Offered January 12, 2005

Prefiled December 7, 2004

A BILL to amend and reenact § 65.2-101 of the Code of Virginia, relating to workers compensation; compensable employees.

Patron—Cosgrove

Referred to Committee on Commerce and Labor

Be it enacted by the General Assembly of Virginia:**1. That § 65.2-101 of the Code of Virginia is amended and reenacted as follows:**

§ 65.2-101. Definitions.

As used in this title:

"Average weekly wage" means:

1. a. The earnings of the injured employee in the employment in which he was working at the time of the injury during the period of 52 weeks immediately preceding the date of the injury, divided by 52; but if the injured employee lost more than seven consecutive calendar days during such period, although not in the same week, then the earnings for the remainder of the 52 weeks shall be divided by the number of weeks remaining after the time so lost has been deducted. When the employment prior to the injury extended over a period of less than 52 weeks, the method of dividing the earnings during that period by the number of weeks and parts thereof during which the employee earned wages shall be followed, provided that results fair and just to both parties will be thereby obtained. When, by reason of a shortness of time during which the employee has been in the employment of his employer or the casual nature or terms of his employment, it is impractical to compute the average weekly wages as above defined, regard shall be had to the average weekly amount which during the 52 weeks previous to the injury was being earned by a person of the same grade and character employed in the same class of employment in the same locality or community.

b. When for exceptional reasons the foregoing would be unfair either to the employer or employee, such other method of computing average weekly wages may be resorted to as will most nearly approximate the amount which the injured employee would be earning were it not for the injury.

2. Whenever allowances of any character made to an employee in lieu of wages are a specified part of the wage contract, they shall be deemed a part of his earnings. For the purpose of this title, the average weekly wage of the members of the Virginia National Guard, the Virginia Naval Militia and the Virginia State Defense Force, registered members on duty or in training of the United States Civil Defense Corps of this Commonwealth, volunteer firefighters engaged in firefighting activities under the supervision and control of the Department of Forestry, and forest wardens shall be deemed to be such amount as will entitle them to the maximum compensation payable under this title; however, any award entered under the provisions of this title on behalf of members of the National Guard, the Virginia Naval Militia or their dependents, or registered members on duty or in training of the United States Civil Defense Corps of this Commonwealth or their dependents, shall be subject to credit for benefits paid them under existing or future federal law on account of injury or occupational disease covered by the provisions of this title.

3. Whenever volunteer firefighters, volunteer lifesaving or volunteer rescue squad members, volunteer law-enforcement chaplains, auxiliary or reserve police, auxiliary or reserve deputy sheriffs, volunteer emergency medical technicians and, members of volunteer search and rescue organizations, *volunteer members of community emergency response teams, and volunteer members of medical reserve corps* are deemed employees under this title, their average weekly wage shall be deemed sufficient to produce the minimum compensation provided by this title for injured workers or their dependents. For the purposes of workers' compensation insurance premium calculations, the monthly payroll for each volunteer firefighter or volunteer lifesaving or volunteer rescue squad member shall be deemed to be \$300.

4. The average weekly wage of persons, other than those covered in subdivision 3 of this definition, who respond to a hazardous materials incident at the request of the Department of Emergency Management shall be based upon the earnings of such persons from their primary employers.

"Award" means the grant or denial of benefits or other relief under this title or any rule adopted pursuant thereto.

"Change in condition" means a change in physical condition of the employee as well as any change in the conditions under which compensation was awarded, suspended, or terminated which would affect the right to, amount of, or duration of compensation.
