

VIRGINIA ACTS OF ASSEMBLY -- 2006 SESSION

CHAPTER 569

An Act to amend the Code of Virginia by adding a section numbered 2.2-4308.1, relating to the Virginia Public Procurement Act; purchase of certain insurance in construction projects.

[S 271]

Approved April 5, 2006

Be it enacted by the General Assembly of Virginia:

1. That the Code of Virginia is amended by adding a section numbered 2.2-4308.1 as follows:

§ 2.2-4308.1. Purchase of owner-controlled insurance in construction projects.

A. Notwithstanding any other provision of law to the contrary, a public body may purchase at its expense an owner-controlled insurance program in connection with any public construction contract where the amount of the contract or combination of contracts is more than \$100 million, provided that no single contract valued at less than \$50 million shall be combined pursuant to this section. The public body shall provide notice if it intends to use an owner-controlled insurance program, including the specific coverages of such program, in any request for proposal, invitation to bid, or other applicable procurement documents.

B. A public body shall not require a provider of architecture or professional engineering services to participate in the owner-controlled insurance program, except to the extent that the public body may elect to secure excess coverage. No contractor or subcontractor shall be required to provide insurance coverage for a construction project if that specified coverage is included in an owner-controlled insurance program in which the contractor or subcontractor is enrolled.

C. For the purposes of this section, "owner-controlled insurance program" means a consolidated insurance program or series of insurance policies issued to a public body that may provide for some or all of the following types of insurance coverage for any contractor or subcontractor working on or at a public construction contract or combination of such contracts: general liability, property damage, workers' compensation, employer's liability, pollution or environmental liability, excess or umbrella liability, builder's risk, and excess or contingent professional liability.
