General

In 1982, the General Assembly established the Virginia Enterprise Zone Program to stimulate business and industrial growth in designated enterprise zones. The state program stimulates revitalization by offering regulatory flexibility and a series of tax credits and grants. An enterprise zone is a distinct geographical area designated by the Governor and stays in effect for 20 years from the date of zone designation. Virginia law permits the

designation of 60 enterprise zones. There are currently 57 state-designated enterprise zones.

An area seeking designation as an enterprise zone must meet at least one of the following criteria: (i) have 25% or more of the population with incomes below 80% of the median income of the jurisdiction, (ii) have an unemployment rate 1.5 times the state average, or (iii) have a demonstrated floor area vacancy of industrial and/or commercial properties of 20% or more.

Proposal

This bill would extend the sunset date of the Enterprise Zone Act from July 1, 2005 to July 1, 2007.

Other Legislation

House Bill 2001 would extend the sunset date of the Enterprise Zone Act from July 1, 2005 to July 1, 2006.

House Bill 1954, House Bill 1962, House Bill 2279, Senate Bill 733 and Senate Bill 848 would increase the number of years that an area could be designated as an enterprise zone from 20 to 22 years and extend the sunset date of the Enterprise Zone Act from July 1, 2005 to July 1, 2007.

House Bill 2207 would repeal the sunset date of the Enterprise Zone Act.

House Bill 2570 and Senate Bill 983 would repeal the Enterprise Zone Act and replace it with an Enterprise Zone Grant Program. Business already receiving tax credits under the existing Enterprise Zone program would continue to receive them.

Senate Bill 735 would increase the number of noncontiguous zone areas that may make up one enterprise zone in any county, city or town from two to three and extend the sunset date of the Enterprise Zone Act from July 1, 2005 to July 1, 2010.
