SENATE BILL NO. 565

Offered January 11, 2006

Prefiled January 11, 2006

A *BILL to establish certain land use requirements and eminent domain authority in localities containing certain jet bases and to amend the Code of Virginia by adding in Article 23.1 of Chapter 26 of Title 2.2 a section numbered 2.2-2666.3, relating to Oceana/Fentress Military Advisory Council.*

Referred to Committee on General Laws and Technology

Be it enacted by the General Assembly of Virginia:

1. § 1. Land use adjacent to certain jet bases.

A. The governing body of any locality in which a United States Navy Master Jet Base, or an auxiliary landing field used in connection with flight operations arising from such Master Jet Base, is located shall:

1. Adopt zoning ordinances that require the governing body to consider Navy Air Installation Compatible Use Zone (AICUZ) guidelines in deciding discretionary applications for property in noise levels 70 dB DNL or greater;

2. Undertake an evaluation of undeveloped properties located in noise zones 70 dB DNL or greater to determine the suitability of such properties for rezoning classifications that would prohibit uses incompatible under AICUZ guidelines;

3. Adopt such ordinances or take such other actions as may be recommended in any Joint Land Use Study that has been officially approved by the Navy and the governing body of the locality; and

4. Assemble available funding from federal, state, and local sources to purchase land or development rights from willing sellers in the corridor of land underneath the flight path between the Master Jet Base and the auxiliary landing field known as an interfacility traffic area.

B. The governing body of any locality in which a United States Navy Master Jet Base is located shall adopt ordinances to establish a program to prohibit development deemed incompatible with air operations in the Accident Potential Zone 1 areas, as depicted in the Navy's 1999 AICUZ Pamphlet, and fund and expend no less than \$15 million annually in furtherance of the program, to the extent that properties or development rights are reasonably available for acquisition. Such funding and expenditures shall be subject to annual appropriations from the state and locality, and shall continue until such time as all reasonably available properties or development rights have been acquired in the designated areas.

§ 2. Acquisition of property for prohibiting encroachment in Accident Potential Zone 1 Areas of United States Master Jet Bases; limited power to exercise right of eminent domain.

A. All localities in which a United States Navy Master Jet Base is located are hereby granted the power to exercise the limited right of eminent domain in acquisition of any lands, easements, and privileges for the purpose of protecting public safety by providing unobstructed airspace for the landing and takeoff of aircraft utilizing such Master Jet Base and preventing incompatible development within Accident Potential Zone 1 areas surrounding such Master Jet Base. The power to exercise the limited right of eminent domain may only be exercised where:

1. The property is located wholly or partially within an Accident Potential Zone 1 (APZ-1) area as described in the United States Navy's 1999 Air Installation Compatible Use Zone (AICUZ) Pamphlet;

2. The property is zoned for residential use, but is undeveloped, and use restrictions imposed by the locality to protect the APZ-1 area have left the property without a reasonable use;

3. The locality has made a bona fide offer to purchase the property from the owner and the owner and the locality have not been able to agree on the terms thereof; and

4. The owner of the property has made a written request to the locality that the property be acquired by the locality by eminent domain.

B. Condemnation proceedings authorized by subsection A shall be conducted under the provisions of Chapter 2 (§ 25.1-200 et seq.) of Title 25.1 of the Code of Virginia, mutatis mutandis.

C. Any property acquired by any locality pursuant to this section shall be valued as if any use restriction enacted by such locality prohibiting incompatible development in APZ-1 areas surrounding the United States Master Jet Base does not apply.

D. With respect to any property acquired pursuant to this section, the locality (i) may use, lease, dispose, or convey the property to adjoining land owners where such disposition does not result in any increased density or intensity of use within the Accident Potential Zone 1 areas; or (ii) may convert the
