4. Title Early Intervention Agencies Committee

5. Summary/Purpose: This bill would abolish the Early Intervention Agencies Committee. The committee was created in 1992 to ensure the implementation of a comprehensive system for early intervention services and to make recommendations to the Secretary of Health and Human Resources and the Secretary of Education on issues that require interagency planning, financing, and resolution. Following the committee's creation, an early intervention interagency management team comprised of staff from the affected agencies was informally established to handle the day-to-day operations and management of early intervention services and performs much of the budget approval work of the committee. This bill is a recommendation of the Joint Subcommittee to Study the Operations, Practices, Duties, and Funding of the Commonwealth's Agencies, Boards, Commissions, Councils, and Other Governmental Entities pursuant to HJR 159 (2002).
