A BILL to amend and reenact § 10.1-2213 of the Code of Virginia, relating to appropriation of state funds for historic preservation.

Be it enacted by the General Assembly of Virginia:

1. That § 10.1-2213 of the Code of Virginia is amended and reenacted as follows:

§ 10.1-2213. Procedure for appropriation of state funds for historic preservation.

A. No state funds, other than for the maintenance and operation of those facilities specified in § 10.1-2211 or § 10.1-2212 and for the purchase of property for preservation of historical resources by the Virginia Land Conservation Foundation as provided in Chapter 10.2 (§ 10.1-1017 et seq.) of this title, shall be appropriated or expended for or to historical societies, museums, foundations, associations, or local governments as set forth in the general appropriations act for the maintenance of collections and exhibits or for the maintenance, and operation, and interpretation of sites and facilities owned by historical organizations unless:

1. A request and completed application for state aid is filed by the organization with the Department, on forms prescribed by the Department, on or before the opening day of July 1 prior to each regular session of the General Assembly in an even-numbered year. Requests shall be considered by the Governor and the General Assembly only in even-numbered years. The Department shall review each application made by an organization for state aid prior to consideration by the General Assembly. The Department shall provide a timely review of any amendments proposed by members of the General Assembly to the chairmen of the House Appropriations and Senate Finance Committees. The review shall examine the merits of each request, including data showing the percentage of nonstate funds raised by the organization for the proposed project. The review and analysis provided by the Department shall be strictly advisory. The Department shall forward to the Department of Planning and Budget any application which that is not for the maintenance of collections and exhibits or for the maintenance, and operation, and interpretation of sites and facilities owned by historical organizations. Such applications shall be governed by the procedures identified in § 2.2-1505.

2. Such organization shall certify to the satisfaction of the Department that matching funds from local or private sources are available in an amount at least equal to the amount of the request in cash or in kind contributions which are deemed acceptable to the Department. These matching funds must be concurrent with the project for which the state grant is requested. Contributions received and spent prior to the state grant shall not be considered in satisfying the requirements of this subdivision.

3. Such organization shall provide documentation of its tax exempt status under § 501 (c) (3) of the United States Internal Revenue Code.

4. Such organization shall certify that the applicant has read and acknowledged all information and requirements regarding how the grants will be administered and how funds will be disbursed.

5. Such organization shall state in its application the purpose of the grant. The grant recipient must justify and request in writing approval by the Department for changes in the scope of the project prior to implementing those changes. If grant funds are used for something other than the purpose for which they were requested without prior review and approval by the Department, then all state funds must be returned.

6. Such organization shall submit documentation on match funding and approved expenditures shall be submitted with all requests for disbursement.

7. Such organization shall provide progress reports as prescribed by the Department. At a minimum such reports shall be submitted with reimbursement requests and a final report at the conclusion of the project.

8. Such organization receiving the state grant shall comply with applicable state procurement requirements pursuant to the Virginia Public Procurement Act (§ 2.2-4300 et seq.).

9. In the case of new construction or ground disturbing activities [funded by grants], the organization shall afford the Department an opportunity to review the potential impact on any historic resources. Such review shall be provided by the Department within 15 days of receipt of completed information.

[10.] For all grants for capital projects, whether for new construction, rehabilitation, or restoration, funds shall be disbursed only as reimbursement for approved activities.

For the purposes of this section, no grant shall be approved for private institutions of higher education or religious organizations.
