7 **Be it enacted by the General Assembly of Virginia:**8 **1. That § 15.2-1812.2 of the Code of Virginia is amended and reenacted as follows:**

9 § 15.2-1812.2. Willful and malicious damage to or defacement of public or private facilities; penalty.

10 A. Any locality may by ordinance make unlawful the willful and malicious damage to or defacement
11 of any public buildings, facilities and personal property or of any private buildings, facilities and
12 personal property if the damage to the private property is less than \$1,000. The penalty for violation of
13 such ordinance is a Class 1 misdemeanor. *The punishment for any such violation in which the*
14 *defacement is (i) more than 20 feet off the ground, (ii) on a railroad or highway overpass, or (iii)*
15 *committed for the benefit of, at the direction of, or in association with any criminal street gang, as that*
16 *term is defined by § 18.2-46.1, shall include a mandatory minimum fine of \$500.*

17 B. Upon a finding of guilt under any such ordinance in any case tried before the court without a
18 jury, in the event the violation constitutes a first offense that results in property damage or loss, the
19 court, without entering a judgment of guilt, upon motion of the defendant, may defer further proceedings
20 and place the defendant on probation pending completion of a plan of community service work. If the
21 defendant fails or refuses to complete the community service as ordered by the court, the court may
22 make final disposition of the case and proceed as otherwise provided. If the community service work is
23 completed as the court prescribes, the court may discharge the defendant and dismiss the proceedings
24 against him. Discharge and dismissal under this section shall be without adjudication of guilt and is a
25 conviction only for the purposes of applying the ordinance in subsequent proceedings.

26 C. The ordinance shall direct that the community service, to the extent feasible, include the repair,
27 restoration or replacement of any damage or defacement to property within the locality, and may include
28 clean-up, beautification, landscaping or other appropriate community service within the locality. Any
29 ordinance adopted pursuant to this section shall make provision for a designee of the locality to
30 supervise the performance of any community service work required and to report thereon to the court
31 imposing such requirement. At or before the time of sentencing under the ordinance, the court shall
32 receive and consider any plan for making restitution or performing community service submitted by the
33 defendant. The court shall also receive and consider the recommendations of the supervisor of
34 community service in the locality concerning the plan.

35 D. Notwithstanding any other provision of law, no person convicted of a violation of an ordinance
36 adopted pursuant to this section shall be placed on probation or have his sentence suspended unless such
37 person makes at least partial restitution for such property damage or is compelled to perform community
38 services, or both, as is more particularly set forth in § 19.2-305.1.

39 E. *If a locality seeks to clean or cover the defacement, it shall give notice to the owner and lessee, if*
40 *any, of any private building or facility that has been defaced that, within 15 days of receipt of such*
41 *notice, if the owner or lessee does not clean or cover the defacement or object to the removal of the*
42 *defacement, the locality may clean or cover the defacement at the locality's expense.*
