

VIRGINIA ACTS OF ASSEMBLY -- 2006 SESSION

CHAPTER 587

An Act to amend the Code of Virginia by adding in Article 1 of Chapter 2 of Title 33.1 a section numbered 33.1-228.1, relating to agreements between localities for construction and operation of toll facilities.

[H 201]

Approved April 5, 2006

Be it enacted by the General Assembly of Virginia:

1. That the Code of Virginia is amended by adding in Article 1 of Chapter 2 of Title 33.1 a section numbered 33.1-228.1 as follows:

§ 33.1-228.1. Agreements between localities for construction and operation of toll facilities.

The governing bodies of adjacent counties, cities, and towns may enter into agreements providing for the construction and operation of highways, bridges, and ferries within their boundaries and for the imposition and collection of tolls for the use of such facilities. Such tolls may be in whatever amount, subject to whatever conditions, and expended for whatever purposes provided for in such agreements. Such agreements shall provide for the design, land acquisition, or construction of primary or secondary highway projects that have been included in the six-year plan pursuant to § 33.1-70.01, or in the case of a primary highway, an approved project included in the six-year improvement program of the Commonwealth Transportation Board. Such agreements shall specify relevant procedures and responsibilities concerning the design, right-of-way acquisition, construction, and contract administration of such projects. Any facility constructed pursuant to the authority granted in the section shall be constructed in accordance with the applicable standards of the Virginia Department of Transportation for such facility. Prior to executing any agreement pursuant to this section, a joint public hearing shall be held concerning the benefits of and need for as well as the location and design of the facility.
