1. That §§ 51.1-1114, 51.1-1123 and 51.1-1125 of the Code of Virginia are amended and reenacted as follows:

§ 51.1-1114. Adjustments to disability benefits.

A. Disability benefit payments shall be offset by an amount equal to any sums payable to a participating employee from the following sources:

1. During the first 12 months the employee receives disability benefits, an amount equal to the employee's wages and salary from any employment times the creditable compensation replacement percentage;

2. After the first 12 months the employee receives disability benefits, an amount equal to 70 percent of the employee's wages and salary from any employment;

3. Except as provided in subsection F, disability payments from the Social Security Administration, military disability benefits, local government disability benefits, federal civil service disability benefits or other similar governmental disability program benefits received by the employee or his family as a result of the qualifying disability;

4. Benefits received from any other group insurance contract provided by the Commonwealth for the purpose of providing income replacement; and

5. Benefits paid under any compulsory benefits law.

~~B. Disability~~ *If the plan administrator deems a participating employee to be eligible for benefits from any of the sources listed in subdivisions A 3, A 4, and A 5, the plan administrator may direct the participating employee to apply for those benefits and to pursue whatever additional steps are necessary to obtain the benefits. If a participating employee fails or refuses to pursue the available benefits as directed by the plan administrator, disability benefit payments shall* may be offset by amounts from any of the sources listed in subdivisions A 3, A 4, and A 5 for which a participating employee is *deemed* eligible *by the plan administrator* as if the employee received such amounts. However, if the employee has applied for such benefits, and has reapplied and appealed denials of the claim as requested by the administrator of the plan, and the claim is not approved, the employee's disability payments shall not be reduced thereby.

C. If a participating employee's disability benefit payments are reduced as the result of payments from sources listed in subdivisions A 3, A 4, and A 5 or pursuant to subsection B, the employee's disability benefits shall not thereafter be further reduced on account of cost-of-living increases in payments from such sources.

D. Participating employees shall be required to repay, with interest to the Board or their employer, any overpayments of disability benefits on account of the failure of the employee to provide the Board or its designee with information necessary to make any of the reductions required to be made under this article.

E. Any payment to a participating employee that is later determined by the Board or by the employer to have been procured on the basis of any false statement or falsification of any record knowingly made by or on behalf of the member, or the employee's failure to make any required report of change in disability status, may be recovered from the employee by the Board, with interest, either by way of a credit against future payments due the employee, his survivor and beneficiaries or by an action at law against the employee.

F. Supplemental disability payments will not be offset for a participating employee if the employee is receiving a primary retirement benefit for service in the United States armed services, even if a percentage of that primary retirement benefit has been declared a disability payment. Any disability payment that is not a part of the primary retirement benefit will be offset.

§ 51.1-1123. Supplemental long-term disability benefit.

A. Supplemental long-term disability benefits for participating employees shall commence upon the expiration of a 125-work-day waiting period. The waiting period shall commence the first day of the disability. If an employee returns to work for 14 or fewer consecutive days during such 125-work-day period and cannot continue to work, the periods worked shall not be deemed to interrupt the 125-work-day waiting period. However, if the cause of the participating employee's disability is a major

62 B. Except as provided in subsection D and § 51.1-1131, supplemental long-term disability benefits
63 shall provide income replacement in an amount equal to 60 percent of a participating employee's
64 creditable compensation.

65 C. Creditable compensation during periods an employee receives supplemental long-term disability
66 benefits shall (i) not include salary increases awarded during the period covered by long-term disability
67 benefits and (ii) be increased annually by an amount recommended by the program actuary and

69 D. An employee's disability credits shall be used, on a day-for-day basis, to extend the period an
70 employee receives supplemental long-term disability benefits paid at 100 percent of replacement of
71 creditable compensation.

72 E. Payments of supplemental long-term disability benefits payable under this article shall be reduced
73 by an amount equal to any benefits paid to the employee under the Act, for which the employee is

76 disability.

77 G. ~~To~~ *Unless otherwise directed*, to be eligible for benefits under this section, the employee must

81 the Act, supplemental disability benefit payments shall be offset by an amount equal to any sums
82 payable to a participating employee from the following sources:

83 1. During the first 12 months the employee receives disability benefits, an amount equal to the
84 employee's wages and salary from any employment times the income replacement percentage payable;

96 such employee would have received had the lump-sum settlement not been consummated into the
97 settlement actually accepted by the employee.

98 B. ~~Supplemental~~ *If the plan administrator deems a participating employee to be eligible for benefits*
99 *from any of the sources listed in subdivisions A 3, A 4, and A 5, the plan administrator may direct the*
100 *participating employee to apply for those benefits and to pursue whatever additional steps are necessary*
101 *to obtain the benefits. If a participating employee fails or refuses to pursue the available benefits as*
102 *directed by the plan administrator, supplemental disability benefit payments shall* may be reduced by
103 amounts from any of the sources listed in subdivisions A 3, A 4, and A 5 for which a participating
104 employee is *deemed* eligible by the plan administrator as if the employee received such amounts.
105 However, if the employee has applied for such benefits, and has reapplied and appealed denials of the
106 claim as requested by the administrator of the plan, and the claim is not approved, the employee's
107 supplemental disability payments shall not be reduced thereby.

108 C. If a participating employee's disability benefit payments are reduced as the result of payments
109 from sources listed in subdivisions A 3, A 4, and A 5 or pursuant to subsection B, the employee's
110 disability benefits shall not thereafter be further reduced on account of cost-of-living increases in
111 payments from such sources.

112 D. Participating employees shall be required to repay, with interest, to the Board or the employer any
113 overpayments of supplemental disability benefits on account of the failure of the employee to provide
114 the Board or its designee with information necessary to make any of the reductions required to be made
115 under this article.

116 E. Any payment to a participating employee that is later determined by the Board or by the employer
117 to have been procured on the basis of any false statement or falsification of any record knowingly made
118 by or on behalf of the employee, or the employee's failure to make any required report of change in
119 disability status, may be recovered from the employee by the Board, with interest, either by way of a
120 credit against future payments due the employee or by an action at law against the employee.

121 F. If a participating employee's payments under the Act are adjusted or terminated for refusal to

122 work or to comply with the requirements of § 65.2-603, his disability benefits shall be computed as if he
123 were receiving the compensation to which he would otherwise be entitled under the Act.
124 G. Supplemental disability payments will not be offset for a participating employee if the employee
125 is receiving a primary retirement benefit for service in the United States armed services, even if a
