**Be it enacted by the General Assembly of Virginia:**

**1. That the Code of Virginia is amended by adding in Article 3 of Chapter 22 of Title 2.2 a section numbered 2.2-2233.3 as follows:**

§ 2.2-2233.3. *Technology and Biotechnology Investment Fund established; purposes.*

A. *From such funds as may be appropriated by the General Assembly and any gifts, grants, or donations from public or private sources, there is created in the state treasury a special nonreverting, permanent fund, to be known as the Technology and Biotechnology Investment Fund (the Fund), to be administered by the Authority. The Fund shall be established on the books of the Comptroller. Interest earned on moneys in the Fund shall remain in the Fund and be credited to it. Any moneys remaining in the Fund at the end of each fiscal year, including interest thereon, shall not revert to the general fund but shall remain in the Fund. Expenditures and disbursements from the Fund, which may consist of grants or loans, shall be made by the State Treasurer on warrants issued by the Comptroller upon written request bearing the signature of the chairman or the vice-chairman of the Authority, or, if so authorized by the Authority, bearing his facsimile signature, and the official seal of the Authority.*

B. *Moneys in the Fund shall be used for the sole purpose of attracting technology or biotechnology companies to, or assisting technology and biotechnology companies located in, the Commonwealth. Moneys in the Fund shall only be applied to qualified research expenses and basic research payments for research conducted in the Commonwealth.*

*The maximum amount of each grant or loan from the Fund to any technology or biotechnology company shall not exceed \$500,000 per year.*

*Specific guidelines for the award of funds from this program shall be established and maintained by the Authority.*

C. *For purposes of this section:*

*"Advanced computing" means a technology used to design or develop computing hardware and software.*

*"Advanced materials" means materials with engineered properties created through the development of specialized processing and synthesis technology, including, but not limited to, ceramics, high value-added metals, electronic materials, composites, polymers, and biomaterials.*

*"Basic research payments" means basic research payments as defined in § 41, of the Internal Revenue Code of 1986, 26 U.S.C. § 41 that are (i) paid for research in the fields of advanced computing, advanced materials, biotechnology, electronic device technology, environmental technology, or medical device technology; and (ii) paid to a biotechnology company, a technology company, or a "qualified organization," as defined in § 41 of the Internal Revenue Code, located in the Commonwealth.*

*"Biotechnology" means the continually expanding body of fundamental knowledge about the functioning of biological systems from the macro level to the molecular and sub-atomic levels and the products, services, technologies, and subtechnologies developed as a result of insights gained from research advances that add to that body of fundamental knowledge.*

*"Biotechnology company" means a corporation (i) that does business, leases, or owns capital or property, or maintains an office, headquarters, or base of operations in Virginia; (ii) that (a) has qualified research expenses paid or incurred in Virginia for research, development, production, or provision of biotechnology for the purpose of developing or providing products or processes for specific commercial or public purposes, including, but not limited to, medical, pharmaceutical, nutritional, and other health-related purposes, agricultural purposes, or environmental purposes, (b) conducts pilot scale manufacturing in Virginia, or (c) provides services or products necessary for such research, development, production, or provision; and (iii) that has fewer than 100 employees, of whom 75 percent are Virginia-based employees filling positions or jobs in Virginia.*

*"Costs" means the expenses incurred in connection with operating a technology or biotechnology company and shall include, but need not be limited to, the expenses of fixed assets, such as the construction, acquisition, and development of real estate; equipment and materials; start-up expenses;*

INTRODUCED

HB1692

59 *tenant fit-out; working capital; benefits and compensation; research and development expenses; or any*  
60 *other expenses determined by the Authority to be necessary and proper to carry out the purposes of this*  
61 *article.*

62 *"Electronic device technology" means a technology involving microelectronics, semiconductors,*  
63 *electronic equipment, and instrumentation; radio frequency, microwave, and millimeter electronics;*  
64 *optical and optic-electrical devices; or data and digital communications and imaging devices.*

65 *"Environmental technology" means a technology related to the assessment or prevention of threats or*  
66 *damage to human health or the environment, environmental cleanup, or the development of alternative*  
67 *energy sources.*

68 *"Fixed assets" means any real property, interests in real property, physical plants, or facilities;*  
69 *equipment; or any other assets commonly accepted as fixed assets.*

70 *"Medical device technology" means a technology involving any medical equipment or product, other*  
71 *than a pharmaceutical product, that has therapeutic or diagnostic value and is regulated by the federal*  
72 *Food and Drug Administration.*

73 *"Pilot scale manufacturing" means design, construction, and testing of preproduction prototypes and*  
74 *models in the fields of advanced computing, advanced materials, biotechnology, electronic device*  
75 *technology, environmental technology, or medical device technology, other than for commercial sale,*  
76 *excluding sales of prototypes or sales for market-testing if total gross receipts from such sales of the*  
77 *product, service, or process do not exceed \$1 million.*

78 *"Qualified research expenses" means the same as that term is defined in § 41 of the Internal Revenue*  
79 *Code of 1986, 26 U.S.C. § 41, as in effect on June 30, 1992, in the fields of advanced computing,*  
80 *advanced materials, biotechnology, electronic device technology, environmental technology, or medical*  
81 *device technology.*

82 *"Technology company" means a corporation (i) that does business, leases or owns capital or*  
83 *property, or maintains an office, headquarters, or base of operations in Virginia; (ii) that (a) has*  
84 *qualified research expenses paid or incurred in Virginia for research, development, production, or*  
85 *provision of technology for the purpose of developing or providing products or processes for specific*  
86 *commercial or public purposes, (b) conducts pilot scale manufacturing in Virginia, or (c) provides*  
87 *services or products necessary for such research, development, production, or provision; and (iii) that*  
88 *has fewer than 100 employees, of whom 75 percent are Virginia-based employees filling positions or*  
89 *jobs in Virginia.*

90 *"Working capital" means liquid capital assets other than fixed assets.*
