111 of sputum or other bodily fluid from persons in whom the diagnosis of active tuberculosis disease, as  
112 defined in § 32.1-49.1, is suspected and submitting orders for testing of such specimens to the Division  
113 of Consolidated Laboratories or other public health laboratories, designated by the State Health  
114 Commissioner, for the purpose of determining the presence or absence of tubercle bacilli as defined in  
115 § 32.1-49.1; or

116 29. Any physician of medicine or osteopathy or nurse practitioner from delegating to a registered  
117 nurse under his supervision the screening and testing of children for elevated blood-lead levels when  
118 such testing is conducted (i) in accordance with a written protocol between the physician or nurse  
119 practitioner and the registered nurse and (ii) in compliance with the Board of Health's regulations  
120 promulgated pursuant to §§ 32.1-46.1 and 32.1-46.2. Any follow-up testing or treatment shall be

conducted at the direction of a physician or nurse practitioner; or

30. Any practitioner of one of the professions regulated by the Board of Medicine who is in good standing with the applicable regulatory agency in another state or Canada from engaging in the practice of that profession when the practitioner is in Virginia temporarily with an out-of-state athletic team or athlete for the duration of the athletic tournament, game, or event in which the team or athlete is competing.

§ 54.1-3408. Professional use by practitioners.

A. A practitioner of medicine, osteopathy, podiatry, dentistry, or veterinary medicine or a licensed nurse practitioner pursuant to § 54.1-2957.01, a licensed physician assistant pursuant to § 54.1-2952.1, or a TPA-certified optometrist pursuant to Article 5 (§ 54.1-3222 et seq.) of Chapter 32 of this title shall only prescribe, dispense, or administer controlled substances in good faith for medicinal or therapeutic purposes within the course of his professional practice.

B. The prescribing practitioner's order may be on a written prescription or pursuant to an oral prescription as authorized by this chapter. The prescriber may administer drugs and devices, or he may cause them to be administered by a nurse, physician assistant or intern under his direction and supervision, or he may prescribe and cause drugs and devices to be administered to patients in state-owned or state-operated hospitals or facilities licensed as hospitals by the Board of Health or psychiatric hospitals licensed by the State Mental Health, Mental Retardation and Substance Abuse Services Board by other persons who have been trained properly to administer drugs and who administer drugs only under the control and supervision of the prescriber or a pharmacist or a prescriber may cause drugs and devices to be administered to patients by emergency medical services personnel who have been certified and authorized to administer such drugs and devices pursuant to Board of Health regulations governing emergency medical services and who are acting within the scope of such certification. A prescriber may authorize a ~~certified respiratory therapy practitioner~~ *licensed respiratory care practitioner* as defined in § 54.1-2954 to administer by inhalation controlled substances used in inhalation or respiratory therapy.

C. Pursuant to an oral or written order or standing protocol, the prescriber, who is authorized by state or federal law to possess and administer radiopharmaceuticals in the scope of his practice, may authorize a nuclear medicine technologist to administer, under his supervision, radiopharmaceuticals used in the diagnosis or treatment of disease.

D. Pursuant to an oral or written order or standing protocol issued by the prescriber within the course of his professional practice, such prescriber may authorize registered nurses and licensed practical nurses to possess (i) epinephrine for administration in treatment of emergency medical conditions and (ii) heparin and sterile normal saline to use for the maintenance of intravenous access lines.

Pursuant to the regulations of the Board of Health, certain emergency medical services technicians may possess and administer epinephrine in emergency cases of anaphylactic shock.

E. Pursuant to an oral or written order or standing protocol issued by the prescriber within the course of his professional practice, such prescriber may authorize licensed physical therapists to possess and administer topical corticosteroids, topical lidocaine, and any other Schedule VI topical drug.

F. Pursuant to an oral or written order or standing protocol issued by the prescriber within the course of his professional practice, such prescriber may authorize licensed athletic trainers to possess and administer topical corticosteroids, topical lidocaine, or other Schedule VI topical drugs, or to possess and administer epinephrine for use in emergency cases of anaphylactic shock.

G. Pursuant to an oral or written order or standing protocol issued by the prescriber within the course of his professional practice, and in accordance with policies and guidelines established by the Department of Health pursuant to § 32.1-50.2, such prescriber may authorize registered nurses or licensed practical nurses under the immediate and direct supervision of a registered nurse to possess and administer tuberculin purified protein derivative (PPD) in the absence of a prescriber. The Department of Health's policies and guidelines shall be consistent with applicable guidelines developed by the Centers for Disease Control and Prevention for preventing transmission of mycobacterium tuberculosis and shall be updated to incorporate any subsequently implemented standards of the Occupational Safety and Health Administration and the Department of Labor and Industry to the extent that they are inconsistent with the Department of Health's policies and guidelines. Such standing protocols shall explicitly describe the categories of persons to whom the tuberculin test is to be administered and shall provide for appropriate medical evaluation of those in whom the test is positive. The prescriber shall ensure that the nurse implementing such standing protocols has received adequate training in the practice and principles underlying tuberculin screening.

The Health Commissioner or his designee may authorize registered nurses, acting as agents of the Department of Health, to possess and administer, at the nurse's discretion, tuberculin purified protein derivative (PPD) to those persons in whom tuberculin skin testing is indicated based on protocols and policies established by the Department of Health.

