or* (ii) *subject to an order of quarantine or an order of isolation pursuant to Article 3.02 (§ 32.1-48.05 et seq.) of Chapter 2 of this title*, shall keep such information confidential, except as expressly authorized by this provision.

§ 32.1-127.1:03. Patient health records privacy.

A. There is hereby recognized a patient's right of privacy in the content of a patient's medical record. Patient records are the property of the provider maintaining them, and, except when permitted by this section or by another provision of state or federal law, no provider, or other person working in a health care setting, may disclose the records of a patient.

Patient records shall not be removed from the premises where they are maintained without the approval of the provider, except in accordance with a court order or subpoena consistent with § 8.01-413 C or with this section or in accordance with the regulations relating to change of ownership of patient records promulgated by a health regulatory board established in Title 54.1.

No person to whom disclosure of patient records was made by a patient or a provider shall redisclose or otherwise reveal the records of a patient, beyond the purpose for which such disclosure was made, without first obtaining the patient's specific consent to such redisclosure. This redisclosure prohibition shall not, however, prevent (i) any provider who receives records from another provider from making subsequent disclosures as permitted under this section and the federal Department of Health and Human Services regulations relating to the electronic transmission of data and patient privacy promulgated as required by the Health Insurance Portability and Accountability Act of 1996 (42 U.S.C. § 1320d et seq.) or (ii) any provider from furnishing records and aggregate or other data, from which patient-identifying prescription information has been removed, encoded or encrypted, to qualified researchers, including, but not limited to, pharmaceutical manufacturers and their agents or contractors, for purposes of clinical, pharmaco-epidemiological, pharmaco-economic, or other health services research.

1445 care providers inserted here) requiring them to produce your medical records. Your doctor or other  
1446 health care provider is required to respond by providing a copy of your medical records. If you believe

1448 with the clerk of the court or the administrative agency to quash the subpoena. If you elect to file a  
1449 motion to quash, such motion must be filed within 15 days of the date of the request or of the  
1450 attorney-issued subpoena. You may contact the clerk's office or the administrative agency to determine  
1451 the requirements that must be satisfied when filing a motion to quash and you may elect to contact an  
1452 attorney to represent your interest. If you elect to file a motion to quash, you must notify your doctor or  
1453 other health care provider(s) that you are filing the motion so that the provider knows to send the  
1454 records to the clerk of court or administrative agency in a sealed envelope or package for safekeeping  
1455 while your motion is decided.

1473 **IF YOU RECEIVE NOTICE THAT YOUR PATIENT HAS FILED A MOTION TO QUASH THIS**

SUBPOENA, OR IF YOU FILE A MOTION TO QUASH THIS SUBPOENA, YOU MUST SEND THE RECORDS ONLY TO THE CLERK OF THE COURT OR ADMINISTRATIVE AGENCY THAT ISSUED THE SUBPOENA OR IN WHICH THE ACTION IS PENDING AS SHOWN ON THE SUBPOENA USING THE FOLLOWING PROCEDURE:

PLACE THE RECORDS IN A SEALED ENVELOPE AND ATTACH TO THE SEALED ENVELOPE A COVER LETTER TO THE CLERK OF COURT OR ADMINISTRATIVE AGENCY WHICH STATES THAT CONFIDENTIAL HEALTH CARE RECORDS ARE ENCLOSED AND ARE TO BE HELD UNDER SEAL PENDING A RULING ON THE MOTION TO QUASH THE SUBPOENA. THE SEALED ENVELOPE AND THE COVER LETTER SHALL BE PLACED IN AN OUTER ENVELOPE OR PACKAGE FOR TRANSMITTAL TO THE COURT OR ADMINISTRATIVE AGENCY.

3. Upon receiving a valid subpoena duces tecum for medical records, health care providers shall have the duty to respond to the subpoena in accordance with the provisions of subdivisions 4, 5, 6, 7, and 8.

4. Except to deliver to a clerk of the court or administrative agency subpoenaed medical records in a sealed envelope as set forth, health care providers shall not respond to a subpoena duces tecum for such medical records until they have received a certification as set forth in subdivisions 5 or 8 of this subsection from the party on whose behalf the subpoena duces tecum was issued.

If the health care provider has actual receipt of notice that a motion to quash the subpoena has been filed or if the health care provider files a motion to quash the subpoena for medical records, then the health care provider shall produce the records, in a securely sealed envelope, to the clerk of the court or administrative agency issuing the subpoena or in whose court or administrative agency the action is pending. The court or administrative agency shall place the records under seal until a determination is made regarding the motion to quash. The securely sealed envelope shall only be opened on order of the judge or administrative agency. In the event the court or administrative agency grants the motion to quash, the records shall be returned to the health care provider in the same sealed envelope in which they were delivered to the court or administrative agency. In the event that a judge or administrative agency orders the sealed envelope to be opened to review the records in camera, a copy of the order shall accompany any records returned to the provider. The records returned to the provider shall be in a securely sealed envelope.

