lose tax funds due to the difficulty of policing such business operations. A. *For purposes of this section, a gift transaction means a retail sale resulting from an order for tangible personal property placed by any means by any person that is for delivery to a recipient, other than the purchaser, located in another state. A gift transaction does not include a business transaction between the purchaser and recipient or a transaction whereby the purchaser is contractually obligated to provide the tangible personal property to the recipient.*

B. *In cases involving a sale qualifying as a gift transaction, a dealer registered for the collection of the tax in the state of the recipient may, upon approval by the Tax Commissioner, elect to collect the tax imposed by the state of the recipient or the tax imposed under this chapter. If the dealer elected to collect the tax imposed by the state of the recipient, the dealer shall provide notice of such election to the Tax Department on a form prescribed by the Tax Department which must be approved by the Tax Commissioner. In the event that the dealer is not registered for the collection of the tax in the state of the recipient, and such dealer holds a valid certificate of registration for the collection of the tax imposed under this chapter, such dealer shall collect the tax imposed under this chapter.*

§ 58.1-621. *Bad debts.*

A. *In any return filed under the provisions of this chapter, the dealer may credit, against the tax shown to be due on the return, the amount of sales or use tax previously returned and paid on accounts which are owed to the dealer and which have been found to be worthless within the period covered by the return. The credit, however, shall not exceed the amount of the uncollected sales price determined by treating prior payments on each debt as consisting of the same proportion of sales price, sales tax and other nontaxable charges as in the total debt originally owed to the dealer. The amount of accounts for which a credit has been taken that are thereafter in whole or in part paid to the dealer shall be included in the first return filed after such collection.*

B. *Notwithstanding any other provision of this section, a dealer whose volume and character of uncollectible accounts, including checks returned for insufficient funds, renders it impractical to substantiate the credit on an account-by-account basis, may, subject to the approval of the Department, utilize an alternative method of substantiating the credit.*