182 *GH.* Pursuant to a written order or standing protocol issued by the prescriber within the course of his  
183 professional practice, such prescriber may authorize, with the consent of the parents as defined in  
184 § 22.1-1, an employee of a school board who is trained in the administration of insulin and glucagon to  
185 assist with the administration of insulin or administer glucagon to a student diagnosed as having diabetes  
186 and who requires insulin injections during the school day or for whom glucagon has been prescribed for  
187 the emergency treatment of hypoglycemia. Such authorization shall only be effective when a licensed  
188 nurse, nurse practitioner, physician or physician assistant is not present to perform the administration of  
189 the medication.

190 *HI.* A prescriber may authorize, pursuant to a protocol approved by the Board of Nursing, the  
191 administration of vaccines to adults for immunization, when a practitioner with prescriptive authority is  
192 not physically present, (i) by licensed pharmacists, (ii) by registered nurses, or (iii) licensed practical  
193 nurses under the immediate and direct supervision of a registered nurse. A prescriber acting on behalf of  
194 and in accordance with established protocols of the Department of Health may authorize the  
195 administration of vaccines to any person by a pharmacist or nurse when the prescriber is not physically  
196 present.

197 *IJ.* A dentist may cause Schedule VI topical drugs to be administered under his direction and  
198 supervision by either a dental hygienist or by an authorized agent of the dentist.

199 Further, pursuant to a written order and in accordance with a standing protocol issued by the dentist  
200 in the course of his professional practice, a dentist may authorize a dental hygienist under his general  
201 supervision, as defined in § 54.1-2722, to possess and administer topical oral fluorides, topical oral  
202 anesthetics, topical and directly applied antimicrobial agents for treatment of periodontal pocket lesions,  
203 as well as any other Schedule VI topical drug approved by the Board of Dentistry.

204 *JK.* This section shall not prevent the administration of drugs by a person who has satisfactorily  
205 completed a training program for this purpose approved by the Board of Nursing and who administers  
206 such drugs in accordance with a physician's instructions pertaining to dosage, frequency, and manner of  
207 administration, and in accordance with regulations promulgated by the Board of Pharmacy relating to  
208 security and record keeping, when the drugs administered would be normally self-administered by (i) a  
209 resident of a facility licensed or certified by the State Mental Health, Mental Retardation and Substance  
210 Abuse Services Board; (ii) a resident of any assisted living facility which is licensed by the Department  
211 of Social Services; (iii) a resident of the Virginia Rehabilitation Center for the Blind and Vision  
212 Impaired; (iv) a resident of a facility approved by the Board or Department of Juvenile Justice for the  
213 placement of children in need of services or delinquent or alleged delinquent youth; (v) a program  
214 participant of an adult day-care center licensed by the Department of Social Services; or (vi) a resident  
215 of any facility authorized or operated by a state or local government whose primary purpose is not to  
216 provide health care services.

217 *KL.* In addition, this section shall not prevent the administration of drugs by a person who  
218 administers such drugs in accordance with a physician's instructions pertaining to dosage, frequency, and  
219 manner of administration and with written authorization of a parent, and in accordance with school  
220 board regulations relating to training, security and record keeping, when the drugs administered would  
221 be normally self-administered by a student of a Virginia public school. Training for such persons shall  
222 be accomplished through a program approved by the local school boards, in consultation with the local  
223 departments of health.

224 *LM.* In addition, this section shall not prevent the administration or dispensing of drugs and devices  
225 by persons if they are authorized by the State Health Commissioner in accordance with protocols  
226 established by the State Health Commissioner pursuant to § 32.1-42.1 when (i) the Governor has  
227 declared a disaster or a state of emergency caused by an act of terrorism or the United States Secretary  
228 of Health and Human Services has issued a declaration of an actual or potential bioterrorism incident or  
229 other actual or potential public health emergency; (ii) it is necessary to permit the provision of needed  
230 drugs or devices; and (iii) such persons have received the training necessary to safely administer or  
231 dispense the needed drugs or devices. Such persons shall administer or dispense all drugs or devices  
232 under the direction, control and supervision of the State Health Commissioner.

233 *MN.* Nothing in this title shall prohibit the administration of normally self-administered oral or  
234 topical drugs by unlicensed individuals to a person in his private residence.

235 *NO.* This section shall not interfere with any prescriber issuing prescriptions in compliance with his  
236 authority and scope of practice and the provisions of this section to a Board agent for use pursuant to  
237 subsection G of § 18.2-258.1. Such prescriptions issued by such prescriber shall be deemed to be valid  
238 prescriptions.

239 *OP.* Nothing in this title shall prevent or interfere with dialysis care technicians or dialysis patient  
240 care technicians who are certified by an organization approved by the Board of Health Professions  
241 pursuant to Chapter 27.01 (§ 54.1-2729.1 et seq.) of this title, in the ordinary course of their duties in a  
242 Medicare-certified renal dialysis facility, from administering heparin, topical needle site anesthetics,  
243 dialysis solutions, sterile normal saline solution, and blood volumizers, for the purpose of facilitating

244 renal dialysis treatment, when such administration of medications occurs under the orders of a licensed  
245 physician, nurse practitioner or physician assistant and under the immediate and direct supervision of a  
246 licensed registered nurse.

247 The dialysis care technician or dialysis patient care technician administering the medications shall  
248 have demonstrated competency as evidenced by holding current valid certification from an organization  
249 approved by the Board of Health Professions pursuant to Chapter 27.01 (§ 54.1-2729.1 et seq.) of this  
250 title.
