

## 2005 SESSION

INTRODUCED

059168444

### HOUSE BILL NO. 2278

Offered January 12, 2005

Prefiled January 11, 2005

A *BILL to amend and reenact § 46.2-1110 of the Code of Virginia, relating to driving vehicles that exceed height limits into or through tunnels; penalty.*

Patrons—Oder, Howell, A.T., Miller and Tata

Referred to Committee on Transportation

#### **Be it enacted by the General Assembly of Virginia:**

#### **1. That § 46.2-1110 of the Code of Virginia is amended and reenacted as follows:**

§ 46.2-1110. Height of vehicles; damage to overhead obstruction; penalty.

No loaded or unloaded vehicle shall exceed a height of thirteen feet, six inches.

Nothing contained in this section shall require either the public authorities or railroad companies to provide vertical clearances of overhead bridges or structures in excess of twelve feet, six inches, or to make any changes in the vertical clearances of existing overhead bridges or structures crossing highways. The driver or owner of vehicles on highways shall be held financially responsible for any damage to overhead bridges or structures that results from collisions therewith.

The driver or owner of any vehicle colliding with an overhead bridge or structure shall immediately notify, either in person or by telephone, a law-enforcement officer or the public authority or railroad company, owning or maintaining such overhead bridge or structure of the fact of such collision, and his name, address, driver's license number, and the registration number of his vehicle. Failure to give such notice immediately, either in person or by telephone, shall constitute a Class 1 misdemeanor.

On any highway over which there is a bridge or structure having a vertical clearance of less than fourteen feet, the Commonwealth Transportation Commissioner shall have at least two signs erected setting forth the height of the bridge or structure. Such signs shall be located at least 1,500 feet ahead of the bridge or structure.

*Any person who drives or attempts to drive any vehicle or combination of vehicles into or through any tunnel when the height of such vehicle, any vehicle in a combination of vehicles, or any load on any such vehicle exceeds that permitted for such tunnel, shall be guilty of a Class 3 misdemeanor and, in addition, shall be assessed three driver demerit points.*