5. If no motion to quash is filed within 15 days of the date of the request or of the attorney-issued subpoena, the party on whose behalf the subpoena was issued shall have the duty to certify to the subpoenaed health care provider that the time for filing a motion to quash has elapsed and that no motion to quash was filed. Any provider receiving such certification shall have the duty to comply with the subpoena duces tecum by returning the specified medical records by either the return date on the subpoena or 5 days after receipt of the certification, whichever is later.

6. In the event that the individual whose records are being sought files a motion to quash the subpoena, the court or administrative agency shall decide whether good cause has been shown by the discovering party to compel disclosure of the patient's private records over the patient's objections. In determining whether good cause has been shown, the court or administrative agency shall consider (i) the particular purpose for which the information was collected; (ii) the degree to which the disclosure of the records would embarrass, injure, or invade the privacy of the individual; (iii) the effect of the disclosure on the individual's future health care; (iv) the importance of the information to the lawsuit or proceeding; and (v) any other relevant factor.

7. Concurrent with the court or administrative agency's resolution of a motion to quash, if subpoenaed medical records have been submitted by a health care provider to the court or administrative agency in a sealed envelope, the court or administrative agency shall: (i) upon determining that no submitted medical records should be disclosed, return all submitted medical records to the provider in a sealed envelope; (ii) upon determining that all submitted medical records should be disclosed, provide all the submitted medical records to the party on whose behalf the subpoena was issued; or (iii) upon determining that only a portion of the submitted medical records should be disclosed, provide such portion to the party on whose behalf the subpoena was issued and return the remaining medical records to the provider in a sealed envelope.

8. Following the court or administrative agency's resolution of a motion to quash, the party on whose behalf the subpoena duces tecum was issued shall have the duty to certify in writing to the subpoenaed health care provider a statement of one of the following:

a. All filed motions to quash have been resolved by the court or administrative agency and the disclosures sought in the subpoena duces tecum are consistent with such resolution; and, therefore, the medical records previously delivered in a sealed envelope to the clerk of the court or administrative agency will not be returned to the provider;

b. All filed motions to quash have been resolved by the court or administrative agency and the disclosures sought in the subpoena duces tecum are consistent with such resolution and that, since no

1535 medical records have previously been delivered to the court or administrative agency by the provider,  
1536 the provider shall comply with the subpoena duces tecum by returning the medical records designated in  
1537 the subpoena by the return date on the subpoena or five days after receipt of certification, whichever is  
1538 later;

1539 c. All filed motions to quash have been resolved by the court or administrative agency and the  
1540 disclosures sought in the subpoena duces tecum are not consistent with such resolution; therefore, no  
1541 medical records shall be disclosed and all medical records previously delivered in a sealed envelope to  
1542 the clerk of the court or administrative agency will be returned to the provider;

1543 d. All filed motions to quash have been resolved by the court or administrative agency and the  
1544 disclosures sought in the subpoena duces tecum are not consistent with such resolution and that only  
1545 limited disclosure has been authorized. The certification shall state that only the portion of the records as  
1546 set forth in the certification, consistent with the court or administrative agency's ruling, shall be  
1547 disclosed. The certification shall also state that medical records that were previously delivered to the  
1548 court or administrative agency for which disclosure has been authorized will not be returned to the  
1549 provider; however, all medical records for which disclosure has not been authorized will be returned to  
1550 the provider; or

1551 e. All filed motions to quash have been resolved by the court or administrative agency and the  
1552 disclosures sought in the subpoena duces tecum are not consistent with such resolution and, since no  
1553 medical records have previously been delivered to the court or administrative agency by the provider,  
1554 the provider shall return only those records specified in the certification, consistent with the court or  
1555 administrative agency's ruling, by the return date on the subpoena or five days after receipt of the  
1556 certification, whichever is later.

1557 A copy of the court or administrative agency's ruling shall accompany any certification made  
1558 pursuant to this subdivision.

1559 9. The provisions of this subsection have no application to subpoenas for medical records requested  
1560 under § 8.01-413, or issued by a duly authorized administrative agency conducting an investigation,  
1561 audit, review or proceedings regarding a provider's conduct.

1562 The provisions of this subsection apply to the medical records of both minors and adults.

1563 Nothing in this subsection shall have any effect on the existing authority of a court or administrative  
1564 agency to issue a protective order regarding medical records, including, but not limited to, ordering the  
1565 return of medical records to a health care provider, after the period for filing a motion to quash has  
1566 passed.

1567 A subpoena for substance abuse records must conform to the requirements of federal law found in 42  
1568 C.F.R. Part 2, Subpart E.

1569 I. Providers may testify about the medical records of a patient in compliance with §§ 8.01-399 and  
1570 8.01-400.2.
